## DESCRIPTION OF DEBT SECURITIES

### General

The Company may issue Debt Securities in one or more series under an indenture (the "Trust Indenture") that it will enter into with one or more trustees (each, a "Trustee") that will be described in the Prospectus Supplement for such Debt Securities. The following summary describes certain provisions of the Trust Indenture, although it does not purport to be complete and is subject to and is qualified in its entirety by reference to the Trust Indenture. At least one of the Trustees must be resident in British Columbia, authorized to do business in British Columbia or authorized to carry on trust business under the *Financial Institutions Act* (British Columbia). The Trust Indenture will be subject to and governed by the *Business Corporations Act* (British Columbia) and the United States Trust Indenture Act of 1939, as amended. A copy of the form of Trust Indenture has been filed with the SEC as an exhibit to the registration statement of which this Prospectus forms a part and has been filed with the Canadian securities regulatory authorities.

The terms of Debt Securities the Company offers may differ from the general information provided below. Prospective investors should rely only on information in the Prospectus Supplement if it is different from the following information.

The Company may issue Debt Securities and incur additional indebtedness other than through the offering of Debt Securities pursuant to this Prospectus.

Reference to the "Company" in this section refers only to Pan American Silver Corp. but not any of its subsidiaries.

The Trust Indenture does not limit the amount of Debt Securities the Company can issue thereunder and unless otherwise stated in the Prospectus Supplement does not limit the amount of other indebtedness the Company may incur. The Company may issue Debt Securities from time to time in separate series.

The Prospectus Supplement for any series of Debt Securities the Company offers will describe the specific terms of the Debt Securities and may include any of the following:

- ◆ the designation of the Debt Securities;
- ◆ any limit on the aggregate principal amount of the Debt Securities;
- ◆ the price at which the Debt Securities will be issued (or the manner of determination thereof, if offered on a non-fixed price basis and whether at par, at a discount or at a premium);
- ◆ whether the payment of the Debt Securities will be guaranteed by any other person and the terms of such guarantee;
- ◆ the currency of issue of the Debt Securities;
- ◆ whether payment on the Debt Securities will be senior or subordinated to, or pari passu with, the Company's other liabilities and obligations and the terms and provisions of any such subordination;
- ◆ whether the payment of the Debt Securities will be secured by any of the Company's assets or by any other person;
- ◆ the dates on which the Company may issue the Debt Securities and the date or dates on which the Company will pay the principal and any premium on the Debt Securities and the portion

(if less than the principal amount) of Debt Securities to be payable on a declaration of acceleration of maturity;

- ◆ whether and under what circumstances the date or dates on which the Company will pay the principal and any premium on the Debt Securities may be extended;
- ◆ whether the Debt Securities will bear interest, whether the interest is payable in cash, securities or a combination thereof, the interest rate or the method of determining the interest rate, the date from which interest will accrue, the dates on which the Company will pay interest and the record dates for interest payments;
- ◆ the place or places the Company will pay principal, any premium and interest and the place or places where Debt Securities can be presented for registration of transfer or exchange;
- ◆ whether and under what circumstances the Company will be required to pay any additional amounts for withholding or deduction for Canadian taxes with respect to the Debt Securities, and whether the Company will have the option to redeem the Debt Securities rather than pay the additional amounts;
- ◆ whether and under what circumstances the Company may prepay, redeem or repurchase the Debt Securities at its option;
- ◆ whether and under what circumstances the Company will be obligated to prepay, redeem or repurchase the Debt Securities pursuant to any sinking fund or other provisions, or at the option of a holder;
- ◆ if other than \$1,000 and any integral multiples thereof, the denominations in which the Company will issue the Debt Securities;
- ◆ the currency in which the Company will make payments on the Debt Securities and whether payments will be payable with reference to any index or formula;
- ◆ whether the Company will issue the Debt Securities as global securities and, if so, the identity of the depository for the global securities;
- ◆ whether the Company will issue the Debt Securities as bearer securities or only in registered form;
- ◆ any changes or additions to events of default or covenants;
- ◆ any changes or additions to the provisions for defeasance described under "Defeasance" below;
- ◆ whether the holders of any series of Debt Securities have special rights if specified events occur;
- ◆ any restrictions on the transfer or exchange of the Debt Securities;
- ◆ the terms for any conversion or exchange of the Debt Securities for any other securities;
- ◆ provisions as to modification, amendment or variation of any rights or terms attaching to the Debt Securities;
- ◆ the identity of the Trustee;
- ◆ whether the Debt Securities will be listed on any Exchange; and
- ◆ any other terms of the Debt Securities.

Unless stated otherwise in the applicable Prospectus Supplement, no holder will have the right to require the Company to repurchase the Debt Securities and there will be no increase in the interest rate if the Company becomes involved in a highly leveraged transaction or there is a change of control of the Company.

The Company may issue Debt Securities bearing no interest or interest at a rate below the prevailing market rate at the time of issuance, and offer and sell these securities at a discount below their stated principal amount. The Company may also sell any of the Debt Securities for a foreign currency or currency unit, and payments on the Debt Securities may be payable in a foreign currency or currency unit. In any of these cases, the Company will describe in the applicable Prospectus Supplement, any Canadian and United States federal income tax consequences and other special considerations.

The Company may issue Debt Securities with terms different from those of Debt Securities previously issued and, without the consent of the holders thereof, the Company may reopen a previous issue of a series of Debt Securities and issue additional Debt Securities of such series (unless the reopening was restricted when such series was created).

Unless stated otherwise in the applicable Prospectus Supplement, the Company will issue Debt Securities only in fully registered form without coupons, in denominations of \$1,000 and multiples of \$1,000. The applicable Prospectus Supplement may indicate the denominations to be issued, the procedures for payment of interest and principal and other matters. No service charge will be made for any registration of transfer or exchange of the Debt Securities, but the Company may, in certain instances, require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with these transactions.

### **Payment and Transfer**

Unless stated otherwise in the Prospectus Supplement, the Company will make payments of principal of (and premium, if any, on) Debt Securities of a particular series in the designated currency against surrender of the Debt Securities at the office of the paying agent the Company designates from time to time. Unless stated otherwise in the applicable Prospectus Supplement, the Company will make payment of any installment of interest on Debt Securities to the persons in whose names the Debt Securities are registered on the close of business on the day or days specified by the Company. Unless otherwise indicated in the applicable Prospectus Supplement, payments of interest will be made, at the Company's option:

- at the corporate trust office of the paying agent that the Company designates from time to time;
- by electronic funds transfer to an account that the holder designates from time to time; or
- by a cheque in the designated currency mailed to each holder at the relevant holder's registered address.

Holders may transfer or exchange fully registered Debt Securities at the corporate trust office of the Trustee or at any other office or agency the Company maintains for these purposes, without the payment of any service charge except for any tax or governmental charge.

### **Global Securities**

The Company may issue Debt Securities of a series in the form of one or more global securities ("Global Securities") which will be deposited with a depository (a "Depository"), or its nominee,

identified in the applicable Prospectus Supplement and which will be exchangeable for definitive Debt Securities only under certain conditions. The Global Securities may be in temporary or permanent form. The applicable Prospectus Supplement will describe the terms of any depositary arrangement and the rights and limitations of owners of beneficial interests in any global security. The applicable Prospectus Supplement also will describe the exchange, registration and transfer rights relating to any global security.

### **Merger, Amalgamation or Consolidation**

The Trust Indenture generally permits the Company to amalgamate or consolidate with or merge into any other person, and to transfer or dispose of substantially all of its assets, so long as the resulting person is a Canadian or U.S. entity and assumes the Company's obligations on the Debt Securities and under the Trust Indenture and the Company or such successor person will not be in default under the Trust Indenture immediately after the transaction.

If the resulting person assumes the Company's obligations, subject to certain exceptions, the Company will be relieved of those obligations.

### **Events of Default**

The following are summaries of events with respect to any series of Debt Security which will constitute an "event of default" in respect of a series of Debt Securities:

- ◆ the Company fails to pay principal or any premium on any Debt Security of that series when it is due;
- ◆ the Company fails to pay interest on any Debt Security of that series for 30 days from the date such amounts are due;
- ◆ the Company fails to comply with any of its other agreements relating to the Debt Securities or the Trust Indenture for 60 days after written notice by the Trustee or by holders of at least 25% in aggregate principal amount of the outstanding Debt Securities of that series;
- ◆ certain events involving its bankruptcy, insolvency or reorganization; and
- ◆ any other event of default provided for that series of Debt Securities.

The Prospectus Supplement for a series of Debt Securities may include additional events of default or changes to the events of default described above. The Trustee will give notice within a reasonable time (not exceeding 30 days) to the holders of Debt Securities of any default unless it determines in good faith the withholding of such notice is in the best interests of the holders, collectively, and so advises the Company in writing.

A default under one series of Debt Securities will not necessarily be a default under another series.

If an event of default for any series of Debt Securities occurs and continues, the Trustee or the holders of at least 25% in aggregate principal amount of the Debt Securities of that series may require the Company to repay immediately:

- ◆ the entire principal of the Debt Securities of the series; or
- ◆ if the Debt Securities are discounted securities, that portion of the principal as is described in the applicable Prospectus Supplement.

If an event of default relates to events involving the Company's bankruptcy, insolvency or reorganization, the principal of all Debt Securities will become immediately due and payable without any action by the Trustee or any holder. Subject to certain conditions, the holders of a majority of the aggregate principal amount of the Debt Securities of the affected series can rescind the accelerated payment requirement.

Other than its duties in case of a default, the Trustee is not obligated to exercise any of its rights or powers under the Trust Indenture at the request, order or direction of any holders, unless the holders offer the Trustee reasonable indemnity. If they provide this reasonable indemnity, the holders of a majority in principal amount of any series of Debt Securities may, subject to certain limitations, direct the time, method and place of conducting any proceeding or any remedy available to the Trustee, or exercising any power conferred on the Trustee, for any series of Debt Securities.

The Company will be required to furnish to the Trustee a statement annually as to its compliance with all conditions and covenants under the Trust Indenture and, if the Company is not in compliance, it must specify any defaults.

### **Defeasance**

When the Company uses the term "defeasance", it means discharge from some or all of its obligations under the Trust Indenture. If the Company deposits with the Trustee sufficient cash or government securities to pay the principal, interest, any premium and any other sums due to the stated maturity date or a redemption date of the Debt Securities of a series, then at its option:

- ◆ the Company will be discharged from its obligations with respect to the Debt Securities of that series; or
- ◆ the Company will no longer be under any obligation to comply with certain restrictive covenants under the Trust Indenture, and certain events of default will no longer apply to the Company.

If this happens, the holders of the Debt Securities of the affected series will not be entitled to the benefits of the Trust Indenture except for registration of transfer and exchange of Debt Securities and the replacement of lost, stolen or mutilated Debt Securities. These holders may look only to the deposited fund for payment on their Debt Securities.

Unless stated otherwise in the Prospectus Supplement, in order to exercise its defeasance option, the Company will be required to deliver to the Trustee an opinion of counsel to the effect that the deposit and related defeasance would not cause the holders of the Debt Securities to recognize income, gain or loss for Canadian federal or Canadian provincial income tax purposes (and any other jurisdiction specified for this purpose in the Prospectus Supplement). The Company also will be required to deliver a certificate of an officer of the Company and an opinion of counsel, each stating that all of the conditions precedent provided for relating to defeasance have been satisfied. In addition, other conditions must be met before the Company may exercise its defeasance option.

### **Modification and Waiver**

The Company may modify the Trust Indenture with the consent of the holders of a majority in aggregate principal amount of the outstanding Debt Securities of each series affected by the modification. However, without the consent of each holder affected, no modification may:

- 
- ◆ reduce the percentage of the unpaid principal amount of any series of Debt Securities whose holders must consent to any amendment or waiver under the Trust Indenture or which may otherwise require notice, information or action or effect any action, or modify the provisions in the Trust Indenture relating to amendment or waiver;
  - ◆ reduce the amount of, or change the currency of payment of or to delay the time of any payments (whether of principal, premium, interest or otherwise) to be made to the holders of Debt Securities of any series;
  - ◆ change the definition of or the manner of calculating amounts (including any change in the applicable rate or rates of interest) to which any holder of Debt Securities of any series is entitled under the Trust Indenture;
  - ◆ make any change that adversely affects the redemption, conversion or exchange rights of holders of Debt Securities of any series;
  - ◆ make any change that would result in the issuer being required to make any deduction or withholding from payments to be made to holders of Debt Securities of any series; or
  - ◆ impair the right of holders to institute a suit to enforce their rights to payment.

The holders of a majority in principal amount of outstanding Debt Securities of any series may on behalf of the holders of all outstanding Debt Securities of that series waive, only insofar as that series is concerned, any prospective or existing defaults under the Trust Indenture and the Company's compliance with certain restrictive provisions of the Trust Indenture. However, these holders may not waive a default in any payment on any Debt Security or compliance with a provision that cannot be modified without the consent of each holder affected.

The Company may modify the Trust Indenture without the consent of the holders to:

- ◆ cure any ambiguity, defect or inconsistency, provided, however, that the amendment to cure any ambiguity, defect or inconsistency does not materially and adversely affect the rights of any holder of Debt Securities;
- ◆ provide for the assumption by a successor of the Company's obligations under the Trust Indenture;
- ◆ give effect to certain directions of the holders;
- ◆ change or eliminate any provisions where the change takes effect when there are no Debt Securities outstanding under the Trust Indenture;
- ◆ provide for uncertificated Debt Securities in addition to certificated Debt Securities, as long as those uncertificated Debt Securities are in registered form for United States federal income tax purposes;
- ◆ make any change to maintain the qualification of the Trust Indenture under the United States Trust Indenture Act of 1939, as amended, or to comply with applicable laws;
- ◆ add to the Company's covenants, obligations or events of default under the Trust Indenture for the protection of holders of Debt Securities;
- ◆ add a guarantor to guarantee the payment of the Debt Securities of any series;

◆ surrender any right, power or option conferred by the Trust Indenture on the Company; or  
in any other manner that would not adversely affect the rights of holders of outstanding securities.

## **Governing Law**

The Trust Indenture and the Debt Securities will be governed by and construed in accordance with the laws of the Province of British Columbia and the federal laws of Canada applicable in British Columbia.

## **The Trustee**

The Trustee under the Trust Indenture or its affiliates may provide banking and other services to the Company in the ordinary course of their business.

The Trust Indenture contains certain limitations on the rights of the Trustee, as long as it or any of its affiliates remains the Company's creditor, to obtain payment of claims in certain cases or to realize on certain property received on any claim as security or otherwise. The Trustee and its affiliates will be permitted to engage in other transactions with the Company. If the Trustee or any affiliate acquires any conflicting interest and a default occurs with respect to the Debt Securities, the Trustee must eliminate the conflict or resign.

## **DESCRIPTION OF WARRANTS**

### **General**

The Company may issue Warrants to purchase Common Shares or Debt Securities. The Company may issue Warrants independently or together with other Securities, and Warrants sold with other Securities may be attached to or separate from the other Securities. Warrants will be issued under and governed by the terms of one or more warrant indentures (each a "Warrant Indenture") between the Company and a warrant trustee (the "Warrant Trustee") that the Company will name in the relevant Prospectus Supplement. Each Warrant Trustee will be a financial institution organized under the laws of Canada or any province thereof and authorized to carry on business as a trustee.

Selected provisions of the Warrants and any Warrant Indenture are summarized below. The statements made in this Prospectus relating to any Warrant Indenture and Warrants to be issued thereunder are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Warrant Indenture and the Prospectus Supplement describing such Warrant Indenture.
