2

TABLE OF CONTENTS

Required Votes: Each outstanding share of our common stock is entitled to one vote on each proposal at the Annual Meeting.

If there is a quorum at the Annual Meeting, the matters to be voted upon by the stockholders require the following votes for such matter to be approved:

Election of Directors. Because the election of directors to occur at the Annual meeting is not contested, the vote required for the election of each of the nine (9) director nominees by the stockholders is the affirmative vote of a majority of the votes cast in favor of or against the election of such director nominee. There is no cumulative voting for our directors. If you indicate `withhold authority to vote` for a particular nominee on your proxy card, your vote will not count either `FOR` or `AGAINST` the nominee. Abstentions are not counted in the election of directors and do not affect the outcome.

Increase in Authorized Shares. The affirmative vote of holders of at least a majority of our outstanding shares is required to approve the amendment to the Certificate of Incorporation to increase our outstanding shares of common stock from 100,000,000 to 150,000,000 shares.

Removal of the Prohibition against Stockholder Action By Written Consent Without a Meeting. The affirmative vote of the holders of at least 66²/₃% of our outstanding shares is required to approve the amendment to the Certificate of Incorporation to remove the prohibition against stockholder action by written consent.

Removal of Limitation that Only the Company's Board of Directors May Call a Special Meeting of Stockholders. The affirmative vote of the holders of at least 66²/₃% of our outstanding shares is required to approve the amendment to the Certificate of Incorporation to remove the limitation that only the Company's board of directors may call special meetings of stockholders.

Permitting a Majority Vote of Stockholders to Adopt, Amend or Repeal the Company's Bylaws. The affirmative vote of the holders of at least 66²/₃% of our outstanding shares is required to approve the amendment to the Certificate of Incorporation to permit the adoption, amendment or repeal of the Company's Bylaws upon the affirmative vote of holders of at least a majority of our outstanding shares of capital stock entitled to vote.

Eliminating Supermajority Stockholder Vote Requirement for Amendment or Repeal of Certain Provisions of the Company's Certificate of Incorporation. The affirmative vote of the holders of at least 66²/₃% of our outstanding shares is required to eliminate the requirement that the amendment or repeal of certain provisions of our Certificate of Incorporation be approved by holders of at least 66²/₃% of our outstanding shares of capital stock entitled to vote.

Advisory Vote on Approval of Named Executive Officer Compensation. The affirmative vote of the holders of at least a majority of the shares for which votes are cast at the Annual Meeting is required to approve, on a non-binding advisory basis, the compensation of the Company's named executive officers. Abstentions will not be counted as votes cast and, therefore, will not affect the outcome.

Advisory Vote on Frequency of Stockholder Advisory Votes on the Compensation of Named Executive Officer Compensation. The frequency (one, two, or three years) that receives the highest number of votes cast at the Annual Meeting will constitute the non-binding advisory recommendation of the stockholders as to the frequency of future advisory votes on the compensation of the Company's named executive officers. Abstentions will not be counted as votes cast and, therefore, will not affect the outcome.

Ratification of Independent Auditors. The affirmative vote of the holders of at least the majority of the shares for which votes are cast at the Annual Meeting is required for ratification of the appointment of Crowe Horwath LLP as our independent auditor for the fiscal year ending December 31, 2018. Abstentions will not be counted as votes cast and, therefore, will not affect the outcome.

Adjournment of the Annual Meeting. The affirmative vote of the holders of at least the majority of the shares for which votes are cast at the Annual Meeting is required to approve the adjournment of the Annual Meeting to a later date or dates, if necessary, to permit further solicitation of additional proxies.

TABLE OF CONTENTS

If a broker indicates on its proxy that it submits to the Company that it does not have authority to vote certain shares held in street name, the shares not voted are referred to as broker non-votes. Broker non-votes occur when brokers do not have discretionary voting authority to vote certain shares held in street name on particular proposals under the rules of the New York Stock Exchange, and the beneficial owner of those shares has not instructed the broker how to vote on those proposals. If you are a beneficial owner and you do not provide instructions to your broker, bank or other nominee, your broker, bank or other nominee is permitted to vote your shares for or against routine matters such as Item 9, the ratification of the appointment of our independent registered public accounting firm. Brokers are not permitted to exercise discretionary voting authority to vote your shares for or against non-routine matters. All of the matters on which stockholders will be asked to vote on at the Annual Meeting, with the exception of Item 9, the ratification of the appointment of our independent registered public accounting firm, are non-routine matters.

Shares represented by proxies that are marked vote withheld with respect to the election of any nominee for director will not be considered in determining whether such nominee has received the affirmative vote of a plurality of the shares. Unless otherwise specified above, shares represented by proxies that are marked abstain with respect to any other matter to be voted upon at the Annual Meeting will have the effect of a negative vote.

Question: *How may I cast my vote?*

Answer: If you are the stockholder of record, you may vote by one of the following four methods (as instructed on the enclosed proxy card):

- in person at the Annual Meeting;
- via the Internet;
- by telephone; or
- by mail.

If you would like to vote in person at the Annual Meeting and would like to obtain directions to the Annual Meeting, please contact Investor Relations, Pacific Premier Bancorp, Inc., 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614 at (949) 864-8000.

If you elect to vote by mail and you received a printed proxy card, you may mark, sign, date and mail the proxy card you received from us in the return envelope. If you did not receive a printed proxy card and wish to vote by mail, you may do so by requesting a paper copy of the proxy materials (as described below), which will include a proxy card.

Whichever method of voting you use, the proxies identified on the proxy card will vote the shares of which you are the stockholder of record in accordance with your instructions. If you submit a proxy card properly voted and returned through available channels without giving specific voting instructions, the proxies will vote the shares as recommended by our Board of Directors.

If you own your shares in street name, that is, through a brokerage account or in another nominee form, you must provide instructions to the broker or nominee as to how your shares should be voted. Your broker or nominee will usually provide you with the appropriate instruction forms at the time you receive this Proxy Statement and our annual report. If you own your shares in this manner, you cannot vote in person at the Annual Meeting unless you receive a proxy to do so from the broker or the nominee, and you bring the proxy to our Annual Meeting.

Question: *How may I cast my vote over the Internet or by telephone?*

Answer: Voting over the Internet: If you are a stockholder of record, you may use the Internet to transmit your vote up until 11:59 P.M., Eastern Time, May 13, 2018. Visit www.proxyvote.com and have your proxy card in hand when you access the website and follow the instructions to obtain your records and to create an electronic voting instruction

form.

Voting by Telephone: If you are a stockholder of record, you may call 1-800-690-6903 and use any touch-tone telephone to transmit your vote up until 11:59 P.M., Eastern Time, May 13, 2018. Have your proxy card in hand when you call and then follow the instructions.

If you hold your shares in street name, that is through a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available.

Question: How may a stockholder nominate someone at the Annual Meeting to be a director or bring any other business before the Annual Meeting?

Answer: The Company's Bylaws require advance notice to the Company if a stockholder intends to attend an annual meeting of stockholders in person and to nominate someone for election as a director or to bring other business before the meeting. Such a notice may be made only by a stockholder of record within the time period established in the Bylaws and described in each year's Proxy Statement. See Stockholder Proposals for the 2019 Annual Meeting beginning on page 68.

4

TABLE OF CONTENTS

Question: *How may I revoke or change my vote?*

Answer: If you are the record owner of your shares, and you completed and submitted a proxy card, you may revoke your proxy at any time before it is voted at the Annual Meeting by:

- submitting a new proxy card with a later date,
- delivering written notice to our Secretary on or before May 14, 2018, stating that you are revoking your proxy,
 - attending the Annual Meeting and voting your shares in person, or

• If you are a record owner of your shares and you submitted your proxy by telephone or via the Internet, you may change your vote or revoke your proxy with a later telephone or Internet proxy, as the case may be.

Please note that attendance at the Annual Meeting will not, in itself, constitute revocation of your proxy.

If you own your shares in street name, you may later revoke your voting instructions by informing the bank, broker or other holder of record in accordance with that entity's procedures.

Question: *Who is paying for the costs of this proxy solicitation?*

Answer: The Company will bear the cost of preparing, printing and mailing the materials in connection with this solicitation of proxies. In addition to mailing these materials, officers and regular employees of the Company may, without being additionally compensated, solicit proxies personally and by mail, telephone, facsimile or electronic

communication. We have retained DF King & Co., Inc. to assist in the solicitation at a cost of approximately \$10,500, plus payment of reasonable out-of-pocket expenses incurred by DF King & Co., Inc.

Question: *Who will count the votes?*

Answer: Broadridge will receive and tabulate the ballots and voting instruction forms.

Question: *How can I obtain the Company's Corporate Governance information?*

Answer: Our Corporate Governance information is available on our website at www.ppbi.com under the Investor Relations section. Our stockholders may also obtain written copies at no cost by writing to us at 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614, Attention: Investor Relations Department, or by calling (949) 864-8000.

Question: *How do I request electronic or printed copies of this and future proxy materials?*

Answer: You may request and consent to delivery of electronic or printed copies of this and future Proxy Statements, annual reports and other stockholder communications by

- visiting www.proxyvote.com,
- calling 1-800-690-6903, or
- sending an email to sendmaterial@proxyvote.com.

When requesting copies of proxy materials and other stockholder communications, you should have available the 16-digit control number located on the proxy card or, if shares are held in the name of a broker, bank or other nominee, the voting instruction form.

TABLE OF CONTENTS

ITEM 1. ELECTION OF DIRECTORS

Board Nominees

Our Board of Directors has nominated each of the following persons for re-election as a director. Under our Bylaws, directors are elected by the stockholders each year at the annual meeting of stockholders and shall hold office until the next annual meeting or until their successors are elected and qualified. Each nominee is currently a director of the Company and each has indicated that he or she is willing and able to continue to serve as a director. We have provided biographical and other information on each of the nominees beginning on page 7 of this Proxy Statement.

John J. Carona	Ayad A. Fargo
Steven R. Gardner	Joseph L. Garrett
Jeff C. Jones	Simone F. Lagomarsino
Michael J. Morris	Zareh H. Sarrafian
Cora M. Tellez	

Vote Required

Because the election of directors to occur at the Annual Meeting is not contested, the vote required for the election of each of the nine (9) director nominees by the stockholders is the affirmative vote of a majority of the votes cast in favor of or against the election of such director nominee. If the election of directors were a contested election, which it is not, director nominees would be elected by a plurality of the votes cast at a meeting of stockholders by the holders of shares entitled to vote in the election. There is no cumulative voting for our directors. If you indicate withhold for a particular nominee on your proxy card, your vote will not be considered in determining whether a nominee has received the affirmative vote of a majority of the votes cast in an uncontested election and a plurality of the votes cast in a contested election. The election of directors is considered a non-routine item upon which brokerage firms may not vote in their discretion on behalf of their clients if such clients have not furnished voting instructions. Therefore, broker non-votes will not be considered in determining whether a nominee has received the affirmative vote of a majority of the shares in an uncontested election and a plurality of the shares in a contested election.

If any nominee becomes unable or unwilling to serve, which is not anticipated, the accompanying proxy may be voted for the election of such other person as shall be designated by the Governance Committee (the Governance Committee) of our Board of Directors. Proxies granted may not be voted for a greater number of nominees than the nine (9) named above. Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted **FOR** each of the nominees listed above.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS

VOTE FOR EACH OF THE DIRECTOR NOMINEES.

TABLE OF CONTENTS**Nominated Directors**

Below is information regarding each of our director nominees, each of whom has been nominated for re-election at the Annual Meeting.

Corporate Governance

We value strong corporate governance principles and adhere to the highest ethical standards. These principles and standards, along with our core values of fairness and caring, assist us in achieving our corporate mission. To foster strong corporate governance and business ethics, our Board of Directors continues to take many steps to strengthen and enhance our corporate governance practices and principles. To that end, we have adopted certain corporate governance guidelines, which are embodied in the Corporate Governance Policy that our Board has approved to achieve the following goals:

- to promote the effective functioning of the Board of Directors;
- to ensure that the Company conducts all of its business in accordance with the highest ethical and legal standards; and
- to enhance long-term stockholder value.

The full text of our Corporate Governance Policy is available on our website at www.ppb.com under the Investor Relations section. Our stockholders may also obtain a written copy of the guidelines at no cost by writing to us at 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614, Attention: Investor Relations Department, or by calling (949) 864-8000.

The Governance Committee of our Board of Directors administers our Corporate Governance Policy, reviews performance under the guidelines and the content of the guidelines annually and, when appropriate, recommends that our Board approve updates and revisions to our Corporate Governance Policy.

Director Qualifications, Diversity and Nomination Process

Our Governance Committee is responsible for reviewing with the Board of Directors annually the appropriate skills and characteristics required of the Board members, and for selecting, evaluating and recommending nominees for election by our stockholders. The Governance Committee has authority to retain a third-party search firm to identify or evaluate, or assist in identifying and evaluating, potential nominees if it so desires, although it has not done so to date.

In evaluating both the current directors and the nominees for director, the Governance Committee considers such other relevant factors, as it deems appropriate, including the current composition of the Board, the need for Audit Committee expertise, and the director qualification guidelines set forth in the Company's Corporate Governance Policy. Under the Company's Corporate Governance Policy, the factors considered by the Governance Committee and the Board in its review of potential nominees and directors include: integrity and independence; substantial accomplishments, and prior or current association with institutions noted for their excellence; demonstrated leadership ability, with broad experience, diverse perspectives, and the ability to exercise sound business judgment; the

TABLE OF CONTENTS

background and experience of candidates, particularly in areas important to the operation of the Company such as business, education, finance, government, law or banking; the ability to make a significant and immediate contribution to the Board's discussions and decision-making; special skills, expertise or background that add to and complement the range of skills, expertise and background of the existing directors; career success that demonstrates the ability to make the kind of important and sensitive judgments that the Board is called upon to make; and the availability and energy necessary to perform his or her duties as a director. In addition, the Governance Committee and the Board believes the composition of the Board should reflect sensitivity to the need for diversity as to gender, ethnic background and experience. Application of these factors involves the exercise of judgment by the Board and cannot be measured in any mathematical or routine way.

In connection with the evaluation of nominees, the Governance Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Governance Committee, in concert with the Company's Chief Executive Officer (CEO), interviews prospective nominees. After completing its evaluation, the Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Governance Committee.

For each of the nominees to the Board and the current directors, the biographies shown above highlight the experiences and qualifications that were among the most important to the Governance Committee in concluding that the nominee or the director should serve or continue to serve as a director of the Company. The table below supplements the biographical information provided above. The vertical axis displays the primary attributes and qualifications reviewed by the Governance Committee in evaluating a board candidate, and the marks within the boxes indicate those particular attributes and qualifications that the Board determined each particular candidate possesses.

Our stockholders may propose director candidates for consideration by the Governance Committee by submitting the individual's name and qualifications to our Corporate Secretary at 17901 Von Karman Avenue, Suite 1200, Irvine, CA 92614. Our Governance Committee will consider all director candidates properly submitted by our stockholders in accordance with our Bylaws and Corporate Governance Guidelines.

Board of Directors Independence

Each member of our Board and the Bank Board is elected annually and will continue to serve until their successors are elected and qualified, or until their early resignation. Our Corporate Governance Policy requires that our Board consist predominantly of directors who are not currently, and have not been, during the most recent three years, employed by us (i.e. non-management directors). Currently, the Company's Chairman, President and CEO, Mr. Gardner, is the only director who is also a member of management.

TABLE OF CONTENTS

In addition, our Corporate Governance Policy requires that a majority of our Board consist of independent directors as defined under the NASDAQ Stock Market (NASDAQ) rules. No director will be independent unless the Board affirmatively determines that the director meets the categorical standards set forth in the NASDAQ rules and otherwise has no relationship with the Company that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and has no material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. In addition, the Board of Directors considers the director independence guidelines established by institutional shareholder advisory services. The Board of Directors balances those guidelines with the independence standards established by NASDAQ rules and other important qualitative factors identified by the Board of Directors when evaluating whether an individual who otherwise satisfies the independence standards set forth in the NASDAQ rules also should be considered sufficiently independent for service on the Audit, Compensation and Governance Committees.

The Governance Committee is responsible for the annual review, together with the Board of Directors, of the appropriate criteria and standards for determining director independence consistent with NASDAQ rules. The Board of Directors has determined that Ayad A. Fargo, Joseph L. Garrett, Jeff C. Jones, Simone Lagomarsino, Michael Morris, Zareh H. Sarrafian, and Cora M. Tellez are independent under the NASDAQ rules and have no material relationships with the Company.

Responsibilities of the Board of Directors

In addition to each director's basic duties of care and loyalty, the Board of Directors has separate and specific obligations enumerated in our Corporate Governance Policy. Among other things, these obligations require directors to effectively monitor management's capabilities, compensation, leadership and performance, without undermining management's ability to successfully operate the business. Our Board and its committees have the authority to retain and establish the fees of outside legal, accounting or other advisors, as necessary to carry out their responsibilities.

The directors are expected to avoid any action, position or interest that conflicts with an interest of the Company, or gives the appearance of a conflict. As a result, our directors must disclose all business relationships with the Company and with any other person doing business with us to the entire Board and to recuse themselves from discussions and decisions affecting those relationships. We periodically solicit information from directors in order to monitor potential conflicts of interest and to confirm director independence. In addition, each director is subject to the Company's Related Party Transactions Policy, pursuant to which transactions between the Company or the Bank, on one hand, and any of our directors or certain of their affiliates, on the other hand, need to be approved or ratified by disinterested members of the Governance Committee, if not otherwise pre-approved under the terms of the policy. For more information, see *Related-Party Transactions*.

Board of Directors Leadership Structure

Our Bylaws provide for a Board of Directors that will serve for one-year terms. Unless otherwise determined by the Board, our Bylaws require that our Board be comprised of seven (7) members. The Board currently has ten (10) members. In connection with Mr. Pfau's determination not to stand for re-election as a director at the Annual Meeting, the Board has determined that it is in our best interests and the best interests of our stockholders that the size of the Board be reduced to nine (9) members effective immediately prior to the Annual Meeting. In addition, the Board has authorized an increase in the size of the Board to eleven (11) members effective upon consummation of the proposed acquisition of Grandpoint Capital, Inc. and its subsidiary, Grandpoint Bank (collectively, Grandpoint), in order to accommodate the addition of two new director nominees from Grandpoint. Vacancies on the Board may be filled by a majority of the remaining directors. A director elected to fill a vacancy, or a new directorship created by an increase in the size of the Board, serves for a term expiring at the next annual meeting of stockholders.

The Board is committed to having a non-executive Chairman or a lead independent director. Our Corporate Governance Policy provides that either of these structures is appropriate to ensure independent Board leadership and that the Company is managed for the long-term benefit of its stockholders. Each year, the Board evaluates the its leadership structure to ensure that it remains appropriate. Currently, the offices of Chairman of the Board of Directors and CEO are jointly held and the Board has designated a lead independent director to ensure independent director oversight of the Company.

TABLE OF CONTENTS

Board of Directors Risk Oversight

The understanding, identification and management of risk are essential elements for the successful management of our Company. The entire Board of Directors is responsible for oversight of the Company's risk management processes. The Board delegates many of these functions to the Audit Committee. Under its charter, the Audit Committee is responsible for monitoring business risk practices and legal and ethical programs. In this way, the Audit Committee helps the Board fulfill its risk oversight responsibilities relating to the Company's financial statements, financial reporting process and regulatory requirements. The Audit Committee also oversees our corporate compliance programs, as well as the internal audit function. In addition to the Audit Committee's work in overseeing risk management, our full Board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed, and the board receives reports on risk management from senior officers of the Company and from the chair of the Audit Committee. The Board receives periodic assessments from the Company's ongoing enterprise risk management process that are designed to identify potential events that may affect the achievement of the Company's objectives. In addition, our Board and its standing committees periodically request supplemental information or reports as they deem appropriate.

Communication With Directors

Individuals may submit communications to any individual director, including our presiding Chairman, our Board as a group, or a specified Board committee or group of directors, including our non-management directors, by sending the communications in writing to the following address: Pacific Premier Bancorp, Inc., 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614. All correspondence should indicate to whom it is addressed. The Company's Corporate Secretary will sort the Board correspondence to classify it based on the following categories into which it falls: stockholder correspondence, commercial correspondence, regulatory correspondence or customer correspondence. All stockholder correspondence will then be forwarded to the Board members to whom it is directed.

Board Meetings and Executive Sessions

During 2017, our Board of Directors met 11 times and anticipates holding 8 regularly-scheduled Board meetings in 2018, and any special meetings that may be necessary or appropriate. Directors, on average, attended approximately 96.36% of the Board and applicable Board committee meetings during 2017. All of our directors are encouraged to attend each meeting in person. Our management provides all directors with an agenda and appropriate written materials sufficiently in advance of the meetings to permit meaningful review. Any director may submit topics or request changes to the preliminary agenda as he or she deems appropriate in order to ensure that the interests and needs of non-management directors are appropriately addressed. To ensure active and effective participation, all of our directors are expected to arrive at each Board and committee meeting having reviewed and analyzed the materials for the meeting.

It is the Company's policy that the independent directors of the Company meet in executive sessions without management at least twice on an annual basis in conjunction with regularly scheduled board meetings. Executive sessions at which the independent directors meet with the CEO also may be scheduled. During 2017, the independent directors met 10 times in executive session without the presence of management.

Director Attendance at Company Annual Meetings

All of our directors are encouraged to attend every Company annual meeting of stockholders. All of our directors attended our 2017 Annual Meeting of Stockholders.

Audit Committee. The internal auditor of the Bank participates in the Audit Committee meetings. A copy of the Audit Committee charter can be found on the Company's website at www.ppbi.com under the Investor Relations section.

and rules of the U.S. Securities and Exchange Commission (the SEC). The Board of Directors has determined that each of Mr. Jones, Mr. Sarrafian and Ms. Tellez satisfies the requirements established by the SEC for qualification as an audit committee financial expert, and is independent under the NASDAQ listing standards and rules of the SEC.

Compensation Committee. The Compensation Committee reviews the amount and composition of director compensation from time to time and makes recommendations to the Board when it concludes changes are needed. In recommending director compensation, the Compensation Committee considers the potential negative effect on director independence if director compensation and perquisites exceed customary levels. The Compensation Committee also (i) has oversight responsibility for the Bank's compensation policies, benefits and practices, (ii) approves all stock option, restricted stock and restricted stock unit grants, (iii) has oversight responsibility for management planning and succession, (iv) determines the annual salary, the annual bonus, stock options, and restricted stock grants of our CEO, CFO and other named executive officers, and (v) approves the compensation structure for other members of our senior management team. Each of the Compensation Committee members is considered independent under the NASDAQ listing standards and rules of the SEC. A copy of the Compensation Committee charter can be found on the Company's website at www.ppbi.com under the Investor Relations section.

The Compensation Committee has the authority, in its sole discretion, to retain and terminate compensation advisors, including approval of the terms and fees of any such arrangement. In 2017, the Compensation Committee engaged Willis Towers Watson (WTW) to assist the Compensation Committee with its responsibilities related to our executive and Board compensation programs. WTW does not provide other services to the Company. Additionally, based on standards promulgated by the SEC and the NASDAQ to assess compensation advisor independence and the analysis conducted by WTW in its independence review, the Compensation Committee concluded that WTW is independent and a conflict-free advisor to the Company.

Governance Committee. The Governance Committee has oversight responsibility for nominating candidates as directors and to determine satisfaction of independence requirements. The Governance Committee has adopted a written charter. A copy of the charter and the Company's Corporate Governance Guidelines can both be found on the Company's website at www.ppbi.com under the Investor Relations section.

The primary responsibilities of our Governance Committee include:

- assisting the Board in identifying and screening qualified candidates to serve as directors, including considering stockholder nominees;
- recommending to the Board candidates for election or reelection to the Board or to fill vacancies on the Board;
- aiding in attracting qualified candidates to serve on the Board;
- making recommendations to the Board concerning corporate governance principles;
- periodically assessing the effectiveness of the Board in meeting its responsibilities representing the long-term interests of the stockholders; and
- following the end of each fiscal year, providing the Board with an assessment of the Board's performance and the performance of the Board committees.

Enterprise Risk Management Committee. The Enterprise Risk Management Committee (the ERM Committee) has oversight responsibility for ensuring the Company's global risk-management framework is commensurate with its structure, risk profile, complexity, activities and size. The ERM Committee has adopted a written charter, a copy of which can both be found on the Company's website at www.ppbi.com under the Investor Relations section.

The primary responsibilities of our ERM Committee include but are not limited to:

- reviewing management's assessment of the Company's core risks and alignment of its enterprise-wide risk profile with the Company's strategic plan, goals, and objectives;

reviewing the amount, nature, characteristics, concentration and quality of the Company's credit portfolio, as well as significant exposures to credit risk and reviewing exceptions (if any) to credit policies or procedures, and trends in portfolio quality (credit and position risk), market risk, liquidity risk, economic trends, and other risk information; reviewing and approving the Company's policies and procedures for any legally-required stress testing processes as frequently as economic conditions or the condition of the Company may warrant, but no less than annually; and reviewing cyber security threat reports regarding the assessment of current security updates, cyber statistics, core elements and controls, and key IT trends affecting information security.

Executive Committee. Prior to March 26, 2018, the Executive Committee was permitted exercise all authority of the Board in the intervals between Board meetings, except for certain matters. The Executive Committee's primary responsibilities included: (i) acting on behalf of the Board upon any routine operational matters, or such other matters, which, in the opinion of the Chairman of the Board, should not be postponed until the next regularly scheduled meeting of the Board, subject, in each case, to the limitations set forth in the Executive Committee charter and our Bylaws; and (ii) forming and delegating authority to subcommittees when appropriate. Effective as of March 26, 2018, the Executive Committee has been discontinued as a Board committee.

Compensation Committee Interlocks and Insider Participation

For 2017, the Compensation Committee was comprised of Messrs. Fargo, Garrett, Goddard, and Jones, and Ms. Tellez, each of whom was an independent director. Following the Company's acquisition by merger of HEOP, effective April 1, 2017, Mr. Pfau replaced Mr. Goddard as a member of the Compensation Committee. None of these individuals is or has been an officer or employee of the Company during the last fiscal year or as of the date of this Proxy Statement, or is serving or has served as a member of the compensation committee of another entity that has an executive officer serving on the Compensation Committee. No executive officer of the Company served as a director of another entity that had an executive officer serving on the Compensation Committee. Finally, no executive officer of the Company served as a member of the compensation committee of another entity that had an executive officer serving as a director of the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act) and the related rules and regulations, our directors and executive officers and any beneficial owners of more than 10% of any registered class of our equity securities, are required to file reports of their ownership, and any changes in that ownership, with the SEC. Based solely on our review of copies of these reports and on written representations from such reporting persons, we believe that during 2017, all such persons filed all ownership reports and reported all transactions on a timely basis, except that due to administrative oversights, two reports on Form 4 were not timely filed for Mrs. Tellez relating to shares received in lieu of cash for board fees for the first and second quarter of 2017, for which a Form 4 was filed on March 2, 2018.

Committee Independence and Additional Information

The Company's Audit, Governance and Compensation Committees are currently composed entirely of independent directors, as defined by our Corporate Governance Policy and applicable NASDAQ and SEC rules and regulations. Our Compensation, Audit and Governance Committees each have a written charter, which may be obtained on our website at www.ppbi.com under the Investor Relations section. Company stockholders may also obtain written copies of the charters at no cost by writing to us at 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614, Attention: Investor Relations Department, or by calling (949) 864-8000.

The Chair of each committee is responsible for establishing committee agendas. The agenda, meeting materials and the prior meeting minutes of each committee meeting are furnished in advance of each committee meeting to all of our

directors, and each committee chair reports on his or her committee's activities to the full Board at least quarterly.

TABLE OF CONTENTS

Compensation of Non-Employee Directors

The Board of Directors, acting upon a recommendation from the Compensation Committee, annually determines the non-employee directors' compensation for serving on the Board of Directors and its committees. In establishing director compensation, the Board of Directors and the Compensation Committee are guided by the following goals, compensation should:

- consist of a combination of cash and equity awards that are designed to fairly pay the directors for work required for a company of our size and scope;

- align the directors' interests with the long-term interests of the Company's stockholders; and

- assist with attracting and retaining qualified directors.

The Compensation Committee and the Board of Directors most recently completed this process in December 2017. To better position the Company's director compensation relative to our peer group, as identified below, it was determined that, for the 2018 fiscal year, the cash compensation for non-employee directors serving on the Boards of Directors of the Company and the Bank will remain the same as 2017, and director equity compensation will increase from the 2017 compensation as detailed below. The Company does not pay director compensation to directors who are also employees. Below are the elements of compensation paid to non-employee directors for their service on the Board of Directors.

Cash Compensation

During the 2017 fiscal year, non-employee directors received the following cash payments for their service on the Boards of Directors of the Company and the Bank:

- an annual cash retainer of \$59,000, paid quarterly in arrears, for service on the Boards of Directors of the Company and the Bank;

- an additional annual cash retainer of \$15,000, paid quarterly in arrears, to the Chairman of the audit committee of the Company's Board;

- an additional annual cash retainer of \$2,500, paid quarterly in arrears, to the members of the audit committee of the Company's Board;

- an additional annual cash retainer of \$10,000, paid quarterly in arrears, to the Chairman of compensation committee of the Company's Board; and

- an additional annual cash retainer of \$1,000, paid quarterly in arrears, to members of the compensation committee of the Company's Board.

During 2017, the Company did not provide prerequisites to any director in an amount that is reportable under applicable SEC rules and regulations. All non-employee directors are entitled to reimbursement for travel expense incurred in attending Board and committee meetings.

We have offered to our non-executive directors the opportunity to receive all or a portion of their annual cash retainer in the form of shares of restricted stock. If a director elects to receive all or a portion of her or his annual cash retainer in restricted shares of restricted stock, the director is granted on the last day of the quarter for which payment is owed a number of shares of restricted stock equal to the amount of retainer owed divided by the closing price of our common stock on the date of grant. In 2017, we granted non-executive directors 3,199 shares of restricted stock in lieu of annual cash retainer payments.

Stock Compensation

Each non-employee director is eligible for a grant of shares of restricted stock issued from the 2012 Long-Term Incentive Plan, as recommended by the Compensation Committee. The shares of restricted stock that the Company

awards to its directors fully vest as of the first anniversary of the date of grant, subject to earlier vesting on termination of service in certain circumstances. On January 26, 2017, each of our non-employee directors was granted 1,248 shares of restricted stock. On February 28, 2018, each of our non-employee directors was granted 1,427 shares of restricted stock.

TABLE OF CONTENTS**Stock Ownership Guidelines for Directors**

The Board of Directors has adopted stock ownership guidelines for non-employee directors, which require that each non-employee director own shares of the Company's common stock having a value of at least equal to five times the director's annual retainer for service on the Board of the Company or the Bank Board (not including committee-related fees). New directors have five years after joining the Board of Directors or the Bank Board to meet the guidelines. Restricted stock and restricted stock units, and a portion of the shares that may be acquired by exercise of vested in-the-money stock options, are treated as stock ownership for this purpose. As of the date of this Proxy Statement, all directors met or exceeded the ownership guidelines to the extent applicable to them.

Health Insurance Benefits

Non-employee directors can elect to receive insurance benefits from the Company, including long-term care insurance or health care insurance. The aggregate cost of these benefits in 2017 was \$60,400.

Aggregate Director Compensation in 2017. In accordance with applicable SEC rules and regulations, the following table reports all compensation the Company paid during 2017 to its non-employee directors.

(1) These amounts represent the aggregate grant date fair value of restricted stock granted in 2017, calculated in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts are discussed in Note 16 to our Consolidated Audited Financial Statements for the fiscal year ended December 31, 2017, included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. Fair value is based on 100% of the closing price per share of our common stock on the date of grant. At December 31, 2017, each of the non-employee directors named in the above table held 1,248 shares of restricted stock, except for Mr. Lagomarsino

who held 3,690 and Mr. Pfau and Mr. Morris, who held none. In addition, at December 31, 2017, non-employee directors held outstanding stock options as follows: Mr. Carona, 15,000; Mr. Garrett, 25,000; Mr. Jones, 31,000; Mr. Morris, 4,381; Mr. Pfau, 4,381; Ms. Tellez, 0; Mr. Fargo, 0; and Mr. Sarrafian, 0.

Amounts reported in this column are the total interest credited on deferred compensation balances in 2017. Only (2) the portion of such interest that exceeds 120% of the applicable federal rate is deemed to constitute compensation to a director under the SEC rules governing this table.

TABLE OF CONTENTS**Deferred Compensation Plan**

The Bank created a Directors' Deferred Compensation Plan in September 2006 which allowed non-employee directors to defer Board of Directors' fees and provided for additional contributions from any opt-out portion of the long-term care insurance plan. See Health Insurance Benefits under Compensation of Non-Employee Directors. As of December 2016, the Directors' Deferred Compensation Plan was frozen such that no new contributions may be made and existing balances remain until distribution. The Directors' Deferred Compensation Plan is unfunded. The Company is under no obligation to make matching contributions to the Directors' Deferred Compensation Plan. The deferred compensation was credited with interest by the Bank at prime plus one percent through January 31, 2014, after which the rate was changed to prime minus one percent. The director's account balance is payable upon retirement or resignation. The table below shows the totals for the Deferred Compensation Plan contributions and earnings, for our Directors, for the year ended December 31, 2017.

Executive Summary and Stockholder Outreach

Considerations in Establishing Targeted 2017 NEO Compensation. When determining targeted 2017 NEO compensation at the beginning of the 2017 fiscal year, the Compensation Committee of our Board considered multiple factors, including our management team s execution on our 2016 strategic plan of growth through acquisitions as well as organic growth. The Compensation Committee felt that our disciplined and prudent growth during the year, as evidenced by our continued strength in our asset quality results and remaining well-capitalized from a bank regulatory perspective, contributed to total shareholder returns in 2016 that exceeded our peer group and the 2016 KBW Regional Bank Index without sacrificing asset quality or taking excessive risk. Our total assets grew 44.7% during 2016, while our non-performing loans-to-total-assets and net charge-offs-to-average-total-loans were 0.04% and 0.17%, respectively, at December 31, 2016.

In light of our stated strategy to grow through acquisitions, our Compensation Committee believes that, when making decisions concerning NEO compensation, our financial performance should be considered both before and after giving effect to adjustments for merger-related expenses. Our return on assets was 1.11% and our return on average tangible common equity was 12.87% for the year ended December 31, 2016, or 1.20% and 13.87%, respectively, on an as-adjusted basis. Our Compensation Committee believed that our 2016 total shareholder return of 66.4% compared favorably to our peer group (4th overall) and the 2016 KBW Regional Bank Index, which produced, on average, total shareholder returns of 42.0% and 26.0%, respectively, for the year.

These factors, as well as other considerations, such as continued anticipated strategic growth and key executive retention-related matters were instrumental considerations in the decisions made by the Compensation

Committee to approve targeted 2017 NEO compensation levels, which the Compensation Committee believed were in our best interests and the best interests of our stockholders. Notably, a significant portion of our targeted 2017 NEO compensation was comprised of performance-based equity incentive awards (60.4% of total targeted compensation for our CEO) that required satisfaction of certain performance metrics for 2017 and beyond as a condition to vesting, which the Compensation Committee viewed as an important feature in aligning our NEO's interests with those of our stockholders over the long-term.

2017 Financial Highlights. The Company continued its strong operating performance in 2017, which was attributable in large part to management's effective implementation of the Company's strategic plan of organic growth and growth through acquisitions during the fiscal year. S&P Global Market Intelligence recently ranked us 6th out of 533 banking institutions with between \$1 billion and \$10 billion in total assets based on our performance in 2017 with respect to return on average tangible common equity, loan growth, asset quality and efficiency ratio. We believe our financial performance contributed to strong returns for our shareholders. We ended 2017 with total shareholder return of 13.15% and a three-year average total shareholder return of 32%. Our three-year average total shareholder return at December 31, 2017, as compared to our 2017 peer group and the KBW Index returns, is illustrated in the following chart:

The key financial results listed below, both before and after adjusting for the effect of merger-related expenses, reflect areas in which our performance excelled. We believe that these results position us to produce strong financial results in the future.

(2) Excludes tax-affected merger-related expenses of \$13.2 million, \$3.2 million, \$3.3 million, \$1.3 million and \$4.4 million in 2017, 2016, 2015, 2014 and 2013, respectively, and a \$5.6 million deferred tax asset revaluation in 2017. Our 2017 financial highlights below demonstrate how we have continued to grow and evolve into a leading commercial bank headquartered in Southern California:

• Acquired HEOP and Plaza Bancorp (Plaza), which added approximately \$2.0 billion and \$1.3 billion in total assets, respectively, on the date of acquisition;

• Produced total shareholder return of 13.15%, resulting in a three-year average total shareholder return of 32%, which exceeded the three-year average total shareholder return of our peer group and the KBW Regional Bank Index (17% and 13%, respectively);

TABLE OF CONTENTS

Increased total assets \$4.0 billion, or 98.8% from 2016, to approximately \$8.0 billion as of December 31, 2017, doubling the size of the Company and representing a 57.9% compound average growth rate (CAGR) during the three-year period ending December 31, 2017;

Increased diluted earnings per share, as adjusted, for 2017 by \$0.47, or 29.9% from 2016, representing a 25.6% CAGR during the three-year period ending December 31, 2017;

Increased year-end book value per share by 62% as compared to 2016, and tangible book value per share grew by 22% from 2016, representing a CAGR of 31.5% and 14.7%, respectively, during the three-year period ending December 31, 2017; and

Strengthened and maintained asset quality, with loan delinquencies of 0.16% of total loans held for investment, and total non-performing assets of 0.04% of total assets as of December 31, 2017.

2017 Performance Outcomes and NEO Compensation. The performance structure for 2017 incorporates both short-term and long-term incentives established from financial and operational metrics, with a focus on alignment with stockholders' interests. Compensation of our NEOs is comprised of base salary, annual cash incentives and long-term incentives. The performance goals set by the Compensation Committee for 2017, at target and maximum levels, were much higher than the 2016 performance goals and actual results. In part, this reflected the anticipated contribution to our 2017 performance from the acquisition of HEOP, which was completed during the second quarter of 2017. However, the 2017 performance goals also required very substantial organic growth in net income, loan and deposit growth in order to achieve the target levels set by the Compensation Committee.

As a result of our continued solid 2017 financial and nonfinancial results, the successful integration of HEOP and Plaza into our operations, our achievement of targeted regulatory ratings, net income growth, and loan and deposit growth, we increased the base salaries of each of our NEOs as detailed below and paid each of our NEOs annual bonuses ranging between 59% and 118% of their respective target award opportunities pursuant to the Company's 2017 executive incentive compensation plan. The Company's total shareholder return for the three-year period ending December 31, 2017 was in the 100th percentile of its 2017 peer group, and as the following chart depicts, our CEO's 2017 total direct realizable compensation was directionally aligned with total shareholder returns. As in past years, when compared to our 2017 Peer Group, our three-year total shareholder return percentile rank was higher than the CEO's percentile rank of realizable compensation.

Total direct realizable compensation is the sum of our CEO's (i) actual base salary paid over the three-year period, (ii) actual short-term incentives (bonuses) paid based on performance over the three-year period, (iii) in-the-money value as of December 31, 2017 of any stock options granted over the three-year period, and (iv) the value as of December 31, 2017 of any unvested restricted stock or restricted stock units granted over the three-year period.

The CEO compensation of the 2017 peer group is based on the fiscal years 2014 through 2016, because 2017 information for most of the 2017 peer group was not available at the time of this analysis. However, all equity awards granted during the period are valued as of December 31, 2017, including the value of performance-contingent shares granted in the 2014-2016 fiscal-year period, valued as of December 31, 2017.

Retention equity awards granted by the Company in 2016 also are included in this analysis.

Stockholder Outreach and Say-on-Pay ; NEO Compensation Plan Design and Governance Changes for 2018. We provide our stockholders the ability to annually cast their advisory vote on the compensation of our

TABLE OF CONTENTS

NEOs. In 2017, we received a 69.35% affirmative vote for say on pay, which was not satisfactory to us or our Board. In an effort to increase our stockholder approval percentage at our 2018 annual meeting, during 2017 we undertook a comprehensive review of our NEO compensation plan design and governance practices with the view towards making necessary or advisable changes to the plan design and governance practices, as well as the composition of our peer group, in anticipation of 2018 NEO compensation decisions. We also engaged in a stockholder outreach process, targeting our top 25 stockholders which, at the time, represented over 50% of our issued shares of common stock. Based upon the feedback received from this outreach, we adopted certain updates to our NEO compensation plan design and governance practices, including implementing double-trigger accelerated vesting provisions for our equity incentive awards and an incentive compensation clawback policy, and extending our common stock ownership requirements to all of our NEOs. Each of these items is discussed in greater detail below.

Our Compensation Practice Evolution. The enhancements to our compensation program demonstrate our commitment to ensuring that our executive compensation program aligns our executives' compensation with the Company's short-term and long-term performance and stockholder interests and, at the same time, provides the compensation and incentives needed to attract, reward, motivate, and retain key executives. The following table contains a brief summary of the NEO compensation plan design modifications we adopted, which we believe demonstrate our commitment to ensuring that our executive compensation program aligns our executives' compensation with the Company's short-term and long-term performance and stockholder interests. Focusing performance on key financial measures in the short term, combined with performance of relative total shareholder return (rTSR) in the long term, will provide direct alignment of our executive compensation with the interest of our stockholders.

Design Feature	Summary of 2017 Provision	Summary of Modified Provision effective commencing in 2018
Performance-Based Incentive Equity Compensation as a Percentage of Equity Incentive Award	Performance-based equity incentive compensation represents 25% of total equity incentive compensation	Performance-based equity incentive compensation represents 50% of total equity incentive compensation

Measurement Period for Restricted Stock Unit Performance Targets	Annual target for each separate year during vesting period, with retroactive feature	Changed to a three-year average rTSR performance target with no retroactive feature
Acceleration Events for Vesting of Equity Compensation Awards	Single-trigger accelerated vesting if terminated for cause or resigns for good reason	Double-trigger accelerated vesting if terminated without cause or resigns for good reason within 24 months of a change of control

(1) Currently, all of our restricted stock unit awards are performance-based awards.

Role of the Compensation Committee

The Compensation Committee of our Board of Directors annually reviews policies and practices with respect to our executive compensation program. To conduct this review, the Compensation Committee evaluates our practices and policies, including the balanced mix between pay elements, short and long-term incentive programs, Compensation Committee control over the establishment, review and approval of goals, use of multiple performance measures, Compensation Committee discretion on individual awards, and Compensation Committee oversight of compensation programs. The Compensation Committee also evaluates the conformity of performance-based compensation criteria and targets with our risk profile and whether the proposed goals or the structure of the awards might have the inadvertent effect of encouraging excessive risk or other undesirable behavior. The Compensation Committee believes that its overarching risk management framework supports effective risk management of our incentive arrangements.

Executive Compensation Program Principles and Key Features.

Our Compensation Committee oversees our compensation program and incentive plans, including our NEO equity incentive plan. The Compensation Committee’s compensation consultant advises the Compensation Committee on competitive benchmarking on pay level practices and governance trends, reviews and assists with peer group selection

and analysis, and provides recommendations on plan design and business goals. Our management provides input on individual performance and results against our business goals. The components of compensation for each of our NEOs are designed in a way that we believe will maximize each NEO's contribution to achieving the Company's strategic goals and driving superior financial performance while minimizing overall risk to the Company. The various components of compensation allow our Compensation Committee to use both cash and equity to encourage and motivate NEOs to achieve both our the short- and long-term business objectives.

Executive Compensation Program Principles. Our Compensation Committee has established three key principles that provide the framework for our executive compensation program: (i) our executives' interests should be aligned with our stockholders' interests; (ii) a significant portion of an executive's compensation should be linked to achieving our short-term and long-term business goals; and (iii) our executive compensation program should be designed to attract and retain key executives who are capable and motivated to help us continue to grow and prudently manage our business. These three guiding principles are described in greater detail in the table below:

Executive Compensation Program Principles

How Principles are Reflected in Our Executive Compensation Program

<p>Alignment with Stockholder Interests – <i>NEO compensation is tied to financial performance and achievement of strategic goals</i></p>	<p>Our NEO equity incentive plan is designed to align executive compensation with value creation for our stockholders. NEO compensation is tied to financial performance and achievement of strategic goals. Key components of compensation paid to our NEOs and other executive officers are paid only if certain financial and non-financial objectives that our Board and Compensation Committee have identified as value-enhancing are achieved.</p>
<p>Alignment with Stockholder Interests – <i>NEO stock ownership requirements</i></p>	<p>Our executive stock ownership guidelines require our NEOs to accumulate and maintain a meaningful position in Company shares.</p>
<p>Alignment with Stockholder Interests – <i>NEO disincentives for excessive risk-taking</i></p>	<p>We believe that our executive compensation program is designed to balance risk and financial results in a manner that does not encourage imprudent risk-taking. Key design features include our clawback policy and our restrictions against hedging and pledging of our stock.</p>
<p>Linkage to Achieving Short-Term and Long-Term Business Goals (Performance-Based Compensation)</p>	<p>We deliver incentive-based compensation both as annual cash and longer-term, equity-based awards predicated on achieving prospective financial goals. Focused on our key financial metrics and strategic plans, which may take several quarters or years to realize.</p>
<p>Attraction and Retention of Key Executives</p>	<p>Our Compensation Committee reviews executive compensation levels paid by members of our peer group based on available data with the dual goals of paying total compensation at a level commensurate with how well we perform compared to our peer group and rewarding our executives for achieving strategic goals while maintaining discipline and prudence.</p>

2017 Program Features. We annually analyze the various elements of our executive compensation program in an effort to ensure that each element is designed in a way that is consistent with the program principles described above. The purpose and key characteristics of each element of our executive compensation program is summarized below. As a preliminary matter, no incentive compensation (cash or equity-based) would have been payable unless the Bank's tier 1 capital ratio as of December 31, 2017 was at least 8%, the bank regulatory minimum to be considered well-capitalized. The Bank's tier 1 capital ratio as of December 31, 2017 was 11.88%.

For 2018, performance goals include earnings per share (weighted 40%), average loan growth (weighted 20%), average core deposit growth (weighted 20%), and regulatory exam results of at least satisfactory (weighted 20%). Annual incentives are capped at 150% of target levels.

Beginning with awards made in 2018, restricted stock units will be awarded and contingent on the attainment of pre-established three-year rTSR performance compared to the KBW Regional Bank Index, with the payout ranging between 0% and 200% of a target award based on 3-year relative TSR compared with the KBW Regional Bank Index.

Role of the Independent Compensation Consultant

In 2016 and 2017, the Compensation Committee engaged independent consulting firms specializing in compensation program design and evaluation with significant experience in the financial services industry to assist the Compensation Committee in revising our compensation program for NEOs. In selecting Pearl Meyer in

TABLE OF CONTENTS

2016 and WTW in 2017, the Compensation Committee reviewed the independence of each firm under applicable NASDAQ listing standards and SEC rules and regulations. Based on its review and information provided by each firm regarding the provision of services, fees, policies and procedures, the presence of any conflicts of interest, ownership of the Company's stock, and other relevant factors, the Compensation Committee concluded that engaging Pearl Meyer and WTW raised no conflicts of interest concerns, and both were deemed to be independent for purposes of their services as advisors to the Compensation Committee.

The Compensation Committee sought the assistance of these independent consulting firms to improve the rigor of the Compensation Committee's compensation evaluation and design process, to ensure adherence to appropriate governance standards, and to ensure that our compensation program is competitive in terms of design, amount of compensation, and alignment of compensation determinations with the Company's performance. The Compensation Committee believes that the assistance of these independent consulting firms was necessary and appropriate in helping the Compensation Committee respond to what it felt were valid points raised by stockholder representatives, which are discussed above under *Stockholder Outreach and Say-on-Pay*; *NEO Compensation Plan Design and Governance Changes for 2018*.

2017 Peer Group

In 2016, the Compensation Committee engaged Pearl Meyer to develop an appropriate peer group of financial institutions and to prepare a study comparing the Company's performance, its compensation of NEOs, and the alignment of performance and compensation to the performance and compensation programs of the companies in the peer group. Pearl Meyer and the Compensation Committee, with assistance from our human resources team, developed a peer group consisting of 24 banking institutions for purposes of 2017 executive compensation decisions (the 2017 Peer Group). The 2017 Peer Group was not selected based on the levels of executive compensation or attributes of their compensation program. Instead, the 2017 Peer Group was selected based on the following criteria:

- publicly-traded commercial banks or savings institutions focused on commercial banking;
- companies headquartered in the Federal Reserve 12th District (Western States), primarily California;
- companies having total assets generally between \$1.5 billion and \$8.0 billion as of the most recent quarter-end; and
- institutions with operations in larger U.S. metropolitan areas and strong performance, as measured by a return on tangible equity greater than 10%.

The following companies comprised the 2017 Peer Group:

Banc of California, Inc.	Banner Corporation*	Bofl Holding, Inc.*
Boston Private Financial Holdings, Inc.*	Brookline Bancorp, Inc.*	Cardinal Financial Corporation*
Century Bancorp, Inc.*	ConnectOne Bancorp, Inc.*	CU Bancorp

TABLE OF CONTENTS**2017 Compensation Decisions**

Set forth below is a summary of our executive compensation decisions for 2017.

Base Salary. As discussed above, the Compensation Committee considers base salary levels as part of its process of ensuring that the NEO's overall compensation is competitive, including annual and long-term incentives, the target amount of which is generally based on a percentage or multiple of base salary. The Compensation Committee determined that the increases in base salary from 2016 to 2017 were justified based on the Company's 2016 financial performance and anticipated growth and talent competition during 2017.

The following table provides information regarding base salaries for our NEOs serving at year end 2016 and 2017:

Name	Title	2016 Base Salary	2017 Base Salary
Steven R. Gardner	Chairman of the Board, President and Chief Executive Officer of the Company and Chairman of the Board and Chief Executive Officer of the Bank	\$ 600,000	\$ 700,000
Edward Wilcox ⁽¹⁾	President and Chief Banking Officer of the Bank	325,000	400,000
Ronald J. Nicolas, Jr.	Senior Executive Vice President and Chief Financial Officer of the Company and the Bank	300,000	340,000
Michael S. Karr ⁽²⁾	Senior Executive Vice President & Chief Credit Officer of the Bank	275,000	300,000
Thomas Rice	Senior Executive Vice President & Chief Operating Officer of the Bank	275,000	325,000

(1) Effective as of January 25, 2018, Mr. Wilcox serves solely as the President of the Bank.

(2) Effective as of March 27, 2018, Mr. Karr's title was changed to Senior Executive Vice President and Chief Risk Officer of the Bank.

Annual Cash Incentive Program. As discussed above, we use annual cash incentive awards to provide each NEO with a strong incentive to execute our business plan for the year. During the first 90 days of the year, the Compensation Committee creates an award opportunity for each NEO, providing for a range of potential payouts equal to a percentage or multiple of salary that is tied to the achievement of specific, pre-established performance goals for that year. Those performance goals are meant to focus the NEO on the key elements of our strategic and annual financial plan. At the same time, the Compensation Committee seeks to use an array of performance goals that broadly measure Company performance, so as to not encourage undue risk taking or distort management decisions that arise when executives are incentivized to achieve a narrow performance goal.

For a given performance goal, the target level of performance that must be achieved to earn the target annual cash incentive payout typically is set at a level based on the Company's annual financial plan for the fiscal year. The Compensation Committee also specifies a threshold performance goal - the minimum level of performance required to earn a payout that is less than the target payout - and a maximum performance level that, if exceeded, will cap the above-target payout. Shortly after year end, the Compensation Committee determines the extent to which the just-ended year's performance goals have been achieved and the corresponding payout. Importantly, the Compensation Committee has discretion to reduce the level of payout based on its assessment of an NEO's individual performance and other circumstances relating to the Company's business. Generally, the extent of reduction in payout is limited to 20% of the target award.

For 2017, the Compensation Committee created annual cash incentive award opportunities with performance goals that used the same business metrics and weightings as in 2016. These performance goals include net income (weighted 50%), loan growth (weighted 25%) and deposit growth (weighted 25%). Net income is the financial item we determine and report under Generally Accepted Accounting Principles (GAAP). Loan and deposit growth are non-GAAP performance metrics based on our year-over-year changes.

TABLE OF CONTENTS

The dollar amounts of these potential payments are shown in the Grants of Plan-Based Awards table on page 42 of this Proxy Statement. The table below shows the potential cash incentive amount (as a percentage of base salary) payable to each of our NEOs upon achievement of the relevant performance metric.

Name	Title	Incentive as a % Base		
		Threshold	Target	Max.
Steven R. Gardner	Chairman of the Board, President and Chief Executive Officer of the Company and Chairman of the Board and Chief Executive Officer of the Bank	50 %	100 %	150 %
Edward Wilcox ⁽¹⁾	President and Chief Banking Officer of the Bank	45	90	135
Ronald J. Nicolas, Jr.	Senior Executive Vice President and Chief Financial Officer of the Company and the Bank	38	75	113
Michael S. Karr ⁽²⁾	Senior Executive Vice President & Chief Credit Officer of the Bank	25	50	75
Thomas Rice	Senior Executive Vice President & Chief Operating Officer of the Bank	25	50	75

(1) Effective as of January 25, 2018, Mr. Wilcox serves solely as the President of the Bank.

(2) Effective as of March 27, 2018, Mr. Karr's title was changed to Senior Executive Vice President and Chief Risk Officer of the Bank.

The performance goals set by the Compensation Committee for 2017, at target and maximum levels, were much higher than the 2016 performance goals and 2016 actual results. In part, this reflected the anticipated contribution to our 2017 performance from the acquisition of HEOP, which was completed on April 1, 2017. However, the 2017 performance goals also required very substantial organic growth in net income, loan growth and deposit growth in order to achieve the target levels set by the Compensation Committee. For each performance metric, the threshold level of performance was set at 80% of the target level of performance, and the maximum performance level was set at 120% of the target performance level.

The table below shows the 2017 annual cash incentive award performance goals relating to net income, loan growth and deposit growth (the growth performance goals), the actual performance achieved, and related information:

2017 Performance Goals

Performance Metric	2016 Actual Performance	Threshold (80% of target)	Target	Maximum (120% of target)	2017 Actual achievement level ⁽¹⁾⁽²⁾	2017
						achievement as percent of target
Net income	\$ 40,103	\$ 53,208	\$ 66,510	\$ 79,812	\$ 75,989	114.3 %
Loan growth	986,444	1,510,575	1,888,219	2,265,863	1,919,355	101.6 %
Deposit growth	564,297	1,586,427	1,983,034	2,379,641	1,957,425	98.7 %

(1) Net income for 2017 excludes tax effected merger-related expense and deferred tax asset revaluation.

(2) Loan and deposit growth for 2017 excludes Plaza Bancorp.

To determine the annual cash incentive award payout to each NEO, the Compensation Committee multiplied the percentage achievement of each of the growth performance goals by the weighting of the performance goal. For this purpose, the weighting of the net income goal was 50% and the other two goals were weighted 25% each. The table below illustrates the 2017 weighted performance as a percent of target:

Performance Metric	2017 achievement as a percentage of target		Performance goal weighting		Weighted achievement percentage
	(a)		(b)		((a)x(b))
Net Income	114.3	%	50	%	57.15 %
Loan growth	101.6		25		25.40
Deposit Growth	98.7		25		24.675
			Aggregate weighted achievement percentage		107.23 %

TABLE OF CONTENTS

Once the aggregate weighted achievement percentage is determined, the Compensation Committee compares that percentage to the threshold/target/maximum cash incentive amounts (as a percentage of base salary) and determines the final award payout based upon the proportionate amount the aggregate weighted achievement percentage exceeds either the threshold or target amount, as the case may be. The table below illustrates the calculation for determining the actual 2017 cash incentive payouts:

	Target award	Target award as a % of salary	Difference between targeted award as % of salary and maximum award as a % of salary	Difference between aggregate weighted achievement percentage and 100%	% change between target and maximum performance goals	Total payout as a percentage of target award (f) = (b) + (d)/(c)	Total payout (a)*(f)
	(a)	(b)	(c)	(d)	(e)		
Steven R. Gardner	\$ 700,000	100 %	50 %	7.23 %	20 %	118.0 %	\$ 826,269
Edward Wilcox	360,000	90	45	7.23	20	106.2	424,939
Ronald J. Nicolas, Jr.	255,000	75	38	7.23	20	88.5	300,998
Thomas Rice	162,500	50	25	7.23	20	59.0	191,813
Michael S. Karr	150,000	50	25	7.23	20	59.0	177,058

As stated above, the Compensation Committee included an overall 2017 performance goal relating to the Bank's tier 1 capital ratio, a measure of safety and soundness. For purposes of 2017 annual cash incentive bonuses, the Bank had to achieve a tier 1 capital ratio of 8.00% as of December 31, 2017. As of that date, the Bank's tier 1 capital ratio was 11.88%, and as a result, each NEO received the total payout set forth above as his 2017 annual cash incentive bonus.

The 2017 annual cash incentive awards were paid on February 28, 2018, following the completion of our audit for the fiscal year ended December 31, 2017. The payouts are reflected as 2017 compensation in the Summary Compensation Table on page 41 of this Proxy Statement in the column labeled Non-Equity Incentive Plan Compensation.

The 2016 annual cash incentive payouts for Messrs. Gardner, Wilcox, Nicolas, Wilcox, Karr and Rice were \$637,393, \$207,153, \$159,348, \$146,069 and \$146,069, respectively.

Long-Term Equity Incentive Awards. The Compensation Committee grants long-term incentive awards to our NEOs and to a broader group of employees under our 2012 Long-Term Incentive Plan in order to align the interests of our management team with the interests of our stockholders and to create substantial incentives for the team to achieve our long-term goals. These awards enable us to provide competitive compensation to help in the recruitment of executives and employees and also, through vesting provisions, help to promote retention and long-term service of executives and key employees.

Two forms of equity incentive awards were used for the annual 2017 equity awards: restricted stock and restricted stock units. Each form of award contains one or more performance requirements. Restricted stock units could be earned in a range from 75% to 125% of the designated target number, based on the level of performance achieved. Assuming a 100% payout level for restricted stock units, approximately 75% of each NEO's aggregate grant-date award fair value was in the form of restricted stock with the remaining approximately 25% in the form of restricted stock units.

As stated above, the Compensation Committee included an overall 2017 performance goal relating to the Bank's tier 1 capital ratio, a measure of safety and soundness, being at least 8% as of December 31, 2017 as a condition to any incentive awards, including long-term equity incentive awards. The Bank's tier 1 capital ratio was 11.88% as of December 31, 2017.

2017 Restricted Stock Awards: If the Bank had not achieved an 8% tier 1 capital ratio as of December 31, 2017, all 2017 NEO restricted stock long-term incentive awards would have been forfeited. Since the Bank achieved the threshold tier 1 capital ratio, one-third (1/3) of each NEO's 2017 restricted stock award vested in January 2018, and, so long as the NEO does not otherwise forfeit the award, 1/3 of the 2017 restricted stock award will vest on each of January 2019 and 2020. Based on the summary above, we describe our 2017 NEO restricted stock awards as being subject to performance-based and time-based vesting.

TABLE OF CONTENTS

2017 Restricted Stock Unit Awards: Similar to our 2017 NEO restricted stock awards, our 2017 restricted stock unit awards were granted subject to the Bank achieving the threshold tier 1 capital ratio as of December 31, 2017. Unlike our 2017 restricted stock awards, which are subject to time-based vesting once the Bank's threshold tier 1 capital ratio was achieved, our 2017 restricted stock unit awards are subject to the further performance condition related to our adjusted return on average tangible common equity (our AROATCE) for each of 2017, 2018 and 2019. In order for any vesting to occur in a particular year, our AROATCE must be at least 10%, which we refer to as our threshold percentage. The table below illustrates the additional performance-based vesting of our 2017 restricted stock unit awards:

Year	% AROATCE ^{(1),(2)}		
	Threshold (10%)	Target (12.5%)	Maximum (15%)
2017	20% of original award	26.67% of original award	33.33% of original award
2018	20% of original award	26.67% of original award	33.33% of original award
2019	20% of original award	Any remaining unearned restricted stock units ⁽³⁾	

AROATCE is a non-GAAP performance metric, determined by adjusting net income for the effect of core deposit (1)intangibles (CDI) amortization and merger-related expenses and excluding average CDI and average goodwill from average stockholders' equity during the period.

(2)For awards in 2018, restricted stock unit awards will be subject to a three-year average rTSR performance target.

(3)For awards in 2018, restricted stock units will no longer have this retroactive feature.

As of December 31, 2017, our AROATCE was 15.49%, which exceeded the target payout but was less than the maximum payout for restricted stock units. Accordingly, in January 2018, each NEO who received this 2017 grant and remained in service in January 2018 vested at that time in one-third of the restricted stock units using a target multiplier of 146.8% and received a corresponding payout in shares.

For accounting purposes, as of the grant date we adopted the conservative view that the probable level of achievement of the performance goals would be at the maximum level, so that the number of restricted stock units reflected in the table below is 125% of the target number, and the grant-date fair value reflects that maximum number of restricted stock units. This is in part a reflection of the sustained high performance of the Company. The performance goals relating to return on assets would be reasonably challenging for our 2017 Peer Group, but the Company's achieved performance in recent years, and specifically management's performance in positioning the Company for future high performance, results in what the Compensation Committee believes is a higher-than-usual probability that the Company's performance will reach levels that trigger a maximum payout with respect to the restricted stock units.

The following table provides information on the 2017 annual long-term incentive awards. The annual grants of long-term incentives are treated as an award earned by service in the prior year.

Name	Restricted Stock Awards			Restricted Stock Units			
	Base Salary 2017	Restricted Stock (Number of shares)	Award Grant Date Fair Value	Award Fair Value as a % of Base Salary	Restricted Stock Units at Maximum Payout Level	Award Grant Date Fair Value	Award Fair value as a % of Base Salary

The aggregate grant-date fair value of 2016 long-term equity incentive awards for Messrs. Gardner, Nicolas, Wilcox, Karr and Rice were \$1,921,766, \$500,000, \$970,167, \$644,769 and \$644,769, respectively.

TABLE OF CONTENTS**NEO Compensation Plan Governance Features**

We believe that our executive compensation program incorporates many best practices, including the ones described below.

We Can Claw Back Incentive Compensation. If we restate our financial statements, or a financial statement or the calculation of a performance goal or metric is materially inaccurate, the Compensation Committee may require recoupment from our executive officers, including our NEOs, of the portion of any annual bonus, equity or equity-based incentive compensation paid, provided or awarded to any executive officer on or after January 1, 2018 that represents the excess over what would have been paid if such event had not occurred, as determined by the Compensation Committee in its sole discretion.

We Require Minimum Levels of Common Stock Ownership by Our Executives. Our common stock ownership requirement for our CEO and our executive officers is calculated as a multiple of base salary, as noted below:

Position	Minimum Ownership of Common Stock (Multiple of Base Salary)
CEO	5.0x
Other NEOs	3.0x

The Company's CEO is already subject to, and compliant with, the ownership requirement. The other NEOs and any new NEO must satisfy the ownership requirement within five years of the later of November 15, 2017, or the date of their appointment to the applicable position. We believe that the Stock Ownership Guidelines result in significant common stock ownership by our executive officers and align the interests of our executive officers with those of our stockholders.

Stock ownership is determined from the totals on Table 1 of Form 4 Statement of Changes in Beneficial Ownership of Securities, as filed by the Company with the SEC on behalf of the Company's executive officers. Qualifying shares that count toward the ownership requirement include:

- shares owned outright (including shares in existing brokerage accounts, and shares acquired upon stock option exercises or the vesting of restricted stock units or performance share awards);
- restricted stock and restricted stock units issued and held, whether or not vested;
- shares acquired upon stock option exercises;
- shares or share equivalent units deferred; and
- vested stock options, where the attributed value will equal 50% of the in-the-money value of the outstanding option.

There may be instances where the share ownership policy would place a severe hardship. In such instances, the Compensation Committee will make the final decision that reflects both the intention of the policy and the personal circumstances of the individual seeking relief from the policy.

We Adopted Double-Trigger Change of Control Provisions for Our Equity Awards. In 2017, the Compensation Committee modified the terms of future equity awards to implement a double-trigger change in control provision. The terms of any equity awards granted after 2017 provide that the awards will vest only if: (i) we undergo a change in control and (ii) within two years after the change in control, the recipient of the award is terminated from employment without cause or terminates employment for good reason (for example, if his or her job duties have been significantly diminished) (double-trigger vesting). The terms of our equity awards granted during or prior to 2017 provided that the awards would vest immediately upon a change in control of our Company (single-trigger vesting).

We Have an Anti-Hedging Policy. Our Share Ownership and Insider Trading and Disclosure Policy prohibits all directors and executive officers from purchasing financial instruments designed to hedge or offset any decrease in the market value of the Company's equity securities. We believe that these instruments result in an individual no longer being exposed to the full risks of ownership of our stock and, accordingly, the interests of our directors and executive officers could be different from stockholder objectives.

TABLE OF CONTENTS

Retirement Plans. The Company provides a 401(k) Plan to all employees of the Company, which allows employees to defer a portion of their compensation and contribute such amount to the plan on a pre-tax basis. For 2017, the Company matched 100% of employee contributions up to three percent of the employee's compensation and matched 50% of the employee contributions up to an additional two percent of compensation. The Company may also provide nonqualified, deferred compensation plans to NEOs, as designated by the Compensation Committee.

Other Benefits. Our compensation process focuses our executives on goals and objectives that are in the best interests of the Company and stockholders. Other than certain perquisites to our executive officers such as an automobile allowance or use of a company vehicle, reimbursement of relocation expenses, reimbursement of club dues for clubs that are used frequently for business purposes, and life, disability and long-term care insurance (which has been eliminated starting in 2018), the Company does not provide any other compensation benefits.

Tax Deductibility of Compensation Expense. Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), generally places a \$1 million limit on the amount of compensation a company can deduct in any one year for certain executive officers. While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions, as noted above, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes.

The 2017 annual cash incentive opportunities and performance-based awards granted to our executive officers were designed in a manner intended to be exempt from the deduction limitation of Section 162(m) because they are paid based on the achievement of pre-determined performance goals established by the Compensation Committee pursuant to our stockholder-approved equity incentive plan.

Following the Tax Cut and Jobs Act of 2017, Section 162(m) of the Code exempts qualifying performance-based compensation with respect to taxable years beginning on or before December 31, 2017 and payable pursuant to a binding written agreement in effect on November 2, 2017. Thus, only performance-based awards outstanding on that date or awarded pursuant to a binding written agreement on that date may be exempt from the Section 162(m) of the Code deductibility cap. Effectively, the Tax Cut and Jobs Act of 2017 eliminated the ability to rely on the 'performance-based' exception under Section 162(m) of the Code with respect to new awards and compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. Despite the Compensation Committee's efforts to structure the executive team annual cash incentives and performance-based awards in a manner intended to be exempt from Section 162(m) and, therefore, not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) of the Code and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, the Compensation Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) of the Code if it determines that such modifications are consistent with our business needs.

Despite the changes to Section 162(m) of the Code, the Compensation Committee and the Board believe that performance-based compensation rewards executive officers for the achievement of specific annual strategic goals, and promotes sustainable growth as well as creates long-term stockholder value even though some compensation awards may result in non-deductible compensation expenses and will continue to grant performance-based awards. Therefore, the Compensation Committee and the Board may grant awards and approve compensation that may not be deductible for income tax purposes.

CEO Pay Ratio Disclosure

Our compensation and benefits philosophy and the overall structure of our compensation and benefit programs are broadly similar across the organization to encourage and reward all employees who contribute to our success. We strive to ensure the pay of each of our employees reflects the level of their job impact and responsibilities and is competitive within our peer group. Compensation rates are benchmarked and set to be competitive in the markets in which we operate. As a result of rules the SEC adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), we are providing the following

36

TABLE OF CONTENTS

disclosure about the ratio of the annual total compensation of our chief executive officer to the median annual total compensation of our employees. The paragraphs that follow describe our methodology and the resulting pay ratio for the year ended December 31, 2017.

Measurement Date. We identified the median employee using our employee population on December 31, 2017.

Consistently Applied Compensation Measure (CACM). Under the relevant rules, we were required to identify the median employee by use of a consistently applied compensation measure, or CACM. We chose a CACM that closely approximates the annual total direct cash compensation of our employees, which we gathered from payroll data. Specifically, we identified the median employee by looking at annual base pay, inclusive of overtime pay actually received. We did not consider equity awards as part of our CACM because those awards are not distributed widely among our employees. We did not perform adjustments to the compensation paid to part-time employees to calculate what they would have been paid on a full-time basis. We annualized the base salary paid to those full-time employees who commenced work with us during 2017 and therefore did not work for us the entire calendar year.

Methodology and Pay Ratio. We had 836 full-time and 12 part-time employees at the measurement date who all reside within the United States and therefore we did not exclude anyone based on the 5% foreign exemption rule. Using the salary plus overtime compensation data, we reviewed data for employees within +/-5% of the median. We then reviewed the total compensation of each of these employees based on Summary Compensation Table disclosure rules Item 402(c)(2)(x) of Regulation S-K and determined the median employee. The median employee earned \$92,675 in 2017.

Our CEO's compensation as reported in the Summary Compensation Table was \$4,130,982 for the year ended December 31, 2017. Therefore, our CEO to median employee pay ratio is 45:1.

Our pay ratio is a reasonable estimate calculated based on rules and guidance provided by the Commission based on our payroll and employment records and the methodology described above. The Commission rules allow for varying methodologies for companies to identify their median employee; and other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios. Consequently, the pay ratios reported by other companies are unlikely to be relevant or meaningful for purposes of comparison to our pay ratio as reported here.

This information is being provided for compliance purposes. Neither the Compensation Committee nor management of the Company used the pay ratio measure in making compensation decisions.

TABLE OF CONTENTS**GAAP RECONCILIATIONS**

The Company uses certain non-GAAP financial measures to provide meaningful supplemental information regarding the Company's operational performance and to enhance investors' overall understanding of such financial performance. The non-GAAP measures used herein include net income, as adjusted, return on average assets, as adjusted, diluted earnings per share, as adjusted, return on average tangible common equity, return on average tangible common equity, as adjusted and tangible book value per share.

Management believes that the exclusion of such items from these financial measures provides useful information to an understanding of the operating results of our core business. However, these non-GAAP financial measures are supplemental and are not a substitute for an analysis based on GAAP measures. As other companies may use different calculations for these adjusted measures, this presentation may not be comparable to other similarly titled adjusted measures reported by other companies. A reconciliation of the non-GAAP measure to the GAAP measure are set forth below:

Assumptions used in the calculation of these amounts are discussed in Note 16 to our Consolidated Audited Financial Statements for the fiscal year ended December 31, 2017, included in our Annual

(1) Report on Form 10-K for the fiscal year ended December 31, 2017. Fair value is based on 100% of the closing price per share of our common stock on the date of grant. The number of awards granted in 2017 is reflected in the Grants of Plan-Based Awards in 2017 table, below. The grant date fair value of the RSUs granted in 2017, which may be earned at varying levels based on performance over the period 2017-2019, is shown in this table assuming that the maximum level of RSUs will be earned by performance.

The grant date fair value of options granted in 2015, as reflected in this column, were determined in accordance with FASB ASC Topic 718. Refer to Note 16 to the Consolidated Financial Statements in our Annual Report on (2) Form 10-K for the year ended December 31, 2015 for a discussion of the assumptions underlying the option award valuations. There were no stock options granted in 2016 or 2017.

Amounts in this column are payouts of our annual cash incentive awards. See Executive Compensation Discussion (3) & Analysis – Annual Cash Incentive Program. Awards earned in 2015 were paid in 2016, Awards earned in 2016 were paid in 2017 and Awards earned in 2017 were paid in 2018.

(4) Amounts in this column represent Company contributions under our Salary Continuation Plan. See Nonqualified Deferred Compensation, below.

(2) Amounts do not take into consideration any shares withheld by the Company to satisfy employee income taxes.

(3) Represents the value realized upon the vesting of restricted stock awards and restricted stock units, based on the market value of the awards on the vesting date.

Pension Benefits

We do not have any pension benefit plans.

Nonqualified Deferred Compensation

The Bank implemented our Salary Continuation Plan in 2006 (amended in 2013). The Salary Continuation Plan is an unfunded nonqualified supplemental retirement plan for Mr. Gardner and Mr. Wilcox. The Salary Continuation Plan, as amended, provides for the annual benefit of \$200,000 for the CEO and \$100,000 for Mr. Wilcox upon a normal retirement at or after age 62, payable for 15 years. Such benefit would be paid in 12 monthly installments commencing the month after normal retirement. The Salary Continuation Plan also provides for a reduced annual benefit (at December 31, 2017, this annual amount was \$156,362 for Mr. Gardner and \$18,801 for Mr. Wilcox, payable for 15 years), payable upon termination before normal retirement age (including an early retirement or termination due to disability), and provides for accelerated payment of a specified lump sum amount upon the NEO's termination due to death or a change in control, as that term is defined under Code Section 409A. See **Potential Payments Upon Termination or a Change in Control** below.

The amount expensed in 2017 under the Salary Continuation Plan amounted to an aggregate of \$721,000, of which \$273,000 was for Mr. Gardner, and \$51,000 was for Mr. Wilcox (the remainder of the aggregate expense was associated with former executives of financial institutions that have been acquired by the Company). The Salary Continuation Plan was accounted for in accordance with FASB ASC Topic 715 as of December 31, 2017.

TABLE OF CONTENTS**Employment Agreements, Salary Continuation Plans, Severance and Change-in-Control Payments**

We have entered into employment agreements with each of our NEOs. We believe employment agreements serve a number of functions in that they (i) promote retention of our NEOs, (ii) promote complete and consistent documentation and mutual understanding of employment terms, (iii) mitigate uncertainty about future employment and continuity of management in the event of a change in control, (iv) help meet legal requirements under tax laws and other regulations, (v) avoid frequent renegotiation of employment terms, and (vi) protect the Company, the Bank and the Bank's customers through confidentiality and non-solicitation covenants. The employment agreements with Mr. Gardner and Mr. Nicolas are with the Company and the Bank. The remainder of our NEO employment agreements are between the Bank and the NEO. Set forth below is a summary of the material terms of our NEO employment agreements.

Material Term Summary

<i>Term</i>	Mr. Gardner's employment agreement has a term of three (3) years. The employment agreements for each of our other NEOs has a term of one (1) year. On each annual anniversary date of an NEO employment agreement, the term automatically is extended for an additional one-year period by either or both of the Company's and the Bank's Boards of Directors, as the case may be, unless the NEO, on the one hand, or either or both of the Company or the Bank, as the case may be, on the other hand, gives written notice to the other party of its election not to extend the term of NEO's employment agreement, with such notice to be given not less than ninety (90) days prior to any such anniversary date. If such notice is given by either party, then the NEO's employment agreement will terminate at the conclusion of its remaining term.
<i>Base Salary</i>	Each NEO employment agreement establishes a minimum base salary, which may be increased from time to time in such amounts as may be determined by either or both of the Company's and the Bank's Boards of Directors, as the case may be. The minimum base salaries for Messrs. Gardner, Wilcox, Nicolas, Karr and Rice are \$600,000, \$325,000, \$300,000, \$275,000 and \$275,000, respectively.
<i>Discretionary Performance Bonus</i>	Each NEO is eligible for a discretionary performance bonus based on his individual performance and the overall performance of the Company and the Bank, with eligibility and the amount of any such bonus to be at the discretion of the Compensation Committee of the Board of Directors. Maximum discretionary performance bonuses are determined as a percentage of annual base salary. The maximum discretionary performance bonus percentages are 150% for Mr. Gardner, 90% for Mr. Wilcox, 75% for Mr. Nicolas, and 50% for each of Messrs. Karr and Rice.
<i>Other Benefits</i>	Mr. Gardner receives the use of an automobile paid for by the Company and the Bank. Each NEO also is entitled to participate in any pension, retirement or other benefit plan or program given to employees and executives of either or both of the Company and the Bank, as the case may be, to the extent commensurate with the NEO's then duties and responsibilities as fixed by the Boards of Directors of either or both of the Company and the Bank, as the case may be.
<i>Termination</i>	Pursuant to each NEO's employment agreement, either or both of the Company and the Bank have the right, at any time upon prior notice of termination, to terminate the NEO's employment for any reason, including, without limitation, termination for cause ^{d)} or disability, and each NEO has the right, upon prior notice of termination, to terminate his employment with either or both of the Company and the Bank, as the case may be, for any reason.

TABLE OF CONTENTS

Material Term	Summary
<i>Termination Following Change in Control; Termination for Good Reason</i>	<p>In the event that an NEO's employment is terminated (i) by either or both of the Company and the Bank, as the case may be, for other than cause, disability or the NEO's death, and such termination occurs within two (2) years following a change in control (as defined in the relevant employment agreement), or (ii) by the NEO due to a material breach of his employment agreement by either or both of the Company and the Bank, as the case may be, or for good reason, then the NEO will be entitled to receive a lump sum cash severance amount equal to the product of (x) the sum of his base salary plus his incentive bonus for the previous year as in effect immediately prior to the date of termination (y) multiplied by three (3) in the case of Mr. Gardner, two and ninety-nine hundredths (2.99) in the case of Mr. Wilcox, and two (2) in the case of each other NEO, and in each case less taxes and other required withholding.</p> <p>In addition, the NEO also will be entitled to receive for a period ending at the earlier of (i) the third anniversary of the date of termination with respect to Mr. Gardner, or the first anniversary of the date of termination with respect to each other NEO, or (ii) the date of his full-time employment by another employer, at no cost to him, the continued participation in all group insurance, life insurance, health and accident, disability and other employee benefit plans, programs and arrangements in which he was entitled to participate immediately prior to the date of termination, other than any stock option or other stock compensation plans or bonus plans of either or both of the Company and the Bank, as the case may be; provided, however, if an NEO's participation in any such plan, program or arrangement is barred, then either or both of the Company and the Bank, as the case may be, will arrange to provide him with benefits substantially similar to those he was entitled to receive under such plans, programs and arrangements.</p>
<i>Termination Not Following Change in Control</i>	<p>In the event that an NEO's employment is terminated by either or both of the Company and the Bank, as the case may be, for other than cause, disability or the NEO's death, and such termination does not occur in conjunction with a change in control or two (2) years after a change in control, then the NEO will be entitled to receive a lump sum cash severance amount equal to the sum of (x) his base salary as in effect immediately prior to the date of termination multiplied by (y) three (3), in the case of Mr. Gardner, and one (1) in the case of each other NEO, and in each case less taxes and other required withholding. In addition, the NEO will be entitled to receive the benefits described in the second paragraph under Termination Following a Change in Control; Termination for Good Reason immediately above.</p>
<i>Termination for Cause or Other Than for Disability or Good Reason</i>	<p>In the event that an NEO's employment is terminated by either or both of the Company and the Bank, as the case may be, for cause, or an NEO terminates his employment other than for disability or good reason, the NEO will have no right to compensation or other benefits for any period after the applicable date of termination other than for base salary accrued through the date of termination.</p>
<i>Termination as a Result of Death or Disability</i>	<p>In the event that an NEO's employment is terminated as a result of disability or death during the term of his employment agreement, the NEO, or his estate in the event of his death, will receive the lesser of (i) his existing base salary as in effect as of the date of termination or death, multiplied by one year or (ii) his base salary for the duration of the term of employment, less taxes and other required withholding.</p>

TABLE OF CONTENTS

Material Term	Summary
<i>Parachute Payments</i>	If the payments and benefits to an NEO upon termination would constitute a parachute payment under Section 280G of the Code, the payments and benefits payable by either or both of the Company and the Bank under an NEO's employment agreement will be reduced by the amount, if any, which is the minimum necessary to result in no portion of the payments and benefits payable by either or both of the Company and the Bank to the NEO being non-deductible to either or both of the Company and the Bank pursuant to Section 280G of the Code and subject to the excise tax imposed under Section 4999 of the Code.
<i>Confidentiality and Non-Solicitation</i>	Each NEO has agreed that, during the term of his employment and after termination of his employment, he will not disclose to any other person or entity, other than in the regular course of business of the Company and the Bank, any confidential and proprietary information (as defined in the his employment agreement), other than pursuant to applicable law, regulation or subpoena or with the prior written consent of the Company and the Bank. Each NEO has agreed that during the term of his employment and for two (2) years after the date of termination, he will not solicit for hire or encourage another person to solicit for hire a covered employee , as determined in accordance with his employment agreement.
(1) Cause	means personal dishonesty or incompetence, willful misconduct, breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of any law, rule or regulation (other than traffic violations or other misdemeanor offenses) or final cease-and-desist order or material breach of any provision of the NEO's employment agreement.
(2) Change of Control	means the occurrence of any of the following events: (i) the acquisition of control of the Company or the Bank (as defined in the rules and regulations of the applicable banking regulators on the date of the employment agreement); (ii) an event that would be required to be reported in response to Item 5.01(a) of the Current Report on Form 8-K pursuant to Sections 13 or 15(d) of the Exchange Act, or any successor thereto, whether or not any class of securities of the Company is registered under the Exchange Act; (iii) any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), after the date of the employment agreement, other than a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any affiliate of the Company, is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 25% or more of the combined voting power of the Company's then outstanding securities; (iv) the sale or other disposition of all or substantially all of the assets of the Company or the transfer by the Company of greater than 25% of the voting securities of the Company; or (v) during any period of three consecutive years, individuals who at the beginning of such period constitute the Board of Directors of the Company cease for any reason to constitute at least a majority thereof, unless the election, or the nomination for election by stockholders, of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period.
(3) Good Reason	means the NEO resigned within two years following a Change in Control based on (i) a material reduction by us of his functions, duties or responsibilities, (ii) a material reduction by us of his base salary, or (iii) our requirement that he be based at a location more than 50 miles from Irvine, California, without the NEO's express written consent.
<i>Salary Continuation Plans.</i>	Mr. Gardner and Mr. Wilcox participate in our salary continuation plan (the Salary Continuation Plan), which provides continued income for a 15-year period after retirement at or after age 62, in the amount of \$200,000 per year for Mr. Gardner and \$100,000 per year for Mr. Wilcox. A reduced benefit is payable for a pre-age 62 termination, including termination due to disability. However, in the event of a pre-age 62 termination within 12 months after a change in control (as defined under Code Section 409A) or upon death, Mr. Gardner would receive a lump-sum payment of \$1,982,130 and Mr. Wilcox would receive a lump-sum payment of \$989,413. No benefits are payable under the plan if the NEO is terminated for cause, as defined in the Salary Continuation Plan. Neither Mr. Gardner's nor Mr. Wilcox's employment agreements will have an impact on the benefits they are entitled

to receive pursuant to the Salary Continuation Plan.

Accelerated Vesting of Equity Awards. Restricted stock awards and unvested stock options granted prior to 2018 generally will vest in full in the event that the NEO's employment is terminated by us without cause or the NEO terminates for good reason (subject to achievement of the Adjusted NPA performance goal in the case of restricted stock), or if employment terminates due to the NEO's death or disability. In the event of a change in control, restricted stock and unvested stock options will vest in full if the NEO has been employed by us for at least six months at the time of the change in control. In the case of retirement at or after age 65, options that

TABLE OF CONTENTS

have been outstanding for at least two years vest in full. Restricted stock unit awards granted prior to 2018 will vest on an accelerated basis at the maximum level in the event that the NEO's employment terminates due to death or disability, or if, within two years after a change in control, the NEO's employment is terminated by us without cause or by the NEO for good reason.

Starting in 2018, restricted stock, restricted stock unit and incentive stock option awards will include a double-trigger rather than single-trigger accelerated vesting, meaning that the award vests in full if an employee is terminated for cause or resigns for good reason within 24 months of a change of control. Cause, good reason and change of control are each defined in the 2012 Long Term Incentive Plan.

Summary of Potential Termination Payments

The following table reflects the value of termination payments and benefits that each of Messrs. Gardner, Wilcox, Nicolas, Karr and Rice, who were the NEOs serving at December 31, 2017, would receive under their employment agreements and the enhanced termination payments and benefits that Mr. Gardner and Mr. Wilcox would receive under the Salary Continuation Plan, as applicable, if they had terminated employment on December 31, 2017 under the circumstances shown. The table does not include accrued salary and benefits, or certain amounts that the executive would be entitled to receive under plans or arrangements that do not discriminate in scope, terms or operation, in favor of our executive officers and that are generally available to all salaried employees. In addition, the amounts accrued at December 31, 2017 for the account of Mr. Gardner and Mr. Wilcox under the Salary Continuation Plan, as shown above under the heading Nonqualified Deferred Compensation and previously reflected as compensation in the current and past Summary Compensation Tables, represents a nonqualified deferred compensation balance, so the table below only shows the extent of any enhancement of that benefit in those termination cases in which an enhancement is provided.

Amounts in this column represents the incremental cost to the Company resulting from continuing participation by the individual, at no cost to him, in group insurance, life insurance, health and accident, disability and other employee benefit plans, programs and arrangements in which he was entitled to participate immediately prior to the date of termination (other than any stock option or other stock compensation plans or bonus plans of us), for a (1) period ending at the earlier of (i) the third anniversary of the date of termination in the case of Mr. Gardner and the first anniversary of the date of termination in the case of Messrs. Wilcox, Nicolas, Karr and Rice, and (ii) the date of his full-time employment by another employer, provided that in the event the individual's participation in any such plan, program or arrangement is barred, we must arrange to provide him with benefits substantially similar to those he was entitled to receive under such plans, programs and arrangements prior to the date of termination.

TABLE OF CONTENTS

The accrual balance under the Salary Continuation Plan, at December 31, 2017, is shown above under the heading Nonqualified Deferred Compensation. The enhanced benefit amount is the amount by which a lump-sum payout (2) exceeds the accrual balance; such a lump sum would be payable within a specified period following termination. In the case of a termination at December 31, 2017 for which a non-enhanced annual payments would be made over 15 years, the annual amount of such payments would be \$156,362 for Mr. Gardner and \$18,801 for Mr. Wilcox. Amounts in this column reflects the in-the-money value, at December 31, 2017, of unexercisable options that would become vested and exercisable upon the occurrence of the termination event stated in the left hand column. The dollar value of the vested stock options was determined by calculating the closing price of the Company's (3) common stock on December 31, 2017 less the option exercise price, and multiplying that by the number of shares for each award at the end of year 2017. Amounts in this column also reflect the value, based on the closing price of the Company's common stock on December 31, 2017, of the restricted stock or restricted stock units that would become vested upon the occurrence of the termination event stated in the left hand column.

Represents the estimated incremental cost to the Company resulting in the individual's participation, at no cost to him, in all group insurance, life insurance, health and accident, disability and other employee benefit plans, programs and arrangements in which he was entitled to participate immediately prior to the date of termination (other than any stock option or other stock compensation plans or bonus plans of us), for a period ending at the (4) third anniversary of the date of termination with respect to Mr. Gardner and the first anniversary of the date of termination with respect to Messrs. Wilcox, Nicolas, Karr and Rice (this period would end earlier if the individual commenced full-time employment by another employer). If the individual's continued participation in any of our applicable plans, programs or arrangements is barred, we must arrange to provide him with benefits substantially similar to those he was entitled to receive under such plans, programs and arrangements prior to the date of termination.

The enhanced amount payable under the Salary Continuation Plan would be payable for any type of termination (5) within 12 months after a change in control, but not for a termination in the second 12 months after a change in control. This amount together with the accrued benefit under the Salary Continuation Plan would be payable in a lump sum within a specified period following termination.

Payments for events relating to a change in control have been calculated assuming no reduction to cause such (6) payments not to be subject to federal excise taxes under the golden parachute provisions under Sections 280G and 4999 of the Code. If aggregate payments would be subject to such golden parachute excise taxes, the payments will be reduced or delayed to the extent necessary so that the payments will not be subject to such excise taxes.

Related Transactions and Other Matters

Transactions with Certain Related Persons

Our Board has adopted a written policy governing the approval of related-party transactions (the RPT Policy). A related party transaction means any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness), or any series of similar transactions, arrangements or relationships, in which (i) the Company or any of its subsidiaries is or will be a participant, (ii) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year, and (iii) any related party has or will have a direct or indirect material interest. Under the RPT Policy, the term related party includes an executive officer, director, nominee for director, any shareholder owning more than 5% of any class of the Company's voting securities, or an immediate family member of the foregoing.

In summary, the RPT Policy provides that unless a transaction is deemed to be pre-approved, each transaction involving a related party that involves amounts greater than \$120,000 per year must be approved by disinterested members of the Governance Committee, which is comprised solely of independent directors. The list of transactions that are deemed pre-approved under the RPT Policy include, without limitation, indemnification payments, compensation paid to directors and executive officers for their services as directors and executive officers, and routine banking-related services such as a related party using the Bank's services as a depository of funds.

The Bank provides deposit and other services to home owners' associations (HOAs) and HOA management companies nationwide. The Bank's HOA Banking Unit focuses exclusively on generating business banking relationships and servicing the specialized banking needs of HOA management companies and their respective clients. The Bank is a party to a Depository Services Agreement, as amended, with an entity for which Associa is the majority owner (Depository Services Agreement). Mr. Corona, who is a director of the Company and the Bank, is the sole shareholder, President and Chief Executive Officer of Associa. The Depository Services Agreement governs the services provided by the Bank to HOA management companies indirectly controlled by Associa and those services provided by the HOA management companies to the Bank. Pursuant to the Depository Services Agreement, the Bank paid the entity controlled by Associa approximately \$2.1 million in 2017, which is attributable to Mr. Carona as a result of his ownership interest in Associa during 2017. The Company expects that such payments will exceed \$120,000 in 2018.

Although the Bank receives deposits from HOA management companies not affiliated with Associa, the Company's and the Bank's relationship with Associa and its management companies is an important component of our successful HOA Banking Unit. Associa is the largest privately held HOA management company in the

U.S. and operates a holding company that owns numerous subsidiary management companies. The Associa HOA management companies that maintain deposit relationships with the Bank represent thousands of HOAs and thousands of HOA accounts. The Bank's relationship with the Associa HOA management companies offers the Bank the ability to take advantage of important efficiencies, cost savings and lower fees created by the role of the Associa management companies in the banking relationships the Bank maintains with the HOAs. Mr. Carona's expertise in the HOA management company banking business has and continues to be extremely helpful to the Board and our management team as we continue to grow our HOA Banking Unit.

In connection with its acquisition of HEOP, Pacific Premier assumed by operation of law certain HEOP obligations to make severance and salary continuation payments to Simone Lagomarsino, who previously served as HEOP's President and Chief Executive Officer and who now serves as a director of the Company and the Bank, pursuant to certain employment-related agreements between Ms. Lagomarsino and HEOP. The amounts payable to Ms. Lagomarsino, which arise out of Ms. Lagomarsino's employment relationship with HEOP and not for services rendered to Pacific Premier, are described in the joint proxy statement/prospectus filed by Pacific Premier with the SEC on February 24, 2017 and will not exceed \$120,000 on an annual basis after fiscal year 2019.

Indebtedness of Management

Certain of our officers and directors, as well as their immediate family members and affiliates, are customers of, or have had transactions with us in the ordinary course of business. These transactions include deposits, loans and other financial services related transactions. Related party transactions are made in the ordinary course of business, on substantially the same terms, including interest rates and collateral (where applicable), as those prevailing at the time for comparable transactions with persons not related to us, and do not involve more than normal risk of collectability or present other features unfavorable to us. As of the date of this filing, no related party loans were categorized as nonaccrual, past due, restructured or potential problem loans.

ITEM 2. TO AMEND ARTICLE FOURTH OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE THE COMPANY'S AUTHORIZED SHARES OF COMMON STOCK FROM 100,000,000 TO 150,000,000.

We are asking you to adopt and approve an amendment to our Certificate of Incorporation to increase our authorized shares of common stock from 100,000,000 shares to 150,000,000. Our Board has unanimously approved, and recommends that all stockholders approve, the proposed amendment to Section A, Article FOURTH of the Certificate of Incorporation to increase our authorized shares of common stock. The discussion regarding this proposal is qualified in its entirety by reference to the complete text of the proposed amendment to Section A, Article FOURTH of the Certificate of Incorporation, which is attached to this Proxy Statement as Appendix A and incorporated into this Proxy Statement by reference. We urge you to read carefully this proposed amendment to Section A, Article FOURTH that is set forth in Appendix A in its entirety because this summary may not contain all the information about this amendment that is important to you.

Background of Proposal

The Company's Certificate of Incorporation authorizes the issuance of 101,000,000 shares of capital stock, of which 1,000,000 shares are designated as preferred stock, par value \$0.01 per share, and 100,000,000 shares are designated as common stock, par value \$0.01 per share. The Company's Board of Directors has unanimously adopted and approved an amendment to the Company's Certificate of Incorporation to increase the number of authorized shares of Company common stock to 150,000,000 shares, subject to stockholder approval.

As of the Record Date, a total of 66,859,792 shares of common stock were issued and outstanding, reserved for issuance and estimated to be what we will issue in our pending acquisition of Grandpoint, as described below:

46,504,586 shares issued and outstanding;

4,597,117 shares reserved for issuance pursuant to our equity incentive plans; and

Approximately 15,758,089 shares in the aggregate are currently estimated to be what we will issue in our pending acquisition of Grandpoint.

As a result and based on the foregoing, as of the Record Date, approximately 33,140,208 shares of common stock were available for issuance. The Company has an additional one million (1,000,000) authorized shares of preferred stock, none of which has been issued to date.

Purpose of the Proposed Share Amendment

The Board has proposed this increase in authorized shares of common stock to ensure that we have sufficient shares of common stock available for general corporate purposes including, without limitation, to raise capital to the extent deemed appropriate, to have sufficient shares of common stock available to the extent that we want to offer our common stock in full or partial consideration for acquisition opportunities that we may pursue from time to time, and to provide equity incentives to employees. As of the date of this Proxy Statement, except as described above, we have no understandings, agreements or commitments to issue common stock or to reserve additional shares of our common stock for issuance under equity compensation plans.

Having additional shares of our common stock available for issuance in the future will give the Company greater flexibility and will allow the shares to be issued from time to time as determined by the Company's Board and, unless otherwise required by NASDAQ listing rules or other applicable rules and regulations, without the expense and delay of a special stockholders' meeting to approve the additional authorized capital stock. This will enhance our ability to respond promptly to opportunities for acquisitions, mergers, stock splits and additional financings. If we were to have

to call a special stockholders meeting, the delay that would be involved could result in our inability to consummate a desired transaction under a required deadline. By having additional common shares authorized, we can be prepared to act quickly as opportunities arise.

Rights of Additional Authorized Shares

Any authorized shares of Company common stock, if and when issued, would be part of our existing class of common stock and would have the same rights and privileges as the shares of common stock currently outstanding. The holders of Company common stock have no preemptive rights to subscribe for or purchase any additional shares of Company common stock that may be issued in the future.

TABLE OF CONTENTS

Effect of the Proposed Share Amendment

The increase in the Company's authorized common stock will not have any immediate effect on the rights of existing stockholders. However, the Company's Board of Directors will have the authority to issue common stock without requiring future stockholder approval of such issuances, except as may be required by the Company's Certificate of Incorporation, NASDAQ listing rules or other applicable rules and regulations. To the extent that the additional authorized shares are issued in the future, they could decrease the Company's existing stockholders' percentage equity ownership and, depending upon the price at which they are issued as compared to the price paid by existing stockholders for their shares, could be dilutive to the Company's existing stockholders.

The increase in the authorized number of shares of Company common stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by the stockholders. Shares of authorized and unissued common stock could (within the limits imposed by applicable law) be issued in one or more transactions that would make a change in control of the Company more difficult, and therefore less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of the Company's outstanding shares of common stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company. The Company's Board of Directors is not aware of any attempt to take control of the Company and has not presented this proposal with the intention that the increase in our authorized shares of common stock be used as a type of anti-takeover device.

Text of the Amendment

The proposed amendment to our Certificate of Incorporation, which is set forth in Appendix A to this Proxy Statement, shows the proposed elimination of Section A, Article FOURTH of our Certificate of Incorporation, with deletions indicated by strike-outs. Certain conforming changes, such as moving and modifying defined terms and updating cross-references, will also be necessary in connection with the foregoing amendment and such conforming changes will be reflected in our Second Amended and Restated Certificate of Incorporation, a copy of which is set forth in Appendix E and reflects changes that will be made to our Certificate of Incorporation, assuming Items 2 through 6 of this Proxy Statement are approved by our stockholders at the Annual Meeting, with deletions indicated by strike-outs and additions indicated by underlining. If this proposal is approved by our stockholders, we will amend and restate our Certificate of Incorporation to reflect the revisions contemplated by this proposal as set forth in Appendix A and the resulting Second Amended and Restated Certificate of Incorporation will become effective upon its filing with the Secretary of State of the State of Delaware, which is anticipated to occur promptly after the Annual Meeting.

Vote Required

The affirmative vote of holders of at least the majority of the outstanding shares of our common stock is needed to approve this proposal. Therefore, the failure to vote, either by proxy or in person, will have the same effect as a vote against the approval of the proposal. Abstentions also will have the same effect as a vote against the approval of the proposal. This proposal to amend Section A, Article FOURTH of our Certificate of Incorporation is considered a non-routine item upon which brokerage firms may not vote in their discretion on behalf of their clients if such clients have not furnished voting instructions. Therefore, broker non-votes will have the same effect as a vote against the approval of the proposal. Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted **FOR** this proposal.

Recommendation of the Board of Directors

The Board OF DIRECTORS UNANIMOUSLY recommends THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE proposed amendment to ARTICLE FOURTH OF our Certificate of Incorporation to INCREASE OUR AUTHORIZED SHARES OF COMMON STOCK FROM 100,000,000 TO 150,000,000.

ITEM 3. TO AMEND ARTICLE FIFTH OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO REMOVE THE PROHIBITION AGAINST STOCKHOLDER ACTION BY WRITTEN CONSENT.

We are asking you to adopt and approve an amendment to our Certificate of Incorporation to remove the prohibition against stockholders taking action by written consent without holding a meeting. Our Board has unanimously approved, and recommends that all stockholders approve, the proposed amendment to Section C, Article FIFTH of the Certificate of Incorporation to remove this prohibition. The discussion regarding this proposal is qualified in its entirety by reference to the complete text of the proposed amendment to Section C, Article FIFTH of the Certificate of Incorporation, which is attached to this Proxy Statement as Appendix B and incorporated into this Proxy Statement by reference. We urge you to read carefully this proposed amendment to Section C, Article FIFTH that is set forth in Appendix B in its entirety because this summary may not contain all the information about this amendment that is important to you.

Background of Proposal

As part of the Board's review of our corporate governance policies, the Governance Committee and the Board as a whole considered the advantages and disadvantages of prohibitions against stockholder action by written consent similar to that currently found in Section C, Article FIFTH of our Certificate of Incorporation. This type of prohibition generally is intended to facilitate corporate stability by requiring stockholder action occur at a duly called and convened stockholder meeting. Voting limitations, such as those in Section C, Article FIFTH of our Certificate of Incorporation prohibiting stockholder action by written consent, may also have the effect of providing anti-takeover protection to the Company. However, many investors and others view prohibitions against stockholder action by written consent as conflicting with principles of good corporate governance by preventing stockholders from fully exercising their voting rights as stockholders due to the need to convene at an annual or special meeting to effect change. Section 228 of the Delaware General Corporation Law (the "DGCL") allows stockholders to act by written consent unless otherwise provided in the corporation's certificate of incorporation. If the proposal is approved, amendments to our Bylaws previously approved by our Board allowing stockholder action by written consent will become effective.

After considering the advantages and disadvantages of the prohibition on stockholder action by written consent set forth in Section C, Article FIFTH of our Certificate of Incorporation, the Board has unanimously voted to propose to the stockholders that Section C, Article FIFTH be amended to remove the prohibition, and instead allow stockholders to take actions as provided by law and our Bylaws. A copy of our amended and restated Bylaws, reflecting changes that will become effective if each of Items 3, 4 and 5 of this Proxy Statement are approved by our stockholders, is attached at Appendix F to this Proxy Statement. In reaching this determination to propose this amendment to our Certificate of Incorporation, the Board concluded that the benefits of prohibiting stockholder action by written consent were outweighed by the Board's belief that removing the prohibition is a meaningful step towards achieving our goal of ensuring that our corporate governance policies conform to current best practices and maximizing the ability of our stockholders to appropriately participate in the affairs of the Company.

Text of the Amendment

The proposed amendment to our Certificate of Incorporation, which is set forth in Appendix B to this Proxy Statement, shows the proposed revisions to Section C, Article FIFTH of our Certificate of Incorporation, with deletions indicated by strike-outs and additions indicated by underlined text. Certain conforming changes, such as moving and modifying defined terms and updating cross-references, will also be necessary in connection with the foregoing amendment and such conforming changes will be reflected in our Second Amended and Restated Certificate of Incorporation, a copy of which is set forth in Appendix E and reflects changes that will be made to our Certificate

of Incorporation, assuming Items 2 through 6 of this Proxy Statement are approved by our stockholders at the Annual Meeting, with deletions indicated by strike-outs and additions indicated by underlining. If this proposal is approved by our stockholders, we will amend and restate our Certificate of Incorporation to reflect the revisions contemplated by this proposal as set forth in Appendix B and the resulting Second Amended and Restated Certificate of Incorporation will become effective upon its filing with the Secretary of State of the State of Delaware, which is anticipated to occur promptly after the Annual Meeting.

Vote Required

The affirmative vote of holders of at least 66^{2/3}% of the outstanding shares of our common stock is needed to approve this proposal. Therefore, the failure to vote, either by proxy or in person, will have the same effect as a vote against the approval of the proposal. Abstentions also will have the same effect as a vote against the approval of the proposal. This proposal to amend Section C, Article FIFTH of our Certificate of Incorporation is considered a non-routine item upon which brokerage firms may not vote in their discretion on behalf of their clients if such clients have not furnished voting instructions. Therefore, broker non-votes will have the same effect as a vote against this proposal. Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted **FOR** this proposal.

Recommendation of the Board of Directors

For the reasons described above, our Board of Directors believes that this proposal to amend our Certificate of Incorporation by amending Section C, Article FIFTH is advisable and in the best interests of the Company and its stockholders.

The Board OF DIRECTORS UNANIMOUSLY recommends THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE proposed amendment to ARTICLE FIFTH OF our Certificate of Incorporation to REMOVE THE PROHIBITION AGAINST STOCKHOLDER ACTION BY WRITTEN CONSENT.

ITEM 4. TO AMEND ARTICLE FIFTH OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO REMOVE THE LIMITATION THAT ONLY THE BOARD OF DIRECTORS MAY CALL SPECIAL MEETINGS OF STOCKHOLDERS

We are asking you to adopt and approve an amendment to our Certificate of Incorporation to remove the limitation that only our Board of Directors may call a special meeting of stockholders. Our Board has unanimously approved, and recommends that our stockholders approve, the proposed amendment to eliminate Section D, Article FIFTH of the Certificate of Incorporation, which contains this limitation. The discussion regarding this proposal is qualified in its entirety by reference to the complete text of the proposed amendment to Section D, Article FIFTH of the Certificate of Incorporation, which is attached to this Proxy Statement as Appendix B and incorporated into this Proxy Statement by reference. We urge you to read carefully this proposed amendment to Section D, Article FIFTH that is set forth in Appendix B in its entirety because this summary may not contain all the information about this amendment that is important to you.

Background of Proposal

As part of the Board's review of our corporate governance policies, the Governance Committee and the Board as a whole considered the advantages and disadvantages of limitations on who may call special meetings of stockholders, similar to that limitation currently found in Section D, Article FIFTH of our Certificate of Incorporation. This type of limitation generally is intended to facilitate corporate stability by curtailing the number of potential situations in which a special meeting of stockholders would occur. However, many investors and others have begun to view this type of limitation as conflicting with principles of good corporate governance by preventing stockholders holding a meaningful amount of our issued and outstanding shares of common stock from fully engaging their rights as stockholders. Special meeting limitations, such as those in Section D, Article FIFTH of our Certificate of Incorporation, may also have the effect of providing anti-takeover protection to the Company.

Section 211(d) of the DGCL provides that special meetings of stockholders may be called by the board of directors or by such person or persons as may be authorized by the certificate of incorporation or bylaws. After considering the advantages and disadvantages of the limitation set forth in Section D, Article FIFTH of our Certificate of Incorporation, the Board has unanimously voted to propose to the stockholders that Section D, Article FIFTH be eliminated in its entirety. The Board also has approved amendments to our Bylaws, which will become effective if our stockholders approve this proposal, to allow stockholders holding at least 10% of our issued and outstanding shares of common stock to call a special meeting without the need for Board approval, subject to applicable law and the requirements set forth in our Bylaws. A copy of our amended and restated Bylaws, reflecting changes that will become effective if each of Items 3, 4 and 5 of this Proxy Statement are approved by our stockholders, is attached at Appendix F to this Proxy Statement. In reaching this determination, the Board concluded that the benefits of the limitation were outweighed by the Board's belief that removing the limitation will be a meaningful step towards achieving our goal of ensuring that our corporate governance policies conform to current best practices and maximizing the ability of our stockholders to appropriately participate in the affairs of the Company.

Text of the Amendment

The proposed amendment to our Certificate of Incorporation, which is set forth in Appendix A to this Proxy Statement, shows the proposed elimination of Section D, Article FIFTH of our Certificate of Incorporation, with deletions indicated by strike-outs. Certain conforming changes, such as moving and modifying defined terms and updating cross-references, will also be necessary in connection with the foregoing amendment and such conforming changes will be reflected in our Second Amended and Restated Certificate of Incorporation, a copy of which is set forth in Appendix E and reflects changes that will be made to our Certificate of Incorporation assuming Items 2

through 6 of this Proxy Statement are approved by our stockholders at the Annual Meeting, with deletions indicated by strike-outs and additions indicated by underlining. If this proposal is approved by our stockholders, we will amend and restate our Certificate of Incorporation to reflect the revisions contemplated by this proposal as set forth in Appendix B and the resulting Second Amended and Restated Certificate of Incorporation will become effective upon its filing with the Secretary of State of the State of Delaware, which is anticipated to occur promptly after the Annual Meeting.

The affirmative vote of holders of at least 66^{2/3}% of the outstanding shares of common stock as of the Record Date is needed to approve this proposal. Abstentions also will have the same effect as a vote against the approval of the proposal. Recommendation of the Board of Directors

For the reasons described above, our Board of Directors believes that this proposal to amend our Certificate of Incorporation by removing Section D, Article FIFTH is advisable and in the best interests of the Company and its stockholders.

The Board OF DIRECTORS UNANIMOUSLY recommends THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE proposed amendment to ARTICLE FIFTH OF our Certificate of Incorporation to REMOVE THE limitation THAT ONLY THE BOARD OF DIRECTORS MAY CALL A SPECIAL MEETING OF STOCKHOLDERS.

ITEM 5. TO AMEND ARTICLE SEVENTH OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO PERMIT THE ADOPTION, AMENDMENT OR REPEAL OF OUR BYLAWS BY THE AFFIRMATIVE VOTE OF HOLDERS OF AT LEAST A MAJORITY OF THE VOTING POWER OF ALL OF OUR OUTSTANDING SHARES OF CAPITAL STOCK ENTITLED TO VOTE

We are asking you to adopt and approve amendments to our Certificate of Incorporation to reduce the stockholder voting thresholds for adopting, amending or repealing our Bylaws. Our Certificate of Incorporation requires the approval of at least 66^{2/3}% of the voting capital stock then-outstanding (the Supermajority Vote Requirement) to adopt, amend, or repeal our Bylaws. Our Board has unanimously approved, and recommends that all stockholders approve, an amendment to Article SEVENTH of our Certificate of Incorporation to allow our stockholders to adopt, amend, or repeal our Bylaws upon the affirmative vote of holders of at least a majority of the voting power of all of our outstanding shares of capital stock entitled to vote. The discussion regarding this proposal is qualified in its entirety by reference to the complete text of the proposed amendment to Article SEVENTH of our Certificate of Incorporation, which is attached respectively to this Proxy Statement at [Appendix C](#) and incorporated into this Proxy Statement by reference. We urge you to read carefully the proposed amendment to Article SEVENTH of our Certificate of Incorporation that is set forth in [Appendix C](#) in its entirety because this summary may not contain all the information about this amendment that is important to you.

Background of Proposal

As part of the Board's review of our corporate governance policies, the Governance Committee and the Board as a whole considered the advantages and disadvantages of various Supermajority Voting Requirements in our Certificate of Incorporation. Supermajority voting provisions are intended to facilitate corporate governance stability by requiring broad stockholder consensus to effect changes. In addition, supermajority vote provisions are intended to provide protection against self-interested action by large stockholders and to encourage a person seeking control of a company to negotiate with its board of directors to reach terms that are fair and provide the best results for all stockholders. However, many investors and others view supermajority voting provisions as conflicting with principles of good corporate governance because the provisions impede accountability to stockholders and can contribute to Board and management entrenchment. These investors assert that supermajority voting provisions cause boards and management to be less responsive to stockholders. Since Bylaws often set forth rights and privileges of stockholders, some view Supermajority Voting Requirements on the ability to amend Bylaw provisions as a limitation on stockholder rights.

The Board also has approved amendments to our Bylaws, which will become effective if our stockholders approve this proposal, to permit the adoption, amendment or repeal of our Bylaws by the affirmative vote of holders of at least a majority of the voting power of all of our outstanding shares of capital stock entitled to vote. A copy of our amended and restated Bylaws, reflecting changes that will become effective if each of Items 3, 4 and 5 of this Proxy Statement are approved by our stockholders, is attached at [Appendix F](#) to this Proxy Statement. After considering the advantages and disadvantages of supermajority voting provisions, the Board has determined that it is in the best interests of the Company's stockholders that the Supermajority Vote Requirement in Article SEVENTH of our Certificate of Incorporation be revised so as to reduce the threshold required for stockholders to approve the adoption of, amendments to or repealing of, the Bylaws.

Description of Proposed Amendments to Our Certificate of Incorporation.

Article SEVENTH of our Certificate of Incorporation currently provides that our Bylaws may be adopted, amended or repealed by stockholders only upon the affirmative vote of the holders of at least 66^{2/3}% of the voting stock then outstanding. If this proposal is approved by stockholders, the Supermajority Vote Requirement for stockholders to

adopt, amend or repeal the Company's Bylaws will be eliminated and replaced with the requirement that holders of at least a majority of the voting power of all of our outstanding shares of capital stock approve any such adoption, amendment or repeal. This discussion is qualified in its entirety by reference to the complete text of the proposed amendment to our Certificate of Incorporation, which is attached to this Proxy Statement at Appendix C.

Text of the Amendment

The proposed amendments to our Certificate of Incorporation described above are reflected in Appendix C to this Proxy Statement, which show such proposed amendments to our Certificate of Incorporation, with

deletions indicated by strike-outs and additions indicated by underlining. Certain conforming changes, such as moving and modifying defined terms and updating cross-references, will also be necessary in connection with the foregoing amendment and such conforming changes will be reflected in our Second Amended and Restated Certificate of Incorporation, a copy of which is set forth in Appendix E and reflects changes that will be made to our Certificate of Incorporation, assuming Items 2 through 6 of this Proxy Statement are approved by our stockholders at the Annual Meeting, with deletions indicated by strike-outs and additions indicated by underlining. If this proposal is approved by our stockholders, we will amend and restate our Certificate of Incorporation to reflect the revisions contemplated by this proposal as set forth in Appendix C and the resulting Second Amended and Restated Certificate of Incorporation will become effective upon its filing with the Secretary of State of the State of Delaware, which is anticipated to occur promptly after the Annual Meeting.

Vote Required

The affirmative vote of holders of at least 66^{2/3}% of our voting stock then outstanding is needed to approve this proposal. Therefore, the failure to vote, either by proxy or in person, will have the same effect as a vote against the approval of the proposal. Abstentions also will have the same effect as a vote against the approval of the proposal. This proposal to amend our Certificate of Incorporation to modify the supermajority voting requirements is considered a non-routine item upon which brokerage firms may not vote in their discretion on behalf of their clients if such clients have not furnished voting instructions. Therefore, broker non-votes will have the same effect as a vote against this proposal. Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted **FOR** this proposal.

Recommendation of the Board of Directors

For the reasons described above, our Board of Directors believes that this proposal to amend our Certificate of Incorporation to modify the Supermajority Voting Requirements as described in this proposal is advisable and in the best interests of the Company and its stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE PROPOSED AMENDMENT TO ARTICLE SEVENTH OF OUR CERTIFICATE OF INCORPORATION TO PERMIT THE ADOPTION, AMENDMENT OR REPEAL OF OUR BYLAWS BY THE AFFIRMATIVE VOTE OF HOLDERS OF AT LEAST A MAJORITY OF THE VOTING POWER OF ALL OF OUR OUTSTANDING SHARES OF CAPITAL STOCK ENTITLED TO VOTE.

ITEM 6. TO AMEND ARTICLE ELEVENTH OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO ELIMINATE THE REQUIREMENT THAT A SUPERMAJORITY VOTE OF HOLDERS OF OUR SHARES OF CAPITAL STOCK ENTITLED TO VOTE BE REQUIRED TO AMEND OR REPEAL CERTAIN PROVISIONS OF OUR CERTIFICATE OF INCORPORATION.

We are asking you to adopt and approve amendments to our Certificate of Incorporation to eliminate the Supermajority Vote Requirement for certain amendments to our Certificate of Incorporation. Our Certificate of Incorporation contains a Supermajority Vote Requirement to adopt, amend, or repeal specified provisions of our Certificate of Incorporation. Our Board has unanimously approved, and recommends that all stockholders approve an amendment related to Article ELEVENTH of our Certificate of Incorporation to remove this Supermajority Vote Requirement. The discussion regarding this proposal is qualified in its entirety by reference to the complete text of the proposed amendment to Article ELEVENTH of our Certificate of Incorporation, which is attached to this Proxy Statement at [Appendix D](#) and incorporated into this Proxy Statement by reference. We urge you to read carefully the proposed amendment to Article ELEVENTH of our Certificate of Incorporation that is set forth in [Appendix D](#) in its entirety because this summary may not contain all the information about this amendment that is important to you.

Background of Proposal

As part of the Board's review of our corporate governance policies, the Governance Committee and the Board as a whole considered the advantages and disadvantages of the various Supermajority Voting Requirements contained in our Certificate of Incorporation. Supermajority voting provisions are intended to facilitate corporate governance stability by requiring broad stockholder consensus to effect changes. In addition, supermajority vote requirements are intended to provide protection against self-interested action by large stockholders and to encourage a person seeking control of a company to negotiate with its board of directors to reach terms that are fair and provide the best results for all stockholders. However, many investors and others view supermajority voting provisions as conflicting with principles of good corporate governance because the provisions impede accountability to stockholders and contribute to Board and management entrenchment. These investors assert that supermajority voting provisions cause boards and management to be less responsive to stockholders. Since certificates of incorporation often set forth rights and privileges of stockholders, some view Supermajority Voting Requirements on the ability to amend a Certificate of Incorporation as a limitation on stockholder rights. After considering the advantages and disadvantages of supermajority voting provisions, the Board has determined that it is in the best interests of the Company's stockholders that the Supermajority Vote Requirement in Article ELEVENTH be eliminated.

Description of Proposed Amendments to Our Certificate of Incorporation.

Section 216 of the DGCL provides that, subject to a Delaware corporation's certificate of incorporation and bylaws, in all matters other than the election of directors, the affirmative vote of holders of the majority of shares present in person or represented by proxy at a stockholder meeting and entitled to vote shall be the act of stockholders. Article ELEVENTH sets forth the Supermajority Voting Requirement with respect to any proposed amendment or repeal of Sections C or D of Article FIFTH (limitations on stockholder action by written consent and stockholder ability to call a special meeting), Article SIXTH (requirements with respect to director appointments, nominations and removal), Article SEVENTH (voting requirements to adopt, amend or repeal Bylaws), Article NINTH (indemnification and advancement of expense) or Article ELEVENTH (voting requirements to amend or repeal provisions of our Certificate of Incorporation). If this proposal is approved by stockholders, the vote required for *any* amendment, alteration or repeal of any section of the Certificate of Incorporation—if any such vote is required—will be, and in the case of the above-described sections will be reduced from 66^{2/3}% of the Company's voting stock outstanding to, a simple majority of the Company's voting stock then outstanding. Further, whether a vote is required to amend, alter or repeal

of a provision of our Certificate of Incorporation will be solely determined by the laws of the State of Delaware. This discussion is qualified in its entirety by reference to the complete text of the proposed amendment to our Certificate of Incorporation, which is attached to this Proxy Statement at Appendix D. Further, any necessary conforming changes to the Bylaws to comport with the amendment, should it pass, shall be made and become effective at that time.

Text of the Amendment

The proposed amendments to our Certificate of Incorporation described above are reflected in Appendix D to this Proxy Statement, which show such proposed amendments to our Certificate of Incorporation, with deletions indicated by strike-outs and additions indicated by underlining. Certain conforming changes, such as moving and modifying defined terms and updating cross-references, will also be necessary in connection with the foregoing amendment and such conforming changes will be reflected in our Second Amended and Restated Certificate of Incorporation, a copy of which is set forth in Appendix E and reflects changes that will be made to our Certificate of Incorporation, assuming Items 2 through 6 of this Proxy Statement are approved by our stockholders at the Annual Meeting, with deletions indicated by strike-outs and additions indicated by underlining. If this proposal is approved by our stockholders, we will amend and restate our Certificate of Incorporation to reflect the revisions contemplated by this proposal as set forth in Appendix D and the resulting Second Amended and Restated Certificate of Incorporation will become effective upon its filing with the Secretary of State of the State of Delaware, which is anticipated to occur promptly after the Annual Meeting.

Vote Required

The affirmative vote of holders of at least 66^{2/3}% of our voting stock then outstanding is needed to approve this proposal. Therefore, the failure to vote, either by proxy or in person, will have the same effect as a vote against the approval of the proposal. Abstentions also will have the same effect as a vote against the approval of the proposal. This proposal to amend our Certificate of Incorporation to modify the supermajority voting requirements is considered a non-routine item upon which brokerage firms may not vote in their discretion on behalf of their clients if such clients have not furnished voting instructions. Therefore, broker non-votes will have the same effect as a vote against this proposal. Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted **FOR** this proposal.

Recommendation of the Board of Directors

For the reasons described above, our Board of Directors believes that this proposal to amend our Certificate of Incorporation to modify the Supermajority Voting Requirements as described in this proposal is advisable and in the best interests of the Company and its stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE PROPOSED AMENDMENTS TO ARTICLE ELEVENTH OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO ELIMINATE THE REQUIREMENT THAT A SUPERMAJORITY VOTE OF HOLDERS OF OUR SHARES OF CAPITAL STOCK ENTITLED TO VOTE BE REQUIRED TO AMEND OR REPEAL CERTAIN PROVISIONS OF OUR CERTIFICATE OF INCORPORATION.

ITEM 7. TO APPROVE, ON A NON-BINDING ADVISORY BASIS, THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act requires under Section 14A of the Exchange Act that companies provide their stockholders with the opportunity to cast an advisory vote to approve executive officer compensation, commonly referred to as a Say-on-Pay vote, at least once every three years. In a vote held at the 2012 Annual Meeting of Stockholders, our stockholders voted in favor of holding Say-on-Pay votes annually. The frequency of Say-on-Pay votes following this Say-on-Pay vote is the subject of Item 7.

The Board believes that the Company's compensation policies and procedures are appropriately aligned with the long-term interest of its stockholders. The Board also believes that both the Company and stockholders benefit from responsive corporate governance policies and constructive and consistent dialogue.

This Say-on-Pay proposal, gives you as a stockholder the opportunity to endorse or not endorse our executive pay program through the following resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby Approved.

As described in detail in the Compensation Discussion and Analysis, we intend for our compensation program to align the interests of our executive officers with those of the stockholders by rewarding performance for implementing the Company's various strategies, with the ultimate goal of improving long-term stockholder value. We evaluate both performance and compensation to ensure that we maintain our ability to attract and retain employees in key positions, and to ensure that compensation provided to key employees keeps these employees focused on franchise value creation. Our compensation program includes:

- base salary;
- annual cash incentive awards;
- long-term equity incentive awards;
- retirement plans and other benefits; and
- other executive benefits, such as perquisites and severance benefits.

Vote Required

Your vote on this proposal is an advisory vote, which means that the Company and the Board are not required to take any action based on the outcome of the vote. However, the Compensation Committee will consider the vote of our stockholders on this proposal when determining the nature and scope of future executive compensation programs.

The affirmative vote of holders of the majority of the shares for which votes are cast at the Annual Meeting is needed to approve this proposal on a non-binding advisory basis. Abstentions and broker non-votes will not be counted as votes cast and, therefore, will not affect this proposal. Further, the failure to vote, either by proxy or in person, will not have an effect on this proposal. Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted **FOR** this proposal.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

TABLE OF CONTENTS

ITEM 8. To approve, on a non-binding advisory basis, the frequency OF FUTURE advisory voteS on the Named Executive Officer compensation

In addition to the Say-on-Pay advisory voting requirements discussed with regard to Item 7, above, the Dodd-Frank Act also requires under Section 14A of the Exchange Act that companies provide their stockholders with the opportunity to cast an advisory vote at least once every six years, on the frequency with which the Say-on-Pay vote should be held: once every year, every two, or every three.

This Item 8 provides stockholders with the opportunity to cast an advisory vote on how often we should include a say-on-pay vote in our proxy materials for future annual stockholder meetings (or a special stockholder meeting for which we must include executive compensation information in the Proxy Statement for that meeting). The vote on this proposal is not binding on the Company but will be considered by the Compensation Committee as it administers the Company's executive compensation program. Stockholders may vote for a frequency of say-on-pay votes of one, two, or three years, or may abstain from voting.

The Company values the opinions expressed by stockholders and will consider the outcome of these votes in making its decisions on executive compensation in the future. We believe that say-on-pay votes should be conducted every year so that stockholders may annually express their views on the Company's executive compensation program.

You may cast your vote on your preferred voting frequency by choosing the option of once every year (1 year), once every two years (2 years), once every three years (3 years), or you may abstain from voting on the following resolution:

RESOLVED, that the option of once every year, once every two years, or once every three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency for holding an advisory stockholder vote to approve the compensation of the named executive officers, as disclosed in the Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table, and the other related tables and disclosure.

Vote Required

The option of 1 year, 2 years or 3 years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation recommended by stockholders. While this vote on the frequency of the advisory vote on executive compensation is non-binding, the Board and the Compensation Committee will consider the outcome of the vote when determining the frequency of the advisory vote on executive compensation. The Board may determine that it is advisable and in the best interests of the stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option preferred by stockholders.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE EVERY YEAR OPTION AS THE FREQUENCY FOR THE ADVISORY VOTE ON EXECUTIVE COMPENSATION.

ITEM 9. TO RATIFY THE APPOINTMENT OF CROWE HORWATH LLP AS THE COMPANY'S INDEPENDENT AUDITOR FOR THE FISCAL YEAR ENDING DECEMBER 31, 2018

On June 3, 2016, the Company notified Vavrinek, Trine, Day & Co., LLP (VTD) that the Company would no longer be retaining VTD as the Company's independent registered public accounting firm effective as of June 3, 2016. The decision to change the Company's independent registered accounting firm was the result of a request for proposal process in which the Audit Committee of the Company's Board of Directors conducted a comprehensive, competitive process to select an independent registered public accounting firm.

The audit reports of VTD on the Consolidated Financial Statements of the Company for the fiscal years ended December 31, 2015 and December 31, 2014 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's fiscal years ended December 31, 2015 and December 31, 2014, (i) there were no disagreements with VTD on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures that, if not resolved to VTD's satisfaction, would have caused VTD to make reference to the subject matter of the disagreement in connection with its reports and (ii) there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

On June 3, 2016, based upon the recommendation and approval of the Company's Audit Committee, the Company engaged Crowe Horwath LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016 effective as of June 3, 2016. During the Company's fiscal years ended December 31, 2014 and 2015, and the subsequent interim period through June 3, 2016, neither the Company, nor anyone on the Company's behalf, consulted with Crowe Horwath LLP regarding any matter set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K. The Audit Committee of the Board of Directors considered the qualifications and experience of Crowe Horwath LLP, and, in consultation with the Board of Directors of the Company, appointed them as independent auditors for the Company for the fiscal year ended December 31, 2016.

On April 13, 2017, the Audit Committee of the Board considered the qualifications and experience of Crowe Horwath LLP, and, in consultation with the Board, appointed them as independent auditors for the Company for the fiscal year ended December 31, 2017. Although ratification of our independent auditors by stockholders is not required by law, the Audit Committee and Board desired to obtain the stockholders' ratification of such appointment and did obtain such approval at the 2017 Annual Meeting of the Stockholders, held on May 31, 2017.

On February 5, 2018, the Audit Committee of the Board considered the qualifications and experience of Crowe Horwath LLP, and, in consultation with the Board, appointed them as independent auditors for the Company for the current fiscal year, which ends December 31, 2018. Although ratification of our independent auditors by stockholders is not required by law, the Audit Committee and Board desire to obtain the stockholders' ratification of such appointment. If ratification of Crowe Horwath LLP as our independent auditors is not approved by stockholders, the matter will be referred to the Audit Committee for further review.

We anticipate that a representative of Crowe Horwath LLP will be present at the Annual Meeting and available to respond to appropriate questions and to make a statement if he or she so desires.

Vote Required

The affirmative vote of holders of the majority of the shares for which votes are cast at the Annual Meeting is needed to approve this proposal. Abstentions and broker non-votes will not be counted as votes cast and, therefore, will not affect this proposal. Further, the failure to vote, either by proxy or in person, will not have an effect on this proposal.

Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted **FOR** this proposal.

ITEM 10. ADJOURNMENT OF THE ANNUAL MEETING

In the event there are not sufficient votes at the time of the Annual Meeting to approve Items 2 through 6, our Board of Directors may propose to adjourn the Annual Meeting to a later date or dates in order to permit the solicitation of additional proxies. Pursuant to the DGCL, the Board of Directors is not required to fix a new record date to determine the stockholders entitled to vote at the adjourned meeting. If the Board of Directors does not fix a new record date, it is not necessary to give any notice of the time and place of the adjourned meeting other than an announcement at the meeting at which the adjournment is taken unless the adjournment is for more than 30 days. If a new record date is fixed, notice of the adjourned meeting shall be given as in the case of an original meeting.

In order to permit proxies that have been received by us at the time of the Annual Meeting to be voted for an adjournment, if necessary, we have submitted this proposal to you as a separate matter for your consideration (the Adjournment Proposal). If approved, the Adjournment Proposal will authorize the holder of any proxy solicited by our Board of Directors to vote in favor of adjourning the Annual Meeting and any later adjournments. If our stockholders approve this Adjournment Proposal, we could adjourn the Annual Meeting, and any adjourned session of the Annual Meeting, to use the additional time to solicit additional proxies in favor of Items 2 through 6, including the solicitation of proxies from our stockholders who have previously voted against these proposals. Among other things, approval of the Adjournment Proposal could mean that, even if proxies representing a sufficient number of votes against Items 2 through 6 have been received, we could adjourn the Annual Meeting without a vote on the proposal and seek to convince the holders of those shares to change their votes to votes in favor of the proposal.

Vote Required

The affirmative vote of holders of the majority of the shares for which votes are cast at the Annual Meeting is needed to approve this proposal. Abstentions and broker non-votes will not be counted as votes cast and, therefore, will not affect this proposal. Further, the failure to vote, either by proxy or in person, will not have an effect on this proposal. Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted **FOR** this proposal.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ADJOURNMENT PROPOSAL.

The Audit Committee has reviewed and discussed the audited financial statements for fiscal year 2017 with management and with the independent auditors. Specifically, the Audit Committee has discussed with the independent auditors the matters required to be discussed by SAS 61, as amended by SAS 114 (Codification of Statements on Auditing Standards, AU Section 380), which includes, among other things:

- Methods used to account for significant unusual transactions;
- The effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- The process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates; and
- Disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Audit Committee has received the written disclosures and the letter from the Company's independent accountants, Crowe Horwath LLP, required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee. Additionally, the Audit Committee has discussed with Crowe Horwath LLP the issue of its independence from the Company. Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household proxy materials, delivering a single Proxy Statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. TABLE OF CONTENTS

NINTH:

A. Each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a proceeding), by reason of the fact that he or she is or was a Director or an Officer of the Corporation or is or was serving at the request of the Corporation as a Director, Officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (hereinafter an indemnitee), whether the basis of such proceeding is alleged action in an official capacity as a Director, Officer, employee or agent or in any other capacity while serving as a Director, Officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the Delaware General Corporation Law, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than such law permitted the Corporation to provide prior to such amendment), against all expense, liability and loss (including attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred or suffered by such indemnitee in connection therewith; provided, however, that, except as provided in Section C hereof with respect to proceedings to enforce rights to indemnification, the Corporation shall indemnify any such indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board of Directors of the Corporation.

B. The right to indemnification conferred in Section A of this Article NINTH shall include the right to be paid by the Corporation the expenses incurred in defending any such proceeding in advance of its final disposition (hereinafter an advancement of expenses); provided, however, that, if the Delaware General Corporation Law requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a Director or Officer (and not in any other capacity in which service was or is rendered by such indemnitee, including, without limitation, services to an employee benefit plan) shall be made only upon delivery to the Corporation of an undertaking (hereinafter an undertaking), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter a final adjudication) that such indemnitee is not entitled to be indemnified for such expenses under this Section or otherwise. The rights to indemnification and to the advancement of expenses conferred in Sections A and B of this Article NINTH shall be contract rights and such rights shall continue as to an indemnitee who has ceased to be a Director, Officer, employee or agent and shall inure to the benefit of the indemnitee's heirs, executors and administrators.

C. If a claim under Section A or B of this Article NINTH is not paid in full by the Corporation within 60 days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be 20 days, the indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee shall be entitled to be paid also the expenses of prosecuting or defending such suit. In (i) any suit brought by the indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the indemnitee to enforce a right to an advancement of expenses) it shall be a defense that, and (ii) in any suit by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking the Corporation shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met any applicable standard for indemnification set forth in the Delaware General Corporation Law. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the indemnitee is proper in the circumstances because the indemnitee has met the applicable standard of conduct set forth in the Delaware General Corporation Law, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) that the indemnitee has not met such applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be

a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this Article NINTH or otherwise shall be on the Corporation.

E. The Corporation may maintain insurance, at its expense, to protect itself and any Director, Officer, employee or agent of the Corporation or subsidiary or Affiliate or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the Delaware General Corporation Law. Such rules, regulations or procedures, whether adopted by the Board of Directors or prescribed by the chairman of the meeting, may include, without limitation, the following: (a) the establishment of an agenda or order of business for the meeting; (b) the determination of when the polls shall open and close for any given matter to be voted on at the meeting; (c) rules and procedures for maintaining order at the meeting and the safety of those present; (d) limitations on attendance at or participation in the meeting to stockholders of record of the Corporation, their duly authorized and constituted proxies or such other persons as the chairman of the meeting shall determine; (e) restrictions on entry to the meeting after the time fixed for the commencement thereof; and (f) limitations on the time allotted to questions or comments by participants.

Section 7. Conduct of Business

(a) Except as otherwise provided by law, the Certificate of Incorporation or these ~~Amended and Restated~~ Bylaws (~~“Bylaws”~~), the chairman of the meeting shall have the power to determine whether a nomination or any other business proposed to be brought before the meeting was made or proposed, as the case may be, in accordance with each of the procedures set forth in Sections 67(b), 67(d) and 67(e) of this Article II and, if any proposed nomination or other business is not in compliance with each of Sections 67(b), 67(d) and 67(e) of this Article II, to declare that such defective proposal or nomination shall be disregarded. To be properly brought before a meeting of stockholders, business must be of a proper subject for action by stockholders under applicable law and must not, if implemented,

cause the Corporation to violate any state, federal or foreign law or regulation, each as determined in good faith by the Board of Directors.

(b) At any annual meeting of the stockholders, only such nominations of persons for election to the Board of Directors shall be made, and only such other business shall be conducted or considered, as shall have been properly brought before the meeting. For nominations to be properly made at an annual meeting, and proposals of other business to be properly brought before an annual meeting, nominations and proposals of other business must be (1) specified in the Corporation's notice of meeting (or any supplement thereto) given by or at the

direction of the Board of Directors, (2) otherwise properly made at the annual meeting, by or at the direction of the Board of Directors or (3) otherwise properly requested to be brought before the annual meeting by a stockholder of the Corporation in accordance with these Bylaws. For nominations of persons for election to the Board of Directors or proposals of other business to be properly requested by a stockholder to be made at an annual meeting, a stockholder must (i) be a stockholder of record at the time of giving of notice of such annual meeting by or at the direction of the Board of Directors and at the time of the annual meeting, (ii) be entitled to vote at such annual meeting and (iii) comply with the additional requirements and procedures set forth in Sections ~~67(dc)~~ and 67(ed) of this Article II as to such nomination or other business. The immediately preceding sentence shall be the exclusive means for a stockholder to make nominations or submit other business (other than matters properly brought under Rule 14a-8 or Rule 14a-11 under the Securities Exchange Act of 1934, as amended (the Exchange Act) and included in the Corporation's notice of meeting) before an annual meeting of stockholders.

~~(e) Subject to Section 6(e)(4) of this Article II, at any special meeting of the stockholders, only such business shall be conducted as shall have been brought before the meeting by or at the direction of the Board of Directors.~~

~~(d)~~ (c) Without qualification or limitation, subject to Section 67(ed)(4) of this Article II, for any nominations or any other business to be properly brought before an annual meeting by a stockholder pursuant to Section 67(b) of this Article II, the stockholder must have given timely notice thereof and timely updates and supplements thereof in writing to the Secretary.

To be timely, a stockholder's notice shall be delivered to by hand or by registered U.S. mail, postage prepaid, return receipt requested, or courier service, postage prepaid, to the attention of the Secretary of the Corporation at the principal executive offices of the Corporation not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to the date of such annual meeting and not later than the close of business on the later of the 90th day prior to the date of such annual meeting or, if the first public announcement of the date of such annual meeting is less than 100 days prior to the date of such annual meeting, the 10th day following the day on which public announcement of the date of such meeting is first made by the Corporation. In no event shall any adjournment or postponement of an annual meeting, or the public announcement thereof, commence a new time period for the giving of a stockholder's notice as described above.

Notwithstanding anything in the immediately preceding paragraph to the contrary, in the event that the number of Directors to be elected to the Board of Directors is increased by the Board of Directors, and there is no public announcement by the Corporation naming all of the nominees for Director or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by this Section ~~67(dc)~~ shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Corporation not later than the close of business on the 10th day following the day on which such public announcement is first made by the Corporation.

In addition, to be timely, a stockholder's notice shall be updated and supplemented, if necessary, so that the information provided or required to be provided in such notice shall be true and correct as of the record date for the meeting and as of the date that is ten (10) business days prior to the meeting or any adjournment or postponement thereof, and such update and supplement shall be delivered to the Secretary at the principal executive offices of the Corporation not later than five (5) business days after the record date for the meeting in the case of the update and supplement required to be made as of the record date, and not later than eight (8) business days prior to the date for the meeting, any adjournment or postponement thereof in the case of the update and supplement required to be made

as of ten (10) business days prior to the meeting or any adjournment or postponement thereof.

~~(e)~~ (d) (1) Without qualification or limitation, for a stockholder's notice required to be given to the Secretary pursuant to this Article II to be considered to be in proper form, such stockholder's notice must include the following, as applicable.

No person may be appointed, nominated or elected as a Director of the Corporation unless such person, at the time such person is nominated and appointed or elected, would then be able to serve as a Director without conflicting in any manner with any state, federal or foreign law or regulation applicable to the Corporation, as determined in good faith by the Board of Directors.

(3) Notwithstanding the foregoing provisions of these Bylaws, a stockholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth in these Bylaws; provided, however, that any references in these Bylaws to the Exchange Act or the rules promulgated thereunder are not intended to and shall not limit the requirements applicable to nominations or proposals as to any other business to be considered pursuant to Section ~~67~~(b) of this Article II.

(4) Nothing in these Bylaws shall be deemed to affect any rights (i) of stockholders to request inclusion of proposals in the Corporation's proxy statement pursuant to Rule 14a-8 under the Exchange Act, or (ii) of stockholders to request inclusion of nominees in the Corporation's proxy statement pursuant to Rule 14a-11 under the Exchange Act or (iii) of the holders of any series of preferred stock if and to the extent provided for under law, the Certificate of Incorporation or these Bylaws. Section 8. Proxies and Voting.

At any meeting of the stockholders, every stockholder entitled to vote may vote in person or by proxy authorized by an instrument in writing filed in accordance with the procedure established for the meeting. Any facsimile telecommunication or other reliable reproduction of the writing or transmission created pursuant to this paragraph may be substituted or used in lieu of the original writing or transmission for any and all purposes for which the original writing or transmission could be used, provided that such copy, facsimile telecommunication or other reproduction shall be a complete reproduction of the entire original writing or transmission. All voting, including on the election of Directors but excepting where otherwise required by law or by the governing documents of the Corporation, maybe made by a voice vote; provided, however, that upon demand therefor by a stockholder entitled to vote or his or her proxy, a stock vote shall be taken. Every stock vote shall be taken by ballot, each of which shall state the name of the stockholder or proxy voting and such other information as may be required under the procedures established for the meeting. The Corporation shall, in advance of any meeting of stockholders, appoint one or more inspectors to act at the meeting and make a written report thereof. The Corporation may designate one or more persons as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting of stockholders, the person presiding at the meeting shall appoint one or more inspectors to act at the meeting. Each inspector, before entering upon the discharge of his duties, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of his ability.

Except in a contested election, the vote required for the election of a Director by the stockholders shall be the affirmative vote of a majority of the votes cast in favor of or against the election of a Director nominee at a meeting of stockholders. In a contested election, Directors shall be elected by a plurality of the votes cast at a meeting of stockholders by the holders of shares entitled to vote in the election. An election shall be considered contested if, as of the record date, there are more nominees for election than positions on the Board of Directors to be filled by election at the meeting. In any non-contested election of Directors, any incumbent Director nominee who receives a greater number of votes cast against his or her election than in favor of his or her election shall immediately tender his or her resignation, and the Board of Directors will decide, through a process managed by the Nominating and Corporate Governance Committee of the Board of Directors, or such other committee of the Board as determined by the Board of Directors, and excluding the nominee in question, whether to accept the resignation at its next regularly scheduled board meeting. The Board of Directors' explanation of its decision concerning the acceptance or rejection of such nominee's resignation shall be promptly disclosed by the Corporation on a Current Report on Form 8-K filed with the Securities and Exchange Commission. Unless otherwise required by law, the Corporation's Certificate of Incorporation or these Bylaws, any matter, other than the election of Directors, brought before any meeting of stockholders shall be decided by the affirmative vote of the majority of the votes cast at the meeting by the holders of shares entitled to vote on such matter.

Section 9. Stock List

A complete list of stockholders entitled to vote at any meeting of stockholders, arranged in alphabetical order for each class of stock and showing the address of each such stockholder and the number of shares registered in his or her name, shall be open to the examination of any such stockholder, for any purpose germane to the meeting, during ordinary business hours for a period of at least ten (10) days prior to the meeting, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of the meeting, or if not so specified, at the place where the meeting is to be held.

The stock list shall also be kept at the place of the meeting during the whole time thereof and shall be open to the examination of any such stockholder who is present. This list shall presumptively determine the identity of the stockholders entitled to vote at the meeting and the number of shares held by each of them.

Section 10. Consent of Stockholders in Lieu of Meeting

~~Subject to the rights of the holders of any class or series of preferred stock of the Corporation, any action required or permitted to be taken by the stockholders of the Corporation must be effected at an annual or special meeting of stockholders of the Corporation and may not be effected by any consent in writing by such stockholders.~~

Unless otherwise provided in the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any annual or special meeting of stockholders of the Corporation may be taken without

a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted and shall be delivered by hand or by registered U.S. mail, postage prepaid, return receipt requested, or courier service, postage prepaid, to the attention of the Secretary of the Corporation at the principal executive offices of the Corporation. Every written consent shall bear the date of signature of each stockholder who signs the consent. No written consent shall be effective to take the corporate action referred to therein unless, within 60 days of the earliest dated consent delivered in the manner required by this Section 10 to the Corporation, written consents signed by a sufficient number of holders required to take action are delivered to the Corporation by delivered by hand or by registered U.S. mail, postage prepaid, return receipt requested, or courier service, postage prepaid, to the attention of the Secretary of the Corporation at the principal executive offices of the Corporation. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall, to the extent required by applicable law, be given to those stockholders who have not consented in writing and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that written consents signed by a sufficient number of stockholders to take the action were delivered to the Corporation as provided in this Section 10.

Section 11. Record Date

In order that the Corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders, or to receive payment of any dividend or other distribution or allotment of any rights or to exercise any rights in respect of any change, conversion or exchange of stock or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date on which the resolution fixing the record date is adopted and which record date shall not be more than sixty (60) nor less than ten (10) days before the date of any meeting of stockholders, nor more than sixty (60) days prior to the time for such other action as herein before described; provided, however, that if no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given or, if notice is waived, at the close of business on the next day preceding the day on which the meeting is held, and, for determining stockholders entitled to receive payment of any dividend or other distribution or allotment or rights or to exercise any rights of change, conversion or exchange of stock or for any other purpose, the record date shall be at the close of business on the day on which the Board of Directors adopts a resolution relating thereto.

A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

ARTICLE III - BOARD OF DIRECTORS

The business and affairs of the Corporation shall be managed by or under the direction of its Board of Directors. The number of Directors who shall constitute the Board of Directors shall be such number as the Board of Directors shall from time to time have designated by a resolution of the Board or otherwise, except that in the absence of such designation shall be seven (7). Section 7. Participation in Meetings By Conference Telephone

Members of the Board of Directors, or of any committee thereof, may participate in a meeting of such Board or committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other and such participation shall constitute presence in person at such meeting.

Except as otherwise expressly required by these Bylaws, the Certificate of Incorporation or by applicable law, the vote of a majority of the Directors present at a meeting at which a quorum is present shall be the act of the Board of Directors.

Section 9. Action Without Meeting.

Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting if all Directors or members of such committee, as the case may be, consent thereto in writing or by electronic transmission, and the writings or electronic transmissions are filed with the minutes of proceedings of the Board of Directors or committee in accordance with applicable law.

In the absence or disqualification of any member of any committee and any alternate member in his or her place, the member or members of the committee present at the meeting and not disqualified from voting, whether or not he or she or they constitute a quorum, may by unanimous vote appoint another member of the Board of Directors to act at the meeting in the place of the absent or disqualified member.
