Item 8.01 Other Events.

Under interCLICK, Inc.'s (the "Company") final Prospectus dated August 31, 2009, each of Michael Brauser, Barry Honig and Michael Katz sold 2,000,000, 2,000,000 and 400,000 shares of common stock, respectively, beneficially owned by them. Messrs. Brauser and Honig have sold all shares that were registered. Mr. Katz has no present intent to sell any additional shares of common stock. In addition Messrs. Brauser and Honig each sold 250,000 shares of common stock under Rule 144 of the Securities Act of 1933. As a result of these sales, Messrs. Brauser, Honig and Katz now beneficially own 11.5%, 9.2% and 4.4%, respectively, of the Company's common stock.

On September 24, 2009, the Company adopted new Insider Trading guidelines, which precludes all employees, officers and directors from buying or selling any shares of common stock except during limited periods. Generally, these persons may only buy or sell shares during a period of time beginning one day after the Company announces (or otherwise publicly discloses) its earnings for the prior period and ending on the last day of that month. As a result, the trading window is expected to be open for about three weeks per quarter. Certain insiders and others may be precluded at other times due to possession of material non-public information.

Item 7.01 Regulation FD Disclosure.

The Company believes the sale of the Co-Chairmen's shares will improve the trading liquidity of the Company's common stock because it increases significantly the number of freely-tradable shares held by institutional investors. Institutional investors have expressed greater interest in obtaining unrestricted shares following the Company's release of its second quarter 2009 financial results on August 7, 2009, at which time management cited continued strong revenue momentum and anticipated improved profitability.
