Directors report

The directors present their report and the financial statements of the Company for the year ended 31 March 2005.

Activities and prospects

Since 19 May 2003, neither the Company nor its remaining subsidiaries have operated or controlled any business activities.

In respect of the period from 1 April 2003 until 19 May 2003, the Company was the ultimate holding company for the Marconi Group; which designs and supplies telecommunications equipment and provides related services.

The Company ceased to be the ultimate holding company of the Marconi Group on 19 May 2003 when the schemes of arrangement of Marconi Corporation plc and the Company, pursuant to Section 425 of the Companies Act 1985, became effective. Trading in the Company's shares on the London Stock Exchange ceased on 16 May 2003 and the Company's shares were subsequently de-listed.

Pursuant to the Company's scheme of arrangement (the Scheme), the remaining assets of the Company will be distributed over time to its creditors, following which it is intended that the Company will be liquidated or dissolved. There will be no circumstances in which any value will be returned to shareholders under the terms of the Scheme.

This report and the financial statements are being produced and distributed to shareholders to comply with the requirements of the Companies Act 1985, which continue to apply irrespective of the Scheme.

Results and dividends

The profit on ordinary activities after taxation during the year was £nil (2004: £2,555 million). Under the terms of the Scheme, no dividend is payable.

Political and charitable contributions

The Group made no political contributions during the year.

Directors and Scheme supervisors

The membership of the Board during the year was:

Mr R A Robinson

Mr C J Shaw

Mr J J White

On 19 May 2003, Mr R Heis and Mr P W Wallace, both of KPMG LLP, 8 Salisbury Square, London EC4Y 8BB, were appointed initial supervisors pursuant to the Scheme.

Directors' report continued

Directors' interests

The interests of the directors in the share capital of the Company are shown below.

Ordinary shares:

Director	At 1 April 2004	Acquired	Disposed	At 31 March 2005
R A Robinson	11,442			11,442
C J Shaw				
J J White				

R A Robinson had the following interests in share options as a result of his previous employment within the Marconi Group, there are no circumstances under which any value will be attributable to these share options:

	At 1 April 2004	Granted	Exercised	Lapsed	At 31 March 2005
The Marconi Launch Plan	1,000				1,000
The Marconi Long Term Incentive Plan	15,164				15,164
Total	16,164				16,164

Payment of creditors

In its previous role as the ultimate holding company of the Marconi Group, the Company had no revenue and no trade creditors. It is not, therefore, possible to provide statistics for the Company as required by the Companies Act 1985.

Auditors

In accordance with Section 384 of the Companies Act 1985, a resolution for the reappointment of Deloitte & Touche LLP as auditors of the Company is to be proposed at the forthcoming Annual General Meeting.

Annual General Meeting

Notice of the 2005 Annual General Meeting is given on page 24.

By order of the Board

K D Smith

Secretary

Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and Group and of the profit or loss for that period. In preparing those financial statements, the directors are required to:

select suitable accounting policies and then apply them consistently;

make judgements and estimates that are reasonable and prudent;

state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and

prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

Independent auditors report to the members of M (2003) plc

We have audited the financial statements of M (2003) plc for the year ended 31 March 2005 which comprise the consolidated profit and loss account, the balance sheets, the cash flow statement, the statement of total recognised gains and losses, the reconciliation of movements in equity shareholders' interests, the reconciliation of movements in net cash flow to movements in net monetary funds/(debt), the statement of accounting policies and the related notes 1 to 21. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the Company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As described in the statement of directors' responsibilities, the Company's directors are responsible for the preparation of the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibility is to audit the financial statements in accordance with relevant United Kingdom legal and regulatory requirements and auditing standards.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report if, in our opinion, the directors' report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the Company and other members of the Group is not disclosed.

We read the directors' report and the other information contained in the annual report for the above year as described in the contents section and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with United Kingdom auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements and of whether the accounting policies are appropriate to the circumstances of the Company and the Group, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of affairs of the Company and the Group as at 31 March 2005 and of the result of the Group for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes

Forming part of the financial statements

1 Restructuring

Until 19 May 2003, the Company was the ultimate holding company for the Marconi Group. Under the schemes of arrangement of Marconi Corporation plc and the Company, pursuant to Section 425 of the Companies Act 1985 which became effective on 19 May 2003, Marconi Corporation plc issued new share capital and cancelled the old shares held by the Company. Therefore the Company ceased to be the ultimate holding company of the Marconi Group on 19 May 2003 and all activities have therefore been disclosed as discontinued. Trading in the Company's shares on the London Stock Exchange ceased on 16 May 2003 and the Company's shares were subsequently delisted.

On 19 May 2003 the Company as a result of the shares it held in Marconi Corporation plc being cancelled, divested fully of its interests in the Marconi Group for nil proceeds. This resulted in a gain of £3,386 million on the transfer of ownership of Marconi Group being equivalent to its consolidated net liabilities. On the same date, the scheme of arrangement of Marconi Corporation plc came into effect resulting in an £804 million receivable from the Marconi Group being waived by the Company and its subsidiary undertakings.

Pursuant to the Scheme, the remaining assets of the Company will be distributed over time to its creditors, following which it is intended that the Company will be liquidated or dissolved. There will be no circumstances in which any value will be returned to shareholders under the terms of the Scheme.

Consequently, the Group after 19 May 2003 consists of the Company and its subsidiaries, Ancrane, M Antsy Limited, M Nominees Limited, Photonika Limited and Yeslink Unlimited.

2 Accounting policies

The financial statements have been prepared in accordance with accounting standards applicable in the UK.

The more important Group accounting policies are summarised below to facilitate the interpretation of the financial statements.

Accounting convention

The financial statements are prepared under the historical cost accounting convention.

Basis of consolidation

The financial statements consolidate the accounts of the Company and all of its subsidiary undertakings (Group companies or subsidiaries). All inter-company balances and transactions have been eliminated upon consolidation. All Group companies' accounts have been prepared for the year ended 31 March 2005.

Turnover

Prior to the financial restructuring, turnover excludes VAT and comprises sales to outside customers. Revenue from product sales of hardware and software is recognised when persuasive evidence of an arrangement exists, delivery has occurred or service has been rendered, customer acceptance has occurred, the Group's price to the buyer is fixed or determinable, and collectability is reasonably assured. Revenue from services is recognised at the time of performance and acceptance by the customer.

Revenue from multiple element contracts is allocated based on the fair value of each individual element.

Revenue on long-term contracts is recognised under the percentage-of-completion method of accounting and is calculated based on the ratio of costs incurred to date compared with the total expected costs for that contract.

Currency translation

Prior to the financial restructuring, transactions denominated in foreign currencies are translated into the functional currency at the rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated at the rates ruling at that date. These translation differences are dealt with in the profit and loss account with the exception of certain gains and losses arising under hedging transactions as described below.

Profits and losses of overseas subsidiaries, joint ventures and associates and cash flows of overseas subsidiaries are translated at the average rates of exchange during the year. Non-sterling net assets are translated at year end rates of exchange. Key rates used are as follows:

	Average rates		Year-end rates	
	2005	2004	2005	2004
US dollar	1.8449	1.7023	1.8896	1.8379
Euro	1.4669	1.4435	1.4540	1.4956

The differences arising from the restatement of profits and losses and the retranslation of the opening net liabilities to year end rates are taken to reserves.

Notes continued

2 Accounting policies continued

Acquisitions and disposals

The profit or loss on the disposal or closure of a previously acquired business includes the attributable amount of any purchased goodwill relating to that business not previously charged to the profit and loss account.

The results and cash flows relating to a business are included in the consolidated profit and loss account and the consolidated cash flow statement from the date of acquisition or up to the date of disposal.

Hedges of the net investment in overseas subsidiaries

The Group's policy has been to finance its activities in the same currencies as those used for its foreign investments in order to hedge foreign currency exposure of net investments in foreign operations. This policy is implemented by financing in the related currency.

Exchange gains or losses arising on the hedging borrowings are dealt with as movement in reserves, to the extent they offset losses or gains on the hedged investment.

Equity forward contracts

The Group has established three trusts for the purchase of shares and share-related instruments for the benefit of employees – the Marconi Employee Trust (MET), the GEC Employee Share Trust and the GEC Special Purpose Trust. These trusts from the 19 May 2003 are consolidated in the financial statements of the Marconi Corporation plc group. The independent trustee of the MET, Bedell Cristin Trustees Limited (BCTL), entered into contracts (the Equity Forward Contracts) to hedge the potential cost of the Group's share plans. These contracts were closed out on 19 May 2003. The agreed settlement amount of £35 million was classified as a provision within the Group's balance sheet at 31 March 2003 and utilised in the year ended 31 March 2004.

Interest rate risk exposure

Prior to the financial restructuring, it has in the past been Group policy to hedge its exposure to movements in interest rates associated with its borrowing primarily by means of interest rate swaps. Payments and receipts under interest rate swap agreements specifically designated for hedging purposes are recorded in the profit and loss account on an accruals basis. Gains and losses arising on termination of hedging instruments where the underlying exposure remains are recognised in the profit and loss account over the remaining life of the hedging instrument.

Taxation

Taxation on profit on ordinary activities is that which has been paid or becomes payable in respect of the profits for the year. Deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income or expenditure in taxation computations in periods different from those in which they are included in the financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

Investments

Unlisted fixed asset investments are stated at cost less provision for impairment in value.

Pensions and other post retirement benefits

The operating cost of providing pensions and other post retirement benefits, as calculated periodically by independent actuaries, is charged to the Group's operating profit or loss in the period that those benefits are earned by employees. The financial return expected on the pension schemes' assets is recognised in the period in which they arise as part of finance income and the effect of the unwinding of the discounted value of the pension schemes' liabilities is treated as part of finance costs. The changes in value of the pension schemes' assets and liabilities are reported as actuarial gains or losses as they arise in the consolidated statement of total recognised gains and losses. The pension schemes' surpluses, to the extent they are considered recoverable, or deficits are recognised in full and presented in the balance sheet net of any related deferred tax.

Share options

The costs of awarding shares under employee share plans are generally charged to the profit and loss account over the period to which the performance criteria relate. During the year to 31 March 2004 the profit and loss account has also

been charged with interest arising on the Equity Forward Contract which hedges the share options. When share options granted lapse, any associated costs that were treated as cost of acquisition are credited to either goodwill, or to the profit and loss account if there is no remaining goodwill.

10

2 Accounting policies continued**Finance costs**

Prior to the financial restructuring, finance costs of debt are recognised in the profit and loss account over the term of such instruments at a constant rate on the carrying amount.

3 Segmental information**Analysis of results and net assets/(liabilities) by class of business**

	Profit/(loss) before tax		Turnover		(Net assets/(liabilities)	
	2005 £000	2004 £000	2005 £000	2004 £000	2005 £000	2004 £000
Discontinued operations		(37,946)		168,000		
Goodwill and goodwill amortisation		(13,210)				
Operating exceptional items (note 5a)		(1,971)				
Other operating expenses	(226)					
Operating profit/(loss)	(226)	(53,127)				
Non-operating exceptional items (note 5b)		2,582,000				
Net interest receivable/(payable) and interest bearing assets and liabilities	411	6,000				
Net finance income/(expenditure)		21,000				
Group operating profit	185	2,555,873				

The Group previously divided its business into two segments: Core and Capital.

Capital comprises the businesses the Group managed for value and ultimately for disposal.

Goodwill arising on acquisitions was amortised over a period not exceeding 20 years. Separate components of goodwill were identified and amortised over the appropriate useful economic life.

Certain assets and liabilities cannot be allocated. These principally consist of taxation, retirement benefits and central provisions.

It is not practical to disclose goodwill amortisation on a segmental basis as any allocation would be arbitrary.

Analysis of turnover by class of business

	To customers in the United Kingdom		To customers overseas

Retirement benefit deficit	(352,000)
	(3,386,222)
Accounted for by:	
Amounts waived on scheme of arrangement	804,222
Profit on disposal	2,582,000

On 19 May 2003 the Company as a result of the shares it held in Marconi Corporation plc being cancelled, divested fully of its interests in the Marconi Group for nil proceeds. This resulted in a gain of £3,386 million on the transfer of ownership of Marconi Corporation plc being equivalent of its consolidated net liabilities. On the same date, the scheme of arrangement of Marconi Corporation plc came into effect resulting in £804 million receivable from the Marconi Group being waived by the Company and its subsidiary undertakings.

Notes continued**20 Post retirement benefits**

On 19 May 2003 the Company and its then subsidiary, Marconi Corporation plc, entered into schemes of arrangement, as described in note 1. As a result of this, the pension schemes are not part of the M (2003) plc Group as at 31 March 2005. Further, the pension schemes have always been, and remain, liabilities of the Marconi Group.

The Marconi businesses previously held by the Group operated defined benefit pension plans in the UK, US and Europe, and post retirement benefit plans in the US. The most significant plan is the GEC 1972 Plan (the UK Plan) in the UK. A full actuarial valuation for the UK Plan was carried out as at 5 April 2002 and a valuation for accounting purposes was carried out as at 31 March 2003 by independent qualified actuaries.

For the US Plans, full valuations were carried out at dates between 1 January 2002 and 31 March 2003 and updated as applicable to 31 March 2003 by independent qualified actuaries.

For European unfunded plans, valuations were carried out for accounting purposes at 31 March 2003 by independent qualified actuaries.

The contributions made to the plans in the accounting period totalled £nil (31 March 2004: £2 million). For the unfunded pension plans and the post retirement medical plans, payments are made when the benefits are provided.

The Group assumptions used by the actuaries to determined the liabilities on a FRS 17 basis at 31 March 2003 for the significant defined benefit plans are set out below:

As at 19 May 2003 the actuarial assumptions were unchanged from 31 March 2003.

Average assumptions used	At 31 March 2003	
	UK (% pa)	Rest of the world (% pa)
Rate of general increase in salaries	4.50%	4.17%
Rate of increase in pensions in payment	2.50%	1.50%
Rate of increase for defined pensioners	2.50%	N/A
Rate of credited interest	4.00%	N/A
Discount rate applied to liabilities	5.25%	6.00%
Inflation assumption	2.50%	2.22%
Expected healthcare trend rates	N/A	12% pre and post 65, reducing to 6% after 2012
Expected prescription drug trend rates	N/A	15% reducing to 6% after 2012

The UK Plan provided benefits to members on the best of three bases. One of the bases was a money purchase underpin in which credited interest was applied to a percentage of members' contributions. The practice was revised further between 31 March 2002 and 31 March 2003. The discretionary level of credited interest has been treated as a constructive obligation.

The assets in the UK Plan and the expected rates of return are:

Long-term expected rate of return %	Value at 31 March 2005 £000	Long-term expected rate of return %	Value at 31 March 2004 £000	Long-term expected rate of return %	Value at 31 March 2003 £000
--	--	--	--	--	--

Equities	825	497,000
Bonds	4.84	1,702,000
Other	6.75	111,000
Cash	4.00	30,000

The net (income)/cost represents the operating charge plus curtailment and settlement gains and losses plus finance cost/(income).

Analysis of amount recognised in the consolidated statement of total recognised gains and losses (STRGL)

	2005				2004				2003			
	Rest of Post the UK world retirement pension plans medical plan plans plans Total		UK pension plan	UK pension plan	Rest of the world retirement pension plans	Post the world retirement pension plans	UK pension plan	UK pension plan	Rest of the world retirement pension plans	Post the world retirement pension plans	Total	Total
	£000	£000	£000	£000	£000	£000	£000	£000	£000	£000	£000	£000
Expected return less actual return on pension scheme assets losses							147,300	30,533				177,833
Experience losses and (gains) arising on the scheme							(4,000)	3,446	(5,717)			(6,271)

liabilities				
Changes in assumptions underlying the present value of the scheme liabilities				
losses	66,000	24,041	8,172	98,213
Actuarial loss recognised in STRGL	209,300	58,020	2,455	269,775

The main element of the amount recognised in the STRGL in 2003 resulted from the difference between the actual rate of return and expected rate of return on the plans' assets. Actual investment returns in the UK and US plans fell well below expected investment returns resulting in substantial asset losses.

The second largest element was gains and losses resulting from changes in assumptions underlying the present value of the plans' liabilities. This resulted principally from the changes in assumptions used at each period end for the Plan. These changes in assumptions resulted in an increase in the present value of liabilities at 31 March 2003.

21 Other information

a Contingent liabilities

Contingent liabilities relate mainly to the cost of legal proceedings, which in the opinion of the directors, are not expected to have a materially adverse effect on the Group.

The Group is engaged in a number of legal proceedings relating to class shareholder actions, patent and other claims under contracts and in respect of a dispute in relation to the purchase of a shareholding.

b Operating leases

Notice of meeting

Notice is hereby given that the ANNUAL GENERAL MEETING of M (2003) plc will be held at The New Connaught Rooms, 61-65 Great Queen Street, London WC2B 5DA on Monday, 5 December 2005 at 11.00am for the following purposes:

Ordinary business

1. To receive the accounts and the reports of the directors and the auditors thereon, for the year ended 31 March 2005. **(Resolution 1)**
2. To reappoint Mr C J Shaw as a director of the Company. **(Resolution 2)**
3. To reappoint Deloitte & Touche LLP as auditors of the Company. **(Resolution 3)**
4. To authorise the directors to determine the auditors' remuneration. **(Resolution 4)**

By Order of the Board

M (2003) plc

K D Smith

Company Secretary

8 Salisbury Square

London EC4Y 8BB

30 September 2005

Notes:

1. A Member entitled to attend and vote at the meeting is entitled to appoint one or more proxies to attend and, on a poll, to vote instead of him. A proxy need not be a Member. The enclosed form of proxy should be lodged with the Registrar not less than 48 hours before the time of the meeting. The lodging of a proxy form will not preclude a Member from attending the meeting.
2. For the purposes of regulation 41 of the Uncertificated Securities Regulations 2001, the Members entitled to attend and vote at the Annual General Meeting shall be those entered in the Company's Register of Members at 11.00am on 3 December 2005. Any subsequent changes to the Register shall be disregarded in determining the rights of any person to attend and vote at the meeting in person.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
