99.1 Press release issued August 9, 2018.

This press release and the August 9, 2018 conference call and webcast to discuss our financial results may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such forward-looking statements include all statements other than statements of historical fact, including forecasts of trends. These forward-looking statements are inherently difficult to predict. Actual results could differ materially for a variety of reasons, including the amount and timing of our capital expenditures, the mix of products we sell, the results of legal proceedings and claims and the amounts we spend relating to them, the extent to which we owe income taxes, competition, fluctuations in operating results, Google and other search engine companies changing their natural search engine algorithms periodically resulting in lower ranking of our products, any inability to raise capital if needed on acceptable terms, our efforts to expand both domestically and internationally, risks of inventory management and seasonality. Other risks and uncertainties include, among others, risks related to new products and services we may offer, and difficulties with our infrastructure, our fulfillment partners or our payment processors, including cyber-attacks or data breaches affecting us or any of them. More information about factors that could potentially affect our financial results is included in our Form 10-K for the year ended December 31, 2017 which was filed with the Securities and Exchange Commission on March 15, 2018, and in our subsequent filings with the Securities and Exchange Commission. The Form 10-K and our subsequent filings with the Securities and Exchange Commission identify important factors that could cause our actual results to differ materially from those contained in our projections, estimates and other forward-looking statements.
