CANADIAN PACIFIC RAILWAY LIMITED IMPLEMENTS AN INCREASED SHARE REPURCHASE PROGRAM

CALGARY, Alberta Canadian Pacific Railway Limited (TSX/NYSE: CP) announces that it intends to complete the necessary filings today to receive the approval of the Toronto Stock Exchange to terminate its existing normal course issuer bid due to expire on June 5, 2007 and implement a new normal course issuer bid to permit the purchase for cancellation up to 4,975,000 of its outstanding common shares (or approximately 3.2% percent of the 155,534,263 common shares outstanding at March 15, 2007) during the period commencing on March 28, 2007 and ending March 27, 2008, provided that not more than 4,230,080 Common Shares may be purchased by CPR during the period commencing March 28, 2007 to June 5, 2007.

Under CPR's existing normal course issuer bid due to expire June 5, 2007, CPR purchased an aggregate of 3,685,982 common shares during the period commencing on June 6, 2006 and ending February 28, 2007 at an average price of \$57.17 per share. All purchases under CPR's existing normal course issuer bid have ceased and the existing normal course issuer bid has been terminated.

CPR's purpose and business reason for making purchases pursuant to the normal course issuer bid is that it believes that the market price of its common shares could be such that the purchase of common shares may be an attractive and appropriate use of corporate funds in light of potential benefits to remaining shareholders. The price CPR will pay for any common shares will be the market price at the time of purchase or such other price as may be permitted by the Toronto Stock Exchange. Purchases may be made through the facilities of the Toronto Stock Exchange and the New York Stock Exchange, and will be in accordance with the normal course issuer bid procedures under Canadian securities laws and the policies of the Toronto Stock Exchange. Additionally, purchases under the new normal course issuer bid will be made by means of open market transactions or such other means as may be permitted by the TSX (which may include pre-arranged crosses).
