Item 1.01 Entry into a Material Definitive Agreement.

On December 30, 2011, MuniMae TEI Holdings, LLC (the "Purchaser"), a subsidiary of Municipal Mortgage & Equity, LLC (the "Company"), entered into a junior subordinated securities purchase agreement (the "Purchase Agreement") with the holders of junior subordinated securities due May 3, 2034 (the "Securities") issued by MMA Financial Holdings, Inc. ("MFH"), another subsidiary of the Company, under a junior subordinated indenture (the "Indenture") dated as of July 31, 2009 between MFH and Wilmington Trust Company, as Trustee.

Also on December 30, 2011, MFH obtained the consent (the "Consent") of the holders of the Securities to a proposed supplemental indenture to the Indenture.

Under the terms of the Purchase Agreement and the Consent, the Purchaser has agreed to purchase from the holders of the Securities, and the holders have agreed to sell to the Purchaser \$20,000,000 of the \$58,420,000 in Securities outstanding under the Indenture for a cash purchase price of \$5,000,000. The holders have further agreed to an amendment to the Indenture which will extend the period during which interest is payable on the Securities at the reduced rate of 0.75% per annum so that it extends to February 2014 rather than the current date in February 2012, which significantly reduces the Company's cash outflows over the next two years. An amount equal to the interest foregone as a result of this extension will be added to the principal amount of Securities outstanding.

For financial reporting purposes, the transaction will have the following effects. On the settlement date, the Company will reduce the carrying value of its debt by the amount of cash paid to the Securities' holders. The remaining \$15,000,000 reduction in principal resulting from the discounted purchase, as well as the \$6,723,500 increase in principal resulting from the foregone interest will be recognized over the remaining life of the Securities consistent with troubled debt restructurings. This will result in an \$8,276,500 increase in common shareholder equity over the remaining life of the Securities. In addition, because the reduction in principal from the purchase exceeds the increase to principal from the foregone interest, the Company will accrue and pay significantly less interest expense over the remaining life of the Securities.

After the interest payment date in February 2014, the interest rate on the Securities will reset to a rate of 9.5% per annum until May 5, 2014 and (ii) after May 5, 2014 a rate, determined on each interest payment date for the period ending on the next interest payment date, which is equal to the greater of (a) 9.5% per annum or (b) the rate per annum which is equal to 6.00% plus the U.S. Treasury Rate.

The Securities will remain guaranteed by the Company as before.

It is anticipated that the purchase and sale and the entry into the supplemental indenture described above will settle prior to January 31, 2012.
