restricted shares as part of an annual grant of long-term compensation. The Restricted Units are a class of partnership interest that automatically convert into an equal number of limited partnership interests of the Operating Partnership ("OP Units") when the capital account related to the Restricted Units reaches a specified target for federal income tax purposes (provided such target is reached within ten years of issuance). If the Restricted Units do convert into OP Units, subject to any vesting requirements, the OP Units may be exchanged by the holder for common shares of the Company on a one-for-one basis or the cash value of such shares, at the Company's option. Since the capital account related to the Restricted Units reflected in this report reached its specified target for federal income tax purposes, the Restricted Units automatically converted into an equal number of OP Units and such OP Units are no longer subject to any vesting requirements and may be exchanged by the reporting person.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, *see* Instruction 6 for procedure.
