Item 2.05. Costs Associated with Exit or Disposal Activities.

On February 24, 2016, the Company finalized its intention to implement a plant rationalization initiative to improve operating efficiencies and reduce costs. As part of the plant rationalization, we plan to: (i) relocate certain production activities from our Grapevine, Texas manufacturing facility to facilities in Greenville, South Carolina and Reynosa, Mexico; (ii) relocate certain service functions from Grapevine, Texas to our administrative offices in Lewisville, Texas; and (iii) close our Grapevine, Texas facility. In addition, certain production activities will be relocated from our Greenville, South Carolina manufacturing facility to our manufacturing facility in Bialystok, Poland. We anticipate that the plant rationalization will be completed within 12 to 24 months.

In connection with this initiative, we expect to incur one-time plant rationalization costs of approximately \$9 million, consisting of restructuring and integration expenses of approximately \$5 million related to employee severance and relocation of certain machinery and equipment; capital expenditures of approximately \$2.6 million; and temporary incremental operating expenses of approximately \$1.4 million. Substantially all of the one-time plant rationalization costs described above are anticipated to result in future cash expenditures.

This Item 2.05 contains forward-looking statements including, among other things, statements regarding the amount and timing of the expected charges and cash expenditures related to the announced plant rationalization initiative. Under the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, the Company cautions investors that any forward-looking statements made by the Company, including those that may be made in this Report, are based on management's expectations at the time they are made, but they are subject to risks and uncertainties that may cause actual results, events or performance to differ materially from those contemplated by such forward-looking statements.
