General Information. A copy of the Company's 2007 Annual Report and Form 10-K filed with the Securities and Exchange Commission, excluding exhibits, can be obtained without charge by contacting Investor Relations at investorrelations@invtitle.com or P.O. CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

The Company has a Code of Business Conduct and Ethics that is applicable to all of the Company's employees, officers and directors, including its Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer. This Code addresses a variety of issues, including conflicts of interest, the protection of confidential information, insider trading, and employment practices. It also requires strict compliance with all laws, rules and regulations governing the conduct of the Company's business.

The Code of Business Conduct and Ethics is posted in the Corporate Governance area of the Investor Relations section of the Company's website at www.invtitle.com. The Company intends to disclose future amendments to or waivers from the Code of Business Conduct and Ethics on its website within two business days after such amendment or waiver.

Shareholder Communications with Directors

Shareholders can communicate with members of the Company's Board of Directors in one of two ways. Shareholders may mail correspondence to the attention of the Corporate Secretary, P.O. Box 2687, Chapel Hill, North Carolina 27515-2687. Any correspondence sent via mail should clearly indicate that it is a communication intended for the Board of Directors. The Corporate Secretary will review all communications sent to the Board of Directors via mail and email and will forward all communications concerning Company or Board matters to the Board members within five business days of receipt. If a communication is directed to a particular Board member or committee, it will be passed on only to that member or the members of that committee. Otherwise, relevant communications will be forwarded to all Board members.

Independent Directors

The Board of Directors has determined that the following directors are independent directors within the meaning of the applicable listing standards of The NASDAQ Stock Market LLC (“NASDAQ”) and the Company’s Board of Directors Independence Standards: Mr. David L. Francis, Mr. Loren B. Harrell, Jr., Mr. R. Horace Johnson, Mr. H. Joe King, Jr., Mr. James R. Morton and Mr. A. Scott Parker III. The Board of Directors Independence Standards can be found in the Investor Relations section of the Company’s website at www.invttitle.com under the heading “Corporate Governance.”

Executive Sessions

Executive sessions that include only the independent members of the Board of Directors are held periodically.

Compensation Committee Interlocks and Insider Participation

In 2007, Mr. Harrell, Mr. Morton and Mr. Parker served as the members of the Compensation Committee. None of these directors have ever been officers or employees of the Company or any of its subsidiaries. During 2007, none of the executive officers of the Company served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on the Board of Directors of the Company or its Compensation Committee.

Board of Directors and Committees

During the year ended December 31, 2007, the Board of Directors held four meetings. All incumbent directors and nominees attended 75% or more of the aggregate number of meetings of the Board of Directors and committees of the Board on which they served. The Company expects each of its directors to attend the Annual Meeting of Shareholders unless an emergency prevents them from attending. All of the Board members were present at the 2007 Annual Meeting.

The Company’s Board of Directors has a standing Audit Committee, Compensation Committee, and Nominating Committee.

The Audit Committee. In 2007 the Audit Committee was composed of Mr. Francis, Mr. Johnson and Mr. King. The Audit Committee met eleven times in 2007.

The Audit Committee is directly responsible for overseeing the Company’s accounting and financial reporting processes and appointing, retaining, compensating and overseeing the Company’s independent registered public accounting firm and reviewing the scope of the annual audit proposed by the independent registered public accounting firm. In addition, the Committee reviews and approves related party transactions and periodically consults with the independent registered public accounting firm on matters relating to internal financial controls and procedures. The Committee is responsible for establishing and administering complaint procedures related to accounting and auditing matters.

The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is posted under the Committee heading of the Corporate Governance area of the Investor Relations section of the Company’s website at www.invttitle.com. The Audit Committee reviews and assesses the adequacy of the charter on an annual basis.

The Board of Directors has determined that each member of the Company’s Audit Committee is “independent” as defined under applicable NASDAQ listing standards and SEC rules. The Board of Directors has also determined that

all of the current Audit Committee members—Mr. Francis, Mr. Johnson and Mr. King—are “audit committee financial experts” as defined under applicable SEC rules. See “*Audit Committee Report*” below for the formal report of the Audit Committee for 2007.

The Compensation Committee. In 2007, the Compensation Committee was composed of Mr. Harrell, Mr. Morton and Mr. Parker. The Compensation Committee met two times in 2007. The Board of Directors has determined that each member of the Compensation Committee is “independent” as defined under applicable NASDAQ listing standards.

The Compensation Committee operates under a written charter that can be found under the Committee heading of the Corporate Governance area of the Investor Relations section of the Company’s website at www.invttitle.com.

The Compensation Committee determines, or recommends to the Board of Directors for determination and for payment by the Company’s wholly owned subsidiary, Investors Title Insurance Company, salaries, bonuses and other compensation of executive officers. The Committee also serves as the Option Committee of the Board of Directors, which reviews, approves and administers the Company’s stock option plans. For additional information regarding the Company’s processes and procedures for the consideration and determination of director and executive officer compensation, see “*Compensation of Directors*” and “*Executive Compensation – Compensation Discussion and Analysis – Determining Executive Compensation*” below.

See “*Compensation Committee Report*” below for the formal report of the Compensation Committee for 2007.

The Nominating Committee. In 2007, the Nominating Committee was composed of Mr. Harrell, Mr. King and Mr. Morton. The Nominating Committee met two times in 2007.

The Nominating Committee operates under a written charter that can be found under the Committee heading of the Corporate Governance area of the Investor Relations section of the Company’s website at www.invttitle.com.

The Board of Directors has determined that each member of the Company’s Nominating Committee is “independent” as defined under applicable NASDAQ listing standards.

The Nominating Committee is responsible for identifying, evaluating and recommending to the Board of Directors candidates for election to the Board of Directors as well as appointing members to the Audit and Compensation Committees. A slate of nominees for director to present to the shareholders is recommended to the Board of Directors by the Nominating Committee and determined by at least a majority vote of the members of the Board of Directors whose terms do not expire during the year in which the election of directors will occur.

The Nominating Committee considers a variety of factors before recommending a new director nominee or the continued service of existing Board members. At a minimum, the Nominating Committee believes that a director nominee must demonstrate character and integrity, have an inquiring mind, possess substantial experience at a strategy or policy setting level, demonstrate an ability to work effectively with others, possess either high-level managerial experience in a relatively complex organization or experience dealing with complex problems, have sufficient time to devote to the affairs of the Company and be free from conflicts of interest with the Company and its subsidiaries.

Other factors the Nominating Committee considers when evaluating a potential director nominee are:

1. Whether the candidate would assist in achieving a diverse mix of Board members;
2. The extent of the candidate’s business experience, technical expertise, and specialized skills or experience;
3. Whether the candidate, by virtue of particular experience relevant to the Company’s current or future business, will add specific value as a Board member; and
4. Any other factors related to the ability and willingness of a candidate to serve, or an incumbent director to continue his or her service to, the Company.

The Nominating Committee believes that a majority of the members of the Company's Board of Directors should be independent as defined under applicable NASDAQ listing standards and, as a result, it also considers whether a potential director nominee is independent under such standards. The Committee also requires that all members of the Audit Committee be financially literate pursuant to applicable NASDAQ listing standards and that at least one member of the Audit Committee be an "audit committee financial expert" as defined under SEC rules. Therefore, the Nominating Committee considers whether a potential director nominee meets these criteria when evaluating his or her qualifications.

It is the policy of the Nominating Committee to consider all director candidates recommended by shareholders, provided that such recommendations are made in accordance with the procedures outlined below. The Nominating Committee evaluates such candidates in accordance with the same criteria it uses to evaluate all other director candidates.

Any shareholder that wishes to recommend a director candidate to be considered for the 2009 Annual Meeting of Shareholders should send his or her recommendation to the attention of the Corporate Secretary, Investors Title Company, P.O. Box 2687, Chapel Hill, North Carolina 27515-2687, no later than December 17, 2008. The candidate's name, age, business address, residential address, principal occupation, qualifications and the number of shares of Common Stock beneficially owned by the candidate must be provided with the recommendation. The shareholder must also provide a signed consent of the candidate to serve, if elected, as a director of the Company, and shall include all other information that would be required under the rules of the SEC in the proxy statement soliciting proxies for election of the director candidate.

COMPENSATION OF DIRECTORS

Directors who are not employees of the Company receive an annual retainer for Board services of \$3,000 and an attendance fee of \$1,500 for each meeting of the Board of Directors attended, in addition to actual travel expenses related to the meetings. Directors receive a \$500 fee for participating in a committee meeting provided that the committee meeting is held on a day other than the regularly scheduled board meeting date. The Audit Committee Chairperson receives an additional annual retainer of \$500. Directors who are employees of the Company are paid no fees or other remuneration for service on the Board or on any Board committee.

On May 16, 2007, the date of the Company's 2007 Annual Meeting of Shareholders, each non-employee director was granted 500 Stock Appreciation Rights ("SARs") under the Company's 2001 Stock Option and Restricted Stock Plan with an exercise price of \$49.04. Upon exercise of each SAR, a director is entitled to receive an amount (payable in shares of the Company's common stock) equal to the difference between the closing price of the Company's common stock on the business day immediately preceding the date of exercise and the exercise price. The number of shares paid on exercise is determined by dividing this amount by the closing price of the Company's common stock on the business day immediately preceding the date of exercise. These SARs vested in four quarterly installments and became exercisable, to the extent vested, as of June 30, 2007. These SARs will expire on May 16, 2014.

The Board of Directors makes all decisions regarding the compensation of the members of the Board of Directors. The Chief Executive Officer makes periodic recommendations regarding director compensation, and the Board of Directors may exercise its discretion in modifying any recommended compensation adjustments or awards to the directors.

PROPOSAL REQUIRING YOUR VOTE

Election of Directors

The Company's Board of Directors is composed of 9 members divided into three classes with staggered terms of three years for each class. Based on the recommendations of the Nominating Committee, the Board of Directors has nominated W. Morris Fine, Richard M. Hutson II and R. Horace Johnson for election to serve for a three-year period or until their respective successors have been elected and qualified. Mr. Hutson is a nominee for his first term as a member of the Board of Directors. He was recommended to the Nominating Committee by our Chief Executive Officer. Loren B. Harrell, Jr. will not stand for re-election to the Board of Directors when his term expires at the 2008 Annual Meeting of Shareholders.

The nominees will be elected if they receive a plurality of the votes cast for their election. Broker non-votes and abstentions will be counted for purposes of establishing a quorum, but will not be counted in the election of directors and therefore will not affect the election results if a quorum is present. It is the intention of the persons named as proxies in the accompanying proxy card to vote all shares represented by proxy for the three nominees listed below, unless the authority to vote is withheld. If any of the nominees should withdraw or otherwise become unavailable for reasons not presently known, the shares represented by proxy will be voted for three nominees including such substitutions as shall be designated by the Board of Directors. The shares represented by proxy in no event will be voted for more than three persons.

The Board unanimously recommends that you vote "FOR" the election of the directors nominated to serve until the Annual Meeting of Shareholders in 2011.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Committee is responsible for setting the compensation of the named executive officers listed in the Summary Compensation Table. The ensuing discussion and analysis of the material elements of our executive compensation program focuses on the following:

- the philosophy and objectives of our compensation program, including the results and behaviors the program is designed to reward;
- the process used to determine executive compensation;
- each element of compensation (see “Elements of Executive Compensation” section below);
- the reasons why the Committee chooses to pay each element;
- how the Committee determines the amount of each element; and
- how each element and the Committee’s decisions regarding that element fit into the Committee’s stated objectives and affect the Committee’s decisions regarding other elements.

Philosophy and Objectives of the Executive Compensation Program

The Committee believes that the ultimate objective of an effective executive compensation program is to reward the accretion of stockholder value over the long term. In keeping with this philosophy, the Committee has designed the Company’s executive compensation program to reward the achievement of the Company’s objectives, and to align the interests of our executives with those of our stockholders.

Retention of talented executives with the skills, experience, and vision to lead our Company is integral to the success of our business. However, given our company’s history as a family-managed company, the Committee’s philosophy tends to focus more on fairness, executive performance, and long-term commitment than on attracting and retaining the Company’s executive officers.

To support the over-arching objective of the accretion of stockholder value, a significant focus of our executive compensation program is to reward the attainment of short-term and long-term Company goals, and to provide the proper motivation for our executive officers to strive to achieve those goals. We believe that to align the interests of our executives and our stockholders, the executive compensation package must include both cash and equity compensation.

While the Committee does review stock performance in making its compensation decisions, it places relatively low emphasis on short-term stock performance as a measurement of Company and executive performance. We feel this is appropriate since short-term movements in our stock price are subject to factors unrelated to our performance and beyond the control of our executive officers, including factors affecting the securities markets generally. The Company's management strives to build stockholder value by meeting customer needs, building cash flow and return on assets, and promoting operational excellence and strategic innovation. The pursuit of such long-term objectives is not always consistent with producing short-term results to increase our stock price, but we believe that taking a long-term view will demand performance that is more likely to maximize return to the stockholders over time. The Committee believes that there are many ways in which its executive officers and other executives contribute to building a successful company. While our financial statements and stock price should eventually reflect the results of those efforts, many long-term strategic decisions made in pursuing our growth and development may have little visible impact on our stock price in the short term.

Finally, the Committee's philosophy considers the cyclical nature of our business, which is strongly influenced by factors external to the Company, such as prevailing mortgage interest rates, wage growth and employment rates, and overall economic activity in the markets the Company serves. Because these factors are beyond the control of the executive officers, we do not attempt to closely link annual operating results with annual compensation. Instead, the Committee focuses on the accretion of stockholder value over time, among other measures, in evaluating the performance of our executive officers and in designing the executive compensation program.

In summary, our executive compensation program is designed to support five objectives:

- aligning our executives' interests with those of our stockholders;
- promoting and rewarding the fulfillment of annual and long-term strategic objectives;
- promoting and rewarding long-term commitment;
- maintaining internal compensation equity; and
- competing for talent in order to attract and retain executives with the skills and attributes we need.

Determining Executive Compensation

The Committee makes all compensation decisions for the named executive officers and approves recommendations regarding equity awards for all of the Company's elected officers. Decisions regarding non-equity compensation of all other officers and employees are made by the Company's named executive officers.

The Chief Executive Officer annually reviews the performance of each of the other named executive officers with respect to achievement of established performance standards and attainment of the Company's objectives. Based on those reviews, the Chief Executive Officer makes recommendations with respect to compensation to the Committee. The Committee then can exercise its discretion in modifying any recommended adjustments or awards to the other named executive officers based upon its evaluation of their performance as well as other aspects of our compensation philosophy.

The Committee's review of the Chief Executive Officer's compensation is subject to separate procedures. The Committee evaluates the Chief Executive Officer's performance, reviews the Committee's evaluation with him, and based on that evaluation and review, determines the amount of salary adjustment and incentive award. Consistent with the requirements of the listing standards of The Nasdaq Stock Market LLC, the Chief Executive Officer is excused from meetings of the Committee during voting deliberations regarding his compensation.

The Committee is guided by the executive compensation philosophy, its own judgment, and other sources of information that it considers relevant. In addition, the Committee annually reviews tally sheets showing each executive officer's compensation history with respect to each element of compensation for a period of five years. The Committee does not currently retain executive compensation consultants.

Based upon the cyclical nature of our business, the Committee believes that compensation of the executive officers cannot be based upon fixed formulas and that the prudent use of discretion in determining compensation will generally be in the best interests of the Company and its stockholders. Accordingly, in the exercise of its discretion, the Committee may approve changes in compensation that it considers to be appropriate to award performance or otherwise to provide incentives toward fulfilling the philosophy and objectives of our executive compensation program.

Elements of Executive Compensation

For the fiscal year ended December 31, 2007, the principal components of compensation for the named executive officers were:

- base salaries;
- annual performance-based incentive compensation;
- long-term equity incentive compensation;
- a nonqualified supplemental retirement benefit plan;
- a nonqualified deferred compensation plan;
- benefits under employment agreements;
- potential payments and benefits upon change of control; and
- benefits and perquisites.

Base Salaries. Base compensation is a usual and expected component of executive compensation, and is paid to provide executives with a fixed level of compensation. In setting base salaries for our executive officers, the Committee considers the following factors:

- the responsibilities and critical leadership role of the executives;
- the experience and individual performance of the executives, and their contribution to the Company's strategic initiatives;
- the Company's financial performance, judged in light of external market factors;

- the Company's stock price performance, in absolute terms and relative to its peers and the market as a whole;
- the Committee's evaluation of market demand for executives with similar capability and experience;

· the Committee's desire to strike an appropriate balance between the fixed elements of compensation and the variable performance-based elements; and

· obligations under employment agreements.

Salary levels are typically considered annually as part of the Company's performance review process, or upon a promotion or other change in job responsibility. For 2007, each of the named executive officers received an increase in base salary, reflected as a percentage of 2006 base salary, as follows: J. Allen Fine – 3.3%; James A. Fine, Jr. – 8.4%; W. Morris Fine – 3.4%. The increases for J. Allen Fine and W. Morris Fine were provided primarily as cost of living increases. The increase for James A. Fine, Jr. included a cost of living increase element, plus an additional 5.0% to reflect additional responsibilities assumed in connection with his position as President and Chief Financial Officer.

Annual Performance-Based Incentive Compensation. Incentive compensation is provided to reward performance and motivate the executives to achieve our short-term and long-term objectives. The Committee sets target incentive award levels that are designed to link a substantial portion of each individual's total annual compensation to the attainment of performance objectives. In setting target incentive awards, the Committee considers each executive's level of responsibility and degree of influence on our short-term and long term objectives, as well as the Committee's desire to strike an appropriate balance between the fixed elements of compensation and the variable performance-based elements. The target levels are not tied to performance objectives by a fixed formula; rather, the Committee exercises its discretion in setting target levels and uses prior years as a guide. By design, targeted at-risk pay for the named executive officers is a significant component of the total compensation package, between 55% and 65% of potential total cash compensation.

Grants of annual incentive awards are based primarily upon the attainment of performance objectives. The performance objectives are centered on the Company's financial performance, the pursuit of growth and diversification in our business, and other strategic initiatives. In determining the amount of the annual incentive awards, the Committee reviews the Company's progress toward meeting its objectives, and each executive officer's contribution toward that progress, as well as the Committee's judgment and use of discretion.

For 2007, annual incentive payments were relatively consistent with amounts paid in 2006, reflecting the Committee's judgment that the performance of the executive officers and their contribution toward the attainment of the Company's objectives was consistent with 2006.

Long-Term Equity Incentive Compensation. The Committee periodically considers awarding stock options to the named executive officers, as well as other officers and employees, in order to closely link the interests of the program participants with those of the stockholders, reward short-term performance, and encourage long-term commitment. By delivering value only when the value of the Company's stock increases, stock option grants provide an incentive for executives to focus on managing the Company from the perspective of an owner with an equity stake in the Company. In the Committee's opinion, past stock option grants were successful in focusing senior management on building profitability and shareholder value.

The Committee does not follow the practice of making annual or other periodic awards to individuals who are determined to be eligible to participate in the Plan. However, the Committee does regularly evaluate the stock ownership of key employees and, when it deems it appropriate, makes awards under the Plan in accordance with the philosophy outlined above.

Typically, eligible employees are those who are in a position to significantly influence the achievement of the Company's objectives. Awards granted to an individual are based upon a number of factors, including the Company's performance, the individual's performance, and the recipient's position, salary, and performance. In addition, the Committee considers the degree of each potential recipient's ability to influence the attainment of our Company's goals.

We expect that individuals who receive these awards will retain a substantial portion of the shares awarded to them to foster a mutuality of interests with our stockholders.

17

All stock option grants are made under the Investors Title Company 1997 and 2001 Stock Option and Restricted Stock Plans, which stockholders approved on May 13, 1997 and May 16, 2001, respectively. Stock option grants generally become exercisable in five or ten equal annual installments beginning on the grant date, and no more than 50,000 options may be granted to one individual under each Plan. No new stock option grants were made to the executive officers in 2007.

Non-Qualified Supplemental Retirement Benefit Plan. The Committee adopted a Non-Qualified Supplemental Retirement Benefit Plan of the Company's wholly owned subsidiary, Investors Title Insurance Company ("ITIC"), in November 2003. This plan is an unfunded defined contribution plan designed to provide additional retirement benefits on a tax-deferred basis for select management or highly compensated employees. It is intended to promote long-term commitment by enhancing the participants' post-retirement financial security. The Committee determines the roster of plan participants on the basis of the significance of each employee's ability to influence the Company's objectives. Currently, each of the named executive officers participates in this plan.

For 2004 and subsequent years, ITIC makes quarterly hypothetical contributions to each participant's account under the plan equal to 22% of his cash compensation each quarter. After 20 quarters of participation in the plan, additional contributions to each participant's account will be at the Committee's discretion. If a participant terminates employment before earning contributions for the full 20 quarters, then a lump sum hypothetical contribution will be made to the terminated participant's account for the remaining quarters, up to the limit of 20 quarters.

Amounts credited to a participant's account may be deemed either to earn a specified rate of interest or to be invested in a security, index, or other investment as determined by the Committee from time to time. Since the effective date of the plan, the amounts credited to each participant's account have been deemed to earn interest at an annual rate of return, compounded quarterly, based on the then current yield on the 10-Year U.S. Treasury Note.

Amounts in a participant's account (reflecting the hypothetical contributions and any deemed returns) are paid at the earlier of the participant's termination of employment or death. Each participant has the option of electing to be paid either a lump sum amount equal annual installments spread over a term, of five, ten, fifteen, or twenty years, or life annuity payments.

The hypothetical Company contributions for 2007, reflecting amounts credited to the Non-Qualified Supplemental Retirement Benefit Plan accounts of the executive officers, are included in the "All Other Compensation" amounts shown in the Summary Compensation Table below.

Non-Qualified Deferred Compensation Plan. The Committee adopted a Non-Qualified Deferred Compensation Plan of ITIC in June 2004. This plan is an unfunded defined contribution plan designed to provide additional retirement benefits on a tax deferred basis for select management or highly compensated employees. It is intended to promote long-term commitment by enhancing the participants' post-retirement financial security. The Committee determines the roster of plan participants on the basis of the significance of each employee's ability to influence the Company's objectives. Currently, each of the named executive officers participates.

For 2005 and subsequent years, the Deferred Compensation Plan permits each participant to elect annually to defer any portion of his cash compensation. The plan also provides that on or before December 31st of each year, beginning in 2004, the Company will make a hypothetical contribution to a participant's account under the plan equal to the amount that would have been contributed to the participant's Simplified Employee Pension Plan if the contributions to this plan were not limited under the federal tax laws.

Participant account balances (reflecting elective compensation deferrals, the hypothetical contributions, and any deemed returns) are paid at each participant's termination of employment in a lump sum.

The amounts credited to the Deferred Contribution accounts of the named executive officers reflecting the Company's hypothetical contributions are included in the "All Other Compensation" amounts shown in the Summary Compensation Table below.

18

The hypothetical Company contributions for 2007, reflecting amounts credited to the Deferred Compensation Plan accounts of the executive officers, are included in the "All Other Compensation" amounts shown in the Summary Compensation Table below.

Benefits Under Employment Agreements. ITIC has entered into employment agreements with the executive officers under which they are entitled to certain compensation and benefits, including severance benefits. These agreements are intended to provide employment security by specifying minimum base salaries and benefits. Additionally, under these agreements, the executive officers agree to certain non-competition and non-solicitation covenants. For additional information regarding these employment agreements see "*Summary Compensation Table – Employment Agreements*" below. For detailed information regarding severance benefits see "*Potential Payments Upon Termination or Change of Control*" below.

Potential Payments and Benefits Upon Change of Control. Under the employment agreements with the executive officers they are entitled to certain severance payments if they terminate employment because of a change of control, as well as a salary increase of 100% if a change in control does not result in termination of employment.

The arrangements were established because:

- it is in the best interests of the Company and its stockholders to assure that the company will have the continued dedication of the Company's executive officers notwithstanding the possibility, threat or occurrence of a change in control; and
- it is imperative to diminish the inevitable distraction to such executive officers by virtue of the personal uncertainties and risks created by a pending or threatened change in control.

For detailed information regarding severance benefits payable in connection with a termination because of a change in control see "*Potential Payments Upon Termination or Change in Control*" below.

Benefits and Perquisites. The Company provides all eligible employees, including the named executive officers, with a benefit program that the Committee believes is reasonable, competitive, and consistent with the overall objectives of the compensation program.

Our executive officers are eligible to participate in our group insurance program, which during 2007 included group health, dental, vision, life insurance, and long-term disability insurance. Other benefits offered during 2007 include a Simplified Employee Pension Plan, flexible spending accounts and a pretax premium plan, paid sick leave, paid holidays, and paid vacations.

As a matter of policy, the Committee does not award personal benefits or perquisites that are unrelated to the Company's business.

The Committee reviews and approves annually all benefits and perquisites paid to our executive officers.

Tax and Accounting Implications

Deductibility of Executive Compensation. As part of its role, the Committee reviews and considers the tax deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended, which provides that a public company is generally not entitled to deduct for Federal income tax purposes non-performance-based compensation paid to any of its executive officers in excess of \$1.0 million. Special rules apply for "performance-based" compensation, including the pre-approval of performance goals applicable to that compensation.

All compensation paid to our named executive officers in 2007, 2006, and 2005, was fully deductible for the purposes of Section 162(m). However, to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee has not adopted a policy that all compensation must be deductible for Federal income tax purposes.

Accounting for Stock-Based Compensation. Beginning on January 1, 2006, the Company began accounting for stock-based payments in accordance with the requirements of FASB Statement 123(R).

Summary Compensation Table

The table below summarizes the total compensation for each of the named executive officers for each of the fiscal years ended December 31, 2007 and December 31, 2006. When setting total compensation for the named executive officers, the Committee reviews tally sheets which show each executive's current compensation, including equity and non-equity based compensation.

Under these agreements, Messrs. Fine, Fine, Jr., and Fine would, upon termination, receive as severance certain payments as described under "*Potential Payments Upon Termination or Change of Control*" below. Potential Payments Upon Termination or Change of Control

The executive officers are entitled to severance payments and benefits under their employment agreements, as described above under “ - Summary Compensation Table - Employment Agreements,” and certain other agreements, as described below.

J. Allen Fine. Under Mr. J. Allen Fine’s employment agreement, if his employment is terminated due to his death, disability or retirement (following his 70th birthday), he is entitled to receive:

his then current base salary paid monthly for three years;

three annual payments paid on each of the first, second and third anniversaries of the termination date equal to his average bonus compensation during the preceding three years;

- accrued benefits under the Nonqualified Supplemental Retirement Benefit Plan and Nonqualified Deferred Compensation Plan;

- accelerated vesting in full of all his stock options;

- continued participation in the Company's health insurance plans by him and his wife at no expense until his death or, if later, his wife's death; and

- continued participation in the Company's health insurance plans by his dependent children at no expense until any such children are no longer dependent.

Under Mr. Fine's employment agreement, if his employment is terminated by the Company other than for "cause" or by him due to the Company's materially breaching the agreement ("i.e., good reason"), he is entitled to receive:

- his then current base salary paid monthly for five years;

- five annual payments paid on each of the first, second and third anniversaries of the termination date equal to his average bonus compensation during the preceding three years;

- accrued benefits under the Nonqualified Supplemental Retirement Benefit Plan and Nonqualified Deferred Compensation Plan;

- accelerated vesting in full of all his stock options; and

- continued health insurance coverage as described above.

Under Mr. Fine's employment agreement, if he terminates his employment because of a "change in control," he is entitled to receive:

- a lump sum payment equal to 2.99 times his then current base salary;

- a lump sum payment equal to 2.99 times his average bonus compensation during the preceding three years;

- accrued benefits under the Nonqualified Supplemental Retirement Benefit Plan and Nonqualified Deferred Compensation Plan;

- accelerated vesting in full of all his stock options; and

- continued health insurance coverage as described above.

If a change in control does not result in a termination of employment, Mr. Fine is entitled to a base salary increase of 100%.

If any portion of these payments and benefits, or payments and benefits under any other plan, agreement or arrangement, would constitute an "excess parachute payment" for purposes of the Internal Revenue Code, such payments and benefits payable under the agreement will be reduced until no portion thereof would fail to be deductible by reason of being "an excess parachute payment."

Under Mr. Fine's employment agreement, if his employment is terminated by the Company for "cause," he is entitled to receive:

- an amount equal to that amount he would have received as salary had he remained an employee until the later of the date of his termination and 30 days after notice of termination; and
- accrued benefits under the Nonqualified Supplemental Retirement Benefit Plan and Nonqualified Deferred Compensation Plan.

Under Mr. Fine's employment agreement, "cause" is defined as:

- the executive's conviction of, or plea of guilty or nolo contendere to, any crime involving dishonesty or moral turpitude;
 - the commission by executive of a fraud against the Company for which he is convicted;
- gross negligence or willful misconduct by executive with respect to the Company which causes material detriment to the Company;
 - the falsification or manipulation of any records of the Company;
- repudiation of the agreement by executive or executive's abandonment of employment with the Company;
- breach by executive of his confidentiality, non-competition or non-solicitation obligations under the agreement; or
- failure or refusal of executive to perform his duties with the Company or to implement or follow the policies or directions of the Board of Directors within 30 days after a written demand for performance is delivered to executive that specifically identifies the manner in which the Board of Directors believes that executive has not performed his duties or failed to implement or follow the policies or directions of the Board of Directors.

Under Mr. Fine's employment agreement, a "change in control" will occur if:

- any person or group acting in concert, other than the executive or his affiliates or immediate family members, is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company's outstanding shares entitled to vote for the election of directors;
- the directors serving at the time the agreement was entered into or any successor to any such director (and any additional director) who after such time (i) was nominated or selected by a majority of the directors serving at the time of his or her nomination or selection and (ii) who is not an "affiliate" or "associate" (as defined in Regulation 12B under the Securities Exchange Act of 1934) of any person who is the beneficial owner, directly or indirectly, of securities representing 50% or more of the combined voting power of the Company's outstanding shares entitled to vote for the election of directors, cease for any reason to constitute at least a majority of the Company's Board of Directors;
 - a sale of more than 50% of the Company's assets (measured in terms of monetary value) is consummated; or
- any merger, consolidation, or like business combination or reorganization of the Company is consummated that results in the occurrence of any event described above.

J. Allen Fine is also party to a Death Benefit Plan Agreement with the Company. Notwithstanding the payout provisions of Mr. Fine's employment agreement, the Death Benefit Plan Agreement provides that certain amounts payable under Mr. Fine's employment agreement in the event of his death will be paid in a lump sum within 60 days of his death to a beneficiary designated by Mr. Fine.

James A. Fine, Jr. and W. Morris Fine. The employment agreements of James A. Fine, Jr. and W. Morris Fine are substantially identical to J. Allen Fine's employment agreement, except that under their agreements (1) Messrs. Fine, Jr. and Fine are eligible to receive retirement benefits under their agreements after age 50, rather than age 70, and (2) following termination of employment by the Company other than for "cause" or by the executive due to a material breach by the Company of the agreement (i.e., "good reason") or because of a "change in control," they are entitled to cause the Company to transfer to them any life insurance policies owned by the Company on their lives.

James A. Fine, Jr. is also party to a Death Benefit Plan Agreement with the Company. Notwithstanding the payout provisions of Mr. Fine's employment agreement, the Death Benefit Plan Agreement provides that certain amounts payable under Mr. Fine's employment agreement in the event of his death will be paid in a lump sum within 60 days of his death to a beneficiary designated by him. Under the Death Benefit Plan Agreement, Mr. Fine's designated beneficiary would also be paid a lump sum amount equal to \$2,000,000,

· reduced by the following amounts that would be paid under Mr. Fine's employment agreement and the Supplement Retirement Plan in the event of his death:

(a) the Company's contributions to Mr. Fine's account under the Supplemental Retirement Plan;

(b) three times his then current base salary;

(c) three times his average bonus compensation during the preceding three years;

(d) the cost of continued participation in the Company's health insurance plans by him and his wife until his death or, if later, his wife's death; and

(e) the cost of continued participation in the Company's health insurance plans by his dependent children until any such children are no longer dependent; and

· increased by the amounts accrued on the Company's books as of the date of death for the payments described in items (a) through (e) above.

W. Morris Fine is not currently a party to a Death Benefit Plan Agreement; however, the Company anticipates entering into such an agreement with W. Morris Fine in 2008, which would be substantially similar to the Death Benefit Plan Agreement with James A. Fine, Jr.

Conditions to Receipt of Severance Benefits. Under each named executive officer's employment agreement, the Company's obligations to provide the executive with the severance benefits described above are contingent on:

· The executive's compliance with certain covenants with respect to confidential information;

· The executive's compliance with a two year non-competition covenant; and

· The executive's compliance with a two year non-solicitation covenant.

Pursuant to the policy, all related party transactions must be approved by either (1) a majority of the disinterested members of the Audit Committee of the Board of Directors or (2) a majority of independent and disinterested members of the Board of Directors. In either case, a related party transaction may not be approved by a single director. For purposes of the policy, the term "related party transaction" is defined as any transaction that is required to be disclosed in the Company's proxy statements or other filings with the SEC pursuant to Item 404(a) of Regulation S-K under the Securities Exchange Act of 1934 and any material "conflict of interest" transaction with a director, as that term is defined under the North Carolina Business Corporation Act.
