2013/2014 Compensation Decisions.

On February 13, 2014, the Compensation Committee of the Board of Directors of Vulcan Materials Company (the "Company") made a number of decisions regarding the 2013 and 2014 compensation for each of the named executive officers to be included in the Company's 2014 proxy statement (the "NEOs") as follows:

§ the Committee set the 2014 base salaries. The CEO's base salary was not increased and has remained the same since 2008;

§ the Committee decided, in accordance with a recommendation of the CEO, to award cash bonuses based on 2013 performance;

§ the Committee set the short term target bonus percentages for the 2014 fiscal year; and

§ the Committee granted long-term incentive awards split 50/50 units between performance shares units (PSUs) and stock-only stock appreciation rights (SOSARs). The PSUs to be earned based on the Company's four-year average total shareholder return percentile rank during the four-year performance period ending on December 31, 2017 and subject to the participant's employment at the end of such period, except as otherwise provided in the award agreement on a change in control of the Company and upon certain terminations of employment. The SOSARs will vest pro rata over four years.

For each NEO, the following table reflects (i) the 2014 base salaries effective March 1, 2014, (ii) the cash bonuses to be paid to such executive in March 2014 based on 2013 performance, (iii) the target bonus opportunity for the 2014 fiscal year, and (iv) the grant of PSUs for the 2014-2017 performance period and SOSARs.
