Directors report

The directors present their report and the financial statements of the Company for the year ended 31 March 2004.

1 Name

The name of the Company changed from Marconi plc to M (2003) plc on 21 October 2003.

2 Activities and prospects

In respect of the period from 1 April 2003 until 19 May 2003, the Company was the ultimate holding company for the Marconi Group; which designs and supplies telecommunications equipment and provides related services.

The Company ceased to be the ultimate holding company of the Marconi Group on 19 May 2003 when the schemes of arrangement of Marconi Corporation plc and the Company, pursuant to Section 425 of the Companies Act 1985, became effective. Trading in the Company's shares on the London Stock Exchange ceased on 16 May 2003 and the Company's shares were subsequently delisted.

Since 19 May 2003, neither the Company nor its remaining subsidiaries have operated or controlled any business activities.

Pursuant to the Company's scheme of arrangement (the Scheme), the remaining assets of the Company will be distributed over time to its creditors, following which it is intended that the Company will be liquidated or dissolved. There will be no circumstances in which any value will be returned to shareholders under the terms of the Scheme.

This report and the financial statements are being produced and distributed to shareholders to comply with the requirements of the Companies Act 1985, which continue to apply irrespective of the Scheme.

3 Results and dividends

The profit on ordinary activities after taxation during the year was £2,555 million (2003: loss £801 million). Under the terms of the Scheme, no dividend is payable. An exceptional profit on the disposal of businesses of £2,582 million resulted from the Scheme.

4 Directors and Scheme supervisors

The membership of the Board during the year was:

Mr M K Atkinson	(resigned 19 May 2003)
Mr D C Bonham	(resigned 19 May 2003)
Mr J F Devaney	(resigned 19 May 2003)
Mr M J Donovan	(resigned 4 August 2003)
Mr C C Holden	(resigned 25 September 2003)
Mr W K Koepf	(resigned 19 May 2003)
Mr M W J Parton	(resigned 4 August 2003)
Mr R A Robinson	(appointed 25 September 2003)

Edgar Filing: M 2003 PLC - Form 8-K

Mr C J Shaw (appointed 4 August 2003)
Mr J J White (appointed 4 August 2003)

On 19 May 2003, Mr R Heis and Mr P W Wallace, both of KPMG LLP, 8 Salisbury Square, London EC4Y 8BB, were appointed initial supervisors pursuant to the Scheme.

Table of Contents**Directors report** continued**5 Directors interests**

The interests of the directors in the share capital of the Company are shown below.

Ordinary shares:

Director	On appointment	Acquired	Disposed	At 31 March 2004
R A Robinson	11,442	nil	nil	11,442
C J Shaw	nil	nil	nil	nil
J J White	nil	nil	nil	nil

R A Robinson had the following interests in share options as a result of his previous employment within the Marconi Group, there are no circumstances under which any value will be attributable to these share options:

Plan	On appointment	Granted	Exercised	Lapsed	At 31 March 2004
The Marconi Launch Plan	1,000	nil	nil	nil	1,000
The Marconi Long Term Incentive Plan	15,164	nil	nil	nil	15,164
Total	16,164	nil	nil	nil	16,164

6 Payment of creditors

In its previous role as the ultimate holding company of the Marconi Group, the Company had no revenue and no trade creditors. It is not, therefore, possible to provide statistics for the Company as required by the Companies Act 1985.

7 Employees

Since 19 May 2003 the Company has had no employees.

From 1 April 2003 until 19 May 2003, individual employees and their representatives were kept informed of current business issues through briefing groups, training seminars and professional networks as well as through more formal consultative procedures.

Full and fair consideration was given to applications for employment from people with disabilities having regard to their aptitudes and abilities; special arrangements were made to support the continued employment of those who became disabled. Wherever practical, access, facilities and training programmes were made available allowing people with disabilities to participate at work to the best of their ability.

8 Annual General Meeting

Notice of the 2004 Annual General Meeting is given on page 32.

9 Auditors

In accordance with Section 384 of the Companies Act 1985, a resolution for the reappointment of Deloitte & Touche LLP as auditors of the Company is to be proposed at the forthcoming Annual General Meeting.

By Order of the Board

K D Smith

Company Secretary

Table of Contents

Statement of directors responsibilities

United Kingdom company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company as at the end of the financial year and of the profit or loss of the Company for that period. In preparing those financial statements, the directors are required to:

select suitable accounting policies and then apply them consistently;

make judgements and estimates that are reasonable and prudent;

state whether applicable accounting standards have been followed; and

prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditors' report to the members of M (2003) plc

We have audited the financial statements of M (2003) plc for the year ended 31 March 2004 which comprise the profit and loss account, the balance sheets, the cash flow statement, the statement of total recognised gains and losses, the reconciliation of movements in shareholders' interests, the statement of accounting policies, the reconciliation of net cash flow movements in net monetary funds and the related notes 1 to 26. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the Company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As described in the Statement of directors' responsibilities, the Company's directors are responsible for the preparation of the financial statements in accordance with applicable United Kingdom law and accounting standards. They are also responsible for the preparation of the other information contained in the annual report. Our responsibility is to audit the financial statements in accordance with relevant United Kingdom legal and regulatory requirements and auditing standards.

We report to you our opinion as to whether the financial statements give a true and fair view and whether the financial statements have been properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the Company and other members of the Group is not disclosed.

We read the directors' report and the other information contained in the annual report for the above year as described in the contents section and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with United Kingdom auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements and of whether the accounting policies are appropriate to the circumstances of the Company and the Group, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

the financial statements give a true and fair view of the state of affairs of the Company and the Group as at 31 March 2004 and of the profit of the Group for the year then ended; and

the financial statements have been properly prepared in accordance with the Companies Act 1985.

Notes to the accounts

1 Restructuring

In respect of the year ended 31 March 2003 and until 19 May 2003, the Company was the ultimate holding company for the Marconi Group. Under the schemes of arrangement of Marconi Corporation plc and the Company, pursuant to Section 425 of the Companies Act 1985 which became effective on 19 May 2003, Marconi Corporation plc issued new share capital and cancelled the old shares held by the Company. Therefore the Company ceased to be the ultimate holding company of the Marconi Group on 19 May 2003 and all activities have therefore been disclosed as discontinued. Trading in the Company's shares on the London Stock Exchange ceased on 16 May 2003 and the Company's shares were subsequently delisted.

On 19 May 2003 the Company, as a result of the shares it held in Marconi Corporation plc being cancelled, divested fully of its interests in the Marconi Group for nil proceeds. This resulted in a gain of £3,386 million on the transfer of ownership of the Marconi Group being equivalent to its consolidated net liabilities. On the same date, the scheme of arrangement of Marconi Corporation plc came into effect resulting in an £804 million receivable from the Marconi Group being waived by the Company and its subsidiary undertakings.

Pursuant to the Company's Scheme, the remaining assets of the Company will be distributed over time to its creditors, following which it is intended that the Company will be liquidated or dissolved. There will be no circumstances in which any value will be returned to shareholders under the terms of the Company's Scheme.

Consequently, the Group after 19 May 2003 consists of the Company and its non trading and dormant subsidiaries Ancrane, M Ansty Limited, M Nominees Limited, Photonika Limited and Yeslink Unlimited.

2 Accounting policies

The financial statements have been prepared in accordance with accounting standards applicable in the UK.

The more important Group accounting policies are summarised below to facilitate the interpretation of the financial statements.

Accounting convention

The financial statements are prepared under the historical cost convention, as modified by the valuation of listed current and fixed asset investments.

Basis of consolidation

The financial statements consolidate the accounts of the Company and all of its subsidiary undertakings (Group companies or subsidiaries). All inter-company balances and transactions have been eliminated upon consolidation.

Turnover

Turnover excludes VAT and comprises sales to outside customers. Revenue from product sales of hardware and software is recognised when persuasive evidence of an arrangement exists, delivery has occurred or service has been rendered, customer acceptance has occurred, the Group's price to the buyer is fixed or determinable, and collectability

is reasonably assured. Revenue from services is recognised at the time of performance and acceptance by the customer.

Revenue from multiple element contracts is allocated based on the fair value of each individual element.

Revenue on long-term contracts is recognised under the percentage-of-completion method of accounting and is calculated based on the ratio of costs incurred to date compared with the total expected costs for that contract.

Currency translation

Transactions denominated in foreign currencies are translated into the functional currency at the rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated at the rates ruling at that date. These translation differences are dealt with in the profit and loss account with the exception of certain gains and losses arising under hedging transactions as described below.

Profits and losses of overseas subsidiaries, joint ventures and associates and cash flows of overseas subsidiaries are translated at the average rates of exchange during the year. Non-sterling net assets are translated at year end rates of exchange. Key rates used are as follows:

	Average rates		Year-end rates	
	2004	2003	2004	2003
US dollar	1.7023	1.5538	1.8379	1.5807
Euro	1.4435	1.5499	1.4956	1.4486

The differences arising from the restatement of profits and losses and the retranslation of the opening net liabilities to year end rates are taken to reserves.

Table of Contents

Notes to the accounts continued

2 Accounting policies continued

Acquisitions and disposals

On the acquisition of a business, including an interest in an associated undertaking, fair values are attributed to the Group's share of separable net assets. Where the cost of acquisition exceeds the fair values attributable to such net assets, the difference is treated as purchased goodwill and capitalised in the balance sheet in the year of acquisition.

The profit or loss on the disposal or closure of a previously acquired business includes the attributable amount of any purchased goodwill relating to that business not previously charged to the profit and loss account.

The results and cash flows relating to a business are included in the consolidated profit and loss account and the consolidated cash flow statement from the date of acquisition or up to the date of disposal.

Financial instruments

Prior to the financial restructuring the Group has used financial instruments, including interest rate swaps, currency swaps and other derivatives, solely for the purposes of raising finance for its operations and managing interest and currency risk associated with the Group's underlying business activities. There is no trading activity in financial instruments.

Hedges of the net investment in overseas subsidiaries

The Group's policy has been to finance where possible its activities in the same currencies as those used for its foreign investments in order to hedge foreign currency exposure of net investments in foreign operations. This policy is implemented by financing in the related currency.

Exchange gains or losses arising on the hedging borrowings are dealt with as a movement in reserves, to the extent they offset losses or gains on the hedged investment.

Equity forward contracts

The Group established three trusts for the purchase of shares and share-related instruments for the benefit of employees – the Marconi Employee Trust (MET), the GEC Employee Share Trust and the GEC Special Purpose Trust. These trusts, from 19 May 2003, are consolidated in the financial statements of Marconi Corporation plc.

The independent trustee of the MET, Bedell Cristin Trustees Limited, entered into contracts (the Equity Forward Contracts) to hedge the potential cost of the Group's share plans. These contracts were closed out on 19 May 2003. The agreed settlement amount of £35 million was classified as a provision within the Group's balance sheet at 31 March 2003 and utilised in the year ended 31 March 2004.

Interest rate risk exposure

Prior to the financial restructuring, it has been Group policy to hedge its exposure to movements in interest rates associated with its borrowing primarily by means of interest rate swaps. Payments and receipts under interest rate

swap agreements specifically designated for hedging purposes are recorded in the profit and loss account on an accruals basis. Gains and losses arising on termination of hedging instruments where the underlying exposure remains are recognised in the profit and loss account over the remaining life of the hedging instrument.

Tangible fixed assets

Property, plant, machinery, fixtures, fittings, tools and equipment are recorded at cost and depreciated on a straight-line basis over their estimated useful lives from the time they are brought into use. Freehold land does not bear depreciation where the original cost of purchase was separately identified. Provision is made for any impairment.

Tangible fixed assets are depreciated using the following rates:

Freehold buildings	2% to 4% per annum
Leasehold property	over the period of the lease or 50 years for long leases
Plant and machinery	10% per annum on average
Fixtures, fittings, tools and equipment	10% per annum

Leased assets

Assets held under finance leases and other similar contracts, which confer rights and obligations similar to those attached to owned assets, are capitalised as tangible fixed assets and are depreciated over the shorter of the lease terms and their useful lives. The capital elements of future lease obligations are recorded as liabilities, while the interest elements are charged to the profit and loss account over the period of the leases to produce a constant rate of charge on the balance of the capital repayments outstanding. Hire purchase transactions are dealt with similarly except that assets are depreciated over their useful lives.

Rentals under operating leases are charged on a straight-line basis over the lease term, even if the payments are not made on such a basis.

Table of Contents

2 Accounting policies continued

Goodwill

Purchased goodwill is capitalised and amortised on a straight-line basis over its estimated useful economic life. Each acquisition is separately evaluated for the purposes of determining the useful economic life, up to a maximum of 20 years. The useful economic lives are reviewed annually and revised if necessary. Provision is made for any impairment.

Research and development

Expenditure incurred in the period is charged against profit unless specifically chargeable to and receivable from customers under agreed contract terms.

Stock

Stock is stated at the lower of cost and net realisable value. Provision is made for obsolete, slow-moving or defective items where appropriate.

Contracts in progress

Profit on long-term contracts in progress is taken when a sale is recorded on part-delivery of products or part-performance of services, provided that the outcome of the contract can be assessed with reasonable certainty. Amounts recoverable on long-term contracts, which are included in debtors, are stated at the net sales value of the work done less amounts received as progress payments on account. Excess progress payments are included in creditors as payments received in advance. Cumulative costs incurred net of amounts transferred to cost of sales, less provision for contingencies and anticipated future losses on contracts, are included as long-term contract balances in stock.

Warranties

Provisions for estimated expenses related to product warranties are made at the time products are sold. These estimates are established using historical information on the nature, frequency, and average cost of warranty claims.

Taxation

Taxation on profit on ordinary activities is that which has been paid or becomes payable in respect of the profits for the year. Deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income or expenditure in taxation computations in periods different from those in which they are included in the financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

Investments

Joint ventures comprise long-term investments where control is shared under a contractual arrangement. The sector analysis of turnover, profit and net assets excludes the Group's share of the results and net assets of joint ventures. Associates consist of long-term investments in which the Group holds a participating interest and over which it

exercises significant influence. Investments in joint ventures and associates are stated at the amount of the Group's share of net assets including goodwill at the balance sheet date derived from audited or management accounts made up to that date. Loss before taxation includes the Group's share of joint ventures and associates.

Other unlisted fixed asset investments are stated at cost less provision for impairment in value. Listed fixed asset investments are stated at market value.

Investments in the Company's shares, held within the GEC Employee Share Trust and the MET, are included on the Group balance sheet at cost, less provision for impairment.

Pensions and other post retirement benefits

The operating cost of providing pensions and other post retirement benefits, as calculated periodically by independent actuaries, is charged to the Group's operating profit or loss in the period that those benefits are earned by employees. The financial return expected on the pension schemes' assets is recognised in the period in which they arise as part of finance income and the effect of the unwinding of the discounted value of the pension schemes liabilities is treated as part of finance costs. The changes in value of the pension schemes' assets and liabilities are reported as actuarial gains or losses as they arise in the consolidated statement of total recognised gains and losses. The pension schemes surpluses, to the extent they are considered recoverable, or deficits are recognised in full and presented in the balance sheet net of any related deferred tax.

Share options

The costs of awarding shares under employee share plans are generally charged to the profit and loss account over the period to which the performance criteria relate. During the year to 31 March 2004 the profit and loss account has also been charged with interest arising on the Equity Forward Contract which hedges the share options. When share options granted lapse, any associated costs that were treated as cost of acquisition are credited to either goodwill, or to the profit and loss account if there is no remaining goodwill.

As a result of the financial restructuring, the Company's shares have been delisted. All share option provisions have been released and credited to goodwill, or to the profit and loss account if there is no remaining goodwill.

Table of Contents

Notes to the accounts continued

2 Accounting policies continued**Finance costs**

Finance costs of debt are recognised in the profit and loss account over the term of such instruments at a constant rate on the carrying amount.

Debt

Debt is initially stated at the amount of the net proceeds after deduction of issue costs. The carrying amount is increased by the finance cost in respect of the accounting period and reduced by payments made in the period.

Liquid resources

Liquid resources comprise term deposits with an original maturity of generally less than one year and other readily disposable current asset investments.

	2,556	(986)	—	(2,540)

The Group previously divided its business into two segments: Core and Capital.

The Group's Core businesses were the provision of optical networks, broadband routing and switching and broadband access technologies and associated installation, maintenance and other value-added services. Their customer base included telecommunications companies, providers of internet services for their public networks, and certain large corporations, government departments and agencies, utilities and educational institutions for their private networks.

Capital comprised the businesses the Group managed for value and ultimately for disposal.

Goodwill arising on acquisitions was amortised over a period not exceeding 20 years. Separate components of goodwill were identified and amortised over the appropriate useful economic life.

Sales by Group companies to joint ventures and associates amounted to £nil (31 March 2003: £30 million). Purchases from joint ventures and associates amounted to £nil (31 March 2003: £nil).

Certain assets and liabilities cannot be allocated. These principally consist of taxation, retirement benefits and central provisions.

It is not practical to disclose goodwill amortisation on a segmental basis as any allocation would be arbitrary.

Exceptional items are shown in further detail in note 5.

The Group ceased to own Marconi Corporation plc and its subsidiaries on 19 May 2003, all activities have been treated as discontinued. Further information on disposals is provided in note 24 (b).

5 Exceptional items

These charges have been analysed as follows:

a Operating exceptional items discontinued operations

		2004 £ million	2003 £ million
		<u> </u>	<u> </u>
Restructuring costs	(i)	1	(21)
		<u> </u>	<u> </u>
Included in cost of sales		1	(21)
		<u> </u>	<u> </u>
Impairment of goodwill and tangible fixed assets	(ii)	2	(36)
Restructuring and reorganisation costs	(iii)	(5)	(286)
Systems implementation credits	(iv)		7
Releases in respect of doubtful debts	(v)		10
		<u> </u>	<u> </u>
Included in administrative expenses		(3)	(305)
		<u> </u>	<u> </u>
Group operating exceptional items		(2)	(326)
Share of joint ventures operating exceptional items	(vi)		(32)
		<u> </u>	<u> </u>
Total operating exceptional items (excluding associates)		(2)	(358)
		<u> </u>	<u> </u>

(i) In the year ended 31 March 2004 £1 million was credited to restructuring costs (2003: £21 million charge). This relates to the outsource of certain manufacturing operations.

(ii) In the year ended 31 March 2004 £2 million was released to the profit and loss account in relation to onerous contracts representing certain liabilities to which the Group was committed as a result of operational restructuring.

In the year ended 31 March 2003 investments and tangible fixed assets, excluding those businesses affected by restructuring, were together impaired by £31 million. Goodwill was not impaired in the year ended 31 March 2003.

The remaining amount included within impairments in the year ended 31 March 2003 was a charge of £5 million which relates to onerous contracts representing certain liabilities to which the Group was committed as a result of the operational restructuring. This included liabilities, relating to equipment leasing contracts and supply contracts under which it was agreed to purchase minimum volumes of goods and services offering no economic value to the business as a result of its reduced size.

(iii) As part of the Group's cost reduction actions, a charge of £5 million (31 March 2003: £286 million) was recorded during the year ended 31 March 2004. The charge for 2003 includes £112 million for the costs of the financial restructuring, £128 million for employee severance, £40 million credit for share option lapses and releases of provisions and other reserves due to the delisting of the Company shares. The balance is for site rationalisation and other restructuring costs.

The site rationalisation costs reflect the charges associated with closing and consolidating various sites around the world as part of the business restructuring and the other restructuring costs represent various other costs associated with the restructuring programme.

Table of Contents**5 Exceptional items** continued**a Operating exceptional items – discontinued operations** continued

- (iv) During the year ended 31 March 2003, the Group was able to revise its previous estimate of the overall costs of terminating the implementation of a new global IT system, leading to the release of £7 million from the amounts accrued in the year to 31 March 2002.
- (v) During the year ended 31 March 2003, £10 million was reassessed and released to the profit and loss account which was part of an exceptional provision against bad and doubtful debts of £150 million charged previously.
- (vi) During the year ended 31 March 2003 the Group recorded its £32 million share of the operating exceptional charges of its joint ventures. Of this, £31 million related to the impairment of intangible fixed assets in Ultramast Ltd and £1 million related to restructuring charges within Plessey Holdings Limited.

b Associates – operating exceptional items

In 2003 the Group recorded £25 million of the operating exceptional charges of its associates, being in respect of Easynet Group Plc. These charges related to impairment of goodwill and tangible fixed assets, and restructuring and reorganisation costs.

c Non-operating exceptionals

		2004 £ million	2003 £ million
		<u> </u>	<u> </u>
Gain/(loss) on disposal of businesses	(i)	2,582	(5)
Gain on disposal of fixed assets and investments	(ii)		26
Merger/demerger receipts	(iii)		123
Group share of associates – non-operating exceptionals			(3)

	_____	_____
Included in non-operating exceptional items	2,582	141
	_____	_____

- (i) In the year ended 31 March 2004 due to the financial restructuring, discussed in note 1, a gain on disposal of businesses resulted as the Group ceased to own the majority of its subsidiaries. The loss on disposal of discontinued operations for the year ended 31 March 2003 resulted from the loss on disposal of Strategic Communications (£41 million) which was partially offset by the release of provisions relating to Medical Systems and other previously completed disposals.
- (ii) The gain on disposal of fixed assets and investments in the year ended 31 March 2003 resulted from a £28 million curtailment gain associated with retirement benefits arising mainly from the disposal of the Group's 50% share in General Domestic Appliances, a £12 million gain on property disposals and a net £14 million charge relating to disposals and business closures and other provision movements.
- (iii) Merger/demerger receipts of £123 million for the year ended 31 March 2003 related to the release of a provision arising on the settlement of the ESOP derivative of £158 million previously recognised in provisions. The original share option charge was established as a merger/demerger item. This principal amount plus a further £11 million carried in net debt were settled for £35 million paid by Marconi Corporation plc on 19 May 2003.

d Amounts written off investments

The write-down of some of the Group's investments in line with its accounting policy whereby listed investments are marked to their market value at the end of each reporting period and unlisted investments are held at the lower of cost and recoverable value.

	<u> </u>	<u> </u>

On 19 May 2003 the Company as a result of the shares it held in Marconi Corporation plc being cancelled, divested

fully of its interests in the Marconi Group for nil proceeds. This resulted in a gain of £3,386 million on the transfer of ownership of Marconi Group being equivalent of its consolidated net liabilities. On the same date, the Scheme of Arrangement of Marconi Corporation plc came into effect resulting in £804 million receivable from the Marconi Group being waived by the Company and its subsidiary undertakings.

Marconi Mobile Holdings S.p.A., the holding company for the Group's Strategic Communications business, was disposed of on 2 August 2002 and the Marconi Applied Technologies Group was disposed of on 12 July 2002.

c Sales of interests in joint ventures and associates

On 24 February 2003, following approval from the High Court in the United Kingdom, Marconi Corporation plc completed a return of capital from Ultramast Limited (a joint venture company set up in December 2000 with Railtrack Telecom Services Limited) and settled all outstanding litigation relating to it. As a result of the transaction, the Group received net cash proceeds of approximately £41 million.

Table of Contents**25 Post retirement benefits**

On 19 May 2003 the Company and its then subsidiary, Marconi Corporation plc, entered into schemes of arrangement, as described in note 1. As a result of this, the pension schemes are not part of the M (2003) plc Group as at 31 March 2004. Further, the pension schemes have always been, and remain, liabilities of the Marconi Group.

The Marconi businesses previously held by the Group operated defined benefit pension plans in the UK, US and Europe, and post retirement benefit plans in the US. The most significant plan is the GEC 1972 Plan (the UK Plan) in the UK. A full actuarial valuation for the UK Plan was carried out as at 5 April 2002 and a valuation for accounting purposes was carried out as at 31 March 2003 by independent qualified actuaries.

For the US Plans, full valuations were carried out at dates between 1 January 2002 and 31 March 2003 and updated as applicable to 31 March 2003 by independent qualified actuaries.

For the European unfunded plans, valuations were carried out for accounting purposes at 31 March 2003 by independent qualified actuaries.

The contributions made to the plans in the accounting period totalled £2 million (31 March 2003: £20 million). For the unfunded pension plans and the post retirement medical plans, payments are made when the benefits are provided.

The Group operates defined contribution schemes in addition to the defined benefit schemes listed. Contributions to these schemes amounted to £1 million (31 March 2003: £7 million).

The major assumptions used by the actuaries to determine the liabilities on a FRS 17 basis at 31 March 2003 for the significant defined benefit plans are set out below:

As at 19 May 2003 the actuarial assumptions were unchanged from 31 March 2003.

Actuarial assumptions used	At 31 March 2003		At 31 March 2002	
	UK (% pa)	Rest of the world (% pa)	UK (% pa)	Rest of the world (% pa)
Rate of general increase in salaries	4.50%	4.17%	4.75%	4.23%
Rate of increase in pensions in payment	2.50%	1.50%	2.75%	1.50%
Rate of increase for deferred pensioners	2.50%	N/A	2.75%	N/A
Rate of credited interest	4.00%	N/A	5.50%	N/A
Discount rate applied to liabilities	5.25%	6.00%	6.00%	6.85%
Inflation assumption	2.50%	2.22%	2.75%	2.25%
Expected healthcare trend rates	N/A	12% pre and post 65, reducing to 6% after 2012	N/A	6% pre 65, 7.5% post 65, reducing to 5% after 2005
Expected prescription drug trend rates	N/A	15% reducing to 6% after 2012	N/A	N/A

The UK Plan provided benefits to members on the best of three bases. One of the bases was a money purchase underpin in which credited interest was applied to a percentage of members' contributions. The practice was revised further between 31 March 2002 and 31 March 2003. The discretionary level of credited interest has been treated as a constructive obligation.

Of the amounts above £nil (2003: £57 million) was credited to non-operating exceptional items and £nil (2003: £3 million) was debited to operating profit (31 March 2002: £12 million credited to operating profit).

Analysis of the amount credited to other finance income

	2004 £ million				2003 £ million				2002 £ million			
	UK Pension plan	Rest of the world retirement plans	Post retirement medical plans	Total	UK Pension plan	Rest of the world retirement plans	Post retirement medical plans	Total	UK Pension plan	Rest of the world retirement plans	Post retirement medical plans	Total
Expected return on pension scheme assets	(17)	(1)	-	(18)	(144)	(13)	-	(157)	(174)	(47)	-	(221)
Interest on pension scheme liabilities	17	2	-	19	144	17	2	163	142	36	3	181

Total finance cost/(income)		1		1		4	2	6	(32)	(11)	3	(40)
Net (income)/cost	2	2		4	5	(16)	(4)	(15)	3	9	(10)	2

The net (income)/cost represents the operating charge plus curtailment and settlement gains and losses plus finance cost/(income).

Analysis of amount recognised in the consolidated statement of total recognised gains and losses (STRGL)

	2004 £ million				2003 £ million				2002 £ million				
	Rest of the world		Post retirement		Rest of the world		Post retirement		Rest of the world		Post retirement		
	UK Pension plan	-	medical plans	Total	UK Pension plan	-	medical plans	Total	UK Pension plan	-	medical plans	Total	
Expected return less actual return on pension scheme assets losses					147		31	178	218		59	277	
Experience losses and (gains) arising on the scheme liabilities					(4)		3	(6)	(7)	(20)	10	1	(9)
Changes in assumptions underlying the present value of the scheme liabilities losses					66		24	8	98	52	29	2	83
Actuarial loss recognised in STRGL					209		58	2	269	250	98	3	351

The main element of the amount recognised in the STRGL in 2003 resulted from the difference between the actual rate of return and expected rate of return on the plans' assets. Actual investment returns in the UK and US plans fell well below expected investment returns resulting in substantial asset losses.

The second largest element was gains and losses resulting from changes in assumptions underlying the present value of the Plans' liabilities. These resulted principally from the changes in assumptions used at each period end for the Plan. These changes in assumptions resulted in an increase in the present value of liabilities at 31 March 2003 compared with those calculated at 31 March 2002, and gave rise to a loss over the year.

Contingent liabilities at year end	—	20	—	—

Litigation

As at 31 March 2003 contingent liabilities related mainly to the cost of legal proceedings, which in the opinion of the directors, were not expected to have a materially adverse effect on the Group.

Prior to the restructuring on 19 May 2003 the Group was engaged in a number of legal proceedings relating to class shareholder actions, patent and other claims under contracts and in respect of a dispute in relation to the purchase of a shareholding.

Guarantees

At 31 March 2003, the Group had provided third parties with guarantees, performance bonds and indemnities, the exercise of which was considered to be remote.

1. to receive the accounts and the reports of the directors and the auditors thereon, for the year ended 31 March 2004. **(Resolution 1)**
2. to reappoint Mr R A Robinson as a director of the Company. **(Resolution 2)**
3. to reappoint Deloitte & Touche LLP as auditors of the Company. **(Resolution 3)**
4. to authorise the directors to determine the auditors remuneration. **(Resolution 4)**

By Order of the Board

M (2003) plc

K D Smith

Company Secretary

8 Salisbury Square

London EC4Y 8BB

30 July 2004

Notes:

1. A Member entitled to attend and vote at the Meeting is entitled to appoint one or more proxies to attend and, on a poll, to vote instead of him. A proxy need not be a Member. The enclosed form of proxy should be lodged with the Registrar not less than 48 hours before the time of the meeting. The lodging of a proxy form will not preclude a member from attending the Meeting.
2. For the purposes of regulation 41 of the Uncertificated Securities Regulations 2001, the Members entitled to attend and vote at the Annual General Meeting shall be those entered in the Company's Register of Members at 11.00am on 27 September 2004. Any subsequent changes to the Register shall be disregarded in determining the rights of any person to attend and vote at the Meeting in person.
