ITEM: 8.01 OTHER EVENTS

In October 2007, Simmons First National Corporation (SFNC), as a member of Visa U.S.A. Inc. (Visa U.S.A.), received shares of restricted stock in Visa, Inc. (Visa) as a result of its participation in the global restructuring of Visa U.S.A., Visa Canada Association, and Visa International Service Association in preparation for an initial public offering. On December 17, 2007 SFNC reported on Form 8-K the recording of a \$928 thousand charge related to Visa's settlement of an antitrust lawsuit with American Express.

On December 18, 2007, the SEC accounting staff provided guidance on the appropriate accounting treatment with respect to a number of accounting issues arising out of the Visa Reorganization. The guidance stated that Visa member banks are required to recognize the contingent obligation to indemnify Visa, Inc. under its bylaws (which were modified at the time of the Visa Reorganization) for potential losses arising from the covered Litigation at the estimated fair value of such obligation in accordance with FASB Interpretation No. 45. While the estimation of any potential losses related to this litigation is highly speculative, SFNC will recognize, in its fourth quarter financial statements, a charge of approximately \$292 thousand, or \$.01 per diluted common share to recognize the contingent liability related to the Discover antitrust lawsuit. With respect to the remaining litigation related to Visa U.S.A., at this time the Company does not know the probable outcome of such litigation and cannot reasonably estimate a range of loss. SFNC will continue to monitor these litigation matters and record any change in the liability related to other litigation upon additional information becoming available. Also as a result of the guidance from the SEC, SFNC will not reflect in its fourth quarter financial statements any value for its membership interest in Visa as a result of the Visa Reorganization. Upon successful completion of the anticipated IPO, the fair value of such interest will be realized based on the value of shares used to establish the escrow account and shares redeemed for cash (limited to the amount of the obligation recorded). The Company expects the value of these shares to exceed the aggregate amount of this charge and the charge previously recorded for the American Express settlement.
