TABLE OF CONTENTS**II. ELECTION OF DIRECTORS**

The Company's Board of Directors is comprised of a single class. The directors are elected at the Annual Meeting of the Stockholders of the Company and each director elected holds office until his or her successor is elected and qualified. The Board currently consists of five members. The stockholders will vote at the 2011 Annual Meeting for the election of all five directors for the one-year term expiring at the Annual Meeting of Stockholders in 2012. There are no family relationships among any directors or executive officers of the Company.

The persons named in the enclosed proxy will vote for the election of the nominees named below unless authority to vote is withheld. All nominees have consented to serve if elected. In the event that any of the nominees should be unable to serve, the persons named in the proxy will vote for such substitute nominee or nominees as they, in their discretion, shall determine. The Board of Directors has no reason to believe that any nominee named herein will be unable to serve.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR EACH OF THE NOMINEES NAMED BELOW. IF YOU SIGN AND RETURN THE PROXY CARD AND DO NOT SPECIFY OTHERWISE, WE WILL VOTE YOUR SHARES FOR THE ELECTION OF THE FIVE NOMINEES LISTED BELOW.

The biographies of each of the nominees and continuing directors below contains information regarding the person's service as a director, business experience, director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the Governance and Nominating Committee and the Board to determine that the person should serve as a director for the Company beginning in 2011.

The Governance and Nominating Committee does not have a fixed process for identifying and evaluating potential candidates to be nominees for directors, and there is no fixed set of qualifications that candidates must satisfy to be considered. The Governance and Nominating Committee has the flexibility to consider any factors as it deems appropriate. These factors may include education, diversity, experience in the Company's industry, the interplay of the candidate's experience with that of other members of the Board of Directors, and the extent to which the candidate would be a desirable addition to the Board of Directors and to any of the committees of the Board of Directors. The Governance and Nominating Committee will evaluate nominees for directors submitted by shareholders in the same manner in which it evaluates other director nominees. No shareholder has properly nominated anyone for election as a director at the Annual Meeting.

Commission in its complaint involved less than one percent of the securities of Kaye Group beneficially owned by Mr. Weil and less than one-tenth of one percent of the Kaye Group's outstanding shares. Mr. Weil consented to the entry of a final judgment of permanent injunction and other relief, including disgorgement of alleged profits in the amount of \$47,000 and civil penalties of a like amount, but did not admit to nor deny any of the allegations in the Commission's complaint.

Board of Director Independence

The Board has determined that each of the current Directors other than Mr. Refsland is independent within the meaning of the Company's director independence standards, which reflect the Nasdaq Stock Market director independence standards, as currently in effect. Furthermore, the Board has determined that each of the members of each of the committees is independent within the meaning of the Sarbanes-Oxley Act of 2002 (Audit Committee) and the Nasdaq Stock Market committee independence standards (Audit, Compensation and Nominating/Corporate Governance Committees).

Board Structure Committees of the Board

Board Structure

The Board believes that having an independent Chairman of the Board is in the best interest of stockholders. An independent Chairman ensures a greater role for the independent directors in the oversight of the Company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of the Board.

The Board is actively involved in overseeing the Company's management of risk. This oversight is conducted primarily through committees of the Board, as described below. The full Board has retained responsibility for general oversight of risks. The Board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company.

The Board of Directors of the Company held four meetings during the fiscal year ended June 30, 2011. The Board of Directors presently maintains a Compensation Committee, an Audit Committee and a Governance and Nominating Committee.

Committees of the Board

The Compensation Committee consists of Messrs. Weil, Root, Peck and Madam Graves. This committee reviews and approves the Company's executive compensation policy, administers the Company's incentive compensation bonus plan and makes recommendations concerning the Company's employee benefit policies and stock option plans in effect from time to time. The Compensation Committee held one meeting during the fiscal year ended June 30, 2011.

The Compensation Committee does not have a charter, but in the course of performing its duties, the committee adheres to the Company's Corporate Governance Principles, a copy of which is available on the Company's website: www.alliedhpi.com.

The Compensation Committee is responsible for overseeing management of risks relating to the Company's compensation and benefits systems. To assist it in satisfying these oversight responsibilities, the Committee may

retain its own compensation consultant and hold meetings with management and with outside counsel to understand the financial, human resources and stockholder implications of compensation decisions being made. In fiscal year 2011, the Committee did not engage any consultant to provide advice or services related to compensation of the Company's named executive officers.

The Audit Committee consists of Messrs. Weil, Root, Peck and Madam Graves. The Charter for the Audit Committee is available on the Company's web site: www.alliedhpi.com. This committee recommends engagement of the Company's independent auditors and is primarily responsible for approving the services performed by the Company's independent auditors. This committee is also responsible for reviewing and evaluating the Company's accounting principles and its systems of internal accounting controls and overseeing the management of risks related to these activities. The Audit Committee held two meetings during the fiscal year ended June 30, 2011. The Board of Directors has determined that nominees for director should meet all the criteria that have been established by the Board of Directors and the Nomination, Compensation and

TABLE OF CONTENTS

Governance Committee for board membership and not just have certain specific qualities or skills, such as those that would qualify a nominee as an audit committee financial expert. Accordingly, the Board of Directors believes that it is not in the best interests of the Company to nominate as a director someone who does not have all the experience, attributes and qualifications sought. The Audit Committee consists of three independent directors, each of whom has been selected for the Audit Committee by the Board of Directors based on its determination that they are fully qualified to monitor the performance of management, internal accounting operations and the independent public accountants, and are fully qualified to monitor the disclosures of the Company to the end that they fairly present its financial condition and results of operations. Although one or more of the members of the Audit Committee meets, in the Company's opinion, the SEC definition of an audit committee financial expert, the Board of Directors has decided not to designate any one of them as such. In addition, the Audit Committee has the ability on its own to retain other independent public accountants or other consultants whenever it deems appropriate. The Board of Directors believes that this is fully equivalent to having an audit committee financial expert on the Audit Committee.

The Governance and Nominating Committee consists of Messrs. Weil, Root, Peck and Madam Graves. This committee recommends nominees to fill vacancies on the Board of Directors. The Governance and Nominating Committee did not hold a meeting during the fiscal year ended June 30, 2011. The Governance and Nominating Committee will consider nominees submitted by stockholders for inclusion on the recommended list of nominees submitted by the Company and voted on at the Annual Meeting of Stockholders if such nominations were submitted in writing to the Company's headquarters Attention: Governance and Nominating Committee, no later than June 1 in the year of such Annual Meeting of Stockholders. The Governance and Nominating Committee does not have a charter, but in the course of performing its duties, the committee adheres to the Company's Corporate Governance Principles, a copy of which is available on the Company's website: www.alliedhpi.com.

Compensation of Directors

Each director who is not an employee of the Company is entitled to receive an annual fee of \$20,000 for his services as a director and additional fees of \$1,000 for attendance at each meeting of the Board of Directors and \$350 for attendance at each meeting of committees of the Board of Directors. The Audit Committee Chairman is entitled to receive an additional annual fee of \$1,000. Directors are also entitled to reimbursement for their expenses in attending meetings.

In 1995, the Company's stockholders approved and adopted the 1995 Stock Option Plan for Directors (the 1995 Directors' Plan). The 1995 Directors' Plan granted options to non-employee directors on a formula basis at the time of initial election to the board, for service on certain board committees and for reelection to the board. Options outstanding under the 1995 Directors' Plan are subject to adjustment in the event of a reorganization, merger, consolidation, stock split, dividend payable in Common Stock, split-up, combination or other exchange of shares. The options are treated as non-qualified options for federal income tax purposes such that any value in the option is taxable as ordinary income as of the date of exercise. The purchase price for shares of Common Stock to be purchased upon the exercise of options is equal to the last reported sales price per share of Common Stock on the Nasdaq National Market on the date of grant (or the last reported sales price on such other exchange or market on which the Common Stock is traded from time to time).

As adopted, the 1995 Directors' Plan was intended to provide formula awards in accordance with certain then-applicable exemptive rules of the SEC and is administered by the Board of Directors, which may delegate administration thereof to a committee of the Board. The 1995 Directors' Plan expired in accordance with its terms prior to the 2005 Annual Meeting of Stockholders. Options generally expire ten years from date of grant and the expiration of the 1995 Directors' Plan had no impact on outstanding options.

Pursuant to the express terms of the 1995 Directors Plan, options to purchase 10,000 shares of Common Stock were granted to an eligible director on the date such person was first elected to the Board of Directors of the Company. An option to purchase an additional 5,000 shares of Common stock is granted to each eligible director on the date such person is first elected to serve as Chairman of the Board of the Company.

TABLE OF CONTENTS

These options may not be exercised for a period of two years from the date of grant and thereafter become exercisable on a cumulative basis in 25% increments beginning on the second anniversary of the date of grant and concluding on the fifth anniversary thereof.

In addition, the 1995 Directors Plan provided that options to purchase 1,000 shares of Common Stock were granted to each eligible director on the date such person is re-elected to the Board of Directors by the vote of the stockholders, at the annual or other meeting at which directors are elected, and that options to purchase 500 shares of Common Stock are granted to each eligible director on the date such person is elected or re-elected to serve as Chairman of a Committee maintained by the Board of Directors from time to time. These options may not be exercised for a period of one year from the date of grant and thereafter are exercisable in full.

Following termination of the 1995 Directors Plan, the Board adopted and the stockholders approved at the 2006 Annual Meeting, the Allied Healthcare Products Inc. Incentive Stock Plan for Non-Employee Directors (the 2005 Directors Plan). That Plan permits the Board discretion in continuing formula stock option grants on the basis used in the 1995 Directors Plan or alternative forms of equity interests as discussed below.

(1) Additional information about the assumptions used when valuing equity awards is set forth in our Annual Report on Form 10-K in the Notes to Consolidated Financial Statements for those fiscal years.

Indemnification and Limitation of Liability

The Company's Amended and Restated Certificate of Incorporation provides that the Company's directors are not liable to the Company or its stockholders for monetary damages for breach of their fiduciary duties, except under certain circumstances, including breach of the director's duty of loyalty, acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law or any transaction from which the director derived improper personal benefit. The Company's By-laws provide for the indemnification of the Company's directors and officers, to the full extent permitted by the Delaware General Corporation Law. The company also has indemnification agreements with each officer and director providing for contractual indemnification substantially similar in scope to

the provisions of the By-Laws.

III. RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (Proposal A)

The Company engaged RubinBrown LLP to audit the Company's financial statements for the fiscal year ended June 30, 2011. Representatives of RubinBrown LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Audit Committee has selected RubinBrown LLP to be the independent registered public accounting firm for fiscal year ending June 30, 2012 and recommends that the stockholders ratify the appointment of the

7

TABLE OF CONTENTS

accounting firm. Although stockholder approval is not required by law, the appointment is submitted by the Audit Committee of the Board of Directors in order to give the stockholder a voice in the designation of auditors. If the stockholder do not ratify the selection of RubinBrown LLP, the Audit Committee will review the selection of the independent registered public accounting firm. Even if the resolution is approved, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that a change would be in the best interest of the Company and its stockholder.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF RUBINBROWN LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

IV. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding beneficial ownership of our directors and executive officers and all persons known to the Company to be the beneficial owners of more than five percent of the Company s Common Stock as of September 30, 2011, based upon filings by such persons with the SEC under applicable provisions of the federal securities laws. As of the close of business on September 30, 2011, there were 8,124,386 shares of Common

Stock outstanding. Shares of common stock subject to options and warrants that are currently exercisable or exercisable within 60 days of September 30, 2011 are considered outstanding and beneficially owned by the person holding the options or warrants for the purposes of computing beneficial ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person. To our knowledge, except as set forth in the footnotes to this table and subject to applicable community property laws where applicable, each person named in the table has sole voting and investment power with respect to the shares set forth opposite such person s name. Except as otherwise indicated, the address of each of the persons in this table is the address of the Company s headquarters.

Name and address of Beneficial Owner	Shares Owned Beneficially	Percent of Outstanding Shares

VI. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis.

Compensation Committee.

The Compensation Committee, composed entirely of non-employee members of the Board of Directors, reviews, recommends and approves changes to the Company's compensation policies and program for the chief executive officer, other senior executives and certain key employees. In addition to the delegated authority in areas of compensation, the Committee administers the Company's stock option plans and agreements and recommends to the Board of Directors annual or other grants to be made in connection therewith.

In the Committee's discharge of its responsibilities, it considers the compensation, primarily of the chief executive officer and the Company's other executive officers, and sets overall policy and considers in general the basis of the levels of compensation of other key employees.

Policy and Objectives.

Recognizing its role as a key representative of the stockholders, the Committee seeks to promote the interests of stockholders by attempting to align management's remuneration, benefits and perquisites with the economic well being of the Company. Basically, the Committee seeks the successful implementation of the Company's business strategy by attracting and retaining talented managers motivated to accomplish these stated objectives. Since the achievement of operational objectives should, over time, represent the primary determinant of share price, the Committee links elements of compensation of executive officers and certain key employees with the Company's operating performance. In this way, objectives under a variety of compensation programs should eventually reflect the overall performance of the Company. By adherence to the above program, the compensation process should enhance stockholder value. The Committee attempts to be fair and competitive in its views of compensation. Thus, rewards involve both business and individual performance.

Components of Compensation

The Company offers the following compensation and employee benefits to those executive officers whose names appear in the Summary Compensation Table below (collectively, our "Named Executive Officers" or "NEOs"):

Base Salary

Base salaries for the chief executive officer, as well as other executive officers of the Company, are determined primarily based on performance. Generally, the performance of each executive officer is evaluated annually and salary adjustments are based on various factors including revenue growth, earnings per share improvement, increases in cash flow, new product development, market appreciation for publicly traded securities, reduction of debt and personal performance. In addition, the Committee compares salary data for similar positions in companies that match the Company's size in sales and earnings and utilizes such data as a factor in setting base salaries. Specific reference is made to compensation market studies published by Salaries.com. The Committee approves base salary adjustments for the executive officers, including the chief executive officer. In fiscal year 2011, the Committee increased the base compensation of each of its NEOs, other than Mr. Refsland, by \$4,000 and \$12,000. Mr. Refsland received no

increase in base compensation for fiscal 2011.

Mr. Refsland's Base Salary and Changes. Mr. Refsland's employment agreement currently calls for an annual base salary of \$415,000 plus participation in incentive awards (in cash or securities) as may be granted in the Board's discretion upon recommendations or approvals by the Compensation Committee. The Annual Salary may be increased in future periods but may not be reduced below \$415,000 without Mr. Refsland's consent.

11

TABLE OF CONTENTS

For potential base salary changes for Mr. Refsland, the Compensation Committee reviews Mr. Refsland's performance.

The review includes, but is not necessarily limited to, leadership competencies and other core values, executive retention results, and other contributions toward achievement of the Company's strategic plan and objectives. The Committee also takes into account other considerations such as Mr. Refsland's base salary history and its relationship to that of other NEOs, as well as the competitive position of his base salary compared to the peer group. Except in connection with the negotiation of his employment agreement, Mr. Refsland has not had any direct input to the Compensation Committee relative to increases in his base salary.

Incentive Compensation

Cash Incentive Compensation. Historically, to reward achievement of financial performance goals during the fiscal year, the chief executive officer and other NEOs are eligible for annual cash bonuses. The actual amount of incentive compensation paid to each executive officer is predicated on an assessment of each participant's relative role in achieving the annual financial objectives of the Company as well as each such person's contributions of a strategic nature in maximizing stockholder value.

The Compensation Committee has determined that there will be no cash incentive compensation awarded in fiscal year 2011. Further, as indicated in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below, no awards of cash incentive compensation were earned or paid to our NEOs for fiscal years 2010, and 2009.

Stock-Based Incentive Compensation. The Company's 1999 Incentive Stock Option Plan (the 1999 Plan) expired in June 30, 2009. The Compensation Committee approved the 2009 Stock Incentive Plan (the 2009 Plan) as a replacement for the 1999 Plan and the stockholders approved it at the 2009 Annual Meeting. The 2009 Plan authorizes the Company to grant equity based awards in the form of stock options. Officers, employees, and non-employee directors of the Company, its subsidiaries and affiliates are eligible to participate in the Plan. Our incentive stock plans provide a long-term incentive program for the chief executive officer, other executive officers and certain other key employees. The basic objective of these plans is the specific and solid alignment of executive and stockholder interests by forging a direct relationship between this element of compensation and the stockholders' level of return. These programs represent a desire by the Company to permit executives and other key employees to obtain an ownership position and a proprietary interest in the Company's Common Stock. Awards under our plans are generally made to executive staff upon hiring and are reviewed periodically, but not annually, thereafter. Awards under the plans are intended to provide a longer term incentive to performance.

We set the grant date of any award made by the Company to be the date of the Board meeting at which such award was approved, and the grant price is determined in a manner which will not subject the Company, the grantee or the compensation at issue to any tax, interest or penalties under Section 409A of the Internal Revenue Code of 1986, as amended. Section 409A will not impose such taxes if the award is priced based on the closing price of our stock on the Nasdaq Global Market on the date of the grant or the trading day immediately preceding the grant date. We do not have a program, plan or practice of timing equity award grants in conjunction with the release of material non-public information.

No stock incentives were granted in 2011.

Please see the Option Awards column of the Summary Compensation Table below, and the columns related to equity awards of the Grants of Plan-Based Awards Table below, and the entire Outstanding Equity Awards as of June 30, 2011 table below for more information on the stock based portion of incentive compensation we pay to our NEOs.

Since the end of the 2011 fiscal year, the Company has made a grant of options, in the amount of 15,000 shares each, to each of Mr. Rosentrator and Mr. Dunn. Each such grant was made on August 25, 2011 and have a strike price of \$3.50 per share. The grants were immediately vested as to one third of the options granted. The remaining two thirds of the grants will vest pro rata on the first and second anniversaries of the grant date.

TABLE OF CONTENTS

Post-Termination Compensation And Benefits

We maintain a qualified 401(k) savings plan for most salaried employees. Subject to a maximum the IRS sets annually (\$16,500 for calendar 2010), participants in our 401(k) savings plan may contribute between 1% and 60% of their compensation to their savings plan accounts. The Company's contribution consists of a 2% match of participants contributions, currently 2% (on the first 8% of the employee's contribution), and an additional 2% on the participants annual compensation. All contributions vest immediately. At termination, the vested balances under a qualified 401(k) saving plan become available to the terminated participant.

An executive must be employed with the Company at the time the measurement is made for the receipt of any incentive awards. An executive who terminates employment prior to the measurement date for an award (other than for retirement) forfeits all rights to the award. For executives who terminate employment prior to retirement age, unvested grants of stock options are forfeited.

The Company has entered into agreements with Mr. Refsland and other key executives, including the NEOs, granting them payments upon a change of control of the Company. These arrangements are intended to promote stability and continuity of senior management. Information on applicable payments under such agreements for NEOs is contained under the heading "Severance and Change in Control Benefits" below.

Our incentive stock plans also generally provide that, unless otherwise provided in connection with the specific grant of an option, shares of the Company's stock acquired upon exercise of an option are subject to redemption by the Company at a price equal to the exercise price paid by the grantee in the event that the employee holding such shares, within six (6) months of terminating employment with the Company, commences employment which the Compensation Committee reasonably believes, in its discretion, to be competitive with the Company or in violation of any employment or other agreement between the Company and such employee. This provision is intended to discourage grantees of stock options from going to work for competitors. The Company's redemption right, however, is (a) only applicable to shares acquired upon exercise of the option occurring within six (6) months prior to such grantee's termination of employment with the Company and (b) not applicable if the termination of employment occurs at the election of the employee following a change of control of the Company.

We believe these programs further our goal of attracting and retaining top executive talent, and serve to encourage executives to make long-term career commitments to us.

Compensation Policies and Practices

Compensation Recoupment: Adjustments Based On Prior Awards. Inasmuch as our cash incentive compensation program does not include a deferred payment feature, we do not have a policy that requires the adjustment or recovery of awards or payments made to our executive officers if the performance measures on which such awards or payments were based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment.

Perquisites And Employee Benefits. We provide our NEOs with certain employee benefits that are generally available to all salaried employees including Company-paid group term life insurance equal to two times annual cash compensation excluding bonuses, Company contributions up to 4% to a 401(k) savings plan, medical and dental plans. In addition, we provide certain of our NEOs with a Company-leased automobile, including automobile insurance, with a total lease value that varies by executive level. We believe these benefits further our goal of attracting and retaining top executive talent. For more detail on these benefits, please see the "All Other Compensation" column of the Summary Compensation Table below.

In March 2007, the Company entered into an employment contract with Mr. Refsland. The employment contract was amended and restated in December 2009 to comply with Section 409A of the Internal Revenue Code of 1986, as amended. The agreement was initially for a three-year term, which expired in March 2010, after which point it became subject to annual renewals.

The agreement provides that Mr. Refsland will serve as President and Chief Executive Officer. The agreement may be terminated by the Company in the event of Mr. Refsland's death or disability or unilaterally with or without Cause (as defined in the agreement).

Good Reason generally includes changes in the scope of his duties or location of employment but also includes (i) the Company's written election not to renew the Employment Agreement and (ii) certain voluntary resignations by Mr. Refsland following a Change of Control as defined in the Agreement. A Change of Control means:

Weil) of beneficial ownership of more than fifty percent (50%) of the outstanding common stock of the Company (as beneficial ownership is determined under Section 13(d) of the Securities Exchange Act); or
- (b) a merger or consolidation with another company or entity (regardless of whether the Company or another entity is the surviving or resulting entity of such merger or consolidation) other than a merger or consolidation in which immediately upon giving effect to such merger or consolidation, the persons who were holders of the common stock of the Company immediately prior thereto continue to be the holders of at least sixty percent (60%) of the surviving or resulting entity; or

Stockholders who want to communicate with the Board of Directors or any of its committees may do so by addressing their correspondence to the board member or members, c/o the Secretary, Allied Healthcare Products, Inc., 1720 Sublette Avenue, St. Louis, Missouri 63110.

Code Of Ethics And Conduct Guidelines

The Company has adopted a Code of Ethics and Conduct Guidelines that is applicable to all employees of the Company, including the principal executive officer, the principal financial officer and the principal accounting officer and controller, as well as the members of the Board of Directors. The Code of Ethics and Conduct Guidelines is available on the Company's website at www.alliedhpi.com. A copy may also be obtained from the Corporate Secretary at Allied Healthcare Products, Inc., 1720 Sublette Avenue, St. Louis, Missouri 63110. The Company intends to post any amendments to or waivers from its Code of Ethics and Conduct Guidelines (to the extent applicable to the Company's chief executive officer, principal financial officer, principal accounting officer and controller or any other officer or director) at this location on its website.

Ethics Hotline

The Company encourages employees to report possible ethical issues. The Company maintains an ethics hotline that is available 24 hours a day, seven days a week to receive reports of ethical concerns or incidents, including, without limitation, concerns about accounting, internal controls or auditing matters. The ethics hotline number can be found on the Company's intranet. All such calls are received independently and are referred to the chairman of the audit committee for investigation and disposition where warranted. The Company prohibits retaliatory action against any employee for raising legitimate concerns or questions regarding ethical matters, or for reporting suspected violations of the Company's Code of Ethics and Conduct Guidelines.

Householding Of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly

referred to householding, potentially means extra convenience for stockholders and cost savings for companies.

The Company may household the Company's Proxy Statement and Annual Report. A single proxy statement and annual report will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. The Company will deliver promptly upon written or oral requests a separate copy of the annual report or proxy statement to a security holder at a shared address to which a single copy of the document was delivered. If, at any time, a stockholder no longer wishes to participate in householding and would prefer to receive a separate proxy statement and annual report, the affected stockholder may contact Stockholder Relations at 1720 Sublette Avenue, St. Louis, Missouri 63110. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should also contact the Chief Financial Officer as indicated in the preceding sentence.
