ABOUT THIS PROSPECTUS

You should read this prospectus together with the additional information described under the heading **Where You Can Find More Information About Us**.

Unless otherwise stated in this prospectus or unless the context otherwise requires, references in this prospectus to **we** , **our** , **us** , **the Company** and **ICICI Bank** are to ICICI Bank Limited and its consolidated subsidiaries and other consolidated entities. References in this prospectus to **ICICI** are to ICICI Limited prior to its amalgamation with ICICI Bank Limited.

In this prospectus, references to **US** or **United States** are to the United States of America, its territories and its possessions. References to **India** are to the Republic of India. References to **\$** or **US\$** or **dollars** or **US dollars** are the legal currency of the United States and references to **Rs.** or **rupees** or **Indian rupees** are to the legal currency of India. References to a particular **fiscal year** are to our fiscal year ended March 31 of such year.

Pursuant to the issuance and listing of our securities in the United States under registration statements filed with the United States Securities Exchange Commission, we file annual reports on Form 20-F which must include financial statements prepared under generally accepted accounting principles in the United States (US GAAP) or financial statements prepared according to a comprehensive body of accounting principles with a reconciliation of net income and stockholders' equity to US GAAP. When we first listed our securities in the United States, Indian GAAP was not considered a comprehensive body of accounting principles under US securities laws and regulations. Accordingly, our annual reports on Form 20-F for fiscal years 2000 through 2005 have included US GAAP financial statements. However, pursuant to a significant expansion of Indian accounting standards, Indian GAAP constitutes a comprehensive body of accounting principles. Accordingly, we have included consolidated financial statements prepared according to Indian GAAP, with a reconciliation of net income and stockholders' equity to US GAAP and a description of significant differences between Indian GAAP and US GAAP, in our annual reports of fiscal 2006 and fiscal 2007.

Except as otherwise stated in this prospectus, all translations from Indian rupees to US dollars are based on the noon buying rate in the City of New York on March 30, 2007, for cable transfers in Indian rupees as certified for customs purposes by the Federal Reserve Bank of New York which was Rs. 43.10 per \$1.00. No representation is made that the Indian rupee amounts have been, could have been or could be converted into US dollars at such a rate or any other rate. Any discrepancies in any table between totals and sums of the amounts listed are due to rounding. On May 31, 2007, the noon buying rate was Rs. 40.36 per \$1.00.

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission (the **SEC**) utilizing a **shelf** registration process. Under this shelf process, we may sell the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities pursuant to the registration statement, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained or incorporated by reference in this prospectus. You should read both this prospectus and any prospectus supplement together with the additional information described under the heading **Where You Can Find More Information About Us**.

DESCRIPTION OF EQUITY SHARES

For a description of our equity shares, see the section "Description of Equity Shares" in the Preliminary Prospectus contained in our registration statement on Form F-1 filed on March 27, 2000 (File No. 333-30132) which is incorporated by reference in this prospectus (see "Incorporation of Documents by Reference").

Table of Contents**DESCRIPTION OF AMERICAN DEPOSITARY SHARES**

Deutsche Bank Trust Company Americas, as depositary, will issue the ADRs evidencing the ADSs. Each ADS will represent an ownership interest in two equity shares. The equity shares will be deposited with us, as custodian. Our office, as custodian, is located at Empire Complex, Senapati Bapat Marg, Lower Parel, Mumbai 400013, India. The depositary's principal executive office is located at 60 Wall Street, New York, New York 10005.

You may hold ADSs either directly or indirectly through your broker or other financial institution. If you hold ADSs directly, you are an ADS holder. The section Description of the American Depositary Shares, which is incorporated by reference in this prospectus (see Incorporation of Documents by Reference) assumes that you hold your ADSs directly. If you hold the ADSs indirectly, you will hold your ADSs through The Depository Trust Company (DTC) and you must rely on the procedures of your brokers or other financial institutions to assert the rights of ADS holders described in this section. You should consult with your broker or financial institution to find out what those procedures are.

DTC has provided us with the following information: DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the United States Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities that its direct participants deposit with DTC. DTC also records the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for direct participant's accounts. This eliminates the need to exchange certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Euroclear and Clearstream Banking are direct participants. DTC's book entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that work through a direct participant. The rules that apply to DTC and its participants are on file with the Securities and Exchange Commission. DTC is owned by a number of its direct participants and by The New York Stock Exchange, Inc., The American Stock Exchange, LLC and the National Association of Securities Dealers, Inc.

It is DTC's current practice, upon receipt of any cash payment, to credit direct participants' accounts on the payment date according to their respective holdings of beneficial interests in the ADSs as shown on DTC's records. Payments by participants to holders of beneficial interests in the ADSs and voting by participants will be governed by the customary practices between the participants and owners of beneficial interests, as is the case with securities held for the account of customers registered in street name. Disbursement of payments to direct participants will be the responsibility of DTC, and disbursement of payments to the holders of beneficial interests in the ADSs will be the responsibility of direct and indirect participants.

As the depositary will actually be the legal owner of the equity shares, you must rely on it to exercise the rights of a shareholder. The obligations of the depositary are set out in a deposit agreement among Deutsche Bank Trust Company Americas, you, as an ADS holder, and us. The deposit agreement and the ADSs are generally governed by New York law.

The section Description of the American Depositary Shares, which is incorporated by reference in this prospectus (see Incorporation of Documents by Reference) contains a summary of the material provisions of the deposit agreement. As it is a summary, it does not contain all the information that may be important to you. For more complete information, you should read the entire deposit agreement and the ADR. Copies of the deposit agreement and the form of ADR will be available for inspection at the Corporate Trust Office of the depositary and at the office of the custodian set forth above.

Voting Rights

You will have no voting rights with respect to the deposited equity shares. The depositary will exercise voting rights in respect of the deposited equity shares as directed by our board of directors. However, under the Banking Regulation Act, no person holding shares in a banking company can exercise more than 10.0% of the company's

Table of Contents

total voting power. As a result, the depositary, which owned approximately 24.95% of our equity shares as of June 8, 2007, can vote only 10.0% of our equity shares. The depositary will not, under any circumstances, be obliged to exercise any discretion in relation to the exercise or non-exercise of voting rights.

Equity shares which have been withdrawn from the depositary facility and transferred on our register of shareholders to a person other than the depositary or its nominee may be voted by that person. However, you may not receive sufficient advance notice of shareholder meetings to enable you to withdraw the underlying equity shares and vote at such meetings.

Notwithstanding the foregoing, if a foreign institutional investor, non-resident Indian or overseas corporate body were to withdraw its equity shares from the depositary facility, its investment in the equity shares would be subject to the general restrictions on foreign ownership noted under "Restriction on Foreign Ownership of Indian Securities" in our annual report on Form 20-F for the fiscal year ended March 31, 2007 filed on June 11, 2007, as amended by Form 20-F/A filed on June 13, 2007, which is incorporated by reference in this prospectus.

GOVERNMENT OF INDIA APPROVALS

The equity shares underlying the ADS offered under an offering shall be held for the holders of the ADS by Deutsche Bank Trust Company Americas and we shall seek the Reserve Bank of India's acknowledgement for the shareholding of the depository in excess of 5% of our paid-up equity share capital, as required by the Reserve Bank of India's guidelines.

The Ministry of Finance of the Government of India has issued guidelines for the issuance of American Depositary Receipts by Indian companies, such as us, which require that the price at which American Depositary Receipts are issued not be lower than the product of (a) the number of equity shares represented by each American Depositary Receipt and (b) the higher of (i) the average of the weekly high and low price of our equity shares for the six months preceding the date 30 days prior to the date on which shareholder approval for the issuance is obtained; and (ii) the average of the weekly high and low price of our equity shares for the two weeks preceding the date 30 days prior to the date on which shareholder approval for the issuance is obtained. The Ministry of Finance has exempted from these guidelines issuances of American Depositary Receipts made simultaneously with or within 30 days after issuance of shares in the Indian market by the issuer, where the American Depositary Receipts are priced at or above the domestic issue price in India.

See "Restriction on Foreign Ownership of Indian Securities" in our annual report on Form 20-F for the fiscal year ended March 31, 2007 filed on June 11, 2007, as amended by Form 20-F/A filed on June 13, 2007, which is incorporated by reference in this prospectus.

PLAN OF DISTRIBUTION

We may sell the shares, including shares represented by ADSs, from time to time as follows:
through agents;

to dealers or underwriters for resale;

directly to purchasers; or

through a combination of any of these methods of sale.

In addition, we may issue the securities as a dividend or distribution or in a subscription rights offering to our existing securityholders. In some cases, we or dealers acting for us or on our behalf may also repurchase securities and reoffer them to the public by one or more of the methods described above. This prospectus may be used in connection with any offering of our securities through any of these methods or other methods described in the applicable prospectus supplement.

Our securities distributed by any of these methods may be sold to the public, in one or more transactions, either:
at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to prevailing market prices; or

at negotiated prices.

We may solicit offers to purchase the securities directly from the public from time to time. We may also designate agents from time to time to solicit offers to purchase securities from the public on our or their behalf. The prospectus supplement relating to any particular offering of securities will name any agents designated to solicit offers, and will include information about any commissions we may pay the agents, in that offering. Agents may be deemed to be "underwriters" as that term is defined in the U.S. Securities Act of 1933, as amended (the "Securities Act").

From time to time, we may sell securities to one or more dealers as principals. The dealers, who may be deemed to be "underwriters" as that term is defined in the Securities Act, may then resell those securities to the public.

We may sell securities from time to time to one or more underwriters, who would purchase the securities as principal for resale to the public, either on a firm-commitment or best-efforts basis. If we sell securities to underwriters, we will execute an underwriting agreement with them at the time of sale and will name them in the applicable prospectus supplement. In connection with those sales, underwriters may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agents. Underwriters may resell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from purchasers for whom they may act as agents. The applicable prospectus supplement will include information about any underwriting compensation we pay to underwriters, and any discounts, concessions or commissions underwriters allow to participating dealers, in connection with an offering of securities.

Underwriters, dealers, agents and other persons may be entitled, under agreements that they may enter into with us, to indemnification by us against civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which they may be required to make.

In connection with an offering, the underwriters, including any affiliate of ours that is acting as an underwriter or prospective underwriter, may engage in transactions that stabilize, maintain or otherwise affect the price of the securities offered. These transactions may include overallocating the offering, creating a syndicate short position, and

Table of Contents

engaging in stabilizing transactions and purchases to cover positions created by short sales. Overallotment involves sales of the securities in excess of the principal amount or number of the securities to be purchased by the underwriters in the applicable offering, which creates a short position for the underwriters. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the securities in connection with an offering.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount it received because the underwriters have repurchased securities sold by or for the account of that underwriter in stabilizing or short-covering transactions.

As a result, the price of the securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on an exchange or automated quotation system, if the securities are listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise.

The underwriters, dealers and agents, as well as their associates, may be customers of or lenders to, and may engage in transactions with and perform services for, ICICI Bank and its subsidiaries.

In addition, we expect to offer securities to or through our affiliates, as underwriters, dealers or agents. Our affiliates may also offer the securities in other markets through one or more selling agents, including one another.

If so indicated in the applicable prospectus supplement, we will authorize dealers or other persons acting as our agent to solicit offers by some institutions to purchase securities from us pursuant to contracts providing for payment and delivery on a future date. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others.

Unless otherwise indicated in the applicable prospectus supplement or confirmation of sale, the purchase price of the securities will be required to be paid in immediately available funds in New York City.

Item 10. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof;

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act of 1933 need not be furnished, *provided*, that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act of 1933 or Item 8.A. of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement;

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of the registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii),

Table of Contents

or (x) for the purpose of providing the information required by section (10)(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; and

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the registrant undertakes that in a primary offering of securities of the registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, such registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser: (i) any preliminary prospectus or prospectus of the registrant relating to the offering required to be filed pursuant to Rule 424; (ii) any free writing prospectus relating to the offering prepared by or on behalf of the registrant or used or referred to by the registrant; (iii) the portion of any other free writing prospectus relating to the offering containing material information about the registrant or its securities provided by or on behalf of the registrant; and (iv) any other communication that is an offer in the offering made by the registrant to the purchaser.

(b) The registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of such registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
