**Section 1        Registrant’s Business and Operations**

**Item 1.01        Entry into a Material Definitive Agreement**

On January 29<sup>th</sup>, 2018, Limoneira Company (the “Company”) entered into a Revolving Credit Facility Supplement (the “Supplement”) with Farm Credit West, PCA (“Lender”), which supplements the Master Loan Agreement, dated June 19, 2017, between the Company and Lender (the “Loan Agreement”). The Supplement amends, restates and replaces the Revolving Credit Facility Supplement entered into by Lender and the Company on June 19, 2017 (the “Prior Revolving Supplement”). The Loan Agreement, previously filed with the Securities and Exchange Commission by the Company on June 21, 2017 on Form 8-K, governs the terms of the Supplement.

The Supplement provides borrowing capacity of \$75,000,000, compared to \$60,000,000 provided under the Prior Revolving Supplement. For amounts outstanding under the Supplement interest will begin to be charged on the date the Lender disburses principal and will continue until the outstanding indebtedness under the Supplement is paid in full with interest. The initial interest rate in effect under the Supplement is 3.41% per annum, which rate will be automatically adjusted commencing February 1, 2018 and on the first day of each month thereafter. The interest rate for any amount outstanding under the Supplement will be based on the one month LIBOR rate plus an applicable margin. The applicable margin will range from 1.60% to 2.35% depending on the ratio of current assets plus the remaining available commitment divided by current liabilities. On July 1, 2018, and on each one year anniversary thereafter, the Company has the option to convert the interest rate in use under the Supplement from the preceding LIBOR-based calculation to a variable interest rate, or the reverse, as applicable. Any amounts outstanding under the Supplement are due and payable in full on July 1, 2022. The Company may prepay any amounts outstanding under the Supplement without penalty.

Any indebtedness under the Supplement, is secured by a first lien on certain of the Company’s agricultural properties in Tulare and Ventura counties in California and certain of the Company’s building fixtures and improvements and investments in mutual water companies associated with the pledged agricultural properties. The Loan Agreement includes customary default provisions that provide should an event of default occur, the Lender, at its option, may declare all or any portion of the indebtedness under the Loan Agreement to be immediately due and payable without demand, notice of non-payment, protest or prior recourse to collateral, and terminate or suspend the Company’s right to draw or request funds on any loan or line of credit.

The foregoing summary of the Supplement is qualified in its entirety by reference to the text of the Supplement, which is filed hereto as Exhibits 10.1 and incorporated herein by reference.
