PROXY STATEMENT

Your vote is very important. For this reason, the Board of Directors is requesting that you allow your common stock to be represented at the 2006 Annual Meeting of Shareholders by the proxies named on the enclosed proxy card. This proxy statement is being sent to you in connection with this request and has been prepared for the Board by our management. We, our, or Mid-State refer to Mid-State Bancshares. The proxy statement is being sent to our shareholders on or about April 17, 2006.

GENERAL INFORMATION ABOUT THE MEETING

The Meeting. The Meeting will be held on Tuesday, May 16, 2006 at 7:30 p.m., local time, at The Clark Center, 487 Fair Oaks Avenue, Arroyo Grande, California. The term Meeting means this meeting and any postponements or adjournments of it.

Who Can Vote. You are entitled to vote your Mid-State common stock, no par value, if our records showed that you held your shares as of March 31, 2006. At the close of business on that date, a total of 22,377,998 shares of common stock were outstanding and entitled to vote. Each share of Mid-State common stock owned on the record date has one vote. The enclosed proxy card shows the number of shares that you are entitled to vote. Your vote is confidential and will not be disclosed to persons other than those recording the vote.

Voting Your Proxy. If your common stock is held by a broker, bank, or other nominee, you will receive instructions from them that you must follow in order to have your shares voted.

If you hold your shares in your own name as a holder of record, you may instruct the proxies how to vote your common stock by using the toll free telephone number or the Internet voting site listed on the proxy card or by signing, dating, and mailing the proxy card in the postage paid envelope that we have provided to you. Of course, you can always come to the meeting and vote your shares in person. Specific instructions for using the telephone and Internet voting systems are on the proxy card. The proxies will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted for the election of directors named in this proxy statement

Matters to be Presented. We are not now aware of any matters to be presented other than those described in this proxy statement. If any matters not described in the proxy statement are properly presented at the meeting, the proxies will use their own judgment to determine how to vote your shares. If the meeting is adjourned, the proxies can vote your common stock on the new meeting date as well, unless you have revoked your proxy instructions.

Revoking your Proxy. To revoke your proxy instructions if you are a holder of record, you must advise the Secretary in writing before the proxies vote your common stock at the meeting, deliver later proxy instructions, or attend the meeting and vote your shares in person. Unless you decide to attend the meeting and vote your shares in person after you have submitted voting instructions to the proxies, we recommend that you revoke or amend your prior instructions in the same way you initially gave them—that is, by telephone, Internet, or in writing. This will help to ensure that your shares are voted the way you have finally determined you wish them to be voted.

How Votes are Counted. The annual meeting will be held if a majority of the outstanding common stock entitled to vote is represented at the meeting. If you have returned valid proxy instructions or attend the meeting in person, your common stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting. If you hold your common stock through a nominee, generally the nominee may vote the common stock that it holds for you only in accordance with your instructions. Brokers who are members of the National Association of Securities Dealers, Inc. may not vote shares held by them in a nominee's name unless they are permitted to do so under applicable rules. Under New York Stock Exchange rules, a member broker that has transmitted proxy soliciting materials to a beneficial owner may vote on matters that the Exchange has determined to be routine if the beneficial owner has not provided the broker with voting instructions within 10 days of the meeting. If a nominee cannot vote on a particular matter because it is not routine, there is a broker non-vote on that matter. Broker non-votes count for quorum purposes, but we do not count either abstentions or broker non-votes as votes for or against any proposal.

Cost of this Proxy Solicitation. We will pay the cost of this proxy solicitation. In addition to soliciting proxies by mail, we expect that a number of our employees will solicit shareholders for the same type of proxy, personally and by telephone. None of these employees will receive any additional or special compensation for doing this. We will, on request, reimburse brokers, banks, and other nominees for their expenses in sending proxy materials to their customers who are beneficial owners and obtaining their voting instructions.

Attending the Meeting. If you are a holder of record and plan to attend the annual meeting, please so indicate when you vote. The lower portion of the proxy card is your admission ticket. **If you are a beneficial owner of common stock held by a broker, bank, or other nominee, you will need proof of ownership to be admitted to the meeting.** A recent brokerage statement or a letter from a bank or broker are examples of proof of ownership. If you want to vote your common stock held in nominee name in person, you must get a written proxy in your name from the broker, bank, or other nominee that holds your shares.

CORPORATE GOVERNANCE

Consistent with our perception of good business principles, we historically have had a strong commitment to good corporate governance and to the highest standards of ethical conduct. Additionally, as part of a highly regulated industry, the corporate governance principles and procedures of the Sarbanes-Oxley Act of 2002 (SOA), the Securities and Exchange Commission (the SEC) and Nasdaq (our common stock is listed on the Nasdaq national market) are quite familiar. For instance, we believe that at least a majority of our directors have been independent at Mid-State Bank & Trust since at least 1961 and that it has been the case at Mid-State Bancshares since it was formed in 1998. We have for some time delegated policy making and oversight functions to committees which also consist almost entirely of independent directors. We have also had a formal corporate code of ethics in place since 1997. During the last several years, we have been formalizing, refining, and fine-tuning our procedures to comply with the new requirements. We believe that we have taken all required actions to comply with all applicable provisions of the SOA, implementing regulations and the Nasdaq rules.

Corporate Governance Guidelines

We have formalized our corporate governance practices into a set of Corporate Governance Guidelines, which include guidelines for determining director independence and reporting concerns to non-employee directors. All of our corporate governance materials, including the Corporate Governance Guidelines and committee charters, are published on the Investor Information section of our website at www.midstatebank.com. The Board regularly reviews corporate governance developments and modifies these Guidelines and charters as warranted. Any modifications are reflected on our website.

Board of Directors

Mid-State is governed by a Board of Directors (the Board) and various committees of the Board that meet throughout the year. Directors discharge their responsibilities throughout the year at Board and committee meetings and also through telephone contact and other communications with the Chairman, the Chief Executive Officer and other officers regarding matters of concern and interest to Mid-State as well as by reviewing materials provided to them. During 2005, there were thirteen (13) meetings of the Board.

Director Independence

It is the Board's objective that at least the majority of the Board consists of independent directors. For a director to be considered independent, the Board must determine that the director does not have any material relationship with the Company and is otherwise an independent director within the meaning of the Nasdaq rules. The Board has determined that the following eight (8) directors/nominees (constituting 80% of the entire Board) satisfy Nasdaq's independence requirements: Andrews, Carey, Flood, Heron, Maguire, Miner, Morris, and Rains.

The Nasdaq rules require all members of the Audit, the Compensation, and the Nominating and Corporate Governance Committees to be independent directors. Members of the Audit Committee must also satisfy an additional SEC requirement, which provides that they may not accept directly or indirectly, any consulting, advisory, or other compensatory fee from us or any of our subsidiaries other than their director's compensation. The Board has determined that all members of the Nominating and Corporation Governance Committee, Audit, and Compensation Committees satisfy the relevant independence requirements.

Meetings and Attendance

Directors are expected to attend all Board meetings and meetings of committees on which they serve and each annual shareholders' meeting. In 2005, all of the then ten (10) members of the Board attended our annual shareholders meeting.

Each of the directors who was a director during all of 2005 attended at least 75% of the meetings of the Board and committees on which they served in 2005.

Communication with the Board of Directors

The ability of shareholders to communicate directly with the Board is an important feature of corporate governance and assists in the transparency of the Board's operations. In furtherance of this interest, the Board has included in the Corporate Governance Guidelines a process by which a shareholder may communicate directly in writing to the Board. Please refer to *Shareholder Communications with the Board of Directors* of the Guidelines for further information. Because communications to the Board can be junk mail or spam, or relate to products and services, be solicitations, advertisements or job inquiries or otherwise relate to improper or irrelevant topics, a process has been approved by not less than a majority of the independent directors for screening communications.

Director Nomination Process

The Nominating and Corporate Governance Committee is responsible for recommending for the Board's selection the slate of director nominees for election to our Board and for filling vacancies occurring between annual meetings of shareholders.

This Committee will consider shareholder recommendations for candidates for the Board. Recommendations can be made in accordance with the *Selection of Directors - Shareholder Recommendations* of the Guidelines. The committee's non-exclusive list of criteria for Board members is set forth in *Selection of Directors - Criteria* of the Guidelines. The Committee screens all potential candidates in the same manner regardless of the source of the recommendation.

Meetings of Independent Directors

The Corporate Governance Guidelines provide that the independent directors will meet without any management directors present at least two times each year. In 2005, the independent directors met two (2) times.

Code of Conduct

We expect all of our directors, officers (including our Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer) and employees to adhere to the highest standards of ethics and business conduct with each other, customers, shareholders and communities we serve and to comply with all applicable laws, rules and regulations that govern our business. These principles have long been embodied in our various policies relating to director, officer and employee conduct including such subjects as employment policies, conflicts of interest, professional conduct, and protection of confidential information. The Board adopted a comprehensive code of conduct in 2003 reflecting these policies. Our code of conduct is published on the Investor Information section of our website at www.midstatebank.com. Any change to or waiver of the code of conduct (other than technical, administrative, and other non-substantive changes) will be posted on our website or reported on a Form 8-K filed with the SEC. While the Board may consider a waiver for an executive officer or director, we do not expect to grant such waivers.

Committees of the Board

Among other committees, we have an audit, nominating and corporate governance, and compensation committees. The following describes for each of these three committees its current membership, the number of meetings held during 2005, and its function.

Audit Committee. Directors Andrews (Chairman), Flood, Heron, and Miner.

This Committee met six (6) times in 2005. Each member is an independent director, as defined by the Nasdaq rules and satisfies the additional SEC requirements for independence of audit committee members. Nasdaq rules further require each member be able to read and understand fundamental financial statements. In addition, our Board has determined that George H. Andrews is an audit committee financial expert, as defined by the SEC rules.

Pursuant to its Charter, the Audit Committee is a standing committee appointed annually by the Board. The Committee assists the Board of Directors in fulfilling its responsibility to the shareholders and depositors relating to the quality and integrity of our accounting systems, internal controls, financial-reporting processes, the identification, and assessment of business risks and the adequacy of overall control environment within Mid-State. The Committee's authorities and responsibilities are set forth in the Audit Committee Charter, which is attached as Appendix A to this Proxy Statement. A copy of the Audit Committee's Report for the year-ended December 31, 2005 is attached as Appendix B to this Proxy Statement.

Nominating and Corporate Governance Committee. Directors Flood (Chairman), Carey, and Maguire.

Each member of the Committee is an independent director, as defined by the Nasdaq rules.

The Committee met one (1) time in 2005. The Committee will, among other things:

Identify individuals believed to be qualified to become Board members, consistent with criteria approved by the Board, and recommend to the Board the nominees to stand for election as directors at the annual meeting of shareholders;

Develop and recommend to the Board standards to be applied in making determinations as to the absence of material relationships between Mid-State and directors;

Identify Board members qualified to fill vacancies on any committee of the Board and recommend that the Board appoint the identified member or members to the respective committee;

Conduct an annual evaluation of the performance of the Board and report conclusions to the Board;

Develop and recommend to the Board a set of corporate governance principles applicable to Mid-State and review those principles at least once a year;

Edgar Filing: MID-STATE BANCSHARES - Form DEF 14A

Review and recommend any needed changes, and address questions which may arise with respect to the code of conduct, and

Review on an annual basis non-employee director compensation and benefits and make recommendations to the Board on appropriate compensation.

Compensation Committee. Directors Morris (Chairman), Maguire, and Rains.

Each member of the Committee is an independent director, as defined by the Nasdaq rules. This Committee met four (4) times in 2005. The Committee will, among other things:

Establish proper compensation ranges for officers and employees through the review of an annual compensation strategy;

Review and recommend to the Board for approval the compensation of the Chief Executive Officer and other executive officers;

Ensure that the annual executive incentive compensation plan is administered in a manner consistent with Mid-State's compensation strategy;

Subject to Board approval, administer the 2005 Equity Based Compensation Plan;

Make recommendations to the Board with respect to incentive compensation and equity-based compensation plans; and

Review with the Chief Executive Officer management succession and organizational developments.

A copy of the Compensation Committee's Report for the year ended December 31, 2005 is attached as Appendix C to this proxy statement.

Compensation Committee Interlocks and Insider Participation. No member of the Compensation Committee was a current or former officer or employee of Mid-State or its subsidiary during the year. The Chairman of the Compensation Committee during 2005, Director Gregory R. Morris, is the president and principal owner/shareholder of Morris & Garritano Insurance Agency. Morris & Garritano received broker commissions during 2005 in connection with the placement of insurance for Mid-State and its subsidiary. Such broker commissions were less than 5% of Morris & Garritano's gross revenues

for 2005.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Bylaws and implementing resolutions provide for a total of ten (10) directors. We have a Classified Board of Directors. A Classified Board means that the directors are divided into three classes with staggered terms and approximately one-third of the Directors are elected at each annual meeting. As a result, the term of office of the current Class I Directors will expire at the 2006 Meeting or upon election and qualification of their successors. The Board of Directors has nominated each of the current Class I Directors to be elected at the Meeting as Class I Directors for a three-year term expiring at our annual meeting in 2009 or until their successors have been elected and qualified. At subsequent annual meetings of the shareholders, a number of directors will be elected equal to the number of directors with terms expiring at that annual meeting. The directors so elected at these subsequent annual meetings will each be elected for a three-year term.

Vote Required. Directors must be elected by a plurality of the votes cast at the meeting. This means that the nominees receiving the greatest number of votes will be elected. Votes withheld for any nominee will not be counted.

Substitute Nominees. Although we know of no reason why any of the nominees would not be able to serve, if any nominee becomes unexpectedly unavailable for election, the proxies would vote your common stock to approve the election of any substitute nominee proposed by the Board. We may also choose to reduce the number of directors to be elected, as permitted by our Bylaws.

Slate of Directors

A real estate broker for 40 years, Mr. Heron is vice president and branch manager for Coldwell Banker in Santa Barbara. He is an honorary director for life for the California Association of Realtors. SECURITY OWNERSHIP OF CERTAIN

BENEFICIAL OWNERS AND MANAGEMENT

To the Company's knowledge, based on the absence of filings which beneficial owners of more than five percent of the outstanding shares of the Company's common stock are required to make with the SEC, there are no beneficial owners of more than five percent of the outstanding shares of the Company's common stock.

General Information About the Nominees and the Continuing Directors. Directors Carey, Heron, Lokey, and Maguire are currently directors of Mid-State. Each of the four (4) nominees has agreed to be named in this proxy statement and to serve if elected.

Unless stated otherwise, all of the nominees and the continuing directors have been continuously employed by their present employers for more than five years. No director or executive officer of the Company is related to any other director or executive officer of the Company by blood, marriage, or adoption.

Stock Options. Mid-State currently has two active stock option plans, the 1996 Stock Option Plan (the 1996 Plan) and the 2005 Equity Based Compensation Plan (the 2005 Plan). Both plans are intended to advance our interests by encouraging stock ownership on the part of key employees and non-employee directors.

The 1996 Plan commenced in November 1996 and expired in May 2005. Under the 1996 Plan, there were options outstanding to purchase a total of 1,308,661 shares of common stock as of March 31, 2006. With the approval of the 2005 Plan in May of 2005, no additional grants have been made under the 1996 Plan.

The 2005 Plan was approved by shareholders on May 17, 2005, authorizing a maximum of 1,000,000 shares. The Company intends to use the 2005 Plan primarily to motivate senior management and senior producers that effectively influence shareholders value. The 2005 Plan authorizes the granting of incentive stock options, non-qualified stock options, stock appreciation rights (SARs), restricted stock awards (Restricted Stock), and performance share cash only awards. Subject to Board ratification, the Compensation Committee will determine the vesting and, where applicable, the expiration date of Awards, but Awards that provide for the right to acquire stock may not remain outstanding more than ten (10) years after the grant date, and any ISO Award granted to any eligible employee owning more than 10% of the Company s stock must be granted at 110% of the Fair Market Value of the stock. Unless the Committee determines otherwise, Awards do not vest or become exercisable until six (6) months after the date of grant.

Pursuant to the 2005 Plan, outstanding options and restricted stock awards were granted to directors and to key, full-time salaried officers and employees of Mid-State and its subsidiaries. As of March 31, 2006 there are 953,931 shares available for grant. The Incentive Stock Options (ISO) or Non-Qualified Stock Options (NSO) or restricted stock granted to date become exercisable in accordance with a vesting schedule established at the time of grant.

All options granted in the years indicated below to the named executive officers were incentive stock options and have an exercise price equal to the fair market value Mid-State s Common Stock on the date of grant.

The following table furnishes certain information regarding stock options granted under the Stock Option Plan for James W. Lokey, James G. Stathos, Harry H. Sackrider, Steven L. Harding, and Eldon Shiffman.

Profit Sharing/401(k) Plan. Mid-State offers a combined Profit Sharing and 401(k) Plan to all of its eligible employees, and those of its banking subsidiary (the Plan). Eligible employees may participate in the Plan on the first of the month following 30 days of service. Employer contributions to the Profit Sharing and 401(k) Plan are vested on a five-year vesting schedule at 20% per year.

Contributions to the Profit Sharing portion of the Plan (the Profit Sharing Plan) are made entirely by Mid-State. Each year the Board of Directors, in its discretion, decides how much money, if any, will be contributed to the Plan depending on the amount of Mid-State's profits for the year. Mid-State's contribution to the Profit Sharing Plan is allocated among all eligible employees based on eligible pay. Employees must be actively employed at the end of the calendar year in order to receive the profit sharing contribution. No amounts are accrued or set aside for the account of non-employee directors. Mid-State contributed approximately \$2,357,000 to the Profit Sharing Plan for the year ending December 31, 2005.

⁵²Unexercisable stock options represent those options granted, but not yet fully vested. Exercisable stock options represent the fully vested portion. Stock options vest at the rate of 20% per year from the date of grant. Value of options has been determined by multiplying number of shares by the difference between the closing price on December 30, 2005 of \$26.75 per share, and the respective exercise price per share.

Under the 401(k) portion of the Plan (the 401(k) Plan), each covered employee can make voluntary contributions to his or her account in an amount up to thirty percent (30%) of his or her base salary; such contributions vest immediately when made. Mid-State makes a contribution to the employee s account in an amount equal to fifty percent (50%) of the employee s contributions, up to a maximum of six percent (6%) of the employee s salary. For the year ended December 31, 2005, Mid-State contributed approximately \$628,000 to the 401(k) Plan.

Change in Control Agreements. Mid-State entered into change in control agreements with Messrs. Lokey, Sackrider, and Stathos as of January 9, 2002. Each agreement provides that, if a person who has acquired control of Mid-State terminates the officer within 36 months after such change in control other than for cause, disability or retirement (as such terms are defined in the agreement) or if, within 36 months of such a change in control, the officer terminates the agreement for good reason (as defined in the agreement), the officer will receive (i) a lump sum severance payment equal to three times his annual salary and bonus and (ii) continued benefits under all insured and self-insured employee welfare benefit plans for a period ending on the earliest of (A) three (3) years, (B) the commencement date of equivalent benefits from a new employer or (C) the officer s normal retirement date under the terms of such plans. In general, a change in control includes a change in the majority of directors as a result of an election contest, an acquisition of 25% of the outstanding shares, a merger, consolidation, sale of substantially all the assets, a change in the majority of directors over a two (2) year period as well as any other transfer, voluntarily or by hostile takeover or proxy contest, operation of law or otherwise, of control of Mid-State.

Messrs. Harding and Shiffman also have a change in control agreement which are substantially identical to the ones described above except that the triggering event must occur within 24 months after a change in control and the amount of the lump sum payment is limited to two times his annual salary and bonus.

Incentive Compensation Plan. The Board of Directors approved an annual Incentive Plan for the executive officers. The objective of the plan is to provide competitive compensation, warranted by performance, and aid in motivating and retaining key executives. Awards under the Plan are based on achievement of annual Bank objectives and individual objectives. Objectives are established in advance of the Plan year and approved by the Chairman, CEO, and the Compensation Committee, as well as by the Board, in conjunction with the annual budget. For purposes of calculating performance against the objectives for any year, profit (or income) is after-tax net income, as shown in the Consolidated Statement of Income for such year, as presented to the Board of Directors. Messrs. Lokey, Stathos, Sackrider, Harding and Shiffman are eligible for participation in the Plan.

Other Compensation. We have provided and plan to continue to provide our executive officers with automobiles, which are not available to all our employees. It is impracticable to estimate the percentage of the total costs of these benefits attributable to personal use. No amount is stated for the foregoing in the compensation table on page 14, since management has concluded that the amount of any personal benefits to any executive officer and to the principal officers as a group is *less* than the lesser of \$50,000.00 per person or ten percent (10%) of the compensation reported under Cash Compensation for each such person and for the group.

Performance Graph. The following table and graph display five (5) year comparative total return performance information for Mid-State common stock, the Russell 3000, SNL Bank Index, and the SNL Western Bank Index. The information is prepared assuming \$100.00 is invested in each of the four (4) potential investments, five (5) years ago. The performance information takes into account dividends paid and the price appreciation or depreciation of the stock(s). It should be noted that historical performance information is no guarantee of future performance.

Transactions with Management and Others. There have been no transactions, or series of similar transactions, during 2005, or any currently proposed transaction, or series of similar transactions, to which Mid-State or its wholly owned bank subsidiary was or is to be a party, in which the amount involved exceeded or will exceed \$60,000.00 and in which any director (or nominee for director) of Mid-State, executive officer of Mid-State, any shareholder owning of record or beneficially 5% or more of Mid-State Stock, or any member of the immediate family of any of the foregoing persons, had, or will have, a direct or indirect material interest.

Indebtedness of Management. Some of the current directors and executive officers of Mid-State and the companies with which they are associated have been customers of, and have had banking transactions with Mid-State, in the ordinary course of Mid-State's business, and Mid-State expects to continue to have such banking transactions in the future. All loans and commitments to lend included in such transactions have been made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons of similar creditworthiness, and in the opinion of management of Mid-State, have not involved more than the normal risk of repayment or presented any other unfavorable features.

Section 16(a) of the Securities Exchange Act of 1934. Section 16(a) of the Exchange Act requires Mid-State's directors, executive officers and ten percent (10%) or more shareholders of Mid-State's equity securities to file with the SEC initial reports of ownership and reports of changes of ownership of Mid-State's equity securities. Officers, directors and ten percent (10%) or more shareholders are required by SEC regulations to furnish Mid-State with copies of all Section 16(a) forms they file. To Mid-State's knowledge, based solely on review of the copies of such reports furnished to Mid-State and written representations that no other reports were required, during the fiscal year ended December 31, 2005 all Section 16(a) filing requirements applicable to its executive officers, directors and beneficial owners of ten percent (10%) or more of Mid-State's equity securities appear to have been met.

RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

Mid-State has not yet selected its independent public accountants for the fiscal year ending December 31, 2006 but intends to do so later this year.

PricewaterhouseCoopers, LLP (PWC) audited Mid-State's financial statements for the year ended December 31, 2005 and have been Mid-State's accountants since July 2002. It is anticipated that a representative of PWC will be present at the meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from shareholders regarding Mid-State's financial statements.

Fees. All professional services rendered by PWC during 2005 were furnished at customary rates and terms.

Edgar Filing: MID-STATE BANCSHARES - Form DEF 14A

The following table presents fees for professional audit services rendered by PWC for the fiscal years ended December 31, 2005 and 2004.

	2005	2004
Audit Services:		
Consolidated financial statements quarterly reviews, and Report on Internal Controls	<u>\$902,185</u>	<u>\$823,000</u>
Audit-Related Services:

Total tax service fees	<u>81,650</u>	<u>106,745</u>
Total Fees:	<u>\$983,835</u>	<u>\$929,745</u>

In the above table, in accordance with the SEC's definitions and rules, audit fees are fees Mid-State paid PWC for professional services for the audit of Mid-State's consolidated financial statements included in the Form 10-K and review of financial statements included in Form 10-Q's, and for services that are normally provided by the accountant in connection with statutory and regulatory filings and engagements; audit related fees are fees for assurance and related services that are reasonably related to the performance of the audit or review of Mid-State's financial statements; tax fees are fees for tax compliance, tax advice and tax planning; and all other fees are fees for any services not included in the first three categories.

For the fiscal year 2005 the Audit Committee considered and deemed the services provided by PWC compatible with maintaining the principle accountant's independence. The Charter for the Audit Committee of the Board contains policies and procedures for pre-approval of audit and non-audit services from our independent public accountant.

The Audit Committee shall make regular reports to the Board. The Audit Committee shall review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval. The Audit Committee shall annually review the Audit Committee's own performance.

Financial Statement and Disclosure Matters:

The Audit Committee, to the extent it deems necessary or appropriate, shall:

Evaluate the qualifications, performance, and independence of the independent auditor, including considering whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor's independence, taking into account the opinions of management and internal auditors. The Audit Committee shall present its conclusions with respect to the independent auditor to the Board.

APPENDIX B

REPORT OF THE AUDIT COMMITTEE

The Audit Committee (Committee) of the Board of Directors is composed of four independent directors. The members of the Committee are: Director Andrews (Chairman), Director Flood, Director Heron, and Director Miner. Each member is an independent director, as defined by the Nasdaq rules and satisfies the additional SEC requirements for independence of audit committee members. In addition, the Board of Directors has determined that George H. Andrews is an audit committee financial expert, as defined by the SEC rules.

The Committee held six (6) meetings during 2005. During the course of the year, the Committee reviewed the Audit Committee Charter which, among other things, provides the Committee with authority to (i) control the outside auditor, (ii) make hiring and termination decisions concerning the auditor, and (iii) approve all non-audit services.

The Committee oversees the financial reporting process for Mid-State Bancshares (Mid-State) on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Committee reviewed the annual financial statements to be included in the Annual Report and Form 10-K.

In accordance with Statements on Accounting Standards (SAS) No. 61 and No. 90, discussions were held with management and the independent auditors regarding the acceptability and the quality of the accounting principles used in the reports. These discussions included the clarity of the disclosures made therein, the underlying estimates and assumptions used in the financial reporting, and the reasonableness of the significant judgments and management decisions made in developing the financial statements. In addition, the Committee has discussed with the independent auditors their independence from Mid-State and its management, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1.

The Committee has also met and discussed with management and its independent auditors, issues related to the overall scope and objectives of the audit conducted, the internal controls used by Mid-State, and the selection of Mid-State's independent auditors.

Pursuant to the reviews and discussions described above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2005.

APPENDIX C

REPORT OF THE COMPENSATION COMMITTEE

MID-STATE BANCSHARES AND MID-STATE BANK & TRUST

The goals of the Mid-State Executive Compensation Program (the Program) are to attract and retain higher caliber executives, provide compensation in a cost efficient manner, encourage executive ownership of Mid-State Bancshares (Mid-State) common stock and motivate executives to maximize returns to shareholders, both annually and over the long-term.

The philosophy of the Program is to provide a total reward program that supports achievement of Mid-State's goals and objectives and provides total compensation that is competitive in relation to that provided by comparable financial institutions.

Compensation for Mid-State's executive officers includes the following components:

Salary The principal objective of the salary program is to maintain salaries that are targeted at the 75th percentile of the market for comparable positions in similarly sized financial institutions.

Annual incentives Annual incentives are designed to reward principally for overall annual Bank performance and provide total cash compensation that is targeted at the 75th percentile of the market when warranted by performance.

Long-term incentives The principal objective of the long-term stock-based incentive program is to align the financial interests of executives with those of shareholders, provide incentive for executive ownership of Mid-State common stock, support the achievement of long-term financial objectives, and provide for long-term incentive reward and capital accumulation opportunities.

Benefits The principal objectives of the benefits program provided for executives are to provide attractive benefits to retain key executives and provide financial planning opportunities to facilitate tax and estate planning.

CEO Compensation

In setting the Chief Executive Officer's (the CEO) base salary and in determining his performance bonus for fiscal 2005, the Compensation Committee (the Committee) has considered Mid-State's sustained revenue and profit growth in recent years. In addition, the Bank continues to perform in the upper quartile of the industry peer group. The CEO significantly contributed to this success. Based on this performance, the Committee approved a salary increase and cash bonus. The stock option grant made to the CEO was made at the fair market value. All of the adjustments were made in accordance with the guidelines established in the executive compensation plan.

C-1
