Item 8.01. Other Events.

On February 28, 2006, Reliance Steel & Aluminum Co. ("Reliance") announced that its wholly-owned subsidiary Precision Strip, Inc. ("Precision Strip") has signed an agreement to purchase certain assets and business of Flat Rock Metal Processing L.L.C. ("Flat Rock") based in Flat Rock, Michigan. Flat Rock was founded in 2001 and is a privately held, toll processing company with facilities in Perrysburg, Ohio and Eldridge, Iowa.

Upon completion of the acquisition, the two Flat Rock facilities will operate as Precision Strip locations that process and deliver carbon steel, aluminum and stainless steel products on a "toll" basis, processing the metal for a fee, without taking ownership of the metal. Precision Strip currently has facilities in Kenton, Middletown, Minster and Tipp City, Ohio; Anderson and Rockport, Indiana; Bowling Green, Kentucky and Talladega, Alabama. Precision Strip's customers include steel and aluminum mills as well as companies in the automotive, appliance, metal furniture and capital goods industries. The purchase price and other terms and conditions were determined by negotiations between the parties and are confidential. The completion of the acquisition is subject to Precision's successful completion of due diligence. The owners of Flat Rock are not affiliated with Reliance or Precision.
