PART III- NARRATIVE

State below in reasonable detail the reasons why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR or the transition report portion thereof could not be filed within the prescribed time period. (Attach Extra Sheets If Needed.)

The Company could not complete the Form 10-QSB within the prescribed time because of additional time required by the Company's management to provide certain information to be included in the report.

The Company could not complete its periodic report on Form 10-QSB within the prescribed time because the Company's facilities were directly affected by Hurricane Wilma. As a result of office closures in preparation for the hurricane and loss of electricity caused by the hurricane, all of the Company's facilities located in Ft. Lauderdale, Florida were closed from October 28, 2005 through November 6, 2005. This closure, and the other damage caused by the hurricane, including, for example, damage to the transportation, utilities and communication infrastructures in Ft. Lauderdale and surrounding areas, made it impossible for Company personnel to (i) report to work, (ii) gain access to corporate records and equipment required to close the Company's quarter ended September 30, 2005 and iii) prepare the Company's report on Form 10-QSB between October 28, 2005 and November 6, 2005.

Edgar Filing: Splinex Technology Inc. - Form NT 10-Q

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company's auditors have not completed their review of the financial statements for the quarter and six months ended September 30, 2005, but the Company expects that the financial statements will report the following results. The Company's expects to report net losses of \$1,055,730 and \$1,791,703, for the three

months and six months ended September 30, 2005 ("fiscal 2006 periods"), respectively, compared to reported net losses of \$733,911 and \$1,487,975 for the three months and six months ended September 30, 2004 ("fiscal 2005 periods"), respectively. The Company's increase in net losses for the three and six months ended September 30, 2005 were primarily due to increased sales and marketing and research and development expenses during the quarter ending June 30, 2005, and severance expenses incurred during the three months ended September 30, 2005. The Company expects to report severance expenses during the three and six-month periods ended September 30, 2005 of \$404,960 pursuant to the terms of employment agreements with certain executives.
