ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On March 30, 2006, Interlink Electronics, Inc. (the "Company") issued a press release announcing that it will be unable to file its Annual Report on Form 10-K by March 31, 2006 as previously expected. The Company also indicated that, in

the course of preparing its 2005 year-end audit, it had discovered two discrepancies in its historical financial statements that will require restatements. As a result of the delay in examining these discrepancies, Interlink will exceed the period in which to comply with applicable listing requirements. Accordingly, Interlink expects that its common stock will be delisted from Nasdaq NMS and will thereafter trade in the over-the-counter market on the "pink sheets." The Company expects to take all necessary steps to cause relisting to occur at the earliest possible opportunity. A copy of the press release is attached as Exhibit 99.1 and is incorporated by reference herein.
