## **ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT**

### License Agreement with Bio-Rap Technologies Ltd.

On April 1, 2007 Alteon Inc., a Delaware corporation (the “Company,” “Alteon” or “we”) entered into an amendment of our License and Research Agreement with Bio-Rap Technologies Ltd. (“Bio-Rap”). Among other changes, the amendment extends to all fields our rights to sell therapeutic and diagnostic product pursuant to the licenses granted in that agreement.

In addition, the amendment will result in an increase in annual research funding provided by Alteon to Bio-Rap, and in Alteon making certain defined payments to Bio-Rap over the course of the next 18 months. Other payments due to Bio-Rap based on Alteon sales of diagnostic products or grant of sublicense rights, including royalties, milestone payments and payments attributable to sublicense revenue, are significantly reduced. The amendment gives Alteon the right to further reduce royalty payments on diagnostic products on making a one time payment within eight years, and to further reduce payments resulting from sublicense revenue on a one time payment made within the next five years.

Finally, under the amendment Alteon assumes all of Bio-Rap’s right and interest in a license with ARUP Laboratories at the University of Utah. ARUP will, in the future, be a sublicensee of Alteon.

The amendment will be filed as an exhibit to our Quarterly Report on Form 10-Q for the quarter ending June 30, 2007.

A copy of the press release announcing the entry into the agreement described above is attached to this Current Report on Form 8-K as Exhibit 99.1 and incorporated herein by reference.
