PROXY STATEMENT

Meeting to be held on March 30, 2004
Proxy and Proxy Statement furnished on or about February 27, 2004

The enclosed proxy is solicited on behalf of the Board of Directors of Simmons First National Corporation (the Company) for use at the annual meeting of the shareholders of the Company to be held on Tuesday, March 30, 2004, at 7:15 p.m., at the Banquet Hall of the Pine Bluff Convention Center, Pine Bluff, Arkansas, or at any adjournment or adjournments thereof. When such proxy is properly executed and returned, the shares represented by it will be voted at the meeting in accordance with any directions noted thereon, or if no direction is indicated, will be voted in favor of the proposals set forth in the notice.

REVOCABILITY OF PROXY

Any shareholder giving a proxy has the power to revoke it at any time before it is voted.

COSTS AND METHOD OF SOLICITATION

The costs of soliciting proxies will be borne by the Company. In addition to the use of the mails, solicitation may be made by employees of the Company by telephone, telegraph and personal interview. These persons will receive no compensation other than their regular salaries, but they will be reimbursed by the Company for their actual expenses incurred in such solicitations.

OUTSTANDING SECURITIES AND VOTING RIGHTS

At the meeting, holders of the \$1.00 par value Class A common stock (the Common Stock) of the Company, the only class of stock of the Company outstanding, will be entitled to one vote, in person or by proxy, for each share of the Common Stock owned of record, as of the close of business on January 22, 2004. On that date, the Company had outstanding 14,111,927 shares of the Common Stock; 2,103,110 of such shares were held by Simmons First Trust Company (SFTC), in a fiduciary capacity, of which 145,522 shares will not be voted at the meeting. Hence, 13,966,405 shares will be deemed outstanding and entitled to vote at the meeting.

All actions requiring a vote of the shareholders must be taken at a meeting in which a quorum is present in person or by proxy. A quorum consists of a majority of the outstanding shares entitled to vote upon a matter. With respect to each proposal subject to a stockholder vote, other than the election of directors, approval requires that the votes cast for the proposal exceed the votes cast against it. The election of directors will be approved, if each director nominee receives a plurality of the votes cast. All proxies submitted will be tabulated by SFTC.

With respect to the election of directors, a shareholder may withhold authority to vote for all nominees by checking the box withhold authority for all nominees on the enclosed proxy or may withhold authority to vote for any nominee or nominees by checking the box withhold authority for certain nominees and lining through the name of such nominee or nominees for whom the authority to vote is withheld as it appears on the enclosed proxy. The enclosed proxy also provides a method for

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

shareholders to abstain from voting on each other matter presented. By abstaining, shares will not be voted either for or against the subject proposals, but will be counted for quorum purposes. While there may be instances in which a shareholder may wish to abstain from voting on any particular matter, the Board of Directors encourages all shareholders to vote their shares in their best judgment and to participate in the voting process to the fullest extent possible.

An abstention or a broker non-vote, (i.e., when a shareholder does not grant his or her broker authority to vote his or her shares on non-routine matters) will have no effect on any item to be voted upon by the shareholders.

In the event a shareholder executes the proxy but does not mark the ballot to vote (or abstain) on any one or more of the proposals, the proxy solicited hereby confers discretionary authority to the named proxies to vote in their sole discretion with respect to such proposals. Further, if any matter, other than the matters shown on the proxy, is

1

properly presented at the meeting which may be acted upon without special notice under Arkansas law, the proxy solicited hereby confers discretionary authority to the named proxies to vote in their sole discretion with respect to such matters, as well as other matters incident to the conduct of the meeting. On the date of the mailing of this Proxy Statement, the Board of Directors has no knowledge of any such other matter which will come before the meeting.

NOMINATING, COMPENSATION AND CORPORATE GOVERNANCE COMMITTEE

In 2004, the Executive Compensation and Retirement Committee and the Nominating and Corporate Governance Committee were merged to form the Nominating, Compensation and Corporate Governance Committee (NCCGC), which is composed of Harry L. Ryburn (Chairman), William E. Clark, George Makris, Jr. and Henry F. Trotter, Jr., all of whom are independent in accordance with applicable NASDAQ listing standards. The primary function of the NCCGC regarding nominations is to identify and recommend individuals to be presented to the Company's shareholders for election or re-election.

Director Nominations and Qualifications

The Board of Directors has not adopted a charter for the NCCGC, but has adopted by resolution certain corporate governance principles and procedures regarding nominations and criteria for proposing or recommending proposed nominees for election and re-election to the Board of Directors. The Board of Directors is responsible for recommending nominees for directors to the shareholders for election at the annual meeting. The Board has delegated the identification and evaluation of proposed nominees to the NCCGC, a committee of independent directors. The identification and evaluation of potential directors is a continuing responsibility of the committee. The committee has not in the past retained any third party to assist it in identifying candidates. A proposed director may be recommended to the Board at any time, however, a proposed nominee for director to be elected at the annual meeting must be presented to the Board of Directors for consideration not later than December 31 of the year immediately preceding such annual meeting.

The NCCGC has not set any minimum qualifications for a proposed nominee to be eligible for recommendation to be elected as a director. The corporate governance principles provide that the NCCGC shall consider the following criteria in evaluating proposed nominees for director:

- Location of residence and business interests
- Age
- Community involvement
- Type of business interests
- Knowledge of financial services
- High leadership profile

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

- Ability to fit with the Company's corporate culture
- Equity ownership in the Company

There is no specified order or weighting of the foregoing criteria. The NCCGC has been encouraged to seek geographic diversity of residence of the future nominees so that no more than 50% of the Directors are residents of Pine Bluff, Arkansas.

Nominations from Shareholders

The NCCGC will consider nominees for the Board of Directors recommended by shareholders with respect to elections to be held at an annual meeting. In order for the NCCGC to consider recommending a shareholder proposed nominee for election at the annual meeting, the shareholder proposing the nomination must provide notice of the intention to nominate a director in sufficient time for the consideration and action by the NCCGC. While no specific deadline has been set for notice of such nominations, notice provided to the NCCGC by a shareholder on or before the deadline for submission of shareholder proposals for the next annual meeting (October 28, 2004 for the 2005 meeting) should provide adequate time for consideration and action by the NCCGC prior to the December 31 deadline for reporting proposed nominations to the Board of Directors. Proposed nominations submitted after such date will be considered by the NCCGC, but no assurance can be made that such consideration will be completed and committee action taken by the NCCGC in time for inclusion of the proposed director in the proxy solicitation for the next annual meeting.

The notice of a shareholder's intention to nominate a director must include:

- information regarding the shareholder making the nomination, including name, address, and number of shares of SFNC that are beneficially owned by the shareholder;
- a representation that the shareholder is entitled to vote at the meeting at which directors will be elected, and that the shareholder intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

6

- the name and address of the person or persons being nominated and such other information regarding each nominated person that would be required in a proxy statement filed pursuant to the SEC's proxy rules if the person had been nominated for election by the Board of Directors;
- a description of any arrangements or understandings between the shareholder and such nominee and any other persons (including their names), pursuant to which the nomination is made; and
- the consent of each such nominee to serve as a director if elected.

The Chairman of the Board, other directors and executive officers may also recommend director nominees to the NCCGC. The committee will evaluate nominees recommended by shareholders against the same criteria, described above, used to evaluate other nominees.

Deferred Compensation and Change in Control Arrangements

One of the individuals named above, J. Thomas May, is a party to a deferred compensation agreement, under the terms of which Simmons First National Bank, agrees to pay to Mr. May, upon normal retirement at age 65, or upon death or disability prior to age 65, a monthly sum of deferred compensation equal to one twelfth (1/12) of fifty percent (50%) of the final average compensation (the average compensation paid to him by the employer for the most recent five consecutive calendar years), less the accrued monthly benefit to such individual under the deferred annuity received upon the termination of the Company's pension plan; such payments begin the month following retirement and continue for 120 consecutive months or until the individual's death, whichever shall occur later.

Further, the deferred compensation agreement provides that, in the event of a change of control of the Company and the subsequent separation from service of Mr. May, eligibility to receive payments under the Agreement will be accelerated. In such circumstance, if Mr. May has attained age 60, the officer is entitled to commence receiving the specified monthly payments under the agreement immediately after separation from service, without any actuarial reduction due to age. If at such time he has not attained age 60, Mr. May will be entitled to immediately commence receiving 72 monthly payments equal to one twelfth (1/12) of fifty (50%) percent of the final average compensation, less the accrued monthly benefit to such individual then payable under the annuity received pursuant to the termination of the Company's pension plan.

Compensation Committee Report on Executive Compensation

The Executive Compensation and Retirement Committee issued the following report on the general guidelines for executive compensation and the bases for establishing the compensation of the Chief Executive Officer:

General Compensation Guidelines for Executive Officers

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

The Company currently utilizes a unitary compensation structure for its executive officers and the executive officers of its subsidiaries. The compensation program consists of four elements: Salary, Incentive Compensation, Stock Related Compensation, and Retirement Compensation.

The Company, after consultation with a nationally recognized compensation advisory firm, has established job grades and determined the value of each job within the Company. Subject to adjustment for unique factors affecting the job or the executive, the Company targets the midpoint of the market salary range for each job grade, as adjusted annually, as the guide for salaries for executive officers, who are satisfactorily performing their duties.

The Simmons First National Corporation Executive Incentive Program provides compensatory incentives for executive officers to reinforce achievement of the financial goals of the Company, its subsidiary banks and the participating executives. The plan establishes performance thresholds for the Company, each of the subsidiary banks and each of the participating executive officers. The performance thresholds for the Company are the prior year's earnings per share and the current year's targeted earnings per share. The performance thresholds for the subsidiary banks are the prior year's net income and the current year's targeted net income. The performance thresholds of the participating executives are based upon specific criteria affecting the performance of the Company or its subsidiaries within such officer's area of responsibility. At the beginning of each year, participating executives are allocated incentive points, which are the basis of the executive's participation within the program. Each such point allocated to an executive is assigned a maximum value of \$100. The ultimate value of a point, if any, is based upon the achievement of the performance thresholds during the calendar year.

9

Stock related compensation may consist of incentive stock options, non-qualified options (with or without stock appreciation rights) or restricted shares of the Company's stock. Over the years the Company has maintained several different stock option and stock incentive plans. The Company currently maintains an executive stock incentive plan which authorizes the granting of incentive stock options, non-qualified options (with or without stock appreciation rights) or restricted shares of the Company's stock to certain executive officers. The plans are designed to provide an incentive for the participating executive officers to enhance the long term financial performance of the Company and the value of the Common Stock. Participation under these plans has been offered to those executive officers whose long term employment and job performance can significantly affect the continued profitability of the Company and its subsidiary banks.

The Company also maintains a Profit-Sharing/Employee Stock Ownership Plan and a \$401(k) Plan to provide retirement benefits for substantially all of its employees, including its executive officers.

Bases for the Chief Executive Officer's Compensation

The compensation of the Chief Executive Officer is set by the Executive Compensation and Retirement Committee and approved by the Board of Directors. The committee and the Board examine the annual market analysis provided by the compensation consultant retained by the Company prior to setting his compensation. The committee emphasizes incentive compensation for the Chief Executive Officer, through the incentive compensation program and stock related compensation. In analyzing the compensation of the Chief Executive Officer, the committee evaluates his performance in managing the operations as well as the financial results of operations of the Company. Among the criteria examined are management and leadership, revenue growth, expense control, net earnings, market share, acquisition and expansion activities and other factors material to the job performance of the Chief Executive Officer.

The Chief Executive Officer was allocated 740 points in the executive incentive program. For him, the Company threshold was earnings per share. The personal thresholds for the chief executive officer were based upon income, expense, loan growth, asset quality, return on equity and documentation exceptions. The Company's earnings per share exceeded the previous year's earnings per share but did not meet the Company's budgeted performance threshold for 2003. The Chief Executive Officer satisfied his personal performance thresholds. Based upon the Company's performance, each of the points awarded to the Chief Executive Officer were valued at \$87.50 and the incentive compensation earned by the Chief Executive Officer was \$64,750.

In addition, Simmons First National Bank maintains a deferred compensation agreement for the Chief Executive Officer, as a supplement to the retirement benefits available under the other plans. This agreement provides for a monthly benefit at age 65, or earlier upon death or disability, equal to 50% of the average monthly compensation of the executive officer during the prior five years and provides certain benefits, in the event of a change in control of the Company and the subsequent separation from service by the Chief Executive Officer.

Compensation Committee Interlocks and Insider Participation

During 2003, the Executive Compensation and Retirement Committee was composed of Harry L. Ryburn, George Makris, Jr., Henry F. Trotter, Jr., W. E. Ayres (non-voting Advisory Director), Louis L. Ramsay, Jr. (non-voting Advisory Director) and Jerry Watkins (non-voting Advisory Director). None of the committee members were employed as officers or employees of the Company during 2003. Prior to retirement in 1983 and 1995, respectively, two of the advisory members, Louis L. Ramsay, Jr. and W. E. Ayres, were previously employed by the Company in various capacities, including Chief Executive Officer.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934 and the regulations issued thereunder require directors and certain officers of any company registered under that Act to file statements on SEC Forms 3, 4 & 5 with the Securities and Exchange Commission, showing their beneficial ownership in securities issued by such company. Based upon a review of such statements by the directors and officers of the Company for the preceding fiscal year,

10

provided to the Company by such persons, the Company has not identified any person who failed to timely file the required statements during the preceding fiscal year.

AUDIT & SECURITY COMMITTEE

During 2003, the Audit & Security Committee was composed of William E. Clark, Lara F. Hutt, III, George Makris, Jr. and David Perdue. Each of the listed committee members are independent as defined in Rule 4200 of the NASDAQ listing requirements. This committee provides assistance to the Board in fulfilling its responsibilities concerning accounting and reporting practices, by regularly reviewing the adequacy of the internal and external auditors, the disclosure of the financial affairs of the Company and its subsidiaries, the control systems of management and internal accounting controls. This Committee met 13 times in 2003. Attached as Annex A to this Proxy Statement is the Audit & Security Committee Charter adopted by the Board of Directors establishing the duties and responsibilities of this committee.

The Board has determined that none of the members of the Audit & Security Committee meet the definition of audit committee financial expert as defined in Item 401(h) of Regulation S-K promulgated by the Securities and Exchange Commission. The Audit & Security Committee receives directly or has access to extensive information from reviews and examinations by the Company's internal auditor, independent auditor and the various banking regulatory agencies having jurisdiction over the Company and its subsidiaries. The Company has not retained an audit committee financial expert to serve on the Board and the Audit & Security Committee because the Board believes that the present members of the committee have sufficient knowledge and experience in financial affairs to effectively perform their duties.

The Company is required to obtain pre-approval by the Audit & Security Committee for all audit and permissible non-audit services obtained from the independent auditors. All services obtained from the independent auditors during 2003, whether audit services or permitted non-audit services, were pre-approved by the Audit & Security Committee. The Audit Committee has not adopted any additional pre-approval policies and procedures, but consistent with its charter, which is set forth in Appendix A, it may do so in the future.

The Audit & Security Committee issued the following report concerning its activities related to the Company for the previous year:

The Audit & Security Committee has reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2003 with management.

The Audit & Security Committee has discussed with BKD, LLP (BKD), its independent auditors, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380).

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

The Audit & Security Committee has received the written disclosures and the letter from independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees) and has discussed with BKD its independence.

Based upon the foregoing review and discussions, the Audit & Security Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the Securities and Exchange Commission.

In its analysis of the independence of BKD, the Audit & Security Committee considered whether the non-audit related professional services rendered by BKD to the Company, were compatible with maintaining the principal accountant's independence.

PROPOSAL TO REDUCE THE PAR VALUE OF THE CLASS A COMMON STOCK OF THE CORPORATION AND ELIMINATE THE AUTHORITY TO ISSUE CLASS B COMMON STOCK, CLASS A PREFERRED STOCK AND CLASS B PREFERRED STOCK

The third item to be acted upon is the approval of an amendment to the Articles of Incorporation of the Company reducing the par value of the Class A Common Stock of the Company from \$1.00 to \$0.01 and eliminating the authority of the Company to issue Class B Common Stock, Class A Preferred Stock and Class B Preferred Stock. If this proposal is approved the only type and class of capital stock which the Company will be authorized to issue will be Class A Common Stock, par value \$0.01. The Board of Directors, at a special meeting on February 12, 2004, approved such an amendment to the Articles of Incorporation, by amending Article Fourth of the Articles of Incorporation to read as follows:

FOURTH: The authorized capital stock of this Corporation shall consist of 30,000,000 shares of Class A common stock having a par value of \$0.01 per share with the powers, privileges, incidents, preferences and limitations hereinafter set forth:

(a) The entire voting power of this Corporation shall be vested in the Class A common stock, and the holder of each share of the Class A common stock shall be entitled to one vote, in person or by proxy, for each share of such stock standing in the holder's name on the books of the Corporation.

(b) No stockholder of the Corporation shall because of the ownership of stock have a pre-emptive or other right to purchase, subscribe for, or take any part of the stock or any part of the notes, debentures, bonds or other securities convertible into or carrying options or warrants to purchase stock of the Corporation issued, optioned, or sold by it. Any part of the capital stock and any part of the notes, debentures, bonds or other securities convertible into or carrying options or warrants to purchase stock of the Corporation authorized by the Articles of Incorporation or any amendment thereto duly filed, may at any time be issued, optioned for sale, and sold or disposed of by the Corporation pursuant to resolution of its Board of Directors to such persons and upon such terms as to such Board may seem proper without first offering such stock or securities or any part thereof to existing stockholders of any class.

(c) The Board of Directors of the Corporation shall have the power, at their discretion, to prepare and cause to be issued convertible bonds or debentures of the Corporation, whether or not secured by a sinking fund, pledge or other commitment, having such rights, conversion options into the Class A common stock of the Corporation, bearing such interest, having such maturity dates, with such restrictions, incidents, privileges, and characteristics, and in such amounts, total and individually, as may be determined by the Board of Directors to be appropriate for the corporate purposes.

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

The amendment to Article Fourth revises the introductory language and subparagraph (a) to refer only to the Class A Common Stock and changes the par value of the Class A Common Stock from \$1.00 to \$0.01. Subparagraphs (f) and (g) of the present Article Fourth are being amended to delete any references to the deleted classes of stock and are being redesignated as subparagraphs (b) and (c), respectively.

Reduction in Par Value of Class A Common Stock

Certain taxes which are assessed upon the Company are computed upon the aggregate par value of the outstanding stock of the Company. Management estimates that the adoption of the proposed amendment and the reduction in the aggregate par value of the Company's outstanding Class A Common Stock may reduce the Company's tax liability by as much as \$37,800 per year based upon current tax rates and the number of shares of Class A Common Stock of the Company currently outstanding.

The amendment, if adopted, will not change or affect the number of shares of Class A Common Stock of the Company outstanding or the number of such shares held by any shareholder. The change in par value will cause

12

technical changes in the balance sheet as to the amounts shown as Capital Stock and Surplus thereon. Specifically, the amount shown as Capital Stock will be reduced from \$1.00 times the number of shares of Class A Common Stock outstanding to \$0.01 times the number of such shares outstanding, while Surplus will be increased in the same amount by which Capital Stock is reduced. Total Stockholders Equity will not change or be affected by the proposed amendment.

To illustrate the effect that the proposed amendment would have on the balance sheet of the Company, the following shows the Capital Stock and Surplus, as of December 31, 2003, as shown in the financial statements of the Company and as such items would have been adjusted had the proposed amendment been in effect on December 31, 2003:

	December 31, 2003	Adjusted
Capital stock		
Class A, common, authorized 30,000,000 shares, 14,101,521 issued and outstanding at December 31, 2003	\$ 14,102,000	\$ 141,000
Surplus	35,988,000	49,949,000
	<u>\$ 50,090,000</u>	<u>\$ 50,090,000</u>

Elimination of Class B Common Stock, Class A Preferred Stock and Class B Preferred Stock

In addition to the Class A Common Stock of the Company, of which 14,101,521 shares were outstanding on December 31, 2003, the Articles of Incorporation of the Company authorize the issuance of Class B Common Stock, Class A Preferred Stock and the Class B Preferred Stock (Other Classes of Stock). There are not now, nor has there ever been, any shares of the Other Classes of Stock issued or outstanding. The Company has no current plans or intentions regarding the issuance of any shares of the Other Classes of Stock. From time to time, management has received inquiries from stock analysts and certain institutional investors concerning the Other Classes of Stock and their plans and intentions about issuance of shares of such securities.

After a review of the Articles of Incorporation governing the Other Classes of Stock, the Company has determined that the governing terms and provisions as set forth in the Articles of Incorporation may not be consistent with the current market practices concerning these types of securities. Management and the Board believe that if the Company were to decide to issue a second class of common stock or preferred stock that the terms of those securities should be established in connection with the issuance and that the shareholders of the Company at such time should have the opportunity to vote to approve the terms of such securities. Further, management believes that the elimination of the Other Classes of Stock may resolve any concerns that certain investors or prospective investors have raised and such elimination will not adversely affect any plans or intentions of the Board regarding the capitalization of the Company.

The Board of Directors proposes to amend the Articles of Incorporation as set forth above and to restate the Articles of Incorporation of the Company with such amendment. The Board of Directors believes that it is in the best interests of the Company and its stockholders to reduce the par value of its Class A Common Stock and to eliminate the Class B Common Stock, Class A Preferred Stock and the Class B Preferred Stock.

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form DEF 14A

If authority to amend and restate the Articles of Incorporation is granted by the stockholders at the Shareholders Meeting, management intends to file the Amended and Restated Articles of Incorporation immediately following such approval, and the Amended and Restated Articles of Incorporation will become effective upon filing with the Arkansas Secretary of State.

ADOPTION OF THIS PROPOSAL AND THE PROPOSED AMENDED AND RESTATED ARTICLES OF INCORPORATION REQUIRES THE AFFIRMATIVE VOTE OF THE HOLDERS OF AT LEAST A MAJORITY OF THE SHARES OF COMMON STOCK OF SFNC ELIGIBLE TO VOTE AT THE SHAREHOLDERS MEETING. THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THIS PROPOSAL.
