### **Item 1.01 Entry into a Material Definitive Agreement**

On November 21, 2016, Rowan Companies plc (“Rowan”) and the Saudi Arabian Oil Company (“Saudi Aramco”), through their subsidiaries, entered into a Shareholders’ Agreement to create a 50/50 joint venture to own, manage and operate offshore drilling units in Saudi Arabia. The new entity is anticipated to commence operations in the second quarter of 2017.

At formation of the new company, each of Rowan and Saudi Aramco will contribute US\$25 million to be used for working capital needs. The Asset Contribution and Transfer Agreements provide that at commencement of operations, Rowan will contribute three rigs and its local shore based operations, and Saudi Aramco will contribute two rigs and cash to maintain equal equity ownership in the new company. Rowan will then contribute two more rigs in late 2018 when those rigs complete their current contracts, and Saudi Aramco will make a matching cash contribution at that time. At the various asset contribution dates, excess cash is expected to be distributed in equal parts to the shareholders. Rigs contributed will receive contracts for an aggregate 15 years, renewed and re-priced every three years, provided that the rigs meet the technical and operational requirements of Saudi Aramco.

Rowan rigs in Saudi Arabia not selected for contribution will be managed by the new company until the end of their current contracts pursuant to a management services agreement that provides for a management fee equal to a percentage of revenue to cover overhead costs. After the management period ends, such rigs may be selected for contribution, lease, or they will be required to relocate outside of the Kingdom.

Each of Rowan and Saudi Aramco will be obligated to fund their portion of the purchase of up to 20 new build jack-up rigs ratably over ten years. The first rig is expected to be delivered as early as 2021. The partners intend that the newbuild jack-up rigs will be financed out of available cash from operations and/or funds available from third party debt financing. Saudi Aramco as a customer will provide drilling contracts to support the new company in the acquisition of the new rigs. If cash from operations or financing is not available to fund the cost of the newbuild jack-up rig, each partner is obligated to contribute funds to purchase such rigs, up to a maximum amount of \$1.25 billion per partner in the aggregate for all 20 newbuild jack-up rigs.
