Item 1.01. Entry into a Material Definitive Agreement.

On March 23, 2006, the Board of Directors of Harris & Harris Group, Inc. (the "Company") terminated the employee profit-sharing plan and approved the Harris & Harris Group, Inc. 2006 Equity Incentive Plan (the "Plan"), both subject to shareholder approval. On May 4, 2006, shareholders of the Company approved the Plan, and the profit-sharing plan termination became effective. On June 26, 2006, the Compensation Committee of the Board of Directors of the Company approved individual stock option awards for certain officers and employees of the Company pursuant to the Plan at an exercise price of \$10.11. Both non-qualified stock options ("NQSO") and incentive stock options ("ISO") were awarded under the Plan.

All awards granted to executive officers vest subject to continued employment with the Company through each applicable vesting date, except for certain retirees whose continued participation in the Plan is subject to certain conditions.

The Compensation Committee utilized a third-party compensation advisory firm to

assess the competitiveness of the current compensation levels of the named executive officers of the Company. As part of this process, the Compensation Committee analyzed the compensation of the named executive officers, among other factors, in light of information regarding the compensation practices of other publicly traded companies and private venture capital and private equity firms. In addition, the Compensation Committee considered the importance of increasing the actual equity ownership of senior officers before the scheduled retirement date of our Chairman and Chief Executive Officer, Charles E. Harris, on December 31, 2008. All stock option awards to officers will be subject to stock retention guidelines.

The Company will adopt SFAS 123(R), "Share Based Payments," for the period ending June 30, 2006. SFAS 123(R) requires us to record the fair value of these awards on the date of grant as a component of equity. The cost associated with the grants will be expensed over the vesting period of the options with a corresponding increase to our additional paid-in capital. Compensation expense related to the grant of options will increase our total operating expenses and net operating loss. The increase to expenses is expected to be offset by the increase to our additional paid-in capital, and thus the granting of options is expected to have no net impact on our Net Asset Value.

Copies of the Plan are available with the Proxy Statement filed with the Securities and Exchange Commission on April 3, 2006. A copy of the form of award agreements and the award schedule used in connection with the foregoing grant is attached hereto as Exhibits 10.1, 10.2 and 10.3.
