PART I

This Quarterly Report includes forward-looking statements within the meaning of the Securities Exchange Act of 1934 (the "Exchange Act"). These statements are based on management's beliefs and assumptions, and on information currently available to management. Forward-looking statements include the information concerning possible or assumed future results of operations of the Company set forth under the heading "Management's Discussion and Analysis of Financial Condition or Plan of Operation." Forward-looking statements also include statements in which words such as "expect," "anticipate," "intend," "plan," "believe," "estimate," "consider" or similar expressions are used.

Forward-looking statements are not guarantees of future performance. They involve risks, uncertainties and assumptions. The Company's future results and shareholder values may differ materially from those expressed in these forward-looking statements. Readers are cautioned not to put undue reliance on any forward-looking statements.

SKTF ENTERPRISES, INC.
(A FLORIDA DEVELOPMENT STAGE CORPORATION)

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF OPERATIONS AND ACCOUNTING POLICIES

NATURE OF OPERATIONS. The Company incorporated in Florida on March 27, 2001. The fiscal year end of the Company is December 31. Planned principal operations of the Company have not yet commenced; activities to date have been limited to forming the Company, developing its business plan, and obtaining initial capitalization. Initially, the Company will focus its efforts to develop, market and distribute branded and licensed headwear targeting niche markets. The Company plans to focus on high-end events such as, the World Series, the Super Bowl, the Indianapolis 500, the Republican and Democratic National

Edgar Filing: SKTF ENTERPRISES INC - Form 10QSB/A

Conventions, and others.

PRINCIPLES OF ACCOUNTING. The accompanying financial statements have been prepared in conformity with generally accepted accounting principles.

ACCOUNTING ESTIMATES. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

SHARES ISSUED IN EXCHANGE FOR SERVICES. The fair value of shares issued in exchange for services rendered to the Company is determined by the Company's officers and directors, as there is currently no market for the Company's stock. As of June 30, 2002, no shares have been issued for services.

CASH AND CASH EQUIVALENTS. The Company includes cash on deposit and short-term investments with original maturities less than ninety days as cash and cash equivalents in the accompanying financial statements.

ORGANIZATION COSTS. Organization costs, primarily professional fees, of approximately \$29,969 have been charged against operating income.

RESEARCH AND DEVELOPMENT. Research and development costs are expensed as incurred as required by Statement of Financial Accounting Standards No. 2, "Accounting for Research and Development Costs." As of June 30, 2002, no costs had been incurred.

STOCK-BASED COMPENSATION. In accordance with the provisions of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation," (FAS 123), the Company has elected to follow Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," (APB 25) and related interpretations in accounting for its employee stock option plans. Under APB 25, if the exercise price of the Company's employee stock options equals or exceeds the fair value of the underlying stock on the date of grant, no compensation is recognized. As of June 30, 2002, no options had been issued for services.

INCOME TAXES. The Company has made no provision for income taxes because of financial statement and tax losses since its inception. A valuation allowance has been used to offset the recognition of any deferred tax assets due to the uncertainty of future realization. The use of any tax loss carryforward benefits may also be limited as a result of changes in Company ownership.

8

1. NATURE OF OPERATIONS AND ACCOUNTING POLICIES (CONTINUED)

FAIR VALUE OF FINANCIAL INSTRUMENTS. The Company considers all liquid interest-earning investments with a maturity of three months or less at the date of purchase to be cash equivalents. Short-term investments generally mature between three months and six months from the purchase date. All cash and short-term investments are classified as available for sale and are recorded at market using the specific identification method; unrealized gains and losses are reflected in other comprehensive income. Cost approximates market for all classifications of cash and short-term investments; realized and unrealized gains and losses were not material.

NET LOSS PER COMMON SHARE. Basic loss per common share (Basic EPS) excludes dilution and is computed by dividing net loss available to common shareholders

Edgar Filing: SKTF ENTERPRISES INC - Form 10QSB/A

(the numerator) by the weighted average number of common shares outstanding (the denominator) during the period. Diluted loss per common share (Diluted EPS) is similar to the computation of Basic EPS except that the denominator is increased to include the number of additional common shares that would have been outstanding if the dilutive potential common shares had been issued. In addition, in computing the dilutive effect of convertible securities, the numerator is adjusted to add back the after-tax amount of interest recognized in the period associated with any convertible debt. The computation of Diluted EPS does not assume exercise or conversion of securities that would have an anti-dilutive effect on net loss per share. All potential common shares are anti-dilutive; therefore, Basic EPS equals Diluted EPS.

2. STOCKHOLDERS' EQUITY

FOUNDERS' STOCK. The Company issued 6,000,000 shares of common stock on April 20, 2001 for cash totaling \$600.

STOCK-BASED COMPENSATION. The Company did not issue nor did it recognize stock-based compensation from Inception, March 27, 2001, through June 30, 2002.

PRIVATE PLACEMENT MEMORANDUM. On June 1, 2001, the Company began offering 100,000 shares of common stock at \$0.10 per share pursuant to a Private Placement Memorandum. All proceeds from the offering are to be used for pre-incorporation expenditures, consulting fees and working capital. Through June 30, 2002, a total of 13,000 shares were sold for \$1,300 cash.

STOCK OPTION PLAN. The Company's Board and shareholders approved a Stock Option Plan, effective June 1, 2001. The plan limits the aggregate number of shares available to 600,000. Each award under the plan will be evidenced by a Stock Purchase Agreement; each agreement will establish the vesting requirements and the maximum term of the options granted. As of June 30, 2002, no options had been granted.

CONTRIBUTED CAPITAL. The Company's president elected to forego a salary during the early developmental stages. Additionally, he does not charge the Company for the use of his home office. The Company estimates the value of these services, since inception, at \$1,900 and has recorded contributed capital and the related organizational expense in the accompanying financial statements.

The Company's corporate counsel has elected to provide professional services to the Company free of charge; however, the Company must reimburse him for all out of pocket costs. The value of contributed services, since inception, determined based on hours incurred, were \$16,309 and has been recorded as organizational costs (and contributed capital) in the accompanying financial statements.

9

3. RELATED PARTY TRANSACTIONS

LEGAL SERVICES. The Company has engaged a shareholder as its corporate counsel. All out of pocket costs are billed as incurred; billings to date total \$1,485. See "Contributed Capital" and "Stockholder Loans and Advances" for more information about transactions with the Company's corporate counsel.

STOCKHOLDERS LOANS AND ADVANCES. From time to time, certain Company stockholders loan or advance monies to the Company. Loans bear interest at rates established at the time of the loan; advances bear no interest. While these loans and advances have no maturity dates, they are expected to be repaid as early as practicable. At June 30, 2002, the Company's corporate counsel had

Edgar Filing: SKTF ENTERPRISES INC - Form 10QSB/A

advanced \$9,270 for organizational costs.

4. COMMITMENTS, CONTINGENCIES, RISKS AND UNCERTAINTIES

GOING CONCERN CONTINGENCY. The Company has minimal capital resources presently available to meet obligations that normally can be expected to be incurred by similar companies, and with which to carry out its planned activities. These factors raise doubt about the Company's ability to continue as a going concern. Management is seeking additional equity financing to fund planned operations; management believes actions currently being taken provide the opportunity for the Company to continue as a going concern. However, there is no assurance that the Company will be able to obtain such financing. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

10

ITEM 2 MANagements DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The Company is currently engaged in a public offering of up to \$1,000,000 pursuant to a Form SB-2 filed with the Securities and Exchange Commission. No shares of our common stock have been sold under the offering. Until the completion of the offering, management anticipates that SKTF will engage in very little business activity, will not hire any employees, and will not enter into any material contracts. As a result, our cash requirements will be minimal, related only to the cost of maintaining the company in good standing. Our two primary shareholders, Mr. Berg and Mr. Lebrecht, have agreed to advance funds to us to fund these minimal cash requirements.

Upon the completion of the offering, management intends to seek to have a market maker file an application to list our securities on the OTC Bulletin Board.

Even if we are successful in raising the full \$1,000,000 under the offering, we do not know how long this cash will last. It is a best-efforts offering with no minimum, therefore, we may raise less than \$1,000,000. Cash will be used to acquire hat and clothing licenses, to pay for the manufacturing of products for sale, to market the products, and to hire sales people located at upcoming events. We have not taken action to complete any of these steps, and will not do so until after this offering is completed. We do not know what action will be taken to achieve any of these steps, and we do not know how long any of the steps will take.

Although we had hoped to offer products focused on the 2002 Winter Olympics, we did not take any steps to obtain the necessary licenses or manufacture the products to do so, and did not successfully market any products at that event. Upon completion of the offering, we will develop a timetable of steps to be taken in order offer products for future events.

It is not anticipated that current management will be paid a salary during the next twelve months.

Management does not anticipate that we will engage in any material product research and development because we will negotiate for the acquisition of licenses to manufacture and sell products that are already in existence.

Management does not anticipate that we will purchase a plant or significant equipment because we will enter into agreements with existing hat and clothing manufacturers to manufacture the products.

Edgar Filing: SKTF ENTERPRISES INC - Form 10QSB/A

Management anticipates that over the next twelve months we will hire up to five full-time employees to oversee a temporary sales force at each location where we will sell our products. The temporary sales people will either be paid a commission based on sales, or will be paid an hourly wage plus a commission based on sales, depending on applicable laws at that location. The temporary sales people will not be offered benefits.

Our financial statements have been prepared assuming we will continue as a going concern. Because we have not generated any revenues to date and have minimal capital resources, our auditors included an explanatory paragraph in their report raising substantial doubt about our ability to continue as a going concern. We have not identified any critical accounting issues.

11

PART II

ITEM 1 LEGAL PROCEEDINGS

None.

ITEM 2 CHANGES IN SECURITIES AND USE OF PROCEEDS

None.
