Item 7.01. Regulation FD Disclosure.

On June 8, 2018, Steelcase Inc. (the “Company”) issued a press release announcing the pending acquisition of Smith System Manufacturing Company (“Smith System”). A copy of the press release is included as Exhibit 99.1 and incorporated herein by reference.

The transaction involves the acquisition of all of the outstanding capital stock of Smith System for approximately \$145 million plus an adjustment for working capital, and is expected to be completed during the Company’s second quarter of fiscal 2019, subject to customary closing conditions and regulatory approvals. The Company intends to fund the acquisition through a combination of domestic cash on hand and borrowings under its credit facility and expects the acquisition to be modestly accretive in fiscal 2019 and more significantly thereafter.

Smith System has grown revenue at a compounded annual growth rate of approximately 25% over the past three years to approximately \$82 million over the trailing twelve months. Approximately two-thirds of its revenue is realized during the summer months.

FORWARD-LOOKING STATEMENTS

From time to time, in written and oral statements, the Company discusses its expectations regarding future events and its plans and objectives for future operations. These forward-looking statements discuss goals, intentions and expectations as to future trends, plans, events, results of operations or financial condition, or state other information relating to the Company, based on current beliefs of management as well as assumptions made by, and information currently available to, the Company. Forward-looking statements generally are accompanied by words such as “anticipate,” “believe,” “could,” “estimate,” “expect,” “forecast,” “intend,” “may,” “possible,” “potential,” “predict,” “project,” words, phrases or expressions. Although the Company believes these forward-looking statements are reasonable, they are based upon a number of assumptions concerning future conditions, any or all of which may ultimately prove to be inaccurate.

Forward-looking statements involve a number of risks and uncertainties that could cause actual results to vary from the Company’s expectations because of factors such as, but not limited to, competitive and general economic conditions domestically and internationally; acts of terrorism, war, governmental action, natural disasters and other Force Majeure events; changes in the legal and regulatory environment; changes in raw materials and commodity costs; currency fluctuations; changes in customer demand; and the other risks and contingencies detailed in the Company’s most recent Annual Report on Form 10-K and its other filings with the Securities and Exchange Commission. The Company undertakes no obligation to update, amend or clarify forward-looking statements, whether as a result of new information, future events or otherwise.
