Item 1.01 Entry into a Material Definitive Agreement.

Securities Purchase Agreements

On March 26, 2010, Senesco Technologies, Inc. (the “Company”) entered into two Purchase Agreements (the “Non-Affiliate Purchase Agreements”) between the Company and certain non-affiliated investors who are a party thereto (the “Non-Affiliated Investors”). On March 26, 2010, the Company also entered into a third Purchase Agreement (the “Affiliate Purchase Agreement”) between the Company and certain affiliated investors who are a party thereto (the “Affiliated Investors”). Collectively the Non-Affiliate Purchase Agreements and Affiliate Purchase Agreement shall be referred to herein as the “Purchase Agreements” and collectively the Non-Affiliated Investors and Affiliated Investors shall be referred to herein as the “Investors”. For purposes of this 8-K the private placements shall be referred to as the “Offering”. The respective Purchase Agreements contain substantially similar terms. It is anticipated that the Offering will bring gross proceeds to the Company in the amount of approximately \$11,497,000 and net proceeds to the Company in the amount of approximately \$10,800,000.

Pursuant to the Non-Affiliate Purchase Agreements, the Company agreed to issue to the Non-Affiliated Purchasers, in a private placement, an aggregate of approximately 10,297 shares of the Company’s 10% Series A Convertible Preferred Stock, par value \$0.01 per share (the “Series A Preferred Stock”), initially convertible into approximately 32,178,125 shares of the Company’s common stock, par value \$0.01 per share (the “Common Stock”), and (ii) immediately exercisable warrants to purchase up to approximately 32,178,125 shares of Common Stock for an aggregate offering price of approximately \$10,297,000.

Pursuant to the Affiliate Purchase Agreement, the Company agreed to issue to the Affiliate Purchasers, in a private placement, an aggregate of approximately 1,200 shares of the Company’s 10% Series B Convertible Preferred Stock, par value \$0.01 per share (the “Series B Preferred Stock”), initially convertible into approximately 3,750,000 shares of Common Stock, and (ii) immediately exercisable warrants to purchase up to approximately 3,750,000 shares of Common Stock for an aggregate offering price of approximately \$1,200,000. The Series B Preferred Stock will only be issued after the Company receives stockholder approval. Collectively, the Series A Preferred Stock and Series B Preferred Stock shall be referred to herein as the “Preferred Stock”.

In connection with the Offering, the Company has agreed to solicit shareholder approval of (i) the ability of the Investors to convert the Securities into common stock, which in the aggregate exceed 20% of our currently outstanding shares of common stock and (ii) the issuance of the Securities to the Affiliated Investors pursuant to the terms and conditions of the Affiliate Purchase Agreement at a stockholders’ meeting to be held as soon as possible (the “Stockholders’ Meeting”).

The Company anticipates that it will close on the Offering with the Non-Affiliate Purchasers within the next three days and, further, will close the Offering with the Affiliate Purchasers as soon as reasonably possible after the receipt of stockholder approval at the Shareholders’ Meeting.

All of the specific terms and conditions of the two Non-Affiliate Purchase Agreements and the Affiliate Purchase Agreement are set forth in the Form of Securities Purchase Agreement (Non-Affiliates), the Form of Securities Purchase Agreement (Non-Affiliates) and the Form of Securities Purchase Agreement (Affiliates) which are filed as Exhibits 10.2, 10.3 and 10.4, respectively, to this current report and incorporated herein by reference in their entirety.

## Warrants

Pursuant to the Purchase Agreements, the Company agreed to deliver each of a Series A Warrant to the Non-Affiliate Investors and a Series B Warrant to the Affiliate Investors (the “Warrants”). Each Warrant has an initial exercise price of \$0.35 per share of Common Stock. The Warrants are immediately exercisable, have a five year term and provide for weighted-average anti-dilution protection. The Series A Warrants are subject to a 19.99% blocker provision to comply with NYSE Amex Rules, which provisions will expire if the stockholders approve the Offering at the Stockholders’ Meeting. The Series B Warrants do not contain a blocker, as they will be issued only after the Company receives stockholder approval to issue such warrants. The Series A Warrants also contain an provision which limits the holders beneficial ownership to a maximum of 4.99% (which percentage may be increased to 9.99% upon 60 days notice to the Company).

All of the specific terms and conditions of the Warrants are set forth in the Form of Series A Common Stock Purchase Warrant and the Form of Series B Common Stock Purchase Warrant which are filed as Exhibits 4.1 and 4.2, respectively, to this current report and incorporated herein by reference in their entirety.

## Registration Rights Agreement

The Company also entered into a Registration Rights Agreement dated as of March 26, 2010, by and among the Company and the Non-Affiliate Investors only (the “Registration Rights Agreement”). The Affiliate Investors are not a party to the Registration Rights Agreement. Pursuant to the Registration Rights Agreement, the Company has agreed to file a registration statement (the “Registration Statement”) with the Securities and Exchange Commission within, except for certain limited exceptions, 30 days of closing the Offering (the “Filing Deadline”) to register the shares of Common Stock issuable upon conversion or exercise of the shares of Series A Preferred Stock and the Warrants, as the case may be (collectively, the “Underlying Shares”). In the event the Company does not file the Registration Statement on or before the Filing Deadline, the Company will be required to pay liquidated damages in an amount equal to 1% of the aggregate amount purchase price paid by the holder for any unregistered securities then held by such Investor up to a maximum of 3%. The Company must file additional registration statements until all of the securities may be sold pursuant to an effective registration statement or the securities become eligible for sale under Rule 144 of the Securities Act (as defined below). All of the specific terms and conditions of the Registration Rights Agreement are set forth in the Form of Registration Rights Agreement which is filed as Exhibit 10.1 to this current report and incorporated herein by reference in its entirety.

## Placement Agent Warrants

In connection with the Non-Affiliate Purchase Agreement filed as Exhibit 10.2 to this current report and as partial compensation for its placement agent services related to such Non-Affiliate Purchase Agreement, the Company will issue to Ladenburg Thalmann & Co. (which acted as exclusive placement agent for a portion of this Offering represented by such Non-Affiliate Purchase Agreement) a warrant initially exercisable to purchase up to approximately 929,688 shares of Common Stock at an exercise price of \$0.35 per share of Common Stock ( the “Placement Agent Warrant”).

## Additional Warrant

The Company will also issue a warrant initially exercisable to purchase up to approximately 103,125 shares of Common Stock at an exercise price of \$0.35 per share of Common Stock to Midtown Partners & Co. LLC as part of a tail coverage fee in connection with the Offering( the “Tail Warrant”).
