Item 2.02 Results of Operations and Financial Condition

On January 27, 2012, West Bancorporation, Inc. (the "Company") released its preliminary earnings for the fourth quarter and year of 2011 and contemporaneously furnished to the Securities and Exchange Commission these financial results on a Current Report on Form 8-K. A conference call was held at 2:00 p.m. Central Time that afternoon to discuss the results. During the conference call, it was stated that nonperforming assets had declined during the quarter to \$18.7 million as of December 31, 2011. On February 2, 2012, the Company was notified that the borrower on a \$4.2 million loan classified as "substandard" would not be able to make its upcoming payments. Based on this information, the Company decided the loan should be reclassified as nonaccrual. The change in classification is being made retroactively to December 31, 2011. Therefore, in its final audited financial reports for 2011, the Company will report nonperforming assets totaling \$22.9 million as of December 31, 2011. The reclassification of the \$4.2 million loan will not affect the amounts of the previously reported provision or allowance for loan losses or net income for the quarter or year ended December 31, 2011.
