risks and uncertainties include, among other things, our ability to amicably resolve potential claims against us, our ability to restructure and consummate the contemplated follow-on-financing on terms more favorable to us, the impact of general economic conditions on our business, and other risks and uncertainties that may be detailed herein, or from time to time in our other filings made with the Securities and Exchange Commission.

ITEM 1.02. TERMINATION OF A MATERIAL DEFINITIVE AGREEMENT.  
ITEM 8.01. OTHER EVENTS.

Patron Systems, Inc. (the "Registrant") has adopted a revised plan for the consummation of a follow-on-financing which contemplates immediate bridge funding followed by a significant equity funding.

In connection with the Registrant's revised plan for the consummation of a follow-on-financing the Registrant continues discussions with Mr. Allin and The Allin Dynastic Trust, and has entered into discussions with other parties with potential claims against the Registrant, pursuant to which the Registrant intends to offer equity securities in lieu of cash payments to resolve potential claims held by such parties. No definitive agreements have resulted from these discussions. The Registrant's management believes that resolving claims and liabilities in this manner will enable the Registrant to successfully complete the contemplated follow-on-financing according to the Registrant's revised plan on terms more favorable to the Registrant. No date has currently been set for the consummation of the follow-on-financing

On August 26, 2005, the Settlement Agreement and Mutual Release dated June 2, 2005 (the "Agreement"), among the Registrant, Patrick J. Allin and The Allin Dynastic Trust terminated. The Agreement provided that if the Registrant did not consummate a follow-on-financing by August 15, 2005, which date was extended to August 26, 2005, the Agreement, and all promissory notes issued under the Agreement, would be null and void. The Registrant did not consummate a follow-on-financing on August 26, 2005, nor did the Registrant enter into a definitive agreement regarding an amendment to the Agreement.
