IMPORTANT PROXY MATERIAL

YOUR VOTE IS REQUESTED

May 15, 2012

55 Edison Avenue

West Babylon, New York 11704

Dear Fellow Shareholder,

By now you should have received our proxy materials in connection with the 2012 Annual Meeting of Shareholders of Power REIT. In addition to the material that you have previously received, the Trust recently released on our website an investor presentation describing our growth plans and key milestones achieved in 2011-12.

The Trust is aware that Mr. Paul M. Dorsey (“Dorsey”), a shareholder holding 1,000 common shares (0.06% of all our outstanding shares), together with three individuals who do not own any stock of the Trust (the “Dorsey Group”), has filed a dissident proxy statement contesting Board of Trustee’s recommendations and nominees.

The Dorsey Group is attempting to take control of your

Company without a meaningful ownership stake.

Dorsey tried to start a proxy contest last year, with a different slate of director nominees and a different business strategy. His unsuccessful campaign last year resulted in the Trust incurring expenses of approximately \$40,000. Dorsey's campaign this year is as lacking in merit as last year's. Their proxy materials are yet again filled with defamatory and untrue statements, no fundamentally sound business plan, and no management team. Dorsey's materials are also laden with potential conflicts of interest that could damage the value of your company. The Trust has hired Alliance Advisors as its proxy solicitation firm and believes that the total costs of the proxy contest this year may exceed \$40,000, approximately half of which may be paid to our proxy solicitation firm in connection with advice related to the contest.

Do not be misled by the Dorsey Group and their selfish agenda.

Your Trust is committed to increasing shareholder value for **all** investors. We believe our business plan is a prudent approach and will increase dividends per share. We have summarized these plans and milestones below and encourage you to review the presentation on the Investor Relations page of our website, www.pwreit.com or call us at 212-750-0373 to speak with us about the proxy process or other questions you may have.

Send the Dorsey group a strong message and vote on THE BOARD OF TRUSTEES's enclosed proxy card FOR the Trust's nominees.

Growth Business Plan

Key Highlights of Power REIT's Investor Presentation and Business Plan

Growth Business Plan. Our business plan and reorganization efforts are designed to enable the company to grow its revenues for the first time since the company's IPO in 1967 and increase its cash-flow and dividends per share.

Infrastructure Business Plan. Management intends to acquire real-estate assets, such as land, leasehold interests and related infrastructure related to renewable energy. The targeted investments will typically receive rent from lessees that have long-term revenue contracts with investment grade, regulated utilities.

Targeting Investment Risk Profile Similar to Existing Railroad Asset. The risk profile of our investment plan is not dissimilar to our existing investment in the Pittsburgh & West Virginia Railroad, which is currently leased to Norfolk Southern Corporation. Power REIT will seek to invest in real assets that will have long-term, predictable lease payments backed by revenue contracts with regulated utilities that have strong credit ratings.

Key Milestones Achieved During 2011-2. Your Trust has achieved several milestones over the last 18 months, including:

1. Completed a corporate reorganization to conform to the market standard corporate structure for real estate investment trusts;
2. Filed a "shelf registration statement" with the SEC to enable us to raise additional capital in an efficient manner and to the extent necessary as transaction opportunities arise over time;

3. Undertaken thorough review of the railroad lease with Norfolk Southern Corporation. Historically the lease had been passively administered by past management of the Trust and was not reviewed for lessee compliance, to the detriment of the Trust. Management is actively seeking to protect its contractual rights under the railroad lease.

Experienced Management Team and Board of Trustees. Collectively, our nominees and your Trust's management team have over 100 years of investment banking, real-estate, public REIT management and asset finance experience. We believe the Trust benefits from that experience as it seeks to grow in a prudent manner, while creating shareholder value through increased revenues, cash-flow and dividends per share.

Long-term Alignment of Interests. Management and trustees own approximately 9.9% of the company's shares. This provides significant alignment of interests. Further, our CEO has been working for no salary since 2011 and our VP

Edgar Filing: Power REIT - Form DEFA14A

of Business Development has been working for the Trust at a significantly below market salary. The Compensation Committee, which consists of independent trustees, has designed an Equity Incentive Plan that will enable the Trust to provide long-term compensation that will further align the interests of management. The Compensation Committee believes that prudent long-term incentive compensation will serve shareholders well and will provide the Trust with the ability to attract and retain talent.

Concerns with Dorsey Proxy Statement

The Trust has substantial concerns with the Dorsey Group's proxy statement ("Dorsey Statement"):

Defamatory and Untrue Statements. The bulk of the Dorsey Statement consists of untrue and defamatory statements about the current board and its Chairman and CEO, David H. Lesser. The mis-description of Mr. Lesser's business history in the Dorsey Statement is a sad joke. Mr. Lesser has a long and distinguished business career and has created substantial shareholder value over his two decade career within real estate and the REIT markets. He sponsored the formative transaction that formed Keystone Property Trust (NYSE: KTR) in 1997 through his investment company Hudson Bay Partners; KTR's stock price rose from approximately \$11/share at the time of the formative transaction to \$23.80 when it was sold to Prologis (NYSE:PLD) in 2004. During that period, dividends per share increased and substantial shareholder value was created for original and new investors, including for Hudson Bay Partners, which invested a substantial amount of capital in the transaction. Mr. Lesser has also invested in numerous other situations, including distressed debt, and has substantial experience extracting and realizing value from both financial and hard assets. All of these skills and experiences have been and will continue to be beneficial to the Trust as it seeks to grow its business and increased dividends.

Dorsey Group Lacks Business Experience and Judgment. The Dorsey Group's proxy statement articulates no clear business plan or business purpose and demonstrates a basic lack of knowledge of real estate, real estate investment trusts and the existing railroad asset. The Dorsey Group has issues with "prudent leverage" and demonstrates lack of familiarity with the real estate market and how real estate is financed. Further, it appears that the Dorsey Group would stray from infrastructure assets and investment grade focus of the current management team and move into other real estate assets. This would be a travesty, given the historical background of the company, and would squander the current opportunity for the Trust to acquire additional real estate tied to infrastructure and with a similar credit story to our existing railroad asset.

Lack of Share Ownership and Mis-Alignment of Interests. Other than Mr. Paul Dorsey, who owns 1,000 shares (0.06%) of the Trust, the other three Dorsey nominees own zero shares (0.00%). Lack of financial ownership results in a lack of interest in the financial health and success of the Trust. This misalignment of interests was demonstrated by the previous management team, which also had less than 1.0% ownership in the company and did absolutely nothing for the company in the 40+ years of their management. Rather, the previous management (with whom Mr. Dorsey had aligned himself -- Mr. Dorsey nominated the former president in his failed 2011 proxy slate), oversaw substantial shareholder value degradation through lack of a growth business plan and possible mismanagement of the railroad lease with Norfolk Southern Corporation, which we believe resulted in substantial value being improperly received by Norfolk Southern Corporation to our detriment.

Aligned with the Chairman of Wheeling & Lake Erie Last Year. Last year, Mr. Dorsey nominated Mr. Larry Parsons on his unsuccessful 2011 proxy statement. Mr. Parsons, who is the Chairman of Wheeling and Lake Erie Railway (WLE), was not re-nominated as trustee by the Trust in 2011 due to his substantial conflicts of interest as sub-lessee of the railroad owned by Pittsburgh & West Virginia Railroad. These conflicts of interest have since come fully out into the open, as WLE, together with Norfolk Southern Corporation (NSC), sued the Trust in December 2011 to

preserve certain financial benefits for NSC and WLE that Power REIT's current management believes are improper and to the detriment of the Trust. If WLE and NSC prevail in their litigation, substantial shareholder value will be lost. Although we cannot be sure that Mr. Dorsey is still aligned with Mr. Parsons or Wheeling & Lake Erie, Mr. Dorsey's past relationship with Mr. Parsons raises substantial red flags related to the Dorsey Group's ability to fight for the rights of the Trust's contractual rights and for its shareholders, should its nominees be elected.

Ask yourself, are these the type of individuals you want running your investment?

Send the Dorsey group a strong message and vote on the Board of Trustees' enclosed proxy card FOR the Trust's nominees today.

As a company, we appreciate your continued interest and support. We would welcome the opportunity to review our business plans and address any questions or concerns you may have. Please do not hesitate to contact us at ir@pwreit.com or at 212-750-0373 if you have any questions or comments.

Sincerely,

/s/ David H. Lesser
