# ATTACHMENT 1 TO FORM 12b-25 NOTIFICATION OF LATE FILING

For the period ended July 31, 2006, the Company had a substantial increase in general and administrative expenses, and therefore a substantially greater net loss from operations compared to the period ended July 31, 2005. Since July 2005, the Company received funding from one private placement that closed in March 2006, which provided the Company with the financial resources necessary to increase its operations and drilling projects, and resulting in an increase in exploration-related expenditures. As a result, the Company's operations for the period ended July 31, 2006 are substantially greater than the corresponding period in 2005. This resulted in a net loss for the nine months ended July 31, 2006 of more than two times greater than the net loss for the same nine month period in 2005.
