Item 2.02. Results of Operations and Financial Condition

Attached and being furnished hereby as Exhibit 99.1 is a copy of a press release of International Flavors & Fragrances Inc. ("IFF" or the "Company") dated February 9, 2012 reporting IFF's financial results for the quarter and fiscal year ended December 31, 2011.

An audio webcast to discuss the Company's fourth quarter 2011 financial results and full year 2012 outlook will be held today, February 9, 2012, at 10:00 a.m. EDT. Interested parties can access the webcast and accompanying slide presentation on the Company's website at www.iff.com under the Investor Relations section. For those unable to listen to the live broadcast, a replay will be available on the Company's website approximately one hour after the event and will remain available on the IFF website for one year.

Non-GAAP financial measures: The Company uses non-GAAP financial operating measures which exclude restructuring charges (including costs associated with the Company's restructuring efforts in Europe in 2010 and 2011 and costs associated with the 2011 strategic initiative) and the Mane patent litigation settlement in 2011. The company also measures sales performance on a non-GAAP basis which eliminates the effects that result from translating its international sales in U.S. dollars ("local currency"). Such information is supplemental to information presented in accordance with GAAP and is not intended to represent a presentation in accordance with GAAP. In discussing our historical and expected future results and financial condition, we believe it is meaningful for investors to be made aware of and to be assisted in a better understanding of, on a period-to-period comparative basis, of financial amounts both including and excluding these identified items, as well as the impact of exchange rate fluctuations on operating results and financial condition. We believe such additional non-GAAP information provides investors with an overall perspective of the period-to-period performance of our core business. In addition, management internally reviews each of these non-GAAP measures to evaluate performance on a comparative period-to-period basis in terms of absolute performance, trends and expected future performance with respect to our core continuing business. A material limitation of these non-GAAP measures is that such measures do not reflect actual GAAP amounts, restructuring charges, employee separation costs and the patent litigation settlement include actual cash outlays; and we compensate for such limitations by presenting the accompanying reconciliation to the most directly comparable GAAP measure. These non-GAAP measures may not be comparable to similarly titled measures used by other companies.
