Dear Stockholder:

On behalf of the board of directors and management of QCR Holdings, Inc., we cordially invite you to attend the annual meeting of stockholders of QCR Holdings, Inc., to be held at 8:00 a.m., local time, on Friday, May 12, 2017, within the lobby of Quad City Bank and Trust Company, at the corporate offices of QCR Holdings, located at 3551 Seventh Street, Moline, Illinois 61265.

This year we are again using the Securities and Exchange Commission rule that allows us to furnish our proxy statement, 2016 Annual Report and proxy card to stockholders over the internet. This means our stockholders will receive only a notice containing instructions on how to access the proxy materials over the internet and vote online. If you receive this notice but would still like to request paper copies of the proxy materials, please follow the instructions on the notice or on the website referred to on the notice. By delivering proxy materials electronically to our stockholders, we can reduce the costs of printing and mailing our proxy materials. Please visit <http://www.proxyvote.com> for more information about the electronic delivery of proxy materials.

There are a number of proposals to be considered at this meeting. Our stockholders will be asked to: (i) elect three persons to serve as Class III directors; (ii) approve, in a non-binding, advisory vote, the compensation of certain executive officers, which is referred to as a “say-on-pay” proposal; and (iii) ratify the appointment of RSM US LLP as our independent registered public accounting firm for the year ending December 31, 2017.

We recommend that you vote your shares for each of the director nominees and for all of the other proposals presented at the annual meeting.

We encourage you to attend the meeting in person. Regardless of whether you plan to attend the meeting, you should vote by following the instructions provided on the notice as soon as possible. This will assure that your shares are represented at the meeting.

At the meeting, we will also report on our operations and the outlook for the year ahead.

We look forward to seeing you and visiting with you at the meeting.

Very truly yours,

Patrick S. Baird Douglas M. Hultquist
Chair of the Board President and Chief Executive Officer

The annual meeting of stockholders of QCR Holdings, Inc., a Delaware corporation, will be held within the lobby of Quad City Bank and Trust Company, at our corporate office, located at 3551 Seventh Street, Moline, Illinois 61265, on Friday, May 12, 2017, at 8:00 a.m., local time, for the following purposes:

1. to elect three Class III directors to serve until the regular annual meeting of stockholders in 2020 and until their successors are elected and have qualified;
2. to approve, in a non-binding, advisory vote, the compensation of certain executive officers, which is referred to as a “say-on-pay” proposal;
3. to ratify the appointment of RSM US LLP as QCR Holdings’s independent registered public accounting firm for the fiscal year ending December 31, 2017; and
4. to transact such other business as may properly be brought before the meeting and any adjournments or postponements of the meeting.

The board of directors has fixed the close of business on March 20, 2017, as the record date for the determination of stockholders entitled to notice of, and to vote at, the meeting. In the event there is an insufficient number of votes for a quorum or to approve any of the proposals at the time of the annual meeting, the meeting may be adjourned or postponed in order to permit the further solicitation of proxies.

By order of the Board of Directors,

Cathie S. Whiteside

PROXY STATEMENT

QCR Holdings, Inc., a Delaware corporation (“QCR Holdings”), is the holding company for Quad City Bank and Trust Company, Cedar Rapids Bank and Trust Company, Rockford Bank and Trust Company and Community State Bank. Quad City Bank and Trust is an Iowa state bank located in Bettendorf and Davenport, Iowa and in Moline, Illinois. Quad City Bank and Trust owns m2 Lease Funds, LLC, a Wisconsin limited liability company based in Milwaukee, Wisconsin, that is engaged in the business of leasing machinery and equipment to businesses under direct financing lease contracts. Cedar Rapids Bank and Trust is an Iowa state bank located in Cedar Rapids, Cedar Falls and Waterloo, Iowa. Rockford Bank and Trust is an Illinois state bank located in Rockford, Illinois. Community State Bank is an Iowa state bank located in Ankeny, Iowa and five other cities throughout the greater Des Moines area. QCR Holdings also owns all of the common stock of five business trust subsidiaries that were created to issue trust preferred securities. When we refer to our “subsidiary banks” in this proxy statement, we are collectively referring to Quad City Bank and Trust, Cedar Rapids Bank and Trust, Rockford Bank and Trust, and Community State Bank. When we refer to our “subsidiaries” in this proxy statement, we are collectively referring to our subsidiary banks, as well as our other subsidiaries and business trusts.

This proxy statement is furnished in connection with the solicitation by the board of directors of QCR Holdings of proxies to be voted at the annual meeting of stockholders to be held within the lobby of Quad City Bank and Trust Company, at our corporate office, located at 3551 Seventh Street, Moline, Illinois 61265, on Friday, May 12, 2017, at 8:00 a.m., local time, and at any adjournments or postponements of the meeting. This proxy statement and the accompanying form of proxy are first being transmitted or delivered to stockholders of QCR Holdings on or about March 31, 2017, together with our 2016 Annual Report to stockholders.

The following is information regarding the meeting and the voting process, and is presented in a question and answer format.

Why did I receive access to the proxy materials?

We have made the proxy materials available to you over the internet because on March 20, 2017, the record date for the annual meeting, you owned shares of QCR Holdings common stock. This proxy statement describes the matters that will be presented for consideration by the stockholders at the annual meeting. It also gives you information concerning those matters to assist you in making an informed decision.

If you sign and return your proxy card or vote over the internet or by telephone and an issue comes up for a vote at the meeting that is not identified in the proxy materials, the proxy holder will vote your shares, pursuant to your proxy, in accordance with his or her judgment.

Why did I receive a notice regarding the internet availability of proxy materials instead of paper copies of the proxy materials?

We are using the Securities and Exchange Commission notice and access rule that allows us to furnish our proxy materials

The board is asking you to give us your proxy. Giving us your proxy means that you authorize another person or persons to vote your shares of our common stock at the annual meeting in the manner you direct. If you vote using one of the methods described herein, you appoint the proxy holder as your representative at the meeting, who will vote your shares as you instruct, thereby assuring that your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, you should vote by proxy in advance of the meeting in case your plans change.

over the internet to our stockholders instead of mailing paper copies of those materials to each stockholder. As a result, beginning on or about March 31, 2017, we sent our stockholders by mail a notice containing instructions on how to access our proxy materials over the internet and vote online. **This notice is not a proxy card and cannot be used to vote your shares.** If you received a notice this year, you will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the notice or on the website referred to on the notice.

What matters will be voted on at the meeting?

You are being asked to vote on:

- the election of three Class III directors for a term expiring in 2020;
- a non-binding, advisory proposal to approve the compensation of certain executive officers, which is referred to as a “say-on-pay” proposal; and
- the ratification of the selection of our independent registered public accountants.

If I am the record holder of my shares, how do I vote?

You may vote by telephone, by internet, by mail by completing, signing, dating and mailing the proxy card you received in the mail, if you received paper copies of the proxy materials, or in person at the meeting. If you vote using one of the methods described above, your shares will be voted as you instruct.

If you sign and return your proxy card or vote over the internet or by telephone without giving specific voting instructions, the shares represented by your proxy card will be voted “for” all nominees named in this proxy statement, and “for” each of the other proposals described in this proxy statement.

Although you may vote by mail, we ask that you vote instead by internet or telephone, which saves us postage and processing costs.

If you want to vote in person, please come to the meeting. We will distribute written ballots to anyone who wants to vote at the meeting. Please note, however, that if your shares are held in the name of a broker or other fiduciary (or in what is usually referred to as “street name”), you will need to arrange to obtain a legal proxy from that person or entity in order to vote in person at the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card, or vote by telephone or internet, in advance of the meeting just in case your plans change.

If I hold shares in the name of a broker or fiduciary, who votes my shares?

If you received access to these proxy materials from your broker or other fiduciary, your broker or fiduciary should have given you instructions for directing how that person or entity should vote your shares. It will then be your broker or fiduciary’s responsibility to vote your shares for you in the manner you direct.

Under the rules of various national and regional securities exchanges, brokers and fiduciaries generally may vote on routine matters, such as the ratification of the engagement of an independent public accounting firm, but may not vote on non-routine matters unless they have received voting instructions from the person for whom they are holding shares. The election of directors and the non-binding advisory proposal on executive compensation are non-routine matters, and consequently, your broker or fiduciary will not have discretionary authority to vote your shares on these matters. If your broker or fiduciary does not receive instructions from you on how to vote on these matters, your broker or fiduciary will return the proxy card to us, indicating that he or she does not have the authority to vote on these matters. This is generally referred to as a “broker non-vote” and may affect the outcome of the voting on those matters.

We therefore encourage you to provide directions to your broker or fiduciary as to how you want your shares voted on all matters to be brought before the 2017 annual meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This ensures that your shares will be voted at the meeting.

You may vote by telephone by calling the toll-free number specified on your notice or by accessing the internet website referred to on your notice, each by following the preprinted instructions on your notice. If you submit your vote by internet, you may incur costs, such as cable, telephone and internet access charges. Votes submitted by telephone or internet must be received by 11:59 p.m. EDT on Wednesday, May 10, 2017. The giving of a proxy by either of these means will not affect your right to vote in person if you decide to attend the meeting.

A number of banks and brokerage firms participate in a program that also permits stockholders to direct their vote by telephone or internet. If your shares are held in an account at such a bank or brokerage firm, you may vote your shares by telephone or internet by following the instructions on their enclosed voting form. If you submit your vote by internet, you may incur costs, such as cable, telephone and internet access charges. Voting your shares in this manner will not affect your right to vote in person if you decide to attend the meeting, however, you must first request a legal proxy from your broker or other fiduciary. Requesting a legal proxy prior to the deadline stated above will automatically cancel any voting directions you have previously given by internet or by telephone with respect to your shares.

What does it mean if I receive more than one notice card?

It means that you have multiple holdings reflected in our stock transfer records or in accounts with brokers. To vote all of your shares by proxy, please follow the separate voting instructions that you received for the shares of common stock held in each of your different accounts.

What if I change my mind after I vote?

If you hold your shares in your own name, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

- signing another proxy with a later date and returning that proxy to us;
- timely submitting another proxy via the telephone or internet;
- sending notice to us that you are revoking your proxy, to Shellee R. Showalter, SVP, Director of Investor Services, QCR Holdings, Inc., 3551 Seventh Street, Moline, Illinois 61265; or
- voting in person at the meeting.

How many votes do we need to hold the annual meeting?

A majority of the shares that are outstanding and entitled to vote as of the record date must be present in person or by proxy at the meeting in order to hold the meeting and conduct business.

Shares are counted as present at the meeting if the stockholder either is present in person at the meeting or has properly submitted a signed proxy card or other proxy.

On March 20, 2017, the record date, there were 13,156,358 shares of common stock outstanding. Therefore, at least 6,578,179 shares need to be present in person or by proxy at the annual meeting in order to hold the meeting and conduct business.

What happens if a nominee is unable to stand for election?

The board may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter case, shares represented by proxies may be voted for a substitute nominee. Proxies cannot be voted for more than the number of nominees presented for election at the meeting. The board has no reason to believe any nominee will be unable to stand for election.

If you hold your shares in the name of your broker or through a fiduciary and desire to revoke your proxy, you will need to contact that person or entity to revoke your proxy.

What options do I have in voting on each of the proposals?

You may vote “for” or “withhold authority to vote for” each nominee for director. You may vote “for,” “against” or “abstain” on each of the other proposals described in this proxy statement and on any other proposal that may properly be brought before the meeting.

How many votes may I cast?

Generally, you are entitled to cast one vote for each share of stock you owned on the record date.

How many votes are needed for each proposal?

Our directors are elected by a plurality of the votes of the shares present in person or by proxy and entitled to vote and the three individuals receiving the highest number of votes cast “for” their election will be elected as Class III directors of QCR Holdings. A “withhold authority to vote for” and broker non-votes will have no effect on the election of any director at the annual meeting.

Approval of the say-on-pay proposal, the ratification of the appointment of RSM US LLP as our independent registered public accounting firm, and, in general, any other proposals, must receive the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote.

Abstentions will have the effect of voting against these proposals. On all matters, broker non-votes will not be counted as entitled to vote, but will count for purposes of determining whether or not a quorum is present.

Because the ratification of the say-on-pay proposal is advisory, the outcome of such vote will not be binding on the board of directors. Also, please remember that the election of directors, and the non-binding, advisory proposal on executive compensation, are each considered to be non-routine matters. As a result, if your shares are held by a broker or other fiduciary, it cannot vote your shares on these matters unless it has received voting instructions from you.

Where do I find the voting results of the meeting?

If available, we will announce voting results at the meeting. The voting results will also be disclosed on a Form 8-K that we will file within four business days of the annual meeting.

Who bears the cost of soliciting proxies?

What is householding?

The Securities and Exchange Commission has issued rules regarding the delivery of proxy statements and information statements to households. These rules spell out the conditions under which annual reports, information statements, proxy statements, prospectuses and other disclosure documents of a particular company that would otherwise be mailed in separate envelopes to more than one person at a shared address may be mailed as one copy in one envelope addressed to all holders at that address (i.e., “householding”). To conserve resources and reduce expenses, we consolidate materials under these rules when possible.

However, because we are using the Securities and Exchange Commission notice and access rule for the annual meeting, we will not household our proxy materials or notices to stockholders of record sharing an address. This means that stockholders of record who share an address will each be mailed a separate notice of the proxy materials. However, certain brokerage firms, banks, or similar entities holding our common stock for their customers may household proxy materials or notices. Stockholders sharing an address whose shares of our common stock are held in street name should contact their broker if they now receive: (i) multiple copies of our proxy materials or notices and wish to receive only one copy of these materials per household in the future; or (ii) a single copy of our proxy materials or notice and wish to receive separate copies of these materials in the future. If at any time you would like to receive a paper copy of our Annual Report or proxy statement, please write to Shellee R. Showalter, SVP, Director of Investor Services, QCR Holdings, Inc., 3551 Seventh Street, Moline, Illinois 61265, or call us at (309) 736-3584.

We will bear the cost of soliciting proxies. In addition to solicitations by mail, officers, directors or employees of QCR Holdings or of our subsidiaries may solicit proxies in person or by telephone. These persons will not receive any special or additional compensation for soliciting proxies. We may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

PROPOSAL 1:**ELECTION OF DIRECTORS**

Our directors are divided into three classes having staggered terms of three years. At the annual meeting, stockholders will be asked to elect three Class III directors for a term expiring in 2020. The board has considered and nominated current directors Michael L. Peterson, George T. Ralph, and Marie Z. Ziegler, to serve as Class III directors of QCR Holdings. Ronald G. Peterson, a Class III director since 1993, is ineligible to hold office due to exceeding our age eligibility requirement (a person who has reached the age of 72 is not eligible for election to the board), and accordingly, the board did not nominate him for election at this year's meeting. James J. Brownson, age 71, has indicated his intent to resign from the board at the 2017 annual meeting. Mr. Brownson, a Class I director since 1997, resigned as Chair of the board in 2016 and would be ineligible to be nominated for election in 2018 due to exceeding our age eligibility requirement. As a result, Mr. Peterson's and Mr. Brownson's directorships will end at the 2017 annual meeting of stockholders. The board expresses its thanks to them for their many years of dedicated service. The board has resolved to reduce the size of the board from 13 to 11 effective with the 2017 annual meeting. As previously announced, on October 21, 2016, Lindsay Y. Corby, a Class I director since 2012, resigned from the board.

We have no knowledge that any of the nominees will refuse or be unable to serve, but if any of the nominees becomes unavailable for election, the holders of the proxies reserve the right to substitute another person of their choice as a nominee when voting at the meeting. Set forth below is information concerning the nominees for election and for each of the other persons whose terms of office will continue after the meeting, including age, year first elected a director and business experience during the previous five years.

Directors are elected by a plurality and the three individuals receiving the highest number of votes cast for their election will be elected as Class III directors. **Our board of directors unanimously recommends that you vote your shares "FOR" all of the nominees for directors.**

CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

General

Generally, the board oversees our business and monitors the performance of our management. In accordance with our corporate governance procedures, the board does not involve itself in the day-to-day operations of QCR Holdings, which is monitored by our executive officers and management. Our directors fulfill their duties and responsibilities by attending regular meetings of the full board, which are held no less frequently than quarterly. Our directors also discuss business and other matters with Mr. Hultquist, our Chief Executive Officer, other key executives and our principal external advisors (legal counsel, auditors and other consultants). The board is currently comprised of 13 directors. However, as a result of the retirements of Mr. Ronald Peterson and Mr. Brownson effective at the 2017 annual meeting, the board has resolved to reduce the size of the board to 11 members effective with the annual meeting.

Directors Baird, Besong, Brownson, Kilmer, Neuman, M. Peterson, R. Peterson, Ralph, Sorensen and Ziegler are deemed to be “independent” according to the NASDAQ listing requirements, and the board has determined that the independent directors do not have other relationships with us that prevent them from making objective, independent decisions. Directors Gipple, Helling, and Hultquist are not considered to be “independent” because they also serve as executive officers of either QCR Holdings or one of our subsidiaries.

During 2016, the board of directors had an Audit Committee, a Risk Oversight Committee, a Nomination and Governance Committee, a Compensation Committee and an Executive Committee. The current charters of these committees are available on our website at www.qcrh.com. Also posted on the website is general information

regarding QCR Holdings and our common stock, many of our corporate policies (including our Corporate Governance Guidelines), and links to our filings with the Securities and Exchange Commission.

In 2016, a total of seven regularly scheduled meetings were held by the board of directors of QCR Holdings. All incumbent directors attended at least 75 percent of the meetings of the board and the committees on which they served during 2016. Although we do not have a formal policy regarding director attendance at the annual meeting, we encourage our directors to attend. Last year, all of our directors were present at the annual meeting.

Committees of the Board of Directors

The composition of the board committees at December 31, 2016 is shown in the following table:

Audit Committee. Prior to the 2016 annual meeting, the Audit Committee consisted of directors Brownson, Kilmer, R. Peterson, Ralph, Ziegler and Corby. After the meeting, Mr. Brownson resigned from this committee and in October 2016, Ms. Corby resigned from the board. In November 2016, the board appointed director Michael Peterson to the committee. Each of the members is considered “independent” according to the NASDAQ listing requirements and the regulations of the Securities and Exchange Commission. The board of directors has determined that both Mr. Ralph and Ms. Ziegler qualify as an “Audit Committee Financial Expert” as that term is defined by the regulations of the Securities and Exchange Commission. The board based this decision on each of their educational and professional experience, including Mr. Ralph’s ownership of GTR Realty and services with Erickson Associates and Ms. Ziegler’s service as Vice President and Treasurer of Deere & Company.

The functions performed by the Audit Committee include, but are not limited to, the following:

- selecting our independent auditors and pre-approving all engagements and fee arrangements;
- reviewing the independence of the independent auditors;
- reviewing actions by management on recommendations of the independent auditors and internal auditors;
- meeting with management, the internal auditors and the independent auditors to review the effectiveness of our system of internal control and internal audit procedures;
- reviewing our earnings releases and reports filed with the Securities and Exchange Commission; and

reviewing reports of bank regulatory agencies and monitoring management's compliance with recommendations contained in those reports.

To promote independence of the audit function, the Audit Committee consults separately and jointly with the independent auditors, the internal auditors and management. The Audit Committee has adopted a written charter, which sets forth the duties and responsibilities. The current charter of the Audit Committee is available on our website at <http://www.sn1.com/IRW/govdocs/1024092>. Ms. Ziegler serves as Chair, Ms. Corby served as Vice Chair until her resignation in October 2016, and Mr. Ralph now serves as Vice Chair. The Audit Committee met four times during 2016.

Compensation Committee. In 2016, the Compensation Committee consisted of directors Baird, Brownson, Kilmer, Neuman, R. Peterson, and Ralph. Each of these directors is considered to be "independent" according to the NASDAQ listing requirements, "outside" as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and a "non-employee" as defined in Section 16 of the Exchange Act. The purpose of the Compensation Committee is to determine the compensation to be paid to Mr. Hultquist, our Chief Executive Officer, and our other executive officers. The Compensation Committee reviews Mr. Hultquist's performance, and relies on Mr. Hultquist's assessment of the performance of each of our other executive officers. Other members of senior management also provide it with evaluations as to employee performance, guidance on establishing performance targets and objectives, and recommendations with respect to other compensation programs. The Compensation Committee also reviews and recommends to the board for approval other incentive compensation and equity compensation plans for QCR Holdings. The responsibilities and functions are further described in its charter, which is available on our website at <http://www.sn1.com/IRW/govdocs/1024092>. Ms. Neuman serves as Chair and Mr. Kilmer serves as Vice Chair. The Compensation Committee met six times during 2016.

Nomination and Governance Committee. Prior to the 2016 annual meeting, the Nomination and Governance Committee consisted of directors Brownson, Neuman, M. Peterson, R. Peterson, Sorensen, and Ziegler. After the meeting, Mr. Brownson resigned from this committee. Mr. Besong joined this committee in November 2016. Each of these directors is considered to be "independent" according to the NASDAQ listing requirements. The primary purposes of the Nomination and Governance Committee are to identify and recommend individuals to be presented to our stockholders for election or re-election to the board of directors and to review and monitor our policies, procedures and structure as they relate to corporate governance. We have adopted Corporate Governance Guidelines to assist our board in the exercise of its responsibilities, which are available on our website at <http://www.sn1.com/IRW/govdocs/1024092>. Additionally, the responsibilities and functions are further described in its charter, which is available on our website at <http://www.sn1.com/IRW/govdocs/1024092>. Mr. Brownson served as Chair until the 2016 annual meeting at which time the board appointed Mr. Baird as Chair and Ms. Sorensen as Vice Chair. In November 2016, the board appointed Ms. Sorensen as Chair and Mr. Besong as Vice Chair of this committee. The Nomination and Governance Committee met four times during 2016.

Risk Oversight Committee. Prior to the 2016 annual meeting, the Risk Oversight Committee consisted of directors Besong, Brownson, Corby, Gipple, Helling, Hultquist, Kilmer, Ralph, Sorensen and Ziegler. After the meeting, Mr. Brownson resigned from the Risk Oversight Committee and in October 2016, Ms. Corby resigned from the board. The Risk Oversight Committee is charged with being the primary board committee to actively monitor and oversee

the risk management process. Additional information regarding risk oversight and the Risk Oversight Committee's role is found on page 16 of this proxy statement. The responsibilities and functions are further described in its charter, which is available on our website at <http://www.snl.com/IRW/govdocs/1024092>. Ms. Corby served as Chair, until her resignation in October 2016. Mr. Ralph now serves as Chair and Ms. Ziegler serves as Vice Chair. The Risk Oversight Committee met four times during 2016.

Executive Committee. Prior to October of 2016, the Executive Committee consisted of directors Baird, Brownson, Corby, Hultquist, Neuman and Ziegler. In October 2016, Ms. Corby resigned from the board and in November 2016, the board appointed Mr. Sorensen and Mr. Ralph to the Executive Committee. The Executive Committee is authorized to act with the same authority as the board of directors between meetings of the board, subject to certain limitations set forth in its charter. Although this authority allows the board to act quickly on matters requiring urgency when the full board is not available to meet, it is not intended to supplant the authority of the full board. The responsibilities and functions are further described in its charter, which is available on our website at <http://www.snl.com/IRW/govdocs/1024092>. Prior to the 2016 annual meeting, Mr. Brownson served as Chair and Mr. Baird served as Vice Chair. Since the 2016 annual meeting, Mr. Baird has served as Chair and Ms. Ziegler as Vice Chair. The Executive Committee met nine times during 2016.

Consideration of Director Candidates

Director Nominations and Qualifications. For the 2017 annual meeting, the Nomination and Governance Committee nominated for re-election to the board three of the four incumbent directors, whose terms are set to expire in 2017. These nominations were further approved by the full board. Ronald G. Peterson, a Class III director since 1993, was ineligible to stand for re-election due to the director age eligibility requirement, and accordingly, the committee did not nominate him for election at this year's meeting. The committee decided not to seek a new nominee for the director position being vacated, but it will reevaluate the size of the board at future meetings. We did not receive any stockholder nominations for director for the 2017 annual meeting.

In carrying out its nominating function, the Nomination and Governance Committee has developed qualification criteria for board membership. All potential nominees for election, including incumbent directors, board nominees and those stockholder nominees included in the proxy statement are reviewed for the following attributes:

- integrity and high ethical standards in the nominee's professional life;

sufficient educational and professional experience, business experience or comparable service on other boards of directors to qualify the nominee for service to the specific board for which he or she is being considered;

- evidence of leadership and sound judgment in the nominee's professional life;

whether the nominee is well recognized in the community and has a demonstrated record of service to the community;

- a willingness to abide by any published code of ethics for QCR Holdings; and

a willingness and ability to devote sufficient time to carrying out the duties and responsibilities required of a board member.

The Nomination and Governance Committee also evaluates potential nominees to determine if they have any conflicts of interest that may interfere with their ability to serve as effective board members, to determine if they meet QCR Holdings's age eligibility requirements (a person who has reached age 72 before the date of the annual meeting is not eligible for election to the board) and to determine whether they are "independent" in accordance with the NASDAQ listing requirements (to ensure that at least a majority of the directors will, at all times, be independent). While we do not have a separate diversity policy, the Nomination and Governance Committee does consider the diversity of its directors and nominees in terms of knowledge, experience, skills, expertise, and other demographics which may contribute to the board. It has not, in the past, retained any third party to assist it in identifying candidates, but it has the authority to retain a third party firm or professional for the purpose of identifying candidates.

The Nomination and Governance Committee identifies nominees by first evaluating the current members of the board willing to continue in service whose term is set to expire at the upcoming annual stockholder meeting to determine if those individuals satisfy the qualification criteria for continued membership on the board of directors. Prior to nominating an existing director for re-election to the board, it considers and reviews the following attributes with respect to each existing director:

· board and committee attendance and performance;

· length of board service;

· experience, skills and contributions that the existing director brings to the board;

· independence and any conflicts of interest; and

· any significant change in the existing director's status, including the attributes considered for initial board membership.

Current members of the board who satisfy the qualification criteria described above and who are willing to continue in service are considered for re-nomination. If any member of the board does not wish to continue in service or if the Nomination and Governance Committee or the board decides not to re-nominate a member for re-election, it would determine whether or not the position would be filled and, if so, would identify the desired skills and experience of a new nominee.

Code of Business Conduct and Ethics

We have a code of business conduct and ethics in place that applies to all of our directors and employees. The code sets forth the standard of ethics that we expect all of our directors and employees to follow, including our Chief Executive Officer and Chief Financial Officer. The code is posted on our website at <http://www.sn1.com/IRW/govdocs/1024092>. We have satisfied and intend to continue to satisfy the disclosure requirements under Item 5.05 of Form 8-K regarding any amendment to or waiver of the code with respect to our Chief Executive Officer and Chief Financial Officer, and persons performing similar functions, by posting such information on our website.

Board Leadership Structure

Since January 1, 2007, we have kept the positions of Chair of the board of directors and Chief Executive Officer separate. While our bylaws do not require our Chair and Chief Executive Officer positions to be separate, the board believes that having separate positions and having an independent outside director serve as Chair is the appropriate leadership structure for QCR Holdings at this time and demonstrates our commitment to good corporate governance. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chair to lead the board in its fundamental role of providing advice to and independent oversight of management. We believe that having an independent Chair eliminates the conflicts of interest that arise when the positions are held by one person. In addition, this leadership structure allows the board to more effectively monitor and evaluate the performance of our Chief Executive Officer.

Currently, Mr. Baird holds the position of Chair of the board of directors and Mr. Hultquist holds the position of Chief Executive Officer. Mr. Baird is considered to be “independent” according to the NASDAQ listing requirements.

To further enhance the role of the independent directors on our board and consistent with the NASDAQ listing requirements, the board’s independent directors regularly meet without Messrs. Gipple, Helling or Hultquist in attendance.

The Board's Role in Risk Oversight

While management is responsible for the day-to-day management of risks QCR Holdings faces, oversight of our risk management is central to the role of the board. The Risk Oversight Committee is charged with the primary responsibility for overseeing the risk management functions including those relating to operational (which includes IT and cyber security aspects), legal/regulatory, capital, liquidity, interest rate, reputational and strategic risks, on behalf of the board. The members of the Risk Oversight Committee discuss our risk assessment and risk management policies, provide oversight, and inquire about significant risks and exposures, if any, and the steps taken to monitor and minimize such risks.

In addition, other board committees have been assigned oversight responsibility for specific areas of risk and risk management, and each committee considers risks within their areas of responsibility. The Audit Committee is responsible for monitoring our financial reporting process and system of internal controls, including controls related to risk management. The Compensation Committee is chiefly responsible for compensation-related risks. The members of the Compensation Committee discuss and review the key business and other risks we face and the relationship of those risks to certain compensation arrangements. This review is intended to comply with the Securities and Exchange Commission requirement to assess risks related to compensation plans and requirements of financial institution regulatory agencies (each as more fully described in the "Executive Compensation" section of this proxy statement). The subsidiary banks' Loan Committees have primary responsibility for credit risk. For those subsidiary banks that have fiduciary powers, the banks' Wealth Management Committees have primary responsibility for fiduciary risk. Each of these committees receives regular reports from management regarding our risks and reports regularly to the Risk Oversight Committee or the full board concerning risk.

Share Ownership Guidelines

In order to better align the interests of our board members and management with the interests of our stockholders, our board of directors adopted share ownership guidelines in 2008. These share ownership guidelines were amended in February 2016 to clarify the ownership holding requirements for our executives.

Under these guidelines, non-employee directors of QCR Holdings are expected to achieve a share ownership level with a value equal to ten times the amount of each non-employee director's annual cash retainer (excluding compensation for committee service) within five years of initial election as a director, and maintain such ownership level so long as they serve in the position of director. For 2017, based on the one-year trailing average monthly closing stock price, the amount is approximately 5,444 shares.

We also have share ownership guidelines for our executive officers. The stock ownership guidelines vary by position and for Messrs. Hultquist, Gipple and Helling, the amount is 30,000 shares. For all other named executive officers, the

amount is 12,000 shares.

Currently, each QCR Holdings director and each named executive officer, other than Mr. Nagel, holds the requisite number of shares, and accordingly is compliant with the share ownership guidelines. Mr. Nagel has until September 1, 2019 to acquire the required number of shares.

Stockholder Communications with the Board, Nomination and Proposal Procedures

General Communications with the Board. Stockholders may contact our board of directors by contacting Cathie S. Whiteside, Corporate Secretary, at QCR Holdings, Inc., 3551 Seventh Street, Moline, Illinois 61265 or (309) 743-7754. All appropriate comments will be forwarded directly to the Chair of the Board. Ms. Whiteside will not generally forward communications that are primarily commercial in nature or related to an improper or irrelevant topic.

We may request additional information after receiving the notification for the purpose of determining the proposed nominee's eligibility to serve as a director. Persons nominated for election to the board pursuant to this paragraph will not be included in our proxy statement.

Other Stockholder Proposals. For proposals to be brought by a stockholder at an annual meeting, the stockholder must file a written notice of the proposal to our Corporate Secretary not less than 30 days nor more than 75 days prior to the date of the annual meeting, provided, however, that if we provide less than 40 days' notice of the meeting, notice by the stockholder, to be timely, must be delivered no later than 10 days from the date on which notice of the meeting was mailed. The notice must set forth: (i) a brief description of the proposal and the reasons for conducting such business at the meeting; (ii) the name and address of the proposing stockholder; (iii) the number of shares of the corporation's common stock beneficially owned by the stockholder on the date of the notice; and (iv) any financial or other interest of the stockholder in the proposal. Financial Overview

Record earnings were achieved by our subsidiary banks, as well as QCR Holdings in 2016. Core return on average assets (ROAA) improved from 0.96% to 1.04% for the quarters ending December 31, 2015, and 2016, respectively. Other 2016 highlights included organic loan and lease growth of 10.5%, net interest margin improvement of 60 basis points from 2015 to 2016, strong gains on the sale of loans and swap fee income, as well as the acquisition of Community State Bank.

From a stockholder return perspective, 2016 was a landmark year, with QCRH stock price more than doubling and total shareholder return (TSR) of 78.9%. Over the past three years TSR was 156.1%.

Overview of Our Executive Compensation Program

QCR Holdings is committed to paying for performance. This commitment is reflected by the significant amount of our named executive officers' compensation that is provided through performance-based components. Our executive compensation program evolves and is adjusted over time to support the business goals of QCR Holdings and to promote both near- and long-term profitable growth. Total compensation for each named executive officer varies with performance in achieving financial and nonfinancial objectives.

Say-on-Pay

We received 95% of votes cast in support of our executive compensation program during the 2016 annual stockholders' meeting. QCR Holdings, the board and the Compensation Committee pay careful attention to the say-on-pay vote and communications received from stockholders regarding executive compensation, and believes the vote reflects stockholders' support of our compensation philosophy and the manner in which we compensate our named executive officers. The Compensation Committee considered the results of the advisory vote as one of many factors in making 2016 compensation decisions, and will continue to do so as it continually reviews our compensation programs and practices to ensure they continue to support our business strategy and align with stockholders' interests.

Objectives of Our Compensation Program

The goal of our compensation program is to create superior long-term value for our investors by attracting, motivating and retaining outstanding employees who serve our customers while also generating financial performance that is

better than our competitors. Our compensation program for executives is based in large part on our business needs and challenges in creating stockholder value. To support the achievement of our business strategies and goals, we strive to:

- Pay for performance;
- Tie equity compensation to long-term value creation for our stockholders;
- Align executives' financial interests with those of our stockholders;
- Support QCR Holdings's values, strategy and development of employees;
- Foster a team approach among top executives;
- Attract, retain and align leaders capable of delivering superior business results;
- Provide competitive cash compensation and benefit opportunities; and
- Adhere to the highest legal and ethical standards.

Elements of Compensation

Our executive compensation program consists of several elements, each with an objective that fits into our overall compensation program. The following overview explains the structure and rationale of the elements of compensation used for 2016.

Base Salary

Cash salaries are intended to be competitive with the market, and take into account the individual's experience, performance, responsibilities, and past and potential contribution to QCR Holdings. The salaries are intended to offer each executive security and to allow QCR Holdings to maintain a stable management team and environment. The Compensation Committee reviews the salaries of the named executive officers on an annual basis. The Compensation Committee uses its own judgment, as well as its independent compensation consultant's expertise, when determining the positioning of each executive's salary compared to the competitive marketplace. Examples of the determining factors include the executive's level of responsibility, prior experience, and length of time with QCR Holdings, breadth of knowledge and internal performance, as well as internal equity with other employees.

Annual Cash Incentive Bonus

Annual cash incentive bonuses are an important piece of total compensation for our named executive officers as they support and encourage the achievement of our business goals and strategies by tying a meaningful portion of cash compensation to financial results for the year as compared to internal and external standards. The Committee believes the named executive officers should have a significant portion of their total compensation package at risk and available through an annual cash incentive program. However, maximum bonus opportunities are capped to avoid encouraging excessive risk-taking and to avoid any focus on maximizing short-term results at the expense of long-term soundness.

Each executive, other than Mr. Nagel, has measurable goals that were determined by the Compensation Committee at the beginning of 2016, and focus primarily on net income and other financial performance. Annual bonuses for named executive officers, other than Mr. Nagel, for 2016 were determined based on quantitative and qualitative analyses performed by the Compensation Committee at the beginning of 2017. Because Mr. Nagel did not join QCR Holdings until our completion of the acquisition of Community State Bank on August 31, 2016, the Compensation Committee used a subjective approach for determining his annual bonus. Net income in excess of 25% of budgeted net income is required for any bonuses to be paid to our named executive officers.

Long-Term Stock Incentives

Equity compensation is the other key element of compensation for our named executive officers. We use various types of long-term incentive awards to drive the creation of long-term value for our stockholders, attract and retain executives capable of effectively executing our business strategies and structure compensation to account for the time horizons of risks. Equity compensation supports the achievement of many of our key compensation objectives:

- Tie pay to performance by linking compensation to stockholder value creation;
- Align executives' interests with those of our stockholders;

• Attract executives, particularly those interested in building long-term value for our stockholders (as equity compensation is an element of competitive pay packages for executives); and

• Retain executives and reward continued service by providing for forfeiture of awards prior to satisfaction of multi-year vesting periods.

Equity Incentive Plans. QCR Holdings has maintained various equity incentive plans. Currently, all new equity awards are made under our 2016 Equity Incentive Plan (the "2016 Equity Plan"), which was adopted by our board and approved by our stockholders in 2016. Initially, there were 400,000 shares authorized for issuance under the plan. In addition, any shares remaining for issuance under our prior plans also were available for issuance under the 2016 Equity Plan, and as of the effective date of the 2016 Equity Plan, no further awards may be granted under those prior plans. The 2016 Equity Plan provides for the issuance of nonqualified stock options, restricted stock, stock appreciation rights and other stock and cash-based awards. As of December 31, 2016, there were 412,658 remaining shares available for grant under the 2016 Equity Plan.

Employee Stock Purchase Plan. QCR Holdings adopted and stockholders approved the QCR Holdings Employee Stock Purchase Plan (the “Employee Stock Purchase Plan”) to be effective in 2003, and in May 2012, the stockholders approved an amended and restated plan. The plan is intended to qualify as an employee stock purchase plan under Section 423 of the Code. The plan allows employees of QCR Holdings and its subsidiaries to purchase shares of common stock. A participant’s after-tax deferrals to the plan are accumulated during each calendar quarter. The accumulated deferrals are then used to purchase shares of our common stock. The purchase price is currently 90% of the lesser of the fair market value on the first trading day of the calendar quarter or the investment date. The investment date is the date common stock is purchased after the end of each calendar quarter during an offering period. Currently, the maximum percentage that any one participant can elect to contribute is 8% of his or her compensation. During 2016, 20,192 shares were purchased under the Employee Stock Purchase Plan.

Retirement Benefits

QCR Holdings 401(k)/Profit Sharing Plan (the “401(k) Plan”). QCR Holdings sponsors a tax-qualified profit sharing plan qualifying under Section 401(k) of the Code. All employees are eligible to participate in the 401(k) Plan. Pursuant to the 401(k) Plan, QCR Holdings matches 100% of the first 3% of employee contributions and 50% of the next 3% of employee contributions, up to a maximum of 4.5% of an employee’s compensation. Additionally, at its discretion, QCR Holdings may make additional contributions to the 401(k) Plan, which are allocated to the accounts of participants based on relative compensation. The total contributions under the 401(k) Plan for the benefit of our named executive officers are reflected in the Summary Compensation Table of this proxy statement.

Deferred Compensation

Non-qualified Supplemental Executive Retirement Program. QCR Holdings provides a Non-qualified Supplemental Executive Retirement Plan (“SERP”) to certain of its key executives, which will provide supplemental retirement income to those officers. The Compensation Committee believes that the SERP benefits are an important component of competitive compensation packages. Each SERP includes retention and non-competition provisions intended to protect QCR Holdings and help support the objectives of maintaining a stable, committed, and qualified team of key executives.

QCR Holdings currently has SERP arrangements in place for Messrs. Hultquist, Gipple, Helling, and Anderson. The SERP arrangements for Messrs. Hultquist, Gipple, and Helling were implemented in 2004. The SERP arrangement for Mr. Anderson was approved in December 2016 and became effective on January 1, 2017. The SERP was amended and restated in December 2016 to clarify ambiguities in the prior language and the changes are not considered to be material. Additionally the changes did not increase the benefits available under the SERP. Under the agreements, Messrs. Gipple and Helling will receive a supplemental retirement benefit in an annual pre-tax amount equal to 2.5% for each year of full-time service until the executive reaches age 65 (not to exceed 40 years), multiplied by the executive’s average annual base salary plus cash bonus for the three most recently completed plan years, subject to a maximum of 70%. The retirement benefit under the SERP will be reduced by any contributions plus earnings thereon

made by QCR Holdings to the credit of the executive pursuant to the 401(k) Plan or other deferred compensation plans. The executive is eligible for the retirement benefit if he retires after reaching age 55 and has at least 10 years of service.

Mr. Hultquist's amended arrangement provides for specified annual benefits that are not tied to a formula. The specified benefits range from \$158,421 per year following a retirement before Mr. Hultquist attains 62 years of age to \$220,650 per year following a retirement on or after Mr. Hultquist attains 65 years of age.

The specified benefits for Mr. Anderson range from \$20,000 per year following a retirement after attaining age 55 but before attaining age 56; to \$84,000 per year following retirement on or after Mr. Anderson attains 65 years of age.

Pursuant to the existing SERP arrangements, assuming the participating executives retire on or after reaching age 55 and based on the participants' salary and cash bonus paid for 2016, we will owe the following projected annual amounts at retirement: Mr. Hultquist - \$158,421; Mr. Gipple - \$104,694; Mr. Helling - \$64,353.

The retirement benefit payable under the SERP arrangements will generally be paid in 180 monthly installments. The SERP arrangements also provide for the payment of a survivor's benefit payable to a participating executive's beneficiary upon the executive's death.

Non-Qualified Deferred Compensation Plan Agreements. QCR Holdings has entered into deferred compensation plan agreements with the named executive officers to allow them to defer a portion of their salary or annual bonus. These plans are voluntary, non-tax qualified, deferred compensation plans that enable the executives to save for retirement by deferring a portion of their current cash compensation. QCR Holdings matches these deferrals up to certain maximums and interest is earned at the prime rate subject to certain floor and cap rates, as follows:

Executive	Deferred Compensation Plan Agreements		
	2016 Contribution	2016 Match	Interest Rate
Douglas M. Hultquist	\$20,000	\$20,000	4.0% - 8.0%
Todd A. Gipple	\$20,000	\$17,500	6.0% - 12.0%
Larry J. Helling	\$17,500	\$17,500	8.0% - 12.0%
John H. Anderson	\$10,000	\$10,000	4.0% - 8.0%
Thomas D. Budd	\$8,000	\$8,000	4.0% - 8.0%
Ronald M. Nagel	\$50,000	\$15,000	4.0% - 8.0%
Cathie S. Whiteside	\$37,574	\$15,605	4.0% - 8.0%

If any of Messrs. Hultquist, Gipple or Helling is terminated in connection with a change in control, the terminated executive would be entitled to receive the greater of his then existing account balance or a guaranteed minimum amount.

Both the SERP and the non-qualified deferred compensation plan agreements are considered “unfunded” general contractual obligations of QCR Holdings and are subject to the claims of our creditors. In the event that QCR Holdings becomes insolvent, the participants will be unsecured general creditors of QCR Holdings. The Compensation Committee believes that this form of “at risk” compensation helps to insure that the interests of the plan participants are aligned with the long-term interests of QCR Holdings, its debt holders, and its stockholders.

Deferred Income Plans. QCR Holdings adopted and stockholders approved the 1997 Deferred Income Plan and 2005 Deferred Income Plan to enable directors and selected key officers of QCR Holdings and its related companies, to elect to defer all or a portion of the fees and cash compensation payable to them for their service as directors or employees. The plan then purchases shares of QCR Holdings common stock at market value which are held in a rabbi trust associated with the plans.

Perquisites and Other Benefits

The named executive officers participate in QCR Holdings's broad-based employee benefit plans, such as medical, dental, disability and life insurance coverage programs, under the same terms as other eligible employees. Each also receives an automobile allowance. Messrs. Anderson and Budd receive payments for country club memberships. In addition, QCR Holdings pays for tax planning and preparation services for Messrs. Hultquist, Gipple and Helling. The value of the perquisites provided by or paid for by QCR Holdings is reflected in the Summary Compensation Table in this proxy statement, and is similar to other bank holding companies within the industry.

Employment Agreements

Employment agreements are in place with each of our named executive officers. We believe employment agreements help us recruit and retain executives with the experience, skills, knowledge and background needed to achieve our business goals and strategy.

2016 Equity Plan - Acceleration of Awards

The 2016 Equity Plan provides for possible accelerated vesting of awards granted to all participants, including our named executive officers, in certain circumstances. Unless provided otherwise in the agreements setting forth the terms of the award, vesting will be accelerated for outstanding awards upon a "change in control" of QCR Holdings (as defined in the 2016 Equity Plan) if the awards are not assumed or otherwise equitably converted into comparable awards by the acquiring company. If the awards are assumed by the acquiror and a participant's employment is terminated without "cause" or a participant resigns for "good reason," the participant's awards will become vested (this is what is known as a "double trigger" approach). We adopted this approach, rather than providing for vesting solely upon a change in control (a "single trigger" approach), because we believe the double trigger provides adequate employment protection and reduces, for the stockholders' benefit, potential transaction costs associated with the awards. Further, the award agreements generally provide that vesting will be accelerated for outstanding awards upon the respective participant's disability or death.

Compensation Process

The Compensation Committee has broad discretion in overseeing our compensation programs. It reviews each element of compensation for each of our named executive officers at least once each year and makes a final determination regarding any adjustments to their current compensation structure and levels after considering a number of factors. The Compensation Committee takes into account the scope of each named executive officer's

responsibilities, performance and experience, as well as competitive compensation levels in reviewing compensation. During the annual review process, the Compensation Committee also reviews our full-year financial results against other banking organizations and reviews the structure of our compensation programs relative to sound risk management.

The primary considerations in making executive compensation decisions are:

- Key financial measurements;
- Strategic initiatives related to our business;
- Achievement of specific operational goals relating to the executive's area of oversight;
- Compensation of other QCR Holdings executives; and
- Compensation of peer group executives.

Consulting Assistance

Under its charter, the Compensation Committee has the authority to retain its own compensation consultants. In June 2015, the Compensation Committee retained Frederic W. Cook & Co., Inc. ("FWC") as its compensation consultant to provide it with independent analysis and advice on executive compensation-related matters including a review of the compensation program actions recommended by management, reviewing the chosen peer group and survey data for competitive comparisons and advising it on best practices and ideas for board governance of executive compensation. FWC reports directly to the Compensation Committee, and management has not retained its own compensation consultant. The Compensation Committee has conducted an inquiry and assessment with respect to FWC, including the factors relating to independence specified in NASDAQ listing requirements, and determined that it is independent of management and has no conflicts of interest in acting as a compensation consultant to the Compensation Committee.

Role of Executive Officers

As requested by the Compensation Committee, various members of management facilitate the Committee's consideration of compensation for our named executive officers by providing information for the Committee's review. In particular, Mr. Hultquist provides background and recommendations with respect to each of the other named executive officers. Mr. Hultquist is not present for the discussion or determination of his compensation. Information considered includes, among other items, financial results and analysis, performance evaluations, compensation provided to our named executive officers, technical and regulatory considerations, and input on program design and possible modifications.

Peer Group

Market pay practices are one of many factors we consider in setting executive pay levels and designing compensation programs. Information on pay levels and practices is gathered for a group of publicly traded companies selected based on their business focus, scope and location of operations, size and other considerations. The companies in the group are reviewed and evaluated annually. QCR Holdings's peer group of 17 financial institutions, as listed below, was jointly presented by FWC and our management and approved by the Compensation Committee. QCR Holdings is in the middle of the group in terms of size.

Cobiz Financial Inc.	German American Bancorp, Inc.	Mainsource Financial Group
Enterprise Financial Services Corp.	Great Southern Bancorp Inc.	Mercantile Bank Corp.
First Busey Corporation	Hills Bancorporation	Midwest One Financial Group, Inc.
First Business Financial Services	Horizon Bancorp	Stock Yard Bancorp, Inc.
First Financial Corp.	Lakeland Financial Corp.	West Bancorp., Inc.

Analysis of 2016 Compensation

Consistent with our philosophy of linking compensation to performance, the compensation for our named executive officers in 2016 was based, in part, on our business results in 2016. This section discusses the compensation actions that were taken in 2016 for our named executive officers, as detailed further below.

Base Salary

Salaries for our named executive officers for 2016 and 2017 are as follows:

Executive	2016 Salary	2017 Salary
Douglas M. Hultquist	\$290,000	\$300,000
Todd A. Gipple	\$251,899	\$260,000
Larry J. Helling	\$251,899	\$260,000
John H. Anderson	\$200,000	\$205,500
Thomas D. Budd	\$172,000	\$177,160
Ronald M. Nagel	\$320,000	\$275,000
Cathie S. Whiteside	\$162,000	\$168,500

Annual Incentive Bonus

On an annual basis, the Compensation Committee considers targets applicable to annual incentive bonus awards for our named executive officers. At the beginning of 2016, the Compensation Committee defined specific threshold, target, and maximum award opportunities as a percentage of salary for each of our named executive officers, other than Mr. Nagel. Mr. Nagel did not become one of our executive officers until we completed the acquisition of Community State Bank on August 31, 2016.

The specific percentages applicable to each individual officer, other than Mr. Nagel, are based on that individual's position and competitive market data for similar positions. The 2016 awards for our named executive officers, other than Mr. Nagel, were contingent primarily on performance relative to goals for net income and other financial performance measures and objectives aligned with those of QCR Holdings's stockholders. The performance criteria were weighted to reflect QCR Holdings's strategic objectives. Named executives also have individual performance goals consistent with QCR Holdings's 2016 strategic objectives and their specific role with QCR Holdings.

Given that Mr. Nagel became an executive officer only following our completion of the acquisition of Community State Bank, the Compensation Committee pursued a different course with respect to his 2016 annual bonus. While the Compensation Committee focused on many of the same metrics as applied to our other named executive officers, there were no specific performance measures and objectives defined for Mr. Nagel. Instead, the Compensation Committee considered generally the factors described below in deciding the amount of Mr. Nagel's bonus.

As noted above, our named executive officers would not have been eligible to receive an annual incentive bonus if QCR Holdings's net income did not exceed 25% of budgeted net income. For 2016, the Compensation Committee determined a threshold, target and maximum annual incentive bonus levels at the following (as a percentage of base salary):

Executive	Threshold Target Maximum		
Douglas M. Hultquist	50.0%	100.0%	125.0%
Todd A. Gipple	27.5%	55.0%	68.8%
Larry J. Helling	27.5%	55.0%	68.8%
John H. Anderson	22.5%	45.0%	67.5%
Thomas D. Budd	22.5%	45.0%	67.5%
Cathie S. Whiteside	20.0%	40.0%	60.0%

For 2016, the weighting of the performance criteria as a percentage of the total targeted cash incentives were set at the following (as a percentage of base salary):

Executive	Corporate		
	Goals	Individual Goals	Target Award
Douglas M. Hultquist	100.0%	0.00%	100.0%
Todd A. Gipple	46.75%	8.25%	55.0%
Larry J. Helling	14.0%	41.0%	55.0%
John H. Anderson	14.0%	31.0%	45.0%
Thomas D. Budd	9.0%	36.0%	45.0%
Cathie S. Whiteside	34.0%	6.0%	40.0%

Rockford Bank and Trust net income	10.0%	\$2.7M	\$3.2M	\$3.4M

In addition to the corporate goals established, individual goals were also established for Mr. Gipple. He had an additional 15% goal weighting assigned to achievement of acceptable service level ratings with respect to QCR Holdings's ten internal departments. It was determined that, with respect to his individual goal, Mr. Gipple achieved a result at maximum.

Larry J. Helling. The Compensation Committee established the following corporate and Cedar Rapids Bank and Trust goals for Mr. Helling:

Corporate/Individual Goals	Goal Weight	Threshold	Target	Maximum
QCR Holdings net income	25.0%	\$21.9M	\$24.4M	\$25.6M

John H. Anderson. The Compensation Committee established the following corporate and Quad City Bank and Trust goals for Mr. Anderson:

Corporate/Individual Goals	Goal Weight	Threshold	Target	Maximum
QCR Holdings net income	30.0%	\$21.9M	\$24.4M	\$25.6M

Quad City Bank and Trust Wealth Management net income	10.0%	\$1.9M	\$2.1M	\$2.2M

Thomas D. Budd. The Compensation Committee established the following corporate and Rockford Bank and Trust goals for Mr. Budd:

Corporate/Individual Goals	Goal Weight	Threshold	Target	Maximum
QCR Holdings net income	20.0%	\$21.9M	\$24.4M	\$25.6M
Rockford Bank and Trust net income	40.0%	\$2.7M	\$3.2M	\$3.4M

Rockford Bank and Trust Wealth Management net income (loss)	10.0%	\$(150,000)	0	\$150,000

Ronald M. Nagel. As noted above, because Mr. Nagel became an executive officer only following our completion on August 31, 2016 of the acquisition of Community State Bank, the Compensation Committee pursued a different course with respect to his 2016 annual bonus. Mr. Nagel's eligibility for a 2016 annual bonus was, like our other named executive officers, subject to the requirement that QCR Holdings's net income at least exceed 25% of budgeted net income. Because that threshold metric was achieved, the Compensation Committee considered generally some of the same performance metrics as were applied to our other named executive officers, including QCR Holdings's net income, Community State Bank's net income, deposit growth at Community State Bank and the ratio of non-performing assets to total assets at Community State Bank. No specific weight was assigned to any of these performance metrics. However, based on our financial performance during 2016 as measured generally by these metrics, the Compensation Committee determined that Mr. Nagel earned a 2016 annual bonus of \$40,000. In addition to his 2016 annual bonus, in connection with the closing of our acquisition of Community State Bank, Mr. Nagel received a cash signing bonus of \$300,000. The payment of the signing bonus was intended to incentivize Mr. Nagel to remain with QCR Holdings following the closing of the transaction.

Cathie S. Whiteside. The Compensation Committee established the following corporate goal for Ms. Whiteside:

Corporate Goals	Goal Weight	Threshold	Target	Maximum
QCR Holdings net income	60.0%	\$21.9M	\$24.4M	\$25.6M
QCR Holdings efficiency ratio	15.0%	66.5%	63.5%	62.6%
Rockford Bank and Trust net income	10.0%	\$2.7M	\$3.2M	\$3.4M

In addition to the corporate goals established, individual goals were also established for Ms. Whiteside. She had an additional 15% goal weighting assigned to achievement of acceptable service level ratings with respect to QCR Holdings's human resource department. It was determined that Ms. Whiteside achieved the maximum level of performance with respect to the human resource department service level rating.

2016 Actual Incentive Bonus Awards. QCR Holdings's actual net income for 2016 was \$26.8 million, our efficiency ratio was 62.28%, and our non-performing assets to total assets was .82%. Cedar Rapids Bank and Trust had net income of \$12.7 million, deposit growth of \$4.0 million, loan growth of \$35.6 million and non-performing assets to total assets of .82%. m2 Lease Funds had pre-tax net income of \$4.0 million. Quad City Bank and Trust had net income of \$15.3 million, deposit growth of \$132.0 million, loan growth of \$117.8 million, wealth management net income of \$1.8 million and non-performing assets to total assets of .55%. Rockford Bank and Trust had net income of \$3.2 million, deposit growth of \$23.4 million, loan growth of \$19.8 million, wealth management net loss of \$65,000 and non-performing assets to total assets of 1.51%.

After taking into account the weighting of all criteria and the resulting performance of QCR Holdings and the named executive officers, the Compensation Committee determined the actual annual cash incentive bonuses for 2016 calculated as shown in the table below.

Executive	Corporate		Individual Goals		Actual Award
	Goals				(as % of base salary)
Douglas M. Hultquist	119.6		0.0		119.6%
Todd A. Gipple	57.3		10.1		67.4%
Larry J. Helling	12.3		36.2		48.5%
John H. Anderson	18.8		41.5		60.3%
Thomas D. Budd	9.6		38.2		47.8%
Ronald M. Nagel		N/A		N/A	12.5%
Cathie S. Whiteside	49.4		8.7		58.1%

Long-Term Stock Incentives

As shown in the following table, the Compensation Committee had targeted equity compensation awards between 12.5% and 40% of salary for 2016. This table shows the award opportunities for both the equity grants as a percentage of salary for each executive, based upon grant date fair value as used for determining expense in the financial statements. The table also presents the actual 2016 equity grants that were awarded in March 2017 based upon the executive's performance in 2016. For all executives, 50% of the aggregate value earned was awarded as a grant of stock options and the remaining 50% of the aggregate value earned was awarded as a grant of restricted stock. The option and restricted stock awards are subject to a four-year vesting schedule with equal portions vesting on each anniversary of the original grant date.

2016 Performance-Based Equity Incentive Plan

(Grant Value Stock Option and Restricted Stock Awards as a Percent of Salary)

Executive	2016 Target	2016 Award
Douglas M. Hultquist	40.0%	47.8%
Todd A. Gipple	40.0%	49.0%
Larry J. Helling	40.0%	35.3%

Regulatory Considerations

As a publicly-traded financial institution, QCR Holdings must contend with several often overlapping layers of regulations when considering and implementing compensation-related decisions. These regulations do not set specific parameters within which compensation decisions must be made, but do require the QCR Holdings and the Committee to be mindful of the risks that often go hand-in-hand with compensation programs designed to incentivize the achievement of better than average performance. While the regulatory focus on risk assessment has been heightened over the last several years, the incorporation of general concepts of risk assessment into compensation decisions is not a recent development.

The Committee continues to believe in and practice a sensible approach to balancing risk-taking and rewarding reasonable, but not necessarily easily attainable, goals and this has always been a component of its overall assessment of the compensation plans, programs and arrangements it has put in place for our named executive officers. The Committee believes we have adequate policies and procedures in place to balance and control any risk-taking that may be incentivized by the employee compensation plans. The Committee further believes that such policies and procedures will work to limit the risk that any employee would manipulate reported earnings in an effort to enhance his or her compensation.

In making decisions about executive compensation, in addition to the above, we also consider the impact of other regulatory provisions, including: the provisions of Code Section 162(m) that may limit the tax deductibility of certain compensation unless it is considered performance-based; Code Section 409A regarding nonqualified deferred compensation; and Code Section 280G regarding excise taxes and deduction limitations on golden parachute payments made in connection with a change in control. In making decisions about executive compensation, we also consider how various elements of compensation will impact our financial results. For example, we consider the impact of FASB ASC Topic 718, which requires us to recognize the compensation cost of grants of equity awards based upon the grant date fair value of those awards.

Anti-Hedging Policy

QCR Holdings's insider trading policy includes provisions that specifically prohibit all employees and directors from entering into hedging transactions involving QCR Holdings securities. To our knowledge, none of our officers or directors has entered into a hedging transaction involving QCR Holdings stock in violation of this prohibition.

Anti-Pledging Policy

QCR Holdings's insider trading policy includes provisions that prohibit our directors and executive officers from pledging QCR Holdings securities without the prior approval of the Nomination and Governance Committee. To our knowledge, none of our officers or directors has pledged his or her stock in violation of this policy.

Clawback Policy

In the event of a material restatement of QCR Holdings's financial results, other than a restatement due to changes in accounting principles or applicable law or interpretations thereof, the board of directors will review the facts and circumstance that led to the requirement for the restatement and will take such actions, including clawback, as it deems necessary or appropriate. The board of directors will consider whether any named executive officer received

cash or equity compensation based on the original financial statements because it appeared he or she achieved financial performance targets which in fact were not achieved based on the restatement. The board of directors will also consider the accountability of any named executive officer whose acts or omissions were responsible in whole or in part for the events that led to the restatement and whether such acts or omissions constituted misconduct. In addition, the clawback provision of the Sarbanes-Oxley Act of 2002 also applies to Messrs. Hultquist and Gipple. This provision provides that if QCR Holdings is required to restate its financials as a result of misconduct, Messrs. Hultquist and Gipple are required to reimburse QCR Holdings for bonuses or other incentive-based or equity-based compensation and profits realized in the 12 months after the financial information was first publicly issued or filed with the Securities and Exchange Commission.

Insider Trading Policy

QCR Holdings has an insider trading policy that permits open market transactions in QCR Holdings stock beginning two trading days following the date of public disclosure of the financial results each fiscal quarter until two weeks before the end of the next fiscal quarter. In addition, our named executive officers may purchase QCR Holdings common stock through payroll deductions under our 401(k) Plan and Employee Stock Purchase Plan. Changes to certain elections under the 401(k) Plan and Employee Stock Purchase Plan may only be done during the period when open market transactions are permitted. All of our named executive officers are currently in compliance with this policy.

Share Ownership and Retention Guidelines

We believe that our named executive officers and nonemployee directors should have a significant equity interest in QCR Holdings. To promote such equity ownership and further align the interests of our executives and directors with our stockholders, we maintain share retention and ownership guidelines that require our named executive officers and our directors to hold shares of common stock of QCR Holdings that are described on page 16. Until the stock ownership guidelines are met, the executive shall have his or her annual incentive paid solely in shares of QCR Holdings common stock (net of required withholding) and the director shall have his or her director fees paid solely in shares of QCR Holdings common stock under our equity compensation program. The guidelines are subject to periodic review by the Compensation Committee and compliance is monitored on an annual basis. All of our named executive officers, other than Mr. Nagel, are currently in compliance with these guidelines. As noted previously, Mr. Nagel has until September 1, 2019 to acquire the required number of shares.

Compensation Committee Interlocks and Insider Participation

During 2016, the Compensation Committee, which sets the salaries and compensation for our executive officers, was comprised solely of independent directors Baird, Brownson, Kilmer, Neuman, R. Peterson and Ralph. None of these individuals was an officer or employee of QCR Holdings in 2016, and none of these individuals is a former officer or employee of QCR Holdings. In addition, during 2016, no executive officer of QCR Holdings served on the board of directors or compensation committee of any other corporation with respect to which any member of the Compensation Committee was engaged as an executive officer.

DIRECTOR COMPENSATION

QCR Holdings uses a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on the board. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties as well as the skill level required of members of the board.

Cash Compensation Paid to Board Members

In 2016, members of the board who were not employees of QCR Holdings were entitled to receive an annual cash retainer. Pursuant to the QCR Holdings, Inc. 1997 Deferred Income Plan and the 2005 Deferred Income Plan, a director may elect to defer the fees and cash compensation payable by us for the director's service until either the termination of such director's service on the board or the age specified in the director's deferral election. During 2016, all but five directors (at the subsidiary banks) deferred 100% of their director fees pursuant to the plan, and the total expense for the deferred fees with respect to all participating directors was \$506,056 for 2016. Directors who are employees of QCR Holdings or a subsidiary bank receive no compensation for their service as directors. The following table shows the director fees approved for 2017 and the fees paid for 2016 for QCR Holdings and our other affiliated boards.

PROPOSAL 2:

Advisory (Non-Binding) Vote TO APPROVE Executive OFFICER Compensation

Section 14A of the Exchange Act, as created by Section 951 of the Dodd–Frank Wall Street Reform and Consumer Protection Act, and the rules and regulations promulgated thereunder, require publicly traded companies, such as QCR Holdings, to conduct a separate stockholder advisory vote to approve the compensation of certain executive officers, as disclosed pursuant to the Securities and Exchange Commission compensation disclosure rules, commonly referred to as a “say-on-pay” vote.

In accordance with these requirements, we are providing stockholders with an advisory vote on the compensation of our named executive officers. We currently hold a say-on-pay vote annually.

The overall objectives of QCR Holdings’s compensation programs have been to align executive officer compensation with the success of meeting long-term strategic operating and financial goals. Stockholders are urged to read the “Executive Compensation” section of this proxy statement, including the Summary Compensation Table and other related compensation tables and narrative disclosure that describe the compensation of our named executive officers in 2016. The Compensation Committee and the board of directors believe that the policies and procedures articulated in the “Executive Compensation” section are effective in implementing our compensation philosophy and achieving its goals, and that the compensation of our named executive officers in 2016 reflects and supports these compensation policies and procedures.

The following resolution is submitted for stockholder approval:

“RESOLVED, that QCR Holdings’s stockholders approve, on an advisory basis, its executive compensation as described in the section captioned ‘Executive Compensation’ contained in the QCR Holdings proxy statement dated March 31, 2017.”

Approval of this resolution requires the affirmative vote of a majority of the shares present in person or by proxy and entitled to vote at the meeting. While this say-on-pay vote is required, as provided in Section 14A of the Exchange Act, it is not binding on our board of directors and may not be construed as overruling any decision by the board. However, the Compensation Committee will take into account the outcome of the vote when considering future compensation arrangements.

The board of directors unanimously recommends that you vote to approve the overall compensation of our named executive officers by voting “FOR” this proposal.

**PROPOSAL 3:
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC**

RSM US LLP has served as our independent registered public accounting firm since June 1994, and our Audit Committee has selected RSM US LLP to be our independent registered public accounting firm for the fiscal year ending December 31, 2017.

Although we are not required to do so, our board of directors recommends that the stockholders ratify the appointment. A representative of RSM US LLP is expected to attend the meeting and will be available to respond to appropriate questions and to make a statement if he or she so desires. If the appointment of our independent registered public accounting firm is not ratified, the Audit Committee of the board of directors will reconsider the matter of the appointment. **Our board of directors unanimously recommends that you vote to approve the ratification of this appointment by voting “FOR” this proposal.**

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that the directors, executive officers and persons who own more than 10% of our common stock file reports of ownership and changes in ownership with the Securities and Exchange Commission and with the exchange on which the shares of common stock are traded. These persons are also required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us, and, if appropriate, representations made to us by any reporting person concerning whether a Form 5 was required to be filed for 2016, we are not aware of any failures to comply with the filing requirements of Section 16(a) during 2016.

TRANSACTIONS WITH MANAGEMENT AND DIRECTORS

Our directors and officers and their associates were customers of and had transactions with QCR Holdings and our subsidiaries during 2016. Additional transactions are expected to take place in the future. All outstanding loans, commitments to loan, and certificates of deposit and depository relationships, in the opinion of management, were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the lenders and did not involve more than the normal risk of collectability or present other unfavorable features. All such loans are approved by the subsidiary banks' board of directors in accordance with applicable bank regulatory requirements. Additionally, the Audit Committee considers any other non-lending transactions between us and a director to ensure that such transactions do not affect a director's independence.
