These forward-looking statements reflect the Company’s current expectations and/or beliefs concerning future events. The Company believes the information, estimates, forecasts and assumptions on which these statements are based are current, reasonable and complete. Our expectations with respect to the first quarter of fiscal 2018 and the full year fiscal 2018 that are contained in this filing are forward-looking statements based on management’s best estimates, as of the date of this filing. These estimates are unaudited, and reflect management’s current views with respect to future results. However, the forward-looking statements in this filing are subject to a number of risks and uncertainties that may cause the Company’s actual performance to differ materially from that projected in such statements. Among the factors that could cause actual results to differ materially include, but are not limited to, industry cyclicality and seasonality and adverse weather conditions; challenging economic conditions affecting the nonresidential construction industry; volatility in the U.S. economy and abroad, generally, and in the credit markets; substantial indebtedness and our ability to incur substantially more indebtedness; our ability to generate significant cash flow required to service or refinance our existing debt, including our secured term loan facility, and obtain future financing; our ability to comply with the financial tests and covenants in our existing and future debt obligations; operational limitations or restrictions in connection with our debt; increases in interest rates; recognition of asset impairment charges; commodity price increases and/or limited availability of raw materials, including steel; costs relative to maintenance or replacement of our enterprise resource planning technologies; our ability to make strategic acquisitions accretive to earnings; retention and replacement of key personnel; our ability to carry out our restructuring plans and to fully realize the expected cost savings; enforcement and obsolescence of intellectual property rights; fluctuations in customer demand; costs related to environmental clean-ups and liabilities; competitive activity and pricing pressure; increases in energy prices; volatility of the Company's stock price; potential future sales of the Company's common stock held by our sponsor; substantial governance and other rights held by our sponsor; breaches of our information system security measures and damage to our major information management systems; hazards that may cause personal injury or property damage, thereby subjecting us to liabilities and possible losses, which may not be covered by insurance; changes in laws or regulations, including the Dodd–Frank Act; and costs and other effects of legal and administrative proceedings, settlements, investigations, claims and other matters; timing and amount of any future stock repurchases. In addition to these factors, we encourage you to review the “Risk Factors” set forth in the Company’s Annual Report on Form 10-K for the fiscal year ended October 29, 2017, and the other risks and uncertainties described in documents we file from time to time with the SEC, which identify other important factors, though not necessarily all such factors, that could cause future outcomes to differ materially from those set forth in the forward-looking statements contained in this filing. The Company expressly disclaims any obligation to release publicly any updates or revisions to these forward-looking statements, whether as a result of new information, future events, or otherwise.
