FORWARD-LOOKING STATEMENTS

This document contains statements that may constitute “forward-looking statements” within the meaning of Federal securities laws. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors concerning the Company’s operations and business environment. Important factors that could cause actual results to differ materially from those suggested by these forward-looking statements and that could adversely affect the Company’s future financial performance include the following: the pace and nature of new product introductions by the Company and the Company’s customers; the Company’s ability to successfully implement its strategy to create sustainable, long-term shareholder value; the Company’s ability to successfully implement its growth strategies; the outcome of the Company’s various productivity-improvement and cost-reduction efforts; changes in costs or availability of raw materials, including energy; industry and economic factors related to the Company’s domestic and international business; growth in markets for products in which the Company competes; industry and customer acceptance of price increases; actions by competitors, including increased intensity of competition; the loss of any customers in certain product lines in which our sales are made to a relatively small number of customers; product liability claims or product recalls; the costs of compliance, or failure to comply, with laws and regulations applicable to our industries and markets; changing consumer preferences and changing technologies; and failure to complete and integrate future acquisitions or dispositions. The risks and uncertainties identified above are not the only risks the Company faces. Additional risks and uncertainties not presently known to the Company or that it currently believes to be immaterial also may adversely affect the Company. Should any known or unknown risks and uncertainties develop into actual events, these developments could have material adverse effects on our business, financial condition and results of operations. This document contains time-sensitive information that reflects management’s best analysis only as of the date of this document. The Company does not undertake to publicly update or revise its forward-looking statements even if experience or future changes make it clear that any projected results expressed or implied herein will not be realized. Additional information regarding these risks can be found in our Annual Report on Form 10-K for the year ended December 31, 2013.
