Seven Arts Entertainment, Inc.
Notes to Consolidated Financial Statements
September 30, 2013
(Unaudited)

NOTE 1 NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities, History and Organization:

Seven Arts Entertainment, Inc. (herein referred to as “the Company”, “Seven Arts” or “SAE,”), a Nevada Corporation, is the continuation of the business of Seven Arts Pictures Plc. (“PLC”), which was founded in 2002 as an independent motion picture production and distribution company engaged in the development, acquisition, financing, production, and licensing of theatrical motion pictures for exhibition in domestic (i.e., the United States and Canada) and foreign theatrical markets, and for subsequent worldwide release in other forms of media, including home video and pay and free television. The Company currently owns interests in 33 completed motion pictures, subject in certain instances to the prior financial interests of other parties.

On November 8, 2011, the Company's listing predecessor, PLC, was placed into involuntary creditors' liquidation under English law (See Note 10 Commitments and Contingencies). Certain indebtedness of PLC remained with PLC and will be subject to administration or payment in those administration proceedings. In accordance with the asset transfer agreement, PLC has been issued 2 million (pre-split)/28,571 post-split shares of common stock of SAE in order to satisfy these obligations.

In late February 2012, the Company formed Seven Arts Music, Inc. ("SAM") and acquired 52 completed sound recordings of the recording artist DMX from David Michery ("Mr. Michery") with the rights to additional albums and acquired 100% of the stock of Big Jake Music ("BJM"). As a result, the Company is also in the business of producing and distributing recorded music. In connection with the acquisition of the music assets of Mr. Michery, the Company issued 100,000 shares of the Company's Series B convertible preferred stock, par value \$100, convertible at approximately \$1.10 per share, to Mr. Michery and his assigns. As of September 30, 2013, Mr. Michery or his assigns hold 33,000 shares of Series B convertible preferred stock.

In connection with the acquisition of the stock of BJM, the Company issued 80,000 shares of the Company's Series B convertible preferred stock, par value \$100, convertible at approximately \$1.10 per share, to Jake Shapiro and his assigns. The Company entered into a settlement agreement with Mr. Shapiro on February 27, 2013 and all shares of Series B preferred stock held in escrow for him and persons associated with him have been cancelled, with Mr. Shapiro and his assigns still holding 10,000 shares of Series B convertible preferred stock as of March 31, 2013. The name and the website of Big Jake Music were also reassigned to Mr. Shapiro as part of the settlement agreement.

On June 30, 2012, Seven Arts Filmed Entertainment LLC ("SAFELA") was transferred to the Company. SAFELA, which is now 60% owned by the Company, has a 30 year lease to operate a film production and post-production facility at 807 Esplanade in New Orleans, Louisiana. The post production facility commenced operations on July 1, 2012.

Trading of the Company's common stock on The NASDAQ Capital Market was suspended at the opening of business on September 14, 2012, due to the fact that the Company did not meet the \$1 minimum bid price stock listing requirement of NASDAQ for ten trading days prior to September 20, 2012, the expiration date on the Company's six-month extension to meet this listing requirement.

On September 14, 2012, the Company's common stock began trading on the OTC Market's OTCQB marketplace. The Company's common stock is quoted under the symbol "SAPX." The Company is applying to trade on the highest OTC marketplace, OTCQX, but is quoted on the OTCQB tier until the Company is eligible to be quoted on the OTCQX.

On May 2, 2013, the Company announced a 1-for-50 reverse split of its common stock effective as of 4:01p.m. EDT. By virtue of the reverse split, every 50 shares of the outstanding common stock were combined and converted into one share of new common stock with resulting fractional shares rounded up to the next whole share. The Company has also reduced the number of authorized shares of its common stock using the same 1-for-50 ratio, while the total authorized shares of its capital stock remained unchanged. The Board of Directors has designated the resulting shares of Seven Arts' unallocated capital stock as authorized common stock. This increases the aggregate authorized shares of common stock to 249 million.

Emerging Growth Company Critical Accounting Policy Disclosure:

The Company qualifies as an "emerging growth company" under the 2012 JOBS Act. Section 107 of the JOBS Act provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. As an emerging grown company, the Company can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. The Company may elect to take advantage of the benefits of this extended transition

period in the future.

Reverse Stock-Splits:

On October 31, 2013, May 2, 2013 and August 31, 2012, the Company effected one-for-twenty, one-for-fifty and one-for-seventy reverse stock splits, respectively, collectively referred to as the Stock Splits. Unless otherwise noted, all impacted amounts included in the consolidated financial statements and notes thereto have been retroactively adjusted for the Stock Splits. Unless otherwise noted, impacted amounts include shares of common stock authorized and outstanding, share issuances and cancellations, shares underlying preferred stock, convertible notes, warrants and stock options, shares reserved, conversion prices of convertible securities, exercise prices of warrants and options, and loss per share.

Unaudited Financial Statements:

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States ("GAAP") for complete consolidated financial statements. In the opinion of management, all adjustments (consisting only of normal recurring accruals, unless otherwise indicated) considered necessary for a fair presentation of the interim financial data have been included. Operating results for the three months ended September 30, 2013 are not necessarily indicative of the results that may be expected for the fiscal year ending June 30, 2013.

The consolidated balance sheet at June 30, 2013 has been derived from the audited financial statements at that date, but does not include all of the information and footnotes required by generally accepted accounting principles in the United States for complete financial statements.

The Company has evaluated events that occurred subsequent to September 30, 2013 and through the date the financial statements were available to be issued. Management concluded that no additional subsequent events required disclosure in these financial statements other than those disclosed in these notes to these financial statements.

The accompanying unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2013, filed with the Securities and Exchange Commission (the "SEC") on October 15, 2013.

Significant Accounting Policies:

Basis of Presentation:

The accompanying consolidated financial statements include the accounts of Seven Arts Entertainment, Inc. ("SAE"), and its subsidiaries:

Seven Arts Filmed Entertainment, Limited ("SAFE, Ltd.") (100% owned)

Seven Arts Music, Inc. ("SAM") (100% owned) and

Big Jake Music, Inc. ("BJM") (100% owned)

Seven Arts Filmed Entertainment Louisiana LLC ("SAFELA") (As of June 30, 2012) (60% owned by SAE, 40% owned by Palm Finance)

The Company consolidates its subsidiaries in accordance with Accounting Standards Codification ("ASC") 810, "Business Combinations", and specifically ASC 810-10-15-8 which states, "The usual condition for a controlling financial interest is ownership of a majority voting interest, and, therefore, as a general rule, ownership by one reporting entity, directly or indirectly, or over 50% of the outstanding voting shares of another entity is a condition pointing toward consolidation." All material intercompany balances and transactions are eliminated. The Company does not have any variable interest or special purpose entities. The Company presents Palm Finance's 40% share of SAFELA's profit or loss as a non-controlling interest. As of September 30, 2013, SAFELA's net loss was approximately \$437,600.

Liquidity and Management's Plan:

The accompanying consolidated financial statements are prepared under a going concern basis in accordance with US generally accepted accounting principles ("GAAP") which contemplates the realization of assets and discharge of liabilities and commitments in the normal course of business. For the year ended June 30, 2013, the Company recorded a loss from operations of approximately \$18,190,000, and utilized cash in operations of \$548,000. As of June 30, 2013, the Company had a working capital deficit of approximately \$19,844,000. For the three months ended September 30, 2013 the Company recorded a loss from operations of approximately \$555,000, utilized cash in operations of approximately \$680,000 and had a working capital deficit of approximately \$20,554,000

These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent upon its ability to return to profitability or to develop additional sources of financing or capital. The Company's financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Historically, the Company's main source of cash was through the exploitation of its films, sales of equity and debt financing. However, the Company has not released or distributed a new film since July 2012. The Company's next film, Schism, is expected to be released in March, 2014, and the Company also intends to release the next DMX album in early 2014 and the Thugs Bones N Harmony album in December 2013. Additionally, management has begun to implement cost reductions including reducing the size of its' staff and size of its UK office and expects to be able to continue to obtain additional financing. No assurance can be given that the financing will be available or, if available, that it will be on terms that are satisfactory to the Company.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. The most significant estimates made by management in the preparation of the financial statements relate to ultimate revenue and costs of its films which are used in the amortization and impairment of film costs, estimates for allowances and income taxes. Accordingly, actual results could differ from those estimates.

Recently Issued Accounting Pronouncements:

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations, financial position or cash flow.

Revenue Recognition:

FILMS

The Company recognizes revenue from the sale (minimum guarantee or non-refundable advances) or licensing arrangement (royalty agreements) of a film in accordance with ASC 605-15 "Revenue Recognition". Revenue will be recognized only when all of the following criteria have been met:

- a) Persuasive evidence of a sale or licensing arrangement with a customer exists.
- b) The film is complete and, in accordance with the terms of the arrangement, has been delivered or is available for immediate and unconditional delivery. (i.e. the "notice of delivery" ("NOD") has been sent and there is a master negative available for the customer).
- c) The license period of the arrangement has begun and the customer can begin its exploitation, exhibition, or sale.
- d) The arrangement fee is fixed or determinable.
- e) Collection of the arrangement fee is reasonably assured.

A written agreement with clients (purchase order, letter, contract, etc.), indicating the film name, territory and period is required for the recognition of revenue. Revenue is recognized when the performance criteria in the contracts have been met. The customer generally confirms agreement by their signature on the contract.

Minimum guarantee revenue (i.e., non-refundable advances) is recognized as and when the film is available for delivery to the respective territories. Cash deposits received on the signing of the contracts are recorded as deferred revenue until the film is available for delivery (as described above) at which point the deferred revenue is recognized as revenue. Royalty revenue, which equates to an agreed share of gross receipts of films, is recognized as income as and when the Company is notified of the amounts by the customers through their royalty reports. Revenue is recorded net of any sales or value added taxes charged to customers.

MUSIC

Revenue, which equates to an agreed share of gross receipts, is recognized as income when the Company is notified of the amounts by the distribution agent through their distribution reports.

Revenue is recorded:

- a) net of any sales or value added taxes charged to customers
- b) net of discounts agreed with customers
- c) net of returns provision agreed with the distributor and
- d) grossed up for the distribution fee charged by the distribution agent.

Revenue from digital distribution will be reported by the various digital platforms such as iTunes in their periodic reports and posted as received.

FEE RELATED REVENUES

Many countries make tax credits available to encourage film production in the territory. Seven Arts benefits from tax credits in:

- a) The UK and several other European territories for their European productions
- b) Canada for their Canadian productions
- c) Louisiana for their US productions
- d) Tax preferred financing deals

These tax credits may be treated as a reduction in the capitalized costs of the film assets they are financing or as producer fees to us if the tax credits are earned and owned by a company in the Group and paid to us as overhead or producer fees.

Income Taxes:

The Company has adopted ASC 740-10, "Income Taxes", which requires the use of the liability method in the computation of income tax expense and the current and deferred income taxes payable (deferred tax liability) or benefit (deferred tax asset). Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

The Company accounts for uncertain tax positions according to the provisions of ASC 740. ASC 740 contains a two-step approach for recognizing and measuring uncertain tax positions. Tax positions are evaluated for recognition by determining if the weight of available evidence indicates that it is probable that the position will be sustained on audit, including resolution of related appeals or litigation. Tax benefits are then measured as the largest amount which is more than 50% likely of being realized upon ultimate settlement. The Company considers many factors when evaluating and estimating tax positions and tax benefits, which may require periodic adjustments and which may not accurately anticipate actual outcomes. No material changes have occurred in the Company's tax positions taken as of June 30, 2013.

The Company has provided a valuation allowance against all existing and newly created deferred tax assets as of September 30, 2013, as it is more likely than not that its deferred tax assets are not currently realizable due to the net operating losses incurred by the Company.

Cash and Cash Equivalents:

Cash and cash equivalents includes cash in banks with original maturities of three months or less and are stated at cost which approximates market value, which in the opinion of management, are subject to an insignificant risk of loss in value. The cash and cash equivalents of the Company consisted of cash balances held on deposit with banks, including various accounts denominated in US Dollars, Pounds Sterling and Euros.

Accounts Receivable:

Accounts Receivable are carried at their face amount, less an allowance for doubtful accounts. On a periodic basis, the Company evaluates accounts receivable and establishes an allowance for doubtful accounts based on a combination of specific customer circumstances and credit conditions, and on a history of write offs and collections. The Company's policy is generally not to charge interest on trade receivables after the invoice becomes past due. A receivable is

considered past due if payments have not been received within agreed upon invoice terms. Write offs are recorded at a time when a customer receivable is deemed uncollectible. The Company's allowance for doubtful accounts was \$40,000 at both September 30, 2013 and June 30, 2013, respectively. Substantially all of the trade receivables in the consolidated financial statements are pledged as security for borrowings by the Company.

Due To/Due From Related Parties

In September 2004, the Company's predecessor entered into an agreement with SAP under which SAP provided the services of Mr. Peter Hoffman for the amount of his contracted salary and the Los Angeles office and staff of SAP to the Company's predecessor at cost. Pursuant to two inter Company agreements, SAP also from time-to-time owned limited liability companies in the United States which distributed the Company's motion pictures for a fee, with all profits ensuing to the benefit of the Company. These companies also provided other services to the Company at no fee other than Mr. Hoffman's salary and the direct third-party costs of SAP's Los Angeles office, all of which were reflected in the Company's financial statements. Portions of Mr. Hoffman's salary have not been paid to him and have been reflected as Due To Related Party. During the nine months ended March 31, 2013, 147,143 (post split) shares were issued in satisfaction of \$2,091,227 of this liability. These shares are being held as collateral against certain loans and will be returned to the Company, if not called as collateral, when the related loans are paid or converted.

These other services may include accounting services, audits of distribution statements, collection of accounts receivable, supervision of production of motion pictures and similar day-to-day aspects of the Company's business. SAP assigned to the Company any proceeds arising from services performed by SAP on its behalf. SAP was granted the power and authority to enter into agreements on the Company's behalf. These agreements have terminated as of December 31, 2011.

SAP directly or through related various Louisiana limited liability companies have, from time-to-time, made non-interest bearing advances to the Company or its subsidiaries or have received advances back from the Company, and have paid expenses on each other's behalf.

Film Costs:

Film costs include the unamortized costs of completed films which have been produced by the Company or for which the Company has acquired distribution rights, libraries acquired as part of acquisitions of companies and films in progress and in development. For films produced by the Company, capitalized costs include all direct production and financing costs, capitalized interest and production overhead.

Costs of acquiring and producing films are amortized using the individual-film-forecast method, whereby these costs are amortized and participations and residuals costs are accrued in the proportion that current year's revenue bears to management's estimate of ultimate revenue at the beginning of the current year expected to be recognized from the exploitation, exhibition or sale of the films. The majority of a film's costs (approximately 80% or more) are generally amortized within three years of the picture's initial release.

Ultimate revenue includes estimates over a period not to exceed ten years following the date of initial release. Film costs are stated at the lower of amortized cost or estimated fair value. Individual film costs are reviewed on a title-by-title basis, when an event or change in circumstances indicates that the fair value of a film is less than its unamortized cost. The fair value of the film is determined using management's future revenue and cost estimates and a discounted cash flow approach. Impairment is recorded in the amount by which the unamortized costs exceed the estimated fair value of the film. Estimates of future revenue involve measurement uncertainty, and therefore it is possible that reductions in the carrying value of investment in films may be required as a consequence of changes in management's future revenue estimates.

Films are included in the general "library" category when initial release dates are at least three years prior to the acquisition date.

Films in progress include the accumulated costs of productions which have not yet been completed. Films in development include costs of acquiring film rights to books, stage plays or original screenplays and costs to adapt such projects. Such costs are capitalized and, upon commencement of production, are transferred to production costs. Projects in development are written off at the earlier of the date they are determined not to be recoverable or when abandoned.

Music Assets:

The initial material assets that were acquired comprise 52 completed sound recordings including two completed albums with “DMX”, up to two additional albums from “DMX” and up to five albums from “Bone Thugs-N-Harmony”.

Music assets include the unamortized costs of completed albums, singles and videos which have been produced by the Company or for which the Company has acquired distribution rights, libraries acquired as part of acquisitions and albums in progress and in development. For albums produced by the Company, capitalized costs include all direct production and financing costs, capitalized interest and production overhead.

Costs of acquiring and producing music assets will be amortized using the individual-album-forecast method, whereby these costs are amortized in the proportion that current year’s revenue bears to management’s estimate of ultimate revenue at the beginning of the current year expected to be recognized from the exploitation or sale of the music.

Building Improvements :

On June 30, 2012, the Company acquired SAFELA, which was previously a related party company. SAFELA has a 30 year lease on 807 Esplanade, New Orleans, Louisiana, which was constructed as a production and post-production facility. The Company has since assumed the liability for \$1,000,000 of these loans plus a contingent sum of \$750,000 (contingent on receipt of the tax credit revenue of at least \$5,000,000 in cash proceeds from the tax credits to be earned by SAPLA) due to an agreement with the now mortgagor Palm Finance. Additionally, a construction loan of \$1,850,000 previously guaranteed by the Company has now been assumed by the Company for the property at 807 Esplanade. The Company did not receive any consideration or benefit when they assumed the mortgage and construction loans, and have looked to the authoritative guidance on guarantees as an analogy. As the guidance on financial guarantees does not address which account would be set up as an offsetting entry when the liability is recognized at the inception of the guarantee, the Company has determined to call this asset balance created upon assumption of the debt “Building Improvements related to indebtedness” The Building Improvements will be amortized in a manner similar to leasehold improvements, over the life of the lease (30 years).

The post production facility commenced operations on July 1, 2012.

Loss Per Share:

Basic earnings (loss) per share are computed by dividing net income (loss) by the weighted average number of common shares outstanding for the period. Diluted earnings (loss) per share include the effects of any outstanding options, warrants and other potentially dilutive securities. In accordance with ASC 260-10-45-19, the Company did not consider any potential common shares in the computation of diluted EPS as of September 30, 2013 and 2012, due to the loss from continuing operations, as they would have an anti-dilutive effect on EPS.

Fair Value Measurements:

ASC Topic 820, “Fair Value Measurements and Disclosures”, defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and requires certain disclosures about fair value measurements. In general, fair value of financial instruments is based upon quoted market prices, where available. If such quoted

market prices are not available, fair value is based upon internally developed models that primarily use, as inputs, observable market based parameters. Valuation adjustments may be made to ensure that financial instruments are recorded at fair value. These adjustments may include amounts to reflect counterparty credit quality and the Corporation's credit worthiness, among other things, as well as unobservable parameters. Any such valuation adjustments are applied consistently over time.

Derivative Instruments:

The Company's policy is to not use derivative or hedging financial instruments for trading or speculative purposes, except certain embedded derivatives derived from certain conversion features or reset provisions attached to the convertible debentures, as described in Note 9.

Reclassification:

Certain prior year balances were reclassified to conform with current year presentation.

NOTE 2 - SEGMENT INFORMATION

In accordance with ASC 280 "Segment Reporting", operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision-making group, in making decisions how to allocate resources and assess performance. Our chief decision maker, as defined under the FASB's guidance, is a combination of the Chief Executive Officer and the Chief Financial Officer. The Company's three segments are the film distribution and production segment, the music segment and the pre-production facility.

NOTE 4 FEE INCOME RECEIVABLE FROM RELATED PARTY

SAPLA has filed for historical rehabilitation tax credits available from the United States (26%) and Louisiana (25%) on approximately \$9,500,000 of historical rehabilitation expenses paid in connection with the renovation of the building and property at 807 Esplanade Avenue in New Orleans, Louisiana (the "Property") and reflected in a compilation of expenses by an independent accounting firm. SAPLA has filed the Part I application for historic rehabilitation credits and has received the Part II and Part III approvals from the United States Department of Parks with respect to the Property :

SAPLA will allocate the Federal historic rehabilitation credits to investors in its lessee, 807 Esplanade Ave. MT LLC (“MT”), and receive cash or reduction in indebtedness as a result of such allocation. SAPLA will assign the Louisiana historic rehabilitation for cash.

SAPLA has also filed for Louisiana film infrastructure tax credits (40%) on all of its investment of approximately \$11,500,000 in connection with the Property to date, as reflected in an audit report of an independent accounting firm (which also includes audits of all rehabilitation expenses). SAPLA has approval from Louisiana that the Property is a certified state film infrastructure project and SAFELA, as lessee of MT, is now operating a production and post-production facility at the Property.

To date Louisiana has certified approximately \$6,500,000 of the \$11,500,000 film infrastructure expenditure filed for, the tax credits accruing on which SAPLA will assign for cash, with the remaining expenses remaining under consideration by the Louisiana Department of Economic Development (“LED”). SAPLA has received no objections to any of its film rehabilitation expenses from LED as reflected in the audit report submitted to LEDF on July 2, 2012. Under a published Opinion of the Attorney General of Louisiana, the Louisiana tax credits vest upon certification as a film infrastructure project which occurred in 2008. Revenue is not recognized until the required audit or compilation is complete and available to be submitted to the appropriate agency.

Under the terms of the related party agreement between SAPLA and SAE Inc. proceeds received from the disposition of the tax credits earned by SAPLA on the building are due to SAE to reduce the notes payable to Palm Finance and as fees for services provided by the Company. SAPLA is due to receive approximately \$9,447,544 from disposition of Louisiana and Federal historic rehabilitation and film infrastructure tax credits for the restoration and the establishment of a post-production facility at 807 Esplanade.

SAPLA will pay the proceeds from disposition of such tax credits to SAE Inc. as fee income. The Company provided “developer” services as concerns oversight of the rehabilitation work carried out on the facility, as well as advisory services in connection with the obtaining of the tax credits, and financial services related to the loans and mortgage. The Company has concluded the services evidence an earning process, in the providing of a service, and as such have recognized revenue in relation to the fair value of the services provided. The fair value of \$3,235,000 was determined based on the amounts stated as “qualified expenses” and determined to be reasonable and industry standard in the required audit of cost report expenditures performed on the project by an independent accountant. Any excess over the fair value of the services received by the Company from SAPLA will be recognized as a contribution to capital.

As of June 30, 2013, the Louisiana Department of Economic Development has not issued a Tax Credit Certification Letter as pertains to the LFI credits, and on June 23, 2013 SAPLA received a letter from the Louisiana Economic Development (“LED”) office that they could “not proceed further with any consideration to approve” the tax credits until SAPLA proves they have the correct occupational license from the city. SAPLA does have the appropriate license and is currently appealing this notification. In light of these subsequent occurrences, as of June 30, 2013 management had determined that the amount underlying the LFI credits should be reserved against, until such time as the Tax Credit Certification Letter is received by SAPLA.

Additionally, the State Historic Preservation Office (“SHPO”) has not yet issued their Part III approval, confirming what amount of the tax credits they are approving. In October 2012 the SHPO sent SAPLA some questions on their expenditures, which were answered by the independent auditor who performed the required audit of the cost expenditures, but there has been no further correspondence since. SAPLA is pursuing the issue with SHPO to force them to state the amount of tax credits they are approving, based on a recent law in Louisiana which says SHPO must state which line item they are disallowing. Therefore, the Company has also determined to reserve against the amount of the proceeds representing the LHR credits, until such time as SAPLA resolves the issue with SHPO and receives a Part III approval.

The total reserve recognized as of September 30, 2013 for the fee income from related party is \$1,180,000, which represents the cash proceeds underlying the LFI and LHR tax credits in excess of the \$3,235,000 recognized as revenue, and reduces the receivable amount to the amount the Company has determined to be known to be collectible, the amount of the cash proceeds underlying the Federal tax credits.

NOTE 5 FILM COSTS

Film costs as of September 30, 2013 and June 30, 2013 are as follows:

	September 30, 2013	June 30, 2013
Released, net of accumulated amortization	\$ 3,223,843	\$ 3,314,728
Completed and not released		
In production	1,208,025	1,209,931
In development	3,941,566	3,844,027
	\$ 8,373,434	\$ 8,368,686

Amortization of film costs was approximately \$94,143 and \$996,576 for the three months ended September 30, 2013 and 2012. The Company estimates that its amortization expense in the next year will be \$1,275,000.

All Exploitation Costs (comprising of direct costs, including marketing, advertising, publicity, promotion, and other distribution expenses) incurred in connection with the distribution of a film) are expensed as incurred in accordance with ASC 720-926-25-3.

No participations have been recorded as the Company does not believe anything will be due in the next 12 months.

NOTE 6 MUSIC ASSETS

Music assets as of September 30, 2013 and June 30, 2013 are as follows:

	September 30, 2013	June 30, 2013
Music assets	\$ 705,000	5,423,205
Impairment recognized during the year	-	4,718,205
Total music assets	705,000	705,000
Less: Accumulated amortization	414,509	408,205
Total music assets, net of accumulated amortization	290,491	296,795

For the three months ended September 30, 2013 and 2012, amortization of \$414,509 and \$0 has been recognized, respectively.

The Company reviews capitalized music assets for impairment whenever events or changes in circumstances indicate that the carrying amounts of such assets may not be recoverable or at least once per year. Determination of recoverability is based on an estimate of future cash flows resulting from the use of the asset, and its eventual disposition. Measurement of an impairment loss for the assets is based on the fair value of the asset as estimated using a discounted cash flow model. No impairment was deemed necessary for the three months ended September 30, 2013.

Mortgage and Construction Loan

Palm Finance Corporation- mortgage and construction loan	\$	4,070,256	15	%
	\$	4,070,256		

*The Company does not agree with interest charged by Palm on the 2011 forgiven interest on these two film loans and believes the dispute will be resolved once the loans are repaid.

The loan balances include accrued interest of \$7,775,561 at September 30, 2013. Interest expense on all the loans for the three months ended September 30, 2013 and 2012 was \$1,065,738 and \$2,035,923, respectively.

On June 14, 2013, the Company entered into a debt agreement for approximately \$216,000 to cover expenses connected to its' film "Schism". The note was not finalized and funded until subsequent to year end, and therefore was not recognized in the loan balance outstanding until the quarter ended September 30, 2013. The note is due October 31, 2013 and bears interest at 10%.

The Company entered into one new convertible debenture on September 15, 2013 for \$25,000. The note is convertible at the lower of \$0.04 or 65% of the trading price of the stock the day before conversion. As the conversion rate and number of shares to be issued upon conversion cannot be computed at this time due to the contingency of which conversion price will be lower at the conversion date, in accordance with ASC 470-20-35, the beneficial conversion feature has not been recognized at inception. Furthermore, as the reset provision is based on the share price, it does not trigger derivative accounting treatment.

The Company have evaluated their other convertible notes when issued for embedded derivative features and determined that no derivative liability is necessary to recognize. Convertible debts are all convertible to common stock at the option of the holder. They all bear interest at varying rates and convert at different times and conversion prices according to the contract. The conversion features were evaluated for any beneficial aspect and determined that no beneficial conversion feature is necessary to recognize.

NOTE 8 EQUITY TRANSACTIONS

During the quarter ended September 30, 2013, the Company issued 172,952,931 common shares upon conversion of notes totalling approximately \$340,000 under the original terms of the notes.

NOTE 9 COMMITMENTS AND CONTINGENCIES

With the exception of items, as noted below, there has been no significant changes to this litigation this period.

Creditors Liquidation of SAP Plc.

The Company's listing predecessor Seven Arts Pictures Plc. ('PLC') was placed by the English Companies Court into compulsory liquidation on November 8, 2011. The Company's CEO, Mr. Peter Hoffman, as a director of PLC had sought an administration order but this request was denied by the Courts as a result of inter alia the opposition of Parallel Pictures LLC ('Parallel'). PLC's principal creditors have appointed a liquidator for the orderly winding up of its remaining assets not transferred to the Company pursuant to the Asset Transfer Agreement, effective January 27, 2011.

Based on discussions with the liquidator, our management believes this liquidation proceeding will have no material effect on the cost, business or market value of common stock. Further Share Issue to SAE Inc.

On June 11, 2010, Seven Arts Entertainment, Inc. ("SAE"), a Nevada Corporation, was formed and became a 100% owned subsidiary of Seven Arts Pictures Plc. As of June 11, 2010, the Company entered into an Asset Transfer Agreement, as amended on January 27, 2011 and again on August 31, 2011, to transfer all of the assets with a cost basis from PLC to SAE, in exchange for assumption by SAE of certain indebtedness and for one share of common stock of SAE for each ordinary share of PLC which have been distributed to shareholders. Additionally, 2,000,000 shares of SAE were issued to PLC in order to satisfy any remaining obligations. SAE Inc. may issue more shares of its common stock to resolve any claim made on the liquidation of PLC. The 2,000,000 pre-split shares were originally booked on January 27, 2012 at the market price on the day the SEC approved the transaction i.e. \$3.94/share. Management now believe the shares should be booked at the August 31, 2012 market price of \$0.66/share which is the date from which the shares in SAE were tradeable.

807 Esplanade Guarantee

Seven Arts Pictures Louisiana LLC, a related party and/or an affiliate of the Company, entered into a Credit Agreement with Advantage Capital Community Development Fund LLC dated October 11, 2007, for the acquisition and improvement of the production and post-production facility located at 807 Esplanade Avenue in New Orleans, Louisiana ("807 Esplanade") for aggregate principal advances of up to \$3,700,000. This agreement was guaranteed by the Company's predecessor. Approximately \$3,700,000 plus interest has been drawn under the terms of this Credit Agreement, as of June 30, 2012. The Company has now assumed the liability for \$1,000,000 of this amount due to an agreement with the now mortgagor Palm Finance. A construction loan of \$1,850,000 previously guaranteed by the Company has now been assumed by the Company. The Company has a 30 year lease on the property to operate a production and post-production facility.

As part of the assumption of the mortgage and construction loans regarding 807 Esplanade, the Company has agreed to pay an additional \$750,000 in connection with the loan, contingent on the receipt of at least \$5,000,000 in cash proceeds from the tax credits earned by SAPLA. As the Company has determined it is not probable at this point that the \$5,000,000 will be achieved, they have not recognized the \$750,000 in the accompanying financial statements.

Armadillo

The Company has guaranteed a \$1,000,000 note plus interest due to Armadillo by the Employee Benefit Trust of the Company's listing predecessor resulting from the purchase of Seven Arts preferred stock from Armadillo.

Fireworks Litigation

The Company obtained summary judgment on February 10, 2011 in an action in Ontario Superior Court, Canada, against CanWest Entertainment and two of its affiliates ("CanWest") confirming the Company's ownership of five motion pictures Rules of Engagement , An American Rhapsody , Who Is Cletis Tout , Onegin , and The Believer , (the "Copyrights"). CineVisions v. Fireworks International, No. 03-CV-247553 CM2. The Company has filed on September 7, 2011, an action in the High Court of England and Wales on September 7, 2011 against Content Media Corporation ("Content") and Paramount Picture Corp. ("Paramount") to recover the Copyrights and substantial damages for the use of the copyrighted works after their purported acquisition from CanWest. Seven Arts Filmed Entertainment v. Content Media Corp. No. HC11CO3046. The Company may incur up to \$200,000 in legal expenses to pursue this claim but expects to recover those fees from Content. The Company's motion for summary judgment against Content in the United Kingdom was denied on March 18, 2013, but the dismissal did not consider the merits of the Company's claims, only that Content was not bound by the Canadian judgment. The Company has also filed on May 27, 2011 an action in United States District Court in Los Angeles, California against Paramount Pictures for infringement of the Copyrights. Seven Arts Filmed Entertainment v. Paramount Pictures Corp. No. CV 11-04603. This action was dismissed on October 3, 2012 by the District Court based on a claimed application of the statute of limitation and the judgement was offered on appeal to the Ninth Circuit No, 11-56759, on November 6, 2013.

Jonesfilm

Seven Arts Pictures plc ("PLC"), the Company's listing predecessor, its then-subsiary Seven Arts Filmed Entertainment Limited ("SAFE") and Seven Arts Pictures Inc. ("SAP"), were the subject of an arbitration award of attorney fees totaling approximately \$ 246,000, with interest and charges, both of which were reduced to judgment in favor of Jonesfilm ("JF ") in a judgment dated June 19, 2007 entered by United States District Court in Los Angeles, California ("Judgment"). This amount is included in Accrued Liabilities on the accompanying financial statements. JF asserts that the Company is liable as the "successor in interest" to PLC, which the Company denies. JF has sought to enforce the Judgment against SAFE, Mr. Hoffman and SAP in proceedings filed on July 28, 2009 in United States District Court in New Orleans, Louisiana, in Case Nos. 09-4814/4815. Thereafter, Jonesfilm filed claims purportedly against the separate property of Mr. Hoffman's wife in Case Nos. 11-1994 and 12-0535. Mrs. Hoffman filed action against Jonesfilm to seek relief (from Jonesfilm's actions against her and her separate property). All proceedings are still pending. Mr. Hoffman and SAFE have appealed to the Fifth Circuit (No. 11-311 24) an order of garnishment against Leeway and penalties and legal fees awarded in connection with that order of garnishment, which appeal was denied. The Company does not believe it owes any amounts over the amount already accrued above.

Arrowhead Target Fund

Seven Arts Future Flow I ("SFF"), a limited liability company owned by SAP Inc., a company previously controlled by Mr. Hoffman, obtained financing from the Arrowhead Target Fund, Ltd. ("Arrowhead") of approximately \$8,300,000 (the "Arrowhead Loan"). SFF secured the Arrowhead Loan with liens on 12 motion pictures. The Company's only liability is to repay the Arrowhead Loan from the proceeds of the film assets pledged against the Arrowhead Loan. The Company is not required to repay the Arrowhead Loan from any of its other assets or revenues. SAE's subsidiary, SAFE, Ltd. was the collateral agent of the film assets.

The Arrowhead Loan became due in February 2009 and SFF has not paid the outstanding principle and interest due thereon. Arrowhead has the right to foreclose on the pledged film assets, but has not done so at the present time. SFF

has received a default notice to this effect and as a result Arrowhead is now collecting directly all sums receivable by the Company with respect to these motion pictures, and has appointed a new servicing agent for these motion pictures with the result that the Company no longer controls the licensing of these motion pictures. Failure to repay or refinance the Arrowhead Loan could result in a material disposition of assets through the loss of the Company's rights to the twelve motion pictures and related loss of revenues in amounts that are difficult to predict.

Arrowhead filed an action on September 22, 2010 in New York Supreme Court, New York, New York, Arrowhead Target Fund v. Hoffman No. 657481/2010, which seeks recovery from the Company of the monies which the Company has retained under its interpretation of the relevant agreements with Arrowhead. In addition, Arrowhead makes substantial additional claims against the Company, Mr. Hoffman and SAP Inc. regarding claimed breaches of the terms of the operative agreements, including failure to properly account, failure to turn over materials, failure to remit monies collected, and similar matters. The claims against the Company for these breaches of warranties for damages are \$8,300,000 although Arrowhead states no basis for this amount.

The Company had moved to dismiss the action against all defendants other than Seven Arts Future Flows I LLC, which is not part of the Company. On August 9, 2011, the New York Supreme Court granted the Company's motion and dismissed all defendants except Seven Arts Filmed Entertainment Limited in its capacity as a collateral agent, which is not a material element of Arrowhead claim. The Company continues to believe that Arrowhead's claims against the Company are without substantial merit.

Arrowhead has purported to amend its claim against the Company and the other defendants. The Company has moved for dismissal of these claims on the same grounds. A former counsel for SAFE and Mr. Hoffman failed to appear at a hearing and the Court orally entered default against SAFE and Mr. Hoffman on October 7, 2013, both of whom will move to vacate the order for the motion to dismiss based on lack of personal jurisdiction on the merits. The Company continues to believe that Arrowhead's claims against the Company are without substantial merit and will vigorously defend. The Company has accrued \$744,000 as a loss contingency on this matter.

Arrowhead has purported to amend its claim against the Company and the other defendants. The Company will seek dismissal of these claims on the same grounds. As of June 30, 2013, and through the date of this filing, there have been no further development. The Company continues to believe that Arrowhead's claims against the Company are without substantial merit and will vigorously defend. The Company has accrued \$744,000 as a loss contingency on this matter.

Arrowhead Capital Partners ACG Loan

PLC, SAP and SAFE, and several special purpose companies formed by SAP were named as defendants in an action by Arrowhead Capital Partners Ltd filed in the Supreme Court of New York County of New York State served on May 24, 2010, seeking to collect \$1,000,000 plus interest (the "ACG Loan") due to Arrowhead Consulting Group LLC ("ACG") as well as foreclosure on the collateral granted as part of the Cheyne Loan described above in Note 13 under "Production Loans". Arrowhead Capital Finance v. Seven Arts Pictures, No. 601199/10. The ACG Loan is fully subordinated to repayment of the Cheyne Loan, which has not been repaid, and a subsidiary of the Company has been assigned all Cheyne's rights under the subordination provision of the Cheyne Loan. ACG and the Company filed our motion for summary judgment which resulted in summary judgment in favor of ACG against SAFE, SAP and the special purpose companies. That summary judgment is on appeal to the New York Court of Appeals. As of June 30, 2013, and the date of this filing, there has been no decision in the appeal. The Company plans to vigorously defend this matter and cannot yet determine the probability of the outcome. The Company has not accrued a loss contingency on this matter and it is not a defendant in this action. Any claim against SAFE will be subject to the liquidation proceedings of SAFE under the law of the United Kingdom.

Investigation into Claim for Tax Credits (SAPLA)/ Possible Litigation Re: Tax Credits

The US Attorney in New Orleans is investigating claims for Louisiana film infrastructure tax credits including such tax credits to be claimed by Seven Arts Pictures Louisiana LLC ("SAPLA") and has issued subpoenas for discovery of documents in the possession of the Company related to these tax credits. The Company has complied with that subpoena on March 15, 2012.

Edgar Filing: Seven Arts Entertainment Inc. - Form 10-Q

This investigation appears to include investigation as to whether certain expenses claimed by this affiliate were improper or fraudulent. All such claimed expenses were audited by independent auditors in Louisiana and reviewed by counsel. Management believes that this investigation will have no material adverse effect on the Company's operations or the total tax credits to be received by the Company's affiliates, but could result in charges against current or former employees of this affiliate based on prior audits, including Mr. Hoffman.

SAPLA, controlled by Mr. Hoffman's wife, filed legal action in the 19 th District Court in Baton Rouge, Louisiana in August, 2013 to require the Louisiana Department of Economic Development and State Historic Preservation Office to certify the tax credits due SAPL A, the proceeds of which have been assigned to the Company.

Parallel Action

On June 28, 2011, Seven Arts Pictures Plc. (“PLC”) filed an action in the High Court of England against Parallel Media LLC (“Parallel”) to collect sums due to PLC with respect to acquisition of distribution rights in Russia to four motion pictures and to confirm Parallel’s obligations under both a signed and unsigned investment agreement with respect to the motion picture project Winter Queen. On the same day Parallel filed a petition to wind up and liquidate PLC in the Companies Courts of England based on its claim of repayment of \$1,000,000 of investment made by Parallel in Winter Queen. PLC is no longer part of the Company.

On September 19, 2011, Parallel filed a new action against PLC and SAE in the Superior Court of California in Los Angeles, asserting the same claims as in the winding up petition and seeking to enjoin the proposed administration proceedings in England. *Parallel Media v. Seven Arts Entertainment*, No. SC114182. A request for a preliminary injunction was denied by the Superior Court. Parallel was permitted to pursue a claim in the Los Angeles Superior Court for alleging that the Asset Transfer Agreement dated July 1, 2011 between PLC and the Company (“ATA”) was not for fair consideration. Parallel’s motion for summary judgment has been denied. The Company believes that a favorable decision by the liquidator as discussed above will resolve this action in the Company’s favor. The Company has not accrued for a loss contingency in this matter. The potential loss to the Company could be between \$million and \$1.75 million.

The liquidator has been advised in a letter from its counsel dated October 10, 2013, that the Company may be obligated to reimburse the liquidator for additional shares of the Company’s common stock by reason of the reduction in the value of the Company’s common stock issued to PLC pursuant to the ATA, from July 1, 2010 to August 31, 2011. The Company had previously offered to the liquidator to make such an adjustment in the consideration paid pursuant to the ATA. The Company intends to negotiate an amicable resolution of this issue with the liquidator which counsel believes should resolve any claims by Parallel.

HMRC Investigation

On July 19, 2011 Officers of Her Majesty’s Revenue & Customs (“HMRC”) attended the offices of Seven Arts Pictures Plc. (the “Company”) in London. Documents were retained appertaining to arrangements involving the subscription for shares in a number of companies which had lost value, resulting in subscribers making claims to tax relief.

The Company’s participation in these transactions was limited to the Company’s predecessor’s transfer of rights to certain motion pictures to the investors in return for their investments in the production and release costs of those pictures and making available the provision of loans to fund a portion of those investments. The Company received no tax benefits from the transactions, which were made on arms-length terms. The Company believes that it is not a subject of the HMRC investigation.

In connection with the transactions, the Company did not make any representations or warranties to any party, including the investors, regarding any potential tax benefits related to the transactions. Prior to the closing of the transactions the investors obtained and made available to the Company, an opinion of prominent Queen’s counsel, specializing in United Kingdom tax laws, that the transactions were permitted and acceptable under the terms of the applicable United Kingdom revenue laws. The Company remains confident that the transactions were permitted and acceptable under the terms of the applicable United Kingdom revenue laws.

HMRC has requested interviews with three officers of PLC to discuss whether those officers were involved in the arrangements for subscription of shares in the relevant companies, the first of which with Ms. Elaine New, CFO, occurred in April 2012 and a second in May 2012. PLC is fully cooperating with the investigation. PLC believes there is no basis for any claim of responsibility of any of its officers or employees. Based on facts currently known by PLC, there is no need for it to record a contingent liability in its financial statements in connection with

the investigation or the related transactions.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD-LOOKING STATEMENTS

Certain statements in this document might constitute "forward-looking statements". Some, but not all, forward-looking statements can be identified by the use of words such as "anticipate," "believe," "plan," "estimate," "expect," and "intend." Statements that an action or event "may," "might," "could," "should," or "will" be taken or occur, or other similar expressions, are also forward-looking statements. Although the Company has attempted to identify important factors that could cause actual results to differ materially from expected results, such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company, or other future events, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, the following risks: the need for additional financing; uncertainties and risks related to carrying on business in foreign countries; risks associated with third party infringement of copyrights and other intellectual property, especially the unauthorized duplication of motion picture DVDs and unauthorized distribution of motion pictures through the world wide web; risks associated with the lack of enforcement of applicable copyright and intellectual property laws, especially in foreign countries; risks associated with changing copyright and applicable intellectual property laws, especially in foreign countries; risks associated with changing distribution models for motion pictures, especially on the world wide web; risks associated with restrictions of motion picture content, especially in foreign countries; reliance on key personnel; the potential for conflicts of interest among certain officer, directors or promoters of the Company; the absence of dividends; currency fluctuations; competition; dilution; the volatility of the Company's ordinary share price and volume; and tax consequences to United States shareholders. Except as required by law, the Company undertakes no obligation to revise any forward-looking statements because of new information, future events or otherwise.

Company Overview:

The following discussion should be read in conjunction with the preceding financial statements and footnotes thereto contained in this report. This discussion contains forward-looking statements, which are based on our assumptions about the future of our business. Our actual results may differ materially from those contained in the forward-looking statements.

We are an independent motion picture production company engaged in developing, financing, producing and licensing theatrical motion pictures with budgets in the range of \$2 million to \$15 million for exhibition in domestic (i.e. the United States and Canada) and foreign theatrical markets and for subsequent post-theatrical worldwide release in other forms of media, including DVD, home video, pay-per-view, and free television. Our pictures generally receive either a wide theatrical release (1,000 to 3,000 theaters in the United States) or only a limited theatrical release (50-300 theaters in the United States), or may even be released directly to post-theatrical markets, primarily DVD. Our pictures that receive limited theatrical release or post-theatrical release typically benefit from lower prints and advertising ("P & A") cost and, in turn, improved gross profit margins. We determine the size of a theatrical release in the United States based on distributor and our estimates of the commercial prospects of theatrical box office and our own evaluation of the level of expected theatrical release costs as opposed to our estimation of potential theatrical box office in the United States.

No one picture had a principal or controlling share of gross revenues or operating profits in these periods.

Film Company

We license distribution rights in our motion pictures in the United States and in most foreign territories prior to and during the production or upon the acquisition of rights to distribute a picture. We share in the commissions generated by the sales of the pictures. Sale of a license to distribute a motion picture prior to its delivery is termed a "pre-sale" and may occur at any time during the development and production process. In a typical license agreement, we license a picture to a distributor before it is produced or completed for an advance from the licensee, which advance is recoverable by the distributor from our share of the revenues generated by the distribution of the picture in the licensee's territory, after deduction of the distributor's expenses and distributor fee. The advance usually is in the form of a cash deposit plus a letter of credit or "bank letter" for the balance payable 10-20% on execution (i.e., the cash deposit) and the balance on delivery (i.e., the letter of credit or "bank letter"). The license grants the distributor the right to the post-theatrical release of the picture in all or certain media in their territory for a predetermined time period. After this time, the distribution rights revert back to us and we are then free to re-license the picture. The license specifies that the distributor is entitled to recoup its advance from the revenue generated by the release of the picture in all markets in its territory, as well as its release costs and distribution fees.

After the distributor has recouped its advance, costs, and fees, any remaining revenue is shared with us according to a predetermined formula. This is known as an "overage" and can be a significant source of revenue for us from successful films. However, a film's poor reception in one market does not preclude it from achieving success in another market and generating significant additional revenue for us in the form of an "overage" in that territory. In all of our licensing arrangements, we retain ownership of our films and maintain our control of each copyright. We intend to continue the practice of retaining underlying rights to our film projects in order to continue to build our motion picture library to license or sell in the future.

We create a separate finance plan for each motion picture we produce. Accordingly, the sources of the funds for production of each motion picture vary according to each finance plan. We utilize financing based on state and foreign country tax credits (e.g. Louisiana, United Kingdom and Hungary) and direct subsidies, "mezzanine" or "gap" funds, which are senior to our equity, and senior secured financing with commercial banks or private lenders, together in certain cases with a limited investment from us, which is customarily less than 10% of the production budget. Since

each finance plan is unique to each motion picture, we cannot generalize as to the amount we will utilize any of these sources of funds for a particular motion picture. We generally obtain some advances or guarantees prior to commitment to production of a motion picture project, but those amounts may not be substantial on smaller budgeted motion picture (e.g., under \$10,000,000), and in certain cases we have committed to production with an insubstantial amount of advances and guarantees. Unless we can manage the risks of production through the use of these financing techniques, we will not likely commit to production of larger budget motion pictures (e.g., over \$15,000,000), and we have never in the past committed to such productions, without substantial advances or guarantees from third-party distributors, or the equivalent in "non-recourse" financings.

Music Company

The Company incorporated Seven Arts Music Inc. (“SAM”) in the State of Nevada on February 23, 2012, as a wholly owned subsidiary of the Company, although set-up costs had been incurred as early as September 2011. The delivery of the first of the DMX albums acquired from David Michery was released on September 11, 2012 and initial costs in creating the first album for Bone Thugs-N-Harmony are being incurred for delivery mid 2013. Several other new artists are being considered by SAM.

Post-Production Facility

As of June 30, 2012, SAFELA was transferred to the Company. SAFELA, which is 60% owned by the Company, has a 30 year lease to run a production and post-production facility at 807 Esplanade Avenue in New Orleans, Louisiana (“807 Esplanade”). The facility commenced operations on July 1, 2012.

Company Outlook

The principal factors that affected our results of operations have been the number of motion pictures delivered in a fiscal period, the distribution rights of motion pictures produced by others acquired in a fiscal period, the choice of motion pictures produced or acquired by us, management’s and talents’ execution of the screenplay and production plan for each picture, the distribution and market reactions to the motion pictures once completed, management’s ability to obtain financing and to re-negotiate financing on beneficial terms, the performance of our third-party distributors and our ability to take advantage of tax-incentivized financing. These factors will continue to be, in our opinion, the principal factors affecting future results of operation and our future financial condition. No particular factor has had a primary or principal effect on our operations and financial condition in the periods discussed below.

Our revenues principally consist of amounts we earned from third-party distributors of our motion pictures. We recognize revenue from license fees as and when a motion picture is delivered to the territory to which the license relates if we have a contractual commitment and the term of license has begun or upon receipt of a royalty statement or other reliable information from a distributor of the amounts due to us from distribution of that picture. A motion picture is “delivered” when we have completed all aspects of production and may make playable copies of the motion picture for exhibition in a medium of exhibition such as theatrical, video, or television distribution.

We also recognize revenue beyond an initial license fee from our share of gross receipts on motion pictures which we recognize as revenue when we are notified of the amounts that are due to us. In some fiscal periods, a significant portion of our revenue is derived from sources other than motion picture distribution, including the cancellation of debt and interest income on a financing transaction.

We have also benefited significantly from our ability to raise third party film equity investments such as in tax advantaged transactions under which we transfer to third party investor’s tax benefits for motion picture production and distribution. These types of investments have enabled us to substantially reduce the cost basis of our motion pictures and even to record significant fee-related revenues.

RESULTS OF OPERATIONS

Results of Operations for the Three Months Ended September 30, 2013 and 2012

We generated a net loss (after non-controlling interest) of \$1,445,565 for the three months ended September 30, 2013, as compared to \$1,357,622 for the three months ended September 30, 2012. A discussion of the key components of our statements of operations and material fluctuations for the three months ended September 30, 2013 and 2012 is provided below.

Revenue

A) Film revenue totalled \$96,996 for the three months ended September 30, 2013, as compared to \$229,393 for the three months ended September 30, 2012, a decrease of \$ 132,397 , or 58 %, primarily due to the factors discussed below:

The 2013 Revenue consisted primarily of license and royalty fees received from several markets, both domestic and international, on seven titles. These include \$14,494 for “Nine Miles Down”, \$19,489 for “Drunkboat”, \$9,330 for “Gettin’ It”, \$12,961 for “I’ll Sleep When I’m Dead”, \$8,340 for “Johnny Mnemonic”, \$3,700 for “Knife Edge” and \$3,760 for “Never Talk To Strangers”.

The majority of 2012 sales came from accrued sales for the US release of “Drunkboat”. On-going royalty income was also received for “Pool Boys”, “Knife Edge”, “Night of the Demons” and “Nine Miles Down”.

B) Music revenues include a Fox license fee of \$12,500 and InGrooves royalties of \$2,400.

C) The post production facility operations continued to grow during the period recording sales of approximately \$3,765 for the quarter despite on-going construction work.

There were no fee-related revenues in either period.

Cost of Sales

Cost of revenue was \$ 101,973 for the three months ended September 30, 2013 as compared to \$ 606,322 for the comparable period in 2012, a decrease of \$504,349, or 83 % as a result of :

A) The costs of acquiring and producing films are amortized using the individual-film-forecast method, whereby these costs are amortized and participations and residuals costs are accrued in proportion to that the current year’s revenue bears to management’s estimates of ultimate revenue expected to be recognized from the exploitation or sale of the films.

- An amortization charge of \$94,143 was made in the three months ended September 30, 2013 which was spread over several titles, mainly “Nine Miles Down” and “Knife Edge” in line with revenue forecasts.
- The equivalent charge during the quarter ended September 30, 2012 was \$77,810 mainly related to the release of “The Pool Boys”.

B) The music company assets have also been amortised in proportion to that the current year’s revenue bears to management’s estimates of ultimate revenue expected to be recognized from the exploitation or sale of the album. \$6,304 was amortized for the three months ended September 30, 2013. No amortization was recorded in the

previous year as the music company was acquired on February 23, 2012.

C) The leasehold improvements related to the post-production facility are being written off to costs of sales over the 30 year period of the lease, and the write-off was \$41,359 for the three month ended September 30, 2013.

D) The returns provision for the DMX album has remained unchanged.

Other cost of revenue in the three months ended September 30, 2013 totaled \$1,526 as compared to \$120,307 in the same quarter in 2012. Other cost of revenue for the three months ended September 30, 2013 mainly consisted of fees for distribution of the film "Nine Miles Down" whereas other cost of revenue for the comparable period in 2012 was inflated by the write-off of the cost of distribution of "The Pool Boys."

Administration Expenses

General and administrative expenses decreased by \$140,045, or 20 % from \$ 707,875 for the three months ended September 30, 2012 to \$567,830 for the three-months ended September 30, 2013. The decrease was primarily attributable to the reduction of accounting staff and our former CEO taking a leave of absence without pay.

Other Expense

Interest expense in the three months ended September 30, 2013 was \$1,065,738 compared to \$975,509 in the same period in 2012. The 2013 interest expense includes \$315,903 related to SAFELA for the mortgage and construction loan.

Interest on movie and production loans was \$594,220 during the quarter ended September 30, 2013 as compared to \$595,778 for the quarter ended September 30, 2012.

Income Tax

No tax expense was recognized in either period.

LIQUIDITY AND CAPITAL RESOURCES

Management assesses the Company's liquidity in terms of its ability to generate cash to fund its operating, investing and financing activities and whether it will be sufficient to allow it to continue investing in existing businesses, consummating strategic acquisitions, paying interest and servicing debt and managing its capital structure on a short and long-term basis.

The accompanying consolidated financial statements are prepared under a going concern basis in accordance with US generally accepted accounting principles (“GAAP”) which contemplates the realization of assets and discharge of liabilities and commitments in the normal course of business. For the year ended June 30, 2013, the Company recorded a loss from operations of approximately \$18,190,000, and utilized cash in operations of \$548,000. As of June 30, 2013, the Company had a working capital deficit of approximately \$19,844,000. For the three months ended September 30, 2013 the Company recorded a loss from operations of approximately \$530,000, utilized cash in operations of approximately \$680,000 and had a working capital deficit of approximately \$20,554,000

These factors, among others, raise substantial doubt about the Company’s ability to continue as a going concern. The Company’s ability to continue as a going concern is dependent upon its ability to return to profitability or to develop additional sources of financing or capital. The Company’s financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Historically, the Company’s main source of cash was through the exploitation of its films, sales of equity and debt financing. However, the Company has not released or distributed a new film since July 2012. The Company’s next film, Schism, is expected to be released in March, 2014, and the Company also intends to release the next DMX album in early 2014 and the Thugs Bones N Harmony album in December 2013. Additionally, management has begun to implement cost reductions including reducing the size of its’ staff and size of its UK office and expects to be able to continue to obtain additional financing. No assurance can be given that the financing will be available or, if available, that it will be on terms that are satisfactory to the Company.

Short Term Liquidity

The Company has an accumulated deficit of \$14,108,773 as of September 30, 2013. Management believes that, based on historical revenues generated from the licensing of the distribution rights on our motion pictures and the new revenues generated from the release of two albums in the music division in our 2014 fiscal year, as well as expanding business at the post-production facility, we will have sufficient working capital to operate for the next twelve months. Included in the revenue expected in our film division will be the release of a new film, Schism, in March 2014, which will see revenues generated during the next year. In addition, the Company has scaled back on administrative expenses through the closing of our UK office. The Company also will continue to raise capital, or pay off existing debt, through the issuance of convertible debentures.

We currently borrow funds for the financing of each of our motion pictures from several production lenders. There can be no assurances given that the Group will be able to borrow funds to finance our motion pictures in the future

Long Term Liquidity

The long term liquidity needs of the Company, are projected to be met primarily through the cash flow provided by operations, with any additional funds necessary raised by the sale of debt or equity.

Cash Flows

Operating Activities: Net cash used in operating activities for the three months ended September 30, 2013 was approximately \$22,000. Accrued interest increase, amortization of film costs, music assets and amortization of building improvements, and an increase in accounts payable were the primary adjustments to the Net Loss of approximately \$1,620,000. .

Investing Activities: There was no cash used in investing activities this period.

Financing Activities: Net cash provided by financing activities for the three months ended September 30, 2013 was \$25,000, arising from the proceeds from the new convertible debenture entered into this quarter.

Capital Resources

As of September 30, 2013, the Company did not have any outstanding capital commitments. As of the date of this filing, the Company had no other commitments than disclosed in the Company's financial statements and notes to the financial statements.

Working capital deficit at September 30, 2013 was approximately \$(21,080,000), which is consistent with our position as of June 30, 2013 of (\$19,845,000), with the largest impact on the working capital deficit being the increase in accrued interest on the indebtedness, which is all classified as current liabilities.

Working capital is negative due to the fact that all the loans are classified as current even with longer-term workout agreements. The receivables for the fee income from related parties will be paid out over the next four years and, accordingly, are reported long and short-term. The majority of the other loans are convertible to stock so will have little or no cash impact.

Additionally, the mortgage and construction loans on 807 Esplanade are current liabilities with corresponding leasehold improvements being recorded as non-current assets.

Stockholder's Deficit at September 30, 2013 was approximately \$(8,350,000) increasing from \$(7,070,000) as at June 30, 2013. The change was primarily due to the conversion of debt to equity through the issuance of common shares offset by the Net loss for the period.

Historically, we have successfully raised additional operating capital through private equity funding sources or loans from affiliates. However, no assurances can be given that we will be able to obtain sufficient working capital through the sale of common stock and/or borrowing or that the development and implementation of our business plan will generate sufficient future revenues to sustain on-going operations.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements.

ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

ITEM 4: CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Under the supervision and participation of our management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures as such term is defined under Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Based upon this evaluation, our Chief Executive Officer and our Chief Financial Officer have concluded that as of September 30, 2013, our disclosure controls and procedures were ineffective due to a material weakness existing in our internal controls over financial reporting (described below), which has not been fully remediated as of September 30, 2013.

A material weakness is a deficiency, or a combination of deficiencies, in Internal Control over Financial Reporting ("ICFR"), such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. A material weakness would permit information required to be disclosed by the Company in the reports that it files or submits to not be recorded, processed, summarized and reported, within the time periods specified in the SEC rules and forms. Based upon an evaluation conducted for the period ended March 31, 2013, our Chief Executive and Chief Financial Officer have concluded that as of the end of the period covered by this report, we have identified the following material weakness of our internal control:

- Lack of sufficient accounting staff which results in a lack of segregation of duties necessary for a good system of internal control and financial statement presentation, as well as information not being recognized into the accounting records in a timely manner.

Changes in Internal Control over Financial Reporting

We have now made significant changes in our internal control over financial reporting: We have employed a new controller knowledgeable in US GAAP and the entertainment industry, as well as a CFO, with experience as an assurance partner at a registered public accounting firm, with extensive knowledge of SEC reporting. All entries will now be booked at source in the LA office.

PART II OTHER INFORMATION

Item 1. Legal Proceedings.

There have been no significant changes to this litigation this period, since our disclosure included in the Annual Report included in the Form 10K, filed on October 15, 2013.

Litigation

Fireworks Litigation

The Company obtained summary judgment on February 10, 2011 in an action in Ontario Superior Court, Canada, against CanWest Entertainment and two of its affiliates (“CanWest”) confirming the Company’s ownership of five motion pictures Rules of Engagement, An American Rhapsody, Who Is Cletis Tout, Onegin, and The Believer, (the “Copyrights”). CineVisions v. Fireworks International, No. 03-CV-247553 CM2. The Company has filed on September 7, 2011, an action in the High Court of England and Wales on September 7, 2011 against Content Media Corporation (“Content”) and Paramount Picture Corp. (“Paramount”) to recover the Copyrights and substantial damages for the use of the copyrighted works after their purported acquisition from CanWest. Seven Arts Filmed Entertainment v. Content Media Corp. No. HC11CO3046. The Company may incur up to \$200,000 in legal expenses to pursue this claim but expects to recover those fees from Content. The Company’s motion for summary judgment against Content in the United Kingdom was denied on March 18, 2013, but the dismissal did not consider the merits of the Company’s claims, only that Content was not bound by the Canadian judgment. The Company has also filed on May 27, 2011 an action in United States District Court in Los Angeles, California against Paramount Pictures for infringement of the Copyrights. Seven Arts Filmed Entertainment v. Paramount Pictures Corp. No. CV 11-04603. This action was dismissed on October 3, 2012 by the District Court based on a claimed application of the statute of limitation and their judgment was offered on appeal to the Ninth Circuit No, 11-56759, on November 6, 2013.

Jonesfilm

Seven Arts Pictures plc (“PLC”), the Company’s listing predecessor, its then-subsiary Seven Arts Filmed Entertainment Limited (“SAFE”) and Seven Arts Pictures Inc. (“SAP”), were the subject of an arbitration award of attorney fees totalling approximately \$ 246,000, with interest and charges, both of which were reduced to judgment in favor of Jonesfilm (“JF”) in a judgment dated June 19, 2007 entered by United States District Court in Los Angeles, California (“Judgment”). This amount is included in Accrued Liabilities on the accompanying financial statements. JF asserts that the Company is liable as the “successor in interest” to PLC, which the Company denies. JF has sought to enforce the Judgment against SAFE, Mr. Hoffman and SAP in proceedings filed on July 28, 2009 in United States District Court in New Orleans, Louisiana, in Case Nos. 09-4814/4815. Thereafter, Jonesfilm filed claims purportedly against the separate property of Mr. Hoffman’s wife in Case Nos. 11-1994 and 12-0535. Mrs. Hoffman filed action against Jonesfilm to seek relief (from Jonesfilm’s actions against her and her separate property). All proceedings are still pending. Mr. Hoffman and SAFE have appealed to the Fifth Circuit (No. 11-311 24) an order of garnishment against Leeway and penalties and legal fees awarded in connection with that order of garnishment, which appeal was denied. The Company does not believe it owes any amounts over the amount already accrued above.

Arrowhead Target Fund

Seven Arts Future Flow I (“SFF”), a limited liability company owned by SAP Inc., a company previously controlled by Mr. Hoffman, obtained financing from the Arrowhead Target Fund, Ltd. (“Arrowhead”) of approximately \$8,300,000 (the “Arrowhead Loan”). SFF secured the Arrowhead Loan with liens on 12 motion pictures. The Company’s only liability is to repay the Arrowhead Loan from the proceeds of the film assets pledged against the Arrowhead Loan. The Company is not required to repay the Arrowhead Loan from any of its other assets or revenues. SAE’s subsidiary, SAFE, Ltd. was the collateral agent of the film assets.

The Arrowhead Loan became due in February 2009, and SFF has not paid the outstanding principle and interest due thereon. Arrowhead has the right to foreclose on the pledged film assets, but has not done so at the present time. SFF has received a default notice to this effect and as a result Arrowhead is now collecting directly all sums receivable by the Company with respect to these motion pictures, and has appointed a new servicing agent for these motion pictures with the result that the Company no longer controls the licensing of these motion pictures. Failure to repay or refinance the Arrowhead Loan could result in a material disposition of assets through the loss of the Company’s rights to the twelve motion pictures and related loss of revenues in amounts that are difficult to predict.

Arrowhead filed an action on September 22, 2010 in New York Supreme Court, New York, New York, Arrowhead Target Fund v. Hoffman No. 657481/2010, which seeks recovery from the Company of the monies which the Company has retained under its interpretation of the relevant agreements with Arrowhead. In addition, Arrowhead makes substantial additional claims against the Company, Mr. Hoffman and SAP Inc. regarding claimed breaches of the terms of the operative agreements, including failure to properly account, failure to turn over materials, failure to remit monies collected, and similar matters. The claims against the Company for these breaches of warranties for damages are \$8,300,000 although Arrowhead states no basis for this amount.

The Company had moved to dismiss the action against all defendants other than Seven Arts Future Flows I LLC, which is not part of the Company. On August 9, 2011, the New York Supreme Court granted the Company's motion and dismissed all defendants except Seven Arts Filmed Entertainment Limited in its capacity as a collateral agent, which is not a material element of Arrowhead claim. The Company continues to believe that Arrowhead's claims against the Company are without substantial merit.

Arrowhead has purported to amend its claim against the Company and the other defendants. The Company has moved for dismissal of these claims on the same grounds. A former counsel for SAFE and Mr. Hoffman failed to appear at a hearing and the Court orally entered default against SAFE and Mr. Hoffman on October 7, 2013, both of whom will move to vacate the order for the motion to dismiss based on lack of personal jurisdiction on the merits. The Company continues to believe that Arrowhead's claims against the Company are without substantial merit and will vigorously defend. The Company has accrued \$744,000 as a loss contingency on this matter.

Arrowhead Capital Partners – ACG Loan

PLC, SAP and SAFE, and several special purpose companies formed by SAP were named as defendants in an action by Arrowhead Capital Partners Ltd filed in the Supreme Court of New York County of New York State served on May 24, 2010, seeking to collect \$1,000,000 plus interest (the "ACG Loan") due to Arrowhead Consulting Group LLC ("ACG") as well as foreclosure on the collateral granted as part of the Cheyne Loan described above in Note 13 under "Production Loans". Arrowhead Capital Finance v. Seven Arts Pictures, No. 601199/10. The ACG Loan is fully subordinated to repayment of the Cheyne Loan, which has not been repaid, and a subsidiary of the Company has been assigned all Cheyne's rights under the subordination provision of the Cheyne Loan. ACG and the Company filed our motion for summary judgment which resulted in summary judgment in favor of ACG against SAFE, SAP and the special purpose companies. That summary judgment is on appeal to the New York Court of Appeals. As of June 30, 2013, and the date of this filing, there has been no decision in the appeal. The Company plans to vigorously defend this matter and cannot yet determine the probability of the outcome. The Company has not accrued a loss contingency on this matter and it is not a defendant in this action. Any claim against SAFE will be subject to the liquidation proceedings of SAFE under the law of the United Kingdom.

Investigation into Claim for Tax Credits (SAPLA)/ Possible Litigation Re: Tax Credits

The US Attorney in New Orleans is investigating claims for Louisiana film infrastructure tax credits including such tax credits to be claimed by Seven Arts Pictures Louisiana LLC ("SAPLA") and has issued subpoenas for discovery of documents in the possession of the Company related to these tax credits. The Company has complied with that subpoena on March 15, 2012.

This investigation appears to include investigation as to whether certain expenses claimed by this affiliate were improper or fraudulent. All such claimed expenses were audited by independent auditors in Louisiana and reviewed by counsel. Management believes that this investigation will have no material adverse effect on the Company's operations or the total tax credits to be received by the Company's affiliates, but could result in charges against current or former employees of this affiliate based on prior audits, including Mr. Hoffman.

SAPLA, controlled by Mr. Hoffman's wife, filed legal action in the 19th District Court in Baton Rouge, Louisiana in August, 2013 to require the Louisiana Department of Economic Development and State Historic Preservation Office to certify the tax credits due SAPL A, the proceeds of which have been assigned to the Company.

Parallel Action

On June 28, 2011, Seven Arts Pictures Plc. ("PLC") filed an action in the High Court of England against Parallel Media LLC ("Parallel") to collect sums due to PLC with respect to acquisition of distribution rights in Russia to four motion pictures and to confirm Parallel's obligations under both a signed and unsigned investment agreement with respect to the motion picture project Winter Queen. On the same day Parallel filed a petition to wind up and liquidate PLC in the Companies Courts of England based on its claim of repayment of \$1,000,000 of investment made by Parallel in Winter Queen. PLC is no longer part of the Company.

On September 19, 2011, Parallel filed a new action against PLC and SAE in the Superior Court of California in Los Angeles, asserting the same claims as in the winding up petition and seeking to enjoin the proposed administration proceedings in England. Parallel Media v. Seven Arts Entertainment, No. SC114182. A request for a preliminary injunction was denied by the Superior Court. Parallel was permitted to pursue a claim in the Los Angeles Superior Court for alleging that the Asset Transfer Agreement dated July 1, 2011 between PLC and the Company ("ATA") was not for fair consideration. Parallel's motion for summary judgment has been denied. The Company believes that a favorable decision by the liquidator as discussed above will resolve this action in the Company's favor. The Company has not accrued for a loss contingency in this matter. The potential loss to the Company could be between \$million and \$1.75 million.

The liquidator has been advised in a letter from its counsel dated October 10, 2013, that the Company may be obligated to reimburse the liquidator for additional shares of the Company's common stock by reason of the reduction in the value of the Company's common stock issued to PLC pursuant to the ATA, from July 1, 2010 to August 31, 2011. The Company had previously offered to the liquidator to make such an adjustment in the consideration paid pursuant to the ATA. The Company intends to negotiate an amicable resolution of this issue with the liquidator which counsel believes should resolve any claims by Parallel.

HMRC Investigation

On July 19, 2011 Officers of Her Majesty's Revenue & Customs ("HMRC") attended the offices of Seven Arts Pictures Plc. (the "Company") in London. Documents were retained appertaining to arrangements involving the subscription for shares in a number of companies which had lost value, resulting in subscribers making claims to tax relief.

The Company's participation in these transactions was limited to the Company's predecessor's transfer of rights to certain motion pictures to the investors in return for their investments in the production and release costs of those pictures and making available the provision of loans to fund a portion of those investments. The Company received no tax benefits from the transactions, which were made on arms-length terms. The Company believes that it is not a subject of the HMRC investigation.

In connection with the transactions, the Company did not make any representations or warranties to any party, including the investors, regarding any potential tax benefits related to the transactions. Prior to the closing of the transactions the investors obtained and made available to the Company, an opinion of prominent Queen's counsel, specializing in United Kingdom tax laws, that the transactions were permitted and acceptable under the terms of the applicable United Kingdom revenue laws. The Company remains confident that the transactions were permitted and acceptable under the terms of the applicable United Kingdom revenue laws.

HMRC has requested interviews with three officers of PLC to discuss whether those officers were involved in the arrangements for subscription of shares in the relevant companies, the first of which with Ms. Elaine New, CFO, occurred in April 2012 and a second in May 2012. PLC is fully cooperating with the investigation. PLC believes there is no basis for any claim of responsibility of any of its officers or employees. Based on facts currently known by PLC, there is no need for it to record a contingent liability in its financial statements in connection with the investigation or the related transactions.
