ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On May 12, 2006, Apollo Gold Corporation (“Apollo”) issued a press release reporting its financial results for the three months ended March 31, 2006. A copy of this press release is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

ITEM 8.01. OTHER EVENTS.

On May 12, 2006, Apollo announced that all operations at its Montana Tunnels mine have ceased and that the mine has been placed on care and maintenance effective May 12, 2006. As previously announced, Apollo had ceased mining activity in the open pit in October 2005 due to pit wall instability. Since that time and until May 12, 2006, the mill at Montana Tunnels had been producing lead-gold and zinc gold concentrates from low grade ore stockpiles. As a result of placing the mine on care and maintenance, 75 employees at the mine were terminated during the week ended May 12, 2006 and the mine is now being staffed by essential personnel only.
