PROXY STATEMENT

FOR 2018 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS ABOUT THE 2018 ANNUAL MEETING AND

PROCEDURAL MATTERS

Q:

Why am I receiving these materials?

A:

The Board is providing these proxy materials to you in connection with the solicitation of proxies for use at Fortinet's 2018 Annual Meeting of Stockholders, to be held on Friday, June 22, 2018 at 10:00 a.m. Pacific time, and at any adjournment or postponement thereof, for the purpose of considering and acting upon the matters set forth in this proxy statement.

We expect to mail the Notice of Internet Availability of Proxy Materials (the "Notice") on or about May [ ], 2018.

Copies of our proxy materials and 2017 Annual Report are available at [www.edocumentview.com/FTNT](http://www.edocumentview.com/FTNT).

The 2018 Annual Meeting will be held at Fortinet's principal executive offices, located at 899 Kifer Road, Sunnyvale, CA 94086. The telephone number at that location is (408) 235-7700. As a stockholder, you are invited to attend the 2018 Annual Meeting and are requested to vote on the proposals described in this proxy statement.

Q:

Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

A:

Pursuant to rules adopted by the Securities and Exchange Commission (the "SEC"), we have elected to provide access to our proxy materials over the internet. Accordingly, we are sending the Notice to our stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Q:

How can I get electronic access to the proxy materials?

A:

The Notice will provide you with instructions regarding how to:

- View our proxy materials for the 2018 Annual Meeting on the internet; and

- Have future proxy materials sent to you electronically by email.

Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings on the environment. If you choose to receive future proxy materials

by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site.

Q:

Can I attend the 2018 Annual Meeting?

A:

You are invited to attend the 2018 Annual Meeting if you were a stockholder of record or a beneficial owner as of April 25, 2018 (the "Record Date"). You should bring proof of ownership and photo

1

TABLE OF CONTENTS

identification for entrance to the 2018 Annual Meeting. The meeting will begin promptly at 10:00 a.m. Pacific time and you should leave ample time for the check-in procedures. Stockholders may request directions to our principal executive offices in order to attend the 2018 Annual Meeting by calling (408) 235-7700.

Q:

Who is entitled to vote at the 2018 Annual Meeting?

A:

You may vote your shares of Fortinet common stock if our records show that you owned your shares at the close of business on the Record Date. At the close of business on the Record Date, there were 168,092,936 shares of Fortinet common stock outstanding and entitled to vote at the 2018 Annual Meeting. You may cast one vote for each share of common stock held by you as of the Record Date on all matters presented.

Q:

What is the difference between holding shares as a stockholder of record or as a beneficial owner?

A:

With respect to your shares that are registered directly in your name with Fortinet's transfer agent, Computershare Trust Company, N.A. ("Computershare"), you are considered the "stockholder of record" and the Notice has been sent directly to you by Fortinet. As the stockholder of record, you have the right to grant your voting proxy directly to Fortinet or to a third party, or to vote in person at the 2018 Annual Meeting.

With respect to your shares that are held by a brokerage account or by another nominee, you are considered the "beneficial owner" of shares held in "street name" and the Notice is being forwarded to you together with voting instructions on behalf of your broker, trustee or nominee. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote, and you are also invited to attend the 2018 Annual Meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares. Because a beneficial owner is not the stockholder of record, you may not vote these shares in person at the 2018 Annual Meeting unless you obtain a "legal proxy" from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the 2018 Annual Meeting. If you hold your shares through a broker and do not provide your broker with specific voting instructions, under the rules that govern brokers in such circumstances, your broker will have the discretion to vote such shares on routine matters but not on non-routine matters. Even though we are listed on The Nasdaq Stock Market LLC ("Nasdaq"), the New York Stock Exchange (the "NYSE") rules govern how a broker licensed by the NYSE can vote shares it holds on behalf of stockholders of Nasdaq-listed companies. As a result:

- Your broker will not have the authority to exercise discretion to vote your shares with respect to the vote to adopt the Restated Certificate in order to declassify the Board of Directors, the election of directors or the advisory vote on named executive officer compensation.
- Your broker will have the authority to exercise discretion to vote your shares with respect to the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2018, because that matter is treated as routine under NYSE rules.

Because the proposals to be acted upon at the 2018 Annual Meeting include both routine and non-routine matters, if you do not give voting instructions to your broker, trustee or nominee, your broker, trustee or nominee may either (1) vote your shares on routine matters or (2) leave your shares unvoted.

A broker "non-vote" occurs when your broker, trustee or nominee does not vote on a particular proposal because the broker, trustee or nominee does not have discretionary voting power with respect to that item and has not received voting instructions from you as the beneficial owner.

Q:

How can I vote my shares in person at the 2018 Annual Meeting?

A:

Shares held in your name as the stockholder of record may be voted in person at the 2018 Annual Meeting. Shares held beneficially in street name may be voted in person at the 2018 Annual Meeting only if you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares giving

2

---

TABLE OF CONTENTS

you the right to vote the shares. Even if you plan to attend the 2018 Annual Meeting, we recommend that you also submit your vote as described in the Notice and as described below, so that your vote will be counted even if you later decide not to attend the meeting.

Q:

How can I vote my shares without attending the 2018 Annual Meeting?

A:

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the 2018 Annual Meeting. There are three ways to vote by proxy:

By mail — If you are a stockholder of record, you may vote by submitting a proxy card; please refer to the voting instructions in the Notice or below. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee; please refer to the voting instructions provided to you by your broker, trustee or nominee.

By internet — Stockholders of record of Fortinet common stock with internet access may submit proxies by following the “Vote by Internet” instructions described in the Notice until 11:59 p.m. Eastern time on Thursday, June 21, 2018 or by following the instructions at [www.edocumentview.com/ FTNT](http://www.edocumentview.com/FTNT). Most Fortinet stockholders who hold shares beneficially in street name may vote by accessing the website specified in the voting instructions provided by their brokers, trustees or nominees. Please check the voting instructions for internet voting availability.

By telephone — Depending on how your shares are held, you may be able to vote by telephone. If this option is available to you, you will have received information with the Notice or the voting instruction card provided by your broker, trustee or nominee explaining this procedure.

Q:

How many shares must be present or represented to conduct business at the 2018 Annual Meeting?

A:

The presence of the holders of a majority of the issued and outstanding shares of our capital stock entitled to vote at the 2018 Annual Meeting is necessary to constitute a quorum at the 2018 Annual Meeting. Such stockholders are counted as present at the meeting if they (1) are present in person at the 2018 Annual Meeting or (2) represented by proxy.

Under Delaware law, abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining whether a quorum is present at the 2018 Annual Meeting. However, as discussed above, under “What is the difference between holding shares as a stockholder of record or as a beneficial owner?” brokers have limited discretionary authority to vote shares that are beneficially owned and, therefore, are not entitled to vote on non-routine matters in the absence of voting instructions from the beneficial owner of such shares.

Q:

What proposals will be voted on at the 2018 Annual Meeting?

A:

The proposals scheduled to be voted on at the 2018 Annual Meeting are:

•

The adoption of the Restated Certificate in order to declassify the Board of Directors;

•

The election of the director nominees set forth in Proposal Two to the Board of Directors;

•

The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and

- 

An advisory vote to approve our named executive officer compensation.

Q:

What is the voting requirement to approve each of the proposals?

A:

The affirmative vote of at least 66 $\frac{2}{3}$ % of the voting power of all of the shares of our common stock outstanding as of the Record Date is required to adopt the Restated Certificate in order to declassify the Board of Directors (Proposal One).

We have a majority voting standard for uncontested elections of directors (Proposal Two), which means that to be elected, a director nominee must receive a majority of the votes cast, i.e. the number of shares voted "FOR" a director nominee must exceed the votes cast "AGAINST" that nominee.

3

---

TABLE OF CONTENTS

The affirmative vote of a majority of the shares of our common stock that are present in person or represented by proxy at the 2018 Annual Meeting and entitled to vote is required to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal Three) and to approve the advisory resolution on named executive compensation (Proposal Four).

Q:

How are votes counted?

A:

You may vote “FOR” or “AGAINST” on the proposals to adopt the Restated Certificate in order to declassify the Board of Directors (Proposal One), to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal Three) and to approve an advisory resolution on named executive compensation (Proposal Four), and “FOR” or “AGAINST” each of the nominees for election to the Board of Directors (Proposal Two). You may also “ABSTAIN” from voting.

Abstentions are deemed to be shares present or represented by proxy and entitled to vote. Abstentions have the same effect as a vote against Proposals One, Three and Four, and no effect on Proposal Two.

Brokers have discretionary authority to vote shares that are beneficially owned on Proposal Three. Broker non-votes are not deemed to be shares entitled to vote on and will have no effect on Proposals Two, Three and Four. Broker non-votes will have the same effect on Proposal One as an abstention.

All shares entitled to vote and represented by properly submitted proxies received prior to the 2018 Annual Meeting (and not revoked) will be voted at the 2018 Annual Meeting in accordance with the instructions indicated by such proxy. If no instructions are indicated on such proxy, the shares represented by that proxy will be voted as recommended by the Board of Directors.

Q:

How does the Board of Directors recommend that I vote?

A:

The Board of Directors recommends that you vote your shares:

•

“FOR” the adoption of the Restated Certificate in order to declassify the Board of Directors (Proposal One);

•

“FOR” the three nominees for election to the Board of Directors (Proposal Two);

•

“FOR” the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018 (Proposal Three); and

•

“FOR” the advisory resolution to approve named executive officer compensation (Proposal Four).

Q:

What happens if additional matters are presented at the 2018 Annual Meeting?

A:

If any other matters are properly presented for consideration at the 2018 Annual Meeting, including, among other things, consideration of a motion to adjourn the 2018 Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxy holders, Ken Xie and John Whittle, or either of them, will have discretion to vote on those matters in accordance with their best judgment.

Fortinet does not currently anticipate that any other matters will be raised at the 2018 Annual Meeting.

Q:

Can I change my vote?

A:

Subject to any rules your broker, trustee or nominee may have, you may change your proxy instructions at any time before your proxy is voted at the 2018 Annual Meeting.

If you are the stockholder of record, you may change your vote (1) by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method); (2) by providing a written notice of revocation to

4

---

TABLE OF CONTENTS

Fortinet's Corporate Secretary at Fortinet, Inc., 899 Kifer Road, Sunnyvale, CA 94086 prior to your shares being voted; or (3) by attending the 2018 Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

If you are a beneficial owner of shares held in street name, you may change your vote (1) by submitting new voting instructions to your broker, trustee or nominee or (2) if you have obtained a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote your shares, by attending the 2018 Annual Meeting and voting in person.

Q:  
What happens if I decide to attend the 2018 Annual Meeting, but I have already voted or submitted a proxy card covering my shares?

A:  
Subject to any rules your broker, trustee or nominee may have, you may attend the 2018 Annual Meeting and vote in person even if you have already voted or submitted a proxy card. Any previous votes that were submitted by you will be superseded by the vote you cast at the 2018 Annual Meeting. Please be aware that attendance at the 2018 Annual Meeting will not, by itself, revoke a proxy.

If a broker, trustee or nominee beneficially holds your shares in street name and you wish to attend the 2018 Annual Meeting and vote in person, you must obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. If you are a beneficial owner and you wish to attend the 2018 Annual Meeting but do not intend to vote in person or revoke your prior voting instructions, you do not need to obtain a legal proxy but you will need to bring proof of ownership and photo identification.

Q:  
What should I do if I receive more than one set of voting materials?

A:  
If you received more than one Notice, voting instruction card or set of proxy materials, your shares are registered in more than one name or brokerage account. Please follow the instructions on each Notice or voting instruction card that you receive to ensure that all of your shares are voted.

Q:  
Is my vote confidential?

A:  
Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Fortinet or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to Fortinet management.

Q:  
Who will serve as inspector of election?

A:  
The inspector of election will be a representative of Computershare.

Q:  
Where can I find the voting results of the 2018 Annual Meeting?

A:

We will announce preliminary voting results at the 2018 Annual Meeting. We will disclose final voting results in a Current Report on a Form 8-K filed with the SEC within four business days after the 2018 Annual Meeting.

Q:

Who will bear the cost of soliciting votes for the 2018 Annual Meeting?

A:

Fortinet will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners for their reasonable expenses in forwarding solicitation material to such beneficial owners. Our directors, officers and employees may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

TABLE OF CONTENTS

If you choose to access the proxy materials and/or vote over the internet, you are responsible for internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur.

Q:

What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

A:

You may submit proposals, including nominations of director candidates, for consideration at future stockholder meetings.

For inclusion in Fortinet's proxy materials — Stockholders may present proper proposals for inclusion in Fortinet's proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to Fortinet's Corporate Secretary in a timely manner. In order to be included in the proxy statement for Fortinet's 2019 Annual Meeting of Stockholders (the "2019 Annual Meeting"), stockholder proposals must be received by Fortinet's Corporate Secretary no later than [ ], and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

To be brought before the annual meeting — In addition, Fortinet's bylaws establish an advance notice procedure for stockholders who wish to present certain matters before an annual meeting of stockholders. In general, nominations for the election of directors may be made (1) by or at the direction of the Board of Directors or (2) by a stockholder who has delivered written notice to Fortinet's Secretary within the Notice Period (as defined below) and who was a stockholder at the time of such notice and as of the record date. The notice must contain specified information about the nominees and about the stockholder proposing such nominations.

Fortinet's bylaws also provide that the only business that may be conducted at an annual meeting is business that is (1) properly brought before the meeting pursuant to Fortinet's proxy materials with respect to such meeting, (2) properly brought before the meeting by or at the direction of the Board of Directors or (3) properly brought before the meeting by a stockholder who has delivered written notice to Fortinet's Corporate Secretary at its principal executive offices within the Notice Period and who was a stockholder at the time of such notice and as of the record date. The notice must contain specified information about the matters to be brought before such meeting and about the stockholder proposing such matters.

The "Notice Period" is defined as that period not less than 45 days nor more than 75 days prior to the one year anniversary of the date on which Fortinet mailed its proxy materials or the Notice (whichever is earlier) to stockholders in connection with the preceding year's annual meeting of stockholders. As a result, the Notice Period for the 2019 Annual Meeting will start on [ ], 2019 and end on [ ], 2019.

If a stockholder who has notified Fortinet of such stockholder's intention to present a proposal at an annual meeting does not appear to present such stockholder's proposal at such meeting, Fortinet need not present the proposal for vote at such meeting.

A copy of the full text of the bylaw provisions discussed above may be obtained by writing to Fortinet's Corporate Secretary at our principal executive offices or by accessing Fortinet's filings on the SEC's website at [www.sec.gov](http://www.sec.gov). All notices of proposals by stockholders, whether or not included in Fortinet's proxy materials, should be sent to Fortinet's Corporate Secretary at our principal executive offices.

Q:

How may I obtain a separate set of proxy materials or the 2017 Annual Report?

A:

If you share an address with another stockholder, each stockholder may not receive a separate copy of our proxy materials and 2017 Annual Report. Stockholders who do not receive a separate copy of our proxy materials and 2017 Annual Report and want to receive a separate copy may request to receive a separate copy of, or stockholders may request additional copies of, our proxy materials and 2017 Annual Report by calling (408) 235-7700 or by writing to Fortinet, Inc., 899 Kifer Road, Sunnyvale, CA 94086, Attention: Investor Relations. Stockholders who share an address and receive multiple copies of our proxy materials and 2017 Annual Report can also request to receive a

single copy by following the instructions above.

PROPOSAL ONE

**ADOPTION OF AN AMENDED AND RESTATED CERTIFICATE OF INCORPORATION IN ORDER TO DECLASSIFY THE BOARD OF DIRECTORS AND MAKE OTHER RELATED CHANGES**

Under our current amended and restated certificate of incorporation (the “Current Certificate”), the Board of Directors is divided into three classes, with members of each class holding office for staggered three-year terms. We are asking stockholders to adopt the Restated Certificate in order to declassify the Board of Directors and provide for the annual election of directors, as well as to revise related provisions of the Current Certificate, as described below. The Board of Directors has approved the proposed Restated Certificate and declared it to be advisable and in the best interests of Fortinet and its stockholders, and recommends that the stockholders adopt the Restated Certificate.

The proposed Restated Certificate would implement a gradual declassification of the Board of Directors and provide for the annual election of directors for one-year terms, commencing upon the expiration of the directors’ current terms. If adopted by the stockholders, the Restated Certificate would first apply to directors standing for election beginning with the 2018 Annual Meeting, and the declassification of the Board of Directors would be phased in over a period of two years. The Restated Certificate would not shorten the existing terms of the Class I and Class II directors.

Accordingly, directors who previously have been elected for three-year terms or portions thereof (excluding directors nominated for election at the 2018 Annual Meeting) will be entitled to complete those terms, and thereafter they or their successors would be elected for one-year terms at each annual meeting of stockholders. Beginning with the 2020 Annual Meeting of Stockholders (the “2020 Annual Meeting”), the entire Board of Directors would stand for election annually for one-year terms.

If our stockholders approve this proposal (and if the Board of Directors does not abandon the proposed Restated Certificate after it is adopted by the stockholders), the director nominees set forth in Proposal Two will stand for re-election at the 2018 Annual Meeting for one-year terms expiring at the 2019 Annual Meeting. If our stockholders do not approve this proposal (or if the Board of Directors abandons the proposed Restated Certificate after it is adopted by the stockholders), the director nominees set forth in Proposal Two will stand for re-election at the 2018 Annual Meeting for three-year terms expiring at the 2021 Annual Meeting of Stockholders (the “2021 Annual Meeting”).

In addition, Delaware law provides that directors serving on boards of directors that are not classified may be removed for or without cause, whereas currently our directors can be removed only for cause since the Board of Directors is classified. The Restated Certificate would permit stockholders to remove directors elected for one-year terms with or without cause. Directors in a class that is serving out the remainder of a three-year term would continue to be removable only for cause.

The description of the proposed Restated Certificate set forth above is qualified in its entirety by reference to the text of the Restated Certificate, which is attached as Appendix A to this proxy statement. Additions to the Current Certificate are indicated by underlining, and deletions to the Current Certificate are indicated by strike-outs.

In deciding to approve the Restated Certificate and to recommend that the stockholders vote to adopt the Restated Certificate, the Board of Directors considered the advantages and disadvantages of maintaining a classified board structure. A classified Board of Directors can benefit stockholders by: promoting continuity and stability of the Board of Directors; encouraging directors to take a long-term perspective; reducing Fortinet’s vulnerability to coercive takeover tactics and special interest groups that may not be acting in the best interests of all stockholders; and enhancing the independence of non-management directors by providing them with a longer term of office and insulating them against pressure from management or special interest groups. While the Board of Directors continues to believe that these are important benefits, the Board of Directors, on its own initiative, has also considered that a classified board structure may have the effect of reducing the accountability of directors to stockholders, and recognizes the benefit of providing stockholders an annual opportunity to express their satisfaction or dissatisfaction with the actions of the Board of Directors. In addition, the Board of Directors believes it is important for the Board of Directors to maintain stockholder confidence by demonstrating that it is

TABLE OF CONTENTS

responsive and accountable to stockholders and committed to strong corporate governance. Therefore, following careful consideration of the matter, and due to its belief that a declassified board structure provides more accountability to stockholders and promotes stronger corporate governance, the Board of Directors, on its own initiative, has adopted resolutions to approve the Restated Certificate, to declare the Restated Certificate advisable and in the best interests of Fortinet and its stockholders and to submit the Restated Certificate to its stockholders for consideration.

In connection with its approval of the proposed Restated Certificate, the Board of Directors has also approved amended and restated bylaws (the “Restated Bylaws”), which shall become effective upon and subject to stockholder approval of this proposal and effectiveness of the Restated Certificate. The Restated Bylaws would permit stockholders to remove directors as provided in the Restated Certificate. The Restated Bylaws do not require stockholder approval.

The affirmative vote of at least 66 $\frac{2}{3}$ % of the voting power of all of the shares of our common stock outstanding as of the Record Date is required to adopt the Restated Certificate to declassify the Board of Directors. If our stockholders adopt the Restated Certificate, the Board of Directors has authorized our officers to file the Restated Certificate with the Delaware Secretary of State, and the Restated Certificate would become effective upon acceptance by the Delaware Secretary of State. The Board of Directors intends to make that filing if and as soon as practicable after this proposal is approved at the meeting. However, even if our stockholders adopt the Restated Certificate, the Board of Directors may abandon the Restated Certificate without further stockholder action prior to the effectiveness of the filing of the Restated Certificate with the Delaware Secretary of State and, if abandoned, the Restated Certificate will not become effective. If the Board of Directors abandons the Restated Certificate, it will publicly disclose that fact and the reason for its determination.

If this proposal is not approved, or if the Board of Directors abandons the Restated Certificate, then the Restated Certificate and the Restated Bylaws will not be adopted, and the current classified structure of the Board of Directors, the Current Certificate and Fortinet’s current bylaws will remain in place.

PROPOSAL TWO

ELECTION OF DIRECTORS

General

The Board of Directors currently consists of eight members who are divided into three classes with staggered three-year terms. Each director holds office until that director's successor is duly elected and qualified. Our bylaws permit the Board of Directors to establish by resolution the authorized number of directors, and eight directors are currently authorized. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

Whether or not our stockholders approve Proposal One, the terms of the Class I directors and Class II directors will expire at the 2019 Annual Meeting and the 2020 Annual Meeting, respectively. If our stockholders do not approve Proposal One (or if the Board of Directors abandons the proposed Restated Certificate after it is adopted by the stockholders), the director nominees for Class III directors will stand for re-election at the 2018 Annual Meeting for three-year terms expiring at the 2021 Annual Meeting.

If our stockholders approve Proposal One (and if the Board of Directors does not abandon the proposed Restated Certificate after it is adopted by the stockholders), the declassification of the Board will occur as follows:

- the terms of office of those directors elected at the 2018 Annual Meeting will expire at the 2019 Annual Meeting;
- the continuing directors whose current terms will expire at the 2019 Annual Meeting and the 2020 Annual Meeting (the Class I directors and the Class II directors, respectively) will serve the remainder of their terms;
- at the 2019 Annual Meeting, the directors elected at the 2018 Annual Meeting and the directors elected at the 2016 Annual Meeting of Stockholders (the Class I directors) will be up for election and the nominees for director at the 2019 Annual Meeting will stand for election for a one-year term expiring at the 2020 Annual Meeting; and
- beginning with the 2020 Annual Meeting, all the nominees for director will stand for election for one-year terms expiring at the next annual meeting of stockholders.

Directors, whether serving one- or three-year terms, shall serve until their successors are elected and qualified or until their earlier death, resignation or removal.

If our stockholders adopt the Restated Certificate, the Board of Directors currently intends to file the Restated Certificate with the Delaware Secretary of State before the election of directors at the 2018 Annual Meeting.

Nominees

Upon recommendation of the Governance Committee of the Board of Directors (the "Governance Committee"), the Board of Directors has nominated Ken Xie, Gary Locke and Judith Sim for election at the 2018 Annual Meeting. If our stockholders approve Proposal One (and the Board of Directors does not abandon the proposed Restated Certificate after it is adopted by the stockholders), each of the nominees would be elected for a one-year term expiring at the 2019 Annual Meeting. If our stockholders do not approve Proposal One (or the Board of Directors abandons the proposed Restated Certificate after it is adopted by the stockholders), each of the nominees would be elected as Class III directors for a three-year term expiring at the 2021 Annual Meeting.

Biographical information about each of the nominees is contained in the following section. A discussion of the qualifications, attributes and skills of each nominee that led the Board of Directors and the Governance Committee to the conclusion that such nominee should serve as a director has been added following each of the director and nominee biographies.

TABLE OF CONTENTS

Each nominee has agreed to serve if elected, and management has no reason to believe that any nominee will be unavailable to serve. In the event any nominee is unable or declines to serve as a director at the time of the 2018 Annual Meeting, the proxies will be voted for any nominee who may be proposed by the Governance Committee and designated by the present Board of Directors to fill the vacancy.

If you sign your proxy card or voting instruction card or vote by telephone or over the internet but do not give instructions with respect to the voting of directors, your shares will be voted for the three nominees recommended by the Board of Directors. If you wish to give specific instructions with respect to the voting of directors, you may do so by indicating your instructions on your proxy or voting instruction card or when you vote by telephone or over the internet. If you do not give voting instructions to your broker, your broker will leave your shares unvoted on this matter.

TABLE OF CONTENTS  
PROPOSAL FOUR

**ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION**

As required by Section 14A of the Exchange Act and the corresponding rules of the SEC, Fortinet is seeking stockholder approval, on an advisory and non-binding basis, of the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the "Executive Compensation" section of this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer but rather the overall compensation of all of our named executive officers and the compensation philosophy, policies and practices described in this proxy statement. The say-on-pay vote is advisory, and therefore not binding on Fortinet, the Human Resources Committee of the Board of Directors (the "Human Resources Committee") or the Board of Directors. Following the 2018 Annual Meeting, the next such non-binding advisory vote to approve our named executive officers' compensation as a whole is scheduled to occur at the 2019 Annual Meeting.

The Board of Directors and the Human Resources Committee value the opinions of our stockholders and the say-on-pay vote provides information to us regarding stockholder sentiment about our executive compensation philosophy, policies and practices, which the Human Resources Committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. To the extent there is any significant vote against the compensation of our named executive officers as disclosed in this proxy statement, we will consider our stockholders' concerns, and the Human Resources Committee will evaluate whether any actions are necessary to address those concerns. We believe that the information we have provided in the "Executive Compensation" section of this proxy statement, and in particular the information discussed in "Executive Compensation — Compensation Discussion and Analysis," demonstrates that our executive compensation program was designed appropriately and is working to ensure our executive officers' interests are aligned with our stockholders' interests. Accordingly, we ask our stockholders to vote "FOR" the following resolution at the 2018 Annual Meeting:

"RESOLVED, that Fortinet's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in Fortinet's proxy statement for the 2018 Annual Meeting pursuant to the Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion and the other related disclosure."

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

The Board of Directors sets high standards for Fortinet’s employees, officers and directors. Fortinet is committed to establishing an operating framework that exercises appropriate oversight of responsibilities at all levels throughout Fortinet and managing its affairs consistently with high principles of business ethics. Accordingly, Fortinet has adopted a Code of Business Conduct and Ethics, which is applicable to our and our subsidiaries’ directors, officers and employees.

The Code of Business Conduct and Ethics is available on Fortinet’s website at [investor.fortinet.com/corporate-governance.cfm](http://investor.fortinet.com/corporate-governance.cfm). Fortinet will disclose on its website any amendments to, or waivers of, the Code of Business Conduct and Ethics that are required to be disclosed by the rules of the SEC or Nasdaq.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines to establish the corporate governance policies which provide a structure within which the Board of Directors and management can effectively pursue Fortinet’s objectives for the benefit of our stockholders.

The Corporate Governance Guidelines are available on Fortinet’s website at [investor.fortinet.com/corporate-governance.cfm](http://investor.fortinet.com/corporate-governance.cfm).

Majority Voting Standard for Director Elections and Director Resignation Policy

Our bylaws provide for a majority voting standard for uncontested elections of directors and require that stockholder director nominations include a written statement as to whether the nominee intends to tender an irrevocable resignation upon such nominee’s election or re-election. The majority voting standard provides that, in uncontested director elections, a director nominee will be elected only if the number of votes cast FOR the nominee exceeds the number of votes cast AGAINST the nominee. In addition, our Corporate Governance Guidelines address, among other provisions, the “holdover” director situation under the Delaware General Corporation Law (pursuant to which a director remains on the board of directors until such director’s successor is elected and qualified), by requiring each incumbent nominee to submit an irrevocable contingent resignation letter prior to the annual meeting of stockholders in which such election is to take place. Such resignation becomes effective only upon (a) such nominee’s failure to receive the requisite number of votes for re-election at any future meeting at which such person would face re-election and (b) the Board of Directors’ acceptance of such resignation. If the nominee does not receive the requisite number of votes for re-election, the Governance Committee will make a recommendation to the Board of Directors as to whether to accept or reject the resignation, or whether other action should be taken. The Board of Directors will act on the Governance Committee’s recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results.

Director Independence

The Board of Directors has determined that, with the exception of Messrs. Ken Xie and Michael Xie, who are employees of Fortinet, all of the current members of the Board of Directors and nominees for director are “independent directors” as that term is defined in Nasdaq’s listing standards.

Board Meetings and Committees

During fiscal 2017, the Board of Directors held 16 meetings. Each director attended at least 75% of the aggregate of all meetings of the Board of Directors and all meetings held by all committees of the Board of Directors on which such director served during the past fiscal year. The Board of Directors has three standing committees: the Audit Committee, the Human Resources Committee and the Governance Committee.

## TABLE OF CONTENTS

### Audit Committee

The Audit Committee is currently comprised of Messrs. Hsieh and Paisley and Ms. Sim, each of whom is “independent” as such term is defined for audit committee members by the listing standards of Nasdaq and the rules of the SEC. Mr. Paisley is the Chairman of the Audit Committee. The Board of Directors has determined that Mr. Paisley is an “audit committee financial expert,” as defined in the rules of the SEC.

The Audit Committee is responsible for, among other things:

- selecting and hiring our independent auditors, and approving the audit and non-audit services to be performed by our independent auditors;
- evaluating the qualifications, performance and independence of our independent auditors;
- monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements;
- reviewing the adequacy and effectiveness of our internal control policies and procedures;
- discussing the scope and results of the audit with the independent auditors and reviewing with management and the independent auditors our interim and year-end operating results;
- preparing the Audit Committee Report that the SEC requires in our annual proxy statement; and
- reviewing and overseeing related-person transactions.

The Audit Committee held eight meetings during fiscal 2017. The Audit Committee has adopted a written charter approved by the Board of Directors, which is available on Fortinet’s website at [investor.fortinet.com/corporate-governance.cfm](http://investor.fortinet.com/corporate-governance.cfm).

The Audit Committee Report is included in this proxy statement on page 48.

### Human Resources Committee

The Human Resources Committee is currently comprised of Messrs. Cohen, Hsieh, Neukom and Paisley, each of whom qualifies as an independent director under the listing standards of Nasdaq. Mr. Neukom is currently the Chairman of the Human Resources Committee. The Human Resources Committee was formerly known as the Compensation Committee and was renamed by the Board of Directors during fiscal 2017.

The Human Resources Committee is responsible for, among other things:

- reviewing and approving for our executive officers: their annual base salary, annual incentive bonus, equity compensation and other benefits, compensation or arrangements;
- reviewing and recommending compensation goals and objectives, and bonus and stock compensation criteria for our executive officers;
- preparing the Human Resources Committee Report that the SEC requires to be included in our annual proxy statement; and

- administering our equity compensation plans.

See “Executive Compensation — Compensation Discussion and Analysis” and “Executive Compensation — Compensation of Directors” for a description of Fortinet’s processes and procedures for the consideration and determination of executive officer and director compensation.

The Human Resources Committee held four meetings during fiscal 2017. ## TABLE OF CONTENTS

### Governance Committee

The Governance Committee is currently comprised of Messrs. Cohen, Locke and Neukom and Ms. Sim, each of whom qualifies as an independent director under the listing standards of Nasdaq. Mr. Locke is the Chairman of the Governance Committee. The Governance Committee was formerly known as the Nominating and Corporate Governance Committee and was renamed by the Board of Directors during fiscal 2017.

The Governance Committee is responsible for, among other things:

- assisting the Board of Directors in identifying prospective director nominees and recommending nominees for each annual meeting of stockholders to the Board of Directors;
- reviewing developments in corporate governance practices and developing and recommending corporate governance guidelines;
- overseeing the evaluation of the Board of Directors; and
- recommending members for each committee of the Board of Directors.

The Governance Committee will consider recommendations of candidates for the Board of Directors submitted by stockholders of Fortinet; see “Process for Recommending Candidates for Election to the Board of Directors” below. The Governance Committee held three meetings during fiscal 2017. The Governance Committee has adopted a written charter approved by the Board of Directors, which is available on Fortinet’s website at [investor.fortinet.com/corporate-governance.cfm](http://investor.fortinet.com/corporate-governance.cfm).

### Human Resources Committee Interlocks and Insider Participation

Messrs. Cohen, Hsieh, Neukom and Paisley served as members of the Human Resources Committee during fiscal 2017. None of the members of the Human Resources Committee during fiscal 2017 is or has in the past served as an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on the Board of Directors or the Human Resources Committee during fiscal 2017.

### Board Leadership Structure

Our Corporate Governance Guidelines provide the Board of Directors with flexibility to select the appropriate leadership structure depending on what the Board of Directors determines is in Fortinet’s best interests at a given time. In making leadership structure determinations, the Board of Directors considers many factors, including the specific needs of the business and what is in the best interests of our stockholders. A copy of our Corporate Governance Guidelines is available on our website at [investor.fortinet.com/corporate-governance.cfm](http://investor.fortinet.com/corporate-governance.cfm).

Mr. Neukom currently serves as our Lead Independent Director and Mr. Ken Xie serves as our Chairman and Chief Executive Officer. In addition to the duties of all members of the Board of Directors, Mr. Neukom’s principal responsibilities as our Lead Independent Director are to: preside over executive sessions of the Board of Directors; review and comment on the agenda for meetings of the Board of Directors in consultation with the Chairman and Chief Executive Officer and other members of the Board of Directors; act as principal liaison between the independent directors and the Chairman and Chief Executive Officer on sensitive issues; raise issues with management on behalf of the independent directors when appropriate; and assess the quality, quantity and timeliness of the flow of information from management that is necessary for the independent directors to effectively and responsibly perform their duties.

The Board of Directors believes that the current leadership structure provides an appropriate balance between strong leadership from our Chairman and Chief Executive Officer and oversight by independent directors. In particular, this structure capitalizes on the expertise and experience of Messrs. Ken Xie and Neukom as it permits Mr. Xie to serve as a bridge between the Board of Directors and management,

## TABLE OF CONTENTS

helping both to act with a common purpose, and providing critical leadership for carrying out our strategy and confronting challenges, while Mr. Neukom ensures independence of the Board of Directors from management and as Lead Independent Director can call and chair meetings of the independent directors separate and apart from the Chairman. The Board of Directors also believes that there may be other advantages to having a Lead Independent Director for matters such as communications and relations between the Board of Directors, the Chief Executive Officer and the other members of our senior management, and in assisting the Board of Directors in reaching consensus on particular strategies and policies. Messrs. Ken Xie and Michael Xie, as the only two management directors, do not participate in sessions of non-management directors, and non-management directors meet regularly in executive session without management.

### Board's Role in Risk Oversight

The Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and to enhance stockholder value. A fundamental part of risk management is not only understanding the most significant risks that Fortinet faces and what steps management is taking to manage those risks but also understanding what level of risk is appropriate for Fortinet. The involvement of the full Board of Directors in reviewing Fortinet's business is an integral aspect of its assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for Fortinet.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors also have responsibility for risk management. The charter of the Audit Committee provides that one of the Audit Committee's responsibilities is oversight of certain compliance matters. In addition, in setting compensation, the Human Resources Committee strives to create incentives that encourage a level of risk-taking consistent with Fortinet's business strategy and to encourage a focus on building long-term value at Fortinet. The Board also directly oversees certain strategic risks to Fortinet and other risk areas not delegated to one of its committees, including risks related to data privacy and cybersecurity.

At periodic meetings of the Board of Directors and its committees and in other meetings and discussions, management reports to and seeks guidance from the Board of Directors and its committees with respect to the most significant risks that could affect our business, such as legal risks and financial, tax and audit related risks. In addition, management provides the Audit Committee periodic reports on Fortinet's compliance programs and efforts, investment policy and practices.

### Process for Recommending Candidates for Election to the Board of Directors

The Governance Committee is responsible for, among other things, determining the criteria for membership to the Board of Directors and recommending candidates for election to the Board of Directors. It is the policy of the Governance Committee to consider recommendations for candidates to the Board of Directors from stockholders. Stockholder recommendations for candidates to the Board of Directors must be directed in writing to Fortinet, Inc., 899 Kifer Road, Sunnyvale, CA 94086, Attention: Corporate Secretary, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and Fortinet within the last three years and evidence of the nominating person's ownership of Fortinet's common stock. Such recommendations must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for membership on the Board of Directors, including issues of character, judgment, diversity, including whether the person is a current or former chief executive officer or chief financial officer of a public company or the head of a division of a large international organization, independence, expertise, corporate experience, length of service, other commitments and the like, personal references and an indication of the candidate's willingness to serve. There are no differences in the manner by which the Governance Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder or the Board of Directors.

TABLE OF CONTENTS

The Governance Committee's criteria and process for evaluating and identifying the candidates that it recommends to the full Board of Directors for selection as director nominees are as follows:

- The Governance Committee evaluates the current composition and organization of the Board of Directors.
- The Governance Committee reviews on an annual basis the desired qualifications and characteristics for membership on the Board of Directors.
- The Governance Committee evaluates the performance of individual members of the Board of Directors eligible for re-election and selects, or recommends for the selection of the Board of Directors, the director nominees by class for election to the Board of Directors by our stockholders at the annual meeting of stockholders.
- In its evaluation of director candidates, including the members of the Board of Directors eligible for re-election, the Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and considers: (1) the current composition and organization of the Board of Directors and the needs of the Board of Directors and its committees; (2) such factors as character, judgment, diversity, expertise, business experience, length of service, independence, other commitments and the like; and (3) such other factors as the Governance Committee may consider appropriate. The Governance Committee considers diversity of skills, experience, gender and race, among other factors, in evaluating candidates for the Board of Directors.
- While the Governance Committee has not established specific minimum qualifications for director candidates, the Governance Committee believes that candidates and nominees must reflect a Board of Directors that is comprised of directors who: (1) are predominantly independent; (2) are of high integrity; (3) have broad, business-related knowledge and experience at the policy-making level in business or technology, including their understanding of the networking security industry and Fortinet's business in particular; (4) have qualifications that will increase overall effectiveness of the Board of Directors; and (5) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members.
- With regard to candidates who are properly recommended by stockholders or by other means, the Governance Committee will review the qualifications of any such candidate, which review may, in the Governance Committee's discretion, include interviewing references for the candidate, direct interviews with the candidate, or other actions that the Governance Committee deems necessary or proper.
- In evaluating and identifying candidates, the Governance Committee has the authority to retain and terminate any third-party search firm that is used to identify director candidates and has the authority to approve the fees and retention terms of any search firm.
- The Governance Committee will apply these same principles when evaluating candidates for the Board of Directors who may be elected initially by the full Board of Directors to fill vacancies or add additional directors prior to the annual meeting of stockholders at which directors are elected.
-

After completing its review and evaluation of director candidates, the Governance Committee recommends to the full Board of Directors the director nominees.

**Attendance at Annual Meetings of Stockholders by the Board of Directors**

Although Fortinet does not have a formal policy regarding attendance by members of the Board of Directors at Fortinet's annual meeting of stockholders, Fortinet welcomes, but does not require, directors to attend. Ken Xie was the only director who attended Fortinet's 2017 Annual Meeting of Stockholders (the "2017 Annual Meeting").

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis provides information about the 2017 compensation arrangements for each individual who served as one of our executive officers during 2017, who were as follows:

- Ken Xie, our Chief Executive Officer;
- Michael Xie, our President and Chief Technology Officer;
- Andrew Del Matto, our former Chief Financial Officer; and
- John Whittle, our Vice President of Corporate Development, General Counsel and Corporate Secretary.

We refer to these individuals as “named executive officers” in this proxy statement. Because we had no other executive officers during 2017, each one of our executive officers was a named executive officer in 2017.

Mr. Del Matto resigned as Fortinet’s Chief Financial Officer in February 2018, at which time the Board of Directors appointed Keith Jensen to serve as Interim Chief Financial Officer.

This compensation discussion and analysis should be read together with the compensation tables and related disclosures that follow it. This discussion contains forward looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Overview

We compete with many other technology companies in seeking to attract and retain highly skilled top talent. We also seek to keep our employees highly motivated. To meet these challenges, we designed our executive compensation program to attract, retain and motivate our named executive officers to enhance stockholder value by:

- offering base pay and total compensation opportunities that are competitive compared with market and peer company data for the technology industry;
- linking compensation to our operating, financial and stock price performance by making elements of each named executive officer’s compensation dependent on our overall company performance and the creation of stockholder value;
- emphasizing equity pay and long-term incentives in order to incentivize contributions towards our growth and the creation of long-term value for our stockholders; and
- ensuring fairness among our executive team by recognizing the contributions each named executive officer makes to our success.

Because our compensation program is designed to align our named executive officers’ compensation with our operating, financial and stock price performance, you should consider our executive compensation decisions in the context of these areas of our performance during 2017. Specifically:

- Total revenue for 2017 was \$1.49 billion, an increase of approximately 17% compared to \$1.28 billion for 2016;

- GAAP operating income for 2017 was \$109.8 million, an increase of approximately 156% compared to \$42.9 million for 2016; and

- Our stock price as of December 29, 2017 was \$43.69, compared to \$30.12 as of December 30, 2016.

## TABLE OF CONTENTS

### Role of the Human Resources Committee in Executive Compensation Decisions

The Human Resources Committee of the Board of Directors has overall responsibility for approving the compensation of our named executive officers. Members of the Human Resources Committee are appointed by the Board of Directors. See “Corporate Governance — Board Meetings and Committees — Human Resources Committee” for more detail about the responsibilities and procedures of the Human Resources Committee.

### Role of Compensation Consultant

In determining executive compensation, the Human Resources Committee considers, at least annually, a competitive market analysis prepared by an independent third-party compensation consultant and reserves the right to consider analyses from more than one compensation consultant.

For 2017, the Human Resources Committee engaged Compensia, Inc. (“Compensia”) to provide a competitive market analysis of Fortinet’s executive compensation program and to report on the results of such analysis. This analysis, which is based on an assessment of market and peer company compensation data, is one factor considered by the Human Resources Committee as discussed in more detail below under “— Determining the Amount of Elements of Executives’ Compensation in 2017.” Based on consideration of the various factors set forth in the rules of the SEC and Nasdaq listing standards, the Human Resources Committee does not believe that its relationship with Compensia and the work of Compensia on behalf of the Human Resources Committee has raised any conflict of interest.

### Role of Executives in Executive Compensation Decisions

The Human Resources Committee generally seeks input from our Chief Executive Officer, Mr. Ken Xie, when discussing the performance of and compensation levels for our named executive officers other than for himself and Mr. Michael Xie. Neither Mr. Ken Xie nor any of our other named executive officers participates in deliberations relating to their own compensation, and Messrs. Ken Xie and Michael Xie do not participate in deliberations related to each other’s compensation.

### Stockholder Advisory Vote on Named Executive Officer Compensation

Our stockholders will have the opportunity again at this year’s 2018 Annual Meeting to vote on our named executive officer compensation through the stockholder advisory vote (commonly known as a “say-on-pay” vote) included as Proposal Four in this proxy statement. At each of our past two annual meetings of stockholders, over 95% of the stockholder votes cast were cast in favor of our named executive officer compensation. The Human Resources Committee considers input from our stockholders and the outcome of our annual say-on-pay votes when making future executive compensation decisions and, to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, the Human Resources Committee will seek to understand and consider our stockholders’ concerns and will evaluate whether any actions are appropriate to address those concerns. Since the 2017 stockholder vote on executive compensation occurred after the Human Resources Committee had established all of the compensation elements for 2017, the Human Resources Committee could only take into consideration the 2017 stockholder vote in establishing executive compensation for 2018. We encourage you to review this “Executive Compensation” section, together with the compensation tables that follow, prior to casting your advisory vote on the “say-on-pay” proposal.

### Elements of Our Compensation Program

The four key elements of our compensation program for our named executive officers are base pay, equity-based awards, variable pay and our benefits programs. As a total package, we design our compensation program to enable us to attract and retain talent who we believe will enhance Fortinet’s long-term value. The individual elements of Fortinet’s compensation program are designed to satisfy this larger goal in specific ways as described below. For a detailed discussion of the amounts awarded to our named executive officers during 2017, see “— Determining the Amount of Elements of Executives’ Compensation in 2017” below.

TABLE OF CONTENTS

**Base Pay.** We establish base pay that is both reasonable and competitive in relation to the competitive market of similar companies in the technology industry. The Human Resources Committee monitors competitive base pay levels at least annually and make adjustments to base pay as appropriate. In general, a named executive officer's base pay level should reflect that individual's overall sustained performance and contribution over time. The Human Resources Committee sets base pay to provide the ongoing reward for each named executive officer's work and contribution and to be competitive in attracting or retaining the executive. Any increases in base pay are provided generally on an annual basis.

**Variable Pay.** Rewarding performance through variable pay is an important element of named executive officer compensation. We design our variable pay program to be both reasonable and competitive in relation to the market. The Human Resources Committee considers adjusting our variable pay program as appropriate for our named executive officers. Our senior management incentive bonus program is designed to motivate our named executive officers to achieve business goals and to align payouts with actual results. The variable pay incentives are based on a formulaic assessment of our financial performance and an assessment of each individual's performance. A factor in this evaluation is our executive "peer review" process, in which our broader executive team reviews the performance of the other members of the team, including certain of the named executive officers, on a quarterly basis, and their confidential feedback is reviewed by the Human Resources Committee when considering individual variable pay incentives. We believe the executive peer review motivates executive officers to work together in a productive fashion. The Human Resources Committee has the discretion to increase or decrease a payout under our variable pay program at any time in the event that it determines that circumstances warrant adjustment.

**Equity-Based Awards.** The Human Resources Committee designs our equity-based awards to be both reasonable and competitive in relation to the market. Our equity-based awards have historically consisted of stock options, restricted stock units ("RSUs"), which represent a right to receive shares of our common stock upon vesting over time, and performance stock units ("PSUs"), which are similar to RSUs but for which payout is based on the satisfaction of performance criteria that are determined by the Human Resources Committee.

As described in more detail below, we design our equity-based awards to help retain talent over a period of time and to provide our named executive officers with a long-term reward that aligns their interests with those of our stockholders. The Human Resources Committee considers a number of factors when determining the size of equity awards, including competitive market data, named executive officer performance, the proposed award's retention value, the value of unvested equity awards already held by the named executive officer and a review of the named executive officer's overall compensation package, which takes into account our approach to base pay and variable pay. Initial equity awards granted upon hire are generally designed to attract experienced executives with established records of success and help retain them over the long term. Subsequent equity awards are designed to help retain and incentivize our named executive officers.

The Human Resources Committee approved "refresh" awards of stock options and RSUs to our named executive officers in January 2017. In recent years prior to 2017, the Human Resources Committee granted RSUs and PSUs to our named executive officers. The Human Resources Committee's decision in 2017 to grant stock options rather than PSUs was made primarily to further strengthen the link between executive pay and our stock price performance (as the value of a stock option is limited to the excess of then-current stock price over the exercise price of the option), and to grant equity-based awards with a longer-term perspective (as our stock options vest over four years and can be exercised for up to seven years after grant, while our PSUs vest over a three-year performance period).

The Human Resources Committee believes that stock options, RSUs and PSUs serve to align executive pay with stockholder value because the ultimate compensation opportunity correlates with Fortinet's stock price over an extended period of time and, in the case of the PSUs, with Fortinet's performance compared to that of the broader stock market, as represented by the NASDAQ Composite Index. The Human Resources Committee grants stock options and RSUs (and, in prior years, has granted PSUs) in order to: create a stronger and more visible link between executive pay and Fortinet's stock price performance; further align our executives' interests with those of our stockholders; to better incentivize and retain our senior executives; and maintain a long-term incentive program that is competitive with practices at peer companies.

TABLE OF CONTENTS

Information on the vesting schedules for the awards of stock options and RSUs made to our named executive officers in 2017 can be found below in “— Determining the Amount of Elements of Executives’ Compensation in 2017 — Equity-Based Awards.” See “— Outstanding Equity Awards at 2017 Fiscal Year-End Table” for additional information regarding the outstanding and unvested equity awards held by each named executive officer as of the end of fiscal 2017.

Although the Human Resources Committee decided to grant only stock options and RSUs in 2017, it may change its approach to the form of future equity awards at its discretion.

**Benefits Programs.** We provide our named executive officers the following benefits: health and welfare benefits, including participation in our 401(k) retirement plan; participation in our 2011 Employee Stock Purchase Plan (the “Employee Stock Purchase Plan”); group health insurance plans; and life, disability and accidental death insurance plans. Our named executive officers generally receive the same benefits as those provided to our other U.S. employees and do not receive any additional perquisites. We design our employee benefits programs to be both cost-effective and competitive in relation to the market as well as compliant with applicable laws and practices. We adjust our benefits programs as needed based upon regular monitoring of applicable laws and practices and the overall market.

**Determining the Amount of Elements of Executives’ Compensation in 2017**

**Overview.** In analyzing elements of our compensation program in 2017, the Human Resources Committee engaged Compensia to provide an assessment of the compensation we offer to our named executive officers. The Human Resources Committee also engaged Compensia for the limited purpose of gaining access to the compensation data that Compensia compiles for use in setting compensation for employees other than our named executive officers. With respect to Compensia’s engagement in 2017, Compensia considered the compensation practices of the technology companies listed below, each of which had annual revenue ranging from approximately \$500 million to \$1.7 billion and market capitalizations generally ranging from \$2.2 billion to \$14.7 billion.

ANSYS, Inc.	Palo Alto Networks, Inc.
Aspen Technology, Inc.	ServiceNow, Inc.
Check Point Software Technologies Ltd.	Splunk Inc.
CoStar Group, Inc.	SS&C Technologies Holdings, Inc.
FactSet Research Systems Inc.	Tableau Software, Inc.
Fair Isaac Corporation	The Ultimate Software Group, Inc.
FireEye, Inc.	Tyler Technologies, Inc.
IPG Photonics Corporation	Verint Systems Inc.
j2 Global, Inc.	VeriSign, Inc.
NetSuite Inc.	

For 2017, the Human Resources Committee removed Solera Holdings, Inc. from the peer group, which was acquired in 2016. The Human Resources Committee added the following companies to the peer group for 2017: Check Point Software Technologies Ltd., Fair Isaac Corporation, j2 Global, Inc. and SS&C Technologies Holdings, Inc.

**Base Pay.** As part of our annual performance review process and review of named executive officers’ compensation, early each year the Human Resources Committee assesses the performance of the named executive officers, considering factors such as company performance, department performance and individual performance, including the named executive officer’s expertise, position, past contributions to Fortinet and potential future contributions to Fortinet. Largely as a result of this assessment and taking into account reasonable annual base pay increase practices and Compensia’s data and analysis, the Human Resources Committee considered whether and how much to adjust the base pay of the named executive officers.

Taking into consideration performance and reasonable merit increases, in January 2017, the Human Resources Committee raised the annual base pay of Mr. Ken Xie by 3% to \$450,882, Mr. Michael Xie by 3% to \$397,838, Mr. Del Matto by 3% to \$415,237 and Mr. Whittle by 3% to \$365,514. After these increases, salary for our named executive officers was generally positioned around the 50th percentile of the competitive market, with the exception of Mr. Ken Xie, whose salary was below the 25th percentile of the competitive market.

TABLE OF CONTENTS

Equity-Based Awards. In granting stock options and RSUs to our named executive officers in 2017, the Human Resources Committee exercised its judgment and considered, among other things, the role and contribution of the named executive officer, the value of unvested stock options, RSUs and PSUs already held by the executive and Compensia's data and analysis.

In January 2017, the Human Resources Committee approved "refresh" awards of stock options exercisable for up to 100,000 shares for Mr. Ken Xie, 60,000 shares for Mr. Michael Xie, 40,000 shares for Mr. Del Matto and 30,000 shares for Mr. Whittle. Each of these stock options was granted in accordance with Fortinet's Equity Award Grant Policy discussed in "— Timing of Equity Awards" below, and vests over four years, with 25% vesting one year from February 16, 2017 and the remainder vesting monthly thereafter.

Also in January 2017, the Human Resources Committee approved "refresh" awards of 50,000 RSUs for Mr. Ken Xie, 40,000 RSUs for Mr. Michael Xie, 40,000 RSUs for Mr. Del Matto and 30,000 RSUs for Mr. Whittle. Each of these RSUs was granted in accordance with Fortinet's Equity Award Grant Policy discussed in "— Timing of Equity Awards" below, and vests over four years, with 25% vesting one year from February 16, 2017 and the remainder vesting quarterly thereafter.

Variable Pay. We determine the executive's actual level of variable compensation in accordance with the terms of the Senior Management Bonus Program (the "Bonus Program") approved by the Human Resources Committee for the year. In developing the framework, we seek to set total cash compensation (i.e. base salary plus variable pay) to meet our goal of ensuring that our cash compensation levels are competitive and to enable us to retain and motivate our named executive officers.

In 2017, the Human Resources Committee based the Bonus Program funding on achievement of revenue and operating income targets, as set forth in more detail below, with 60% of the bonus pool funding based on revenue achievement and 40% based on operating income achievement. The Human Resources Committee weighted the Bonus Program funding more heavily toward achieving revenue over operating income because it believed that, at this stage, a continued focus on growing revenue would help drive our long-term success and result in greater opportunity for profit in the future and enhanced stockholder value. However, because we believe it is important for our executives to monitor expenses closely as well, the Human Resources Committee also based a portion of the bonus pool funding on our operating income performance. Operating income for purposes of the Bonus Program is not calculated in accordance with U.S. generally accepted accounting principles ("GAAP") but rather is defined as net income plus income taxes, stock-based compensation, interest income and foreign exchange currency gains or losses and other adjustments to GAAP income as defined in our non-GAAP definition for external reporting purposes.

For purposes of the Bonus Program, a minimum performance level (based on a percentage of the revenue and operating income target levels) had to be met before funding could occur. For 2017, with respect to Messrs. Ken Xie and Michael Xie, this threshold (i.e. the minimum) performance level was 95% of both the revenue target and the operating income target. Once the threshold performance level was attained, the funding of the bonus payments for Messrs. Ken Xie and Michael Xie was to increase on a graduated basis for each of the revenue portion and the operating income portion as follows:

Revenue Performance	Funding Amount
95% – 100%	70% funding of the revenue-based portion for performance at 95% and 6% funding for every additional 1% of performance between 95% and 100%

100% – 150%	0.8% funding for every additional 1% of performance between 100% and 150%
-------------	---------------------------------------------------------------------------

Operating Income Performance	Funding Amount
95% – 100%	70% funding of the operating income-based portion for performance at 95% and 6% funding for every additional 1% of performance between 95% and 100%

100% – 150%	0.8% funding for every additional 1% of performance between 100% and 150%
-------------	---------------------------------------------------------------------------

TABLE OF CONTENTS

For example, for the revenue portion for Messrs. Ken Xie and Michael Xie:

- 
- Below 95% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 0%;
- 
- at 95% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 70%;
- 
- at 100% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 100%; and
- 
- above 150% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 140%.

For 2017, with respect to Messrs. Del Matto and Whittle, the threshold performance level for the revenue target was 90% and the threshold performance level for the operating income target was 85%. Once the threshold performance level was attained, the funding of the bonus payments for Messrs. Del Matto and Whittle increases on a graduated basis for each of the revenue portion and the operating income portion as follows:

Revenue Performance	Funding Amount
90% – 100%	40% funding of the revenue-based portion for performance at 90% and 6% funding for every additional 1% of performance between 90% and 100%
100% – 150%	0.8% funding for every additional 1% of performance between 100% and 150%
Operating Income Performance	Funding Amount
85% – 90%	8% funding of the operating income-based portion for every additional 1% of performance over 85%
90% – 100%	6% funding for every additional 1% of performance between 90% and 100%
100% – 150%	0.8% funding for every additional 1% of performance between 100% and 150%

For example, for the revenue portion for Messrs. Del Matto and Whittle:

- 
- Below 90% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 0%;
- 
- at 90% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 40%;
- 
- at 95% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 70%;
- 
- at 100% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 100%; and
- 
- above 150% achievement of the revenue target, the revenue portion of the Bonus Program would be funded at 140%.

Bonuses payments were calculated and awarded quarterly. Bonus payments were based on unaudited, preliminary revenue and operating income results. Adjustments based on actual revenue and operating income results may be made in subsequent quarters at the Human Resources Committee’s discretion.

Individual target bonuses under the Bonus Program are expressed as a percentage of the named executive officer's base salary for 100% goal achievement. During 2017, our Chief Executive Officer made recommendations for target bonuses to the Human Resources Committee for Messrs. Del Matto and Whittle, taking into consideration company achievement versus the financial targets discussed below and peer group data. The Human Resources Committee in turn gave final approval after discussing the recommendations. The Human Resources Committee approved target bonuses for Messrs. Ken Xie and Michael Xie based upon the same criteria under the Bonus Program.

TABLE OF CONTENTS

For 2017, the Human Resources Committee approved target bonuses of 100% of base salary for Mr. Ken Xie, 50% of base salary for Mr. Michael Xie, 65% of base salary for Mr. Del Matto and 60% of base salary for Mr. Whittle. As noted above, the Bonus Program was based on revenue and operating income performance targets set at the beginning of the year. The targets were set at levels determined to be challenging and requiring substantial effort on the part of senior management. For 2017, we achieved between 97% and 98% of our quarterly and annual revenue targets and we achieved between 99% and 119% of our quarterly and annual operating income targets. The Human Resources Committee approved bonus payments for our senior management for 2017 based on achievement of these corporate goals and the individual performance of certain of our named executive officers as evaluated pursuant to the “peer review” process described above. The following charts set forth both the target levels for our revenue and operating income performance, the revenue and operating income levels actually achieved, and the percentages of target revenue actually achieved.

Benefits Programs. In 2017, our named executive officers received the same employee benefits as our other U.S.-based employees and did not receive any additional perquisites. Additional details regarding our benefits programs can be found above in “— Elements of Our Compensation Program — Benefits Programs.”

Severance and Change of Control Agreements

In February 2016, we entered into Amended and Restated Change of Control Severance Agreements with each of Messrs. Ken Xie, Michael Xie and Whittle, and with Mr. Del Matto, then our Chief Financial Officer. The amendments were entered into to clarify the prior Change of Control Severance Agreements

and did not make any substantive changes to the prior agreements. These agreements provide for payments and benefits upon termination of their employment in specified circumstances. These arrangements (including potential payments and terms) are discussed in more detail in the “— Potential Payments Upon Termination or Change of Control” section below. We believe that these agreements help us from a retention standpoint, and they are particularly necessary in an industry such as ours, where there has been market consolidation. We believe that entering into these agreements helps the named executive officers maintain continued focus and dedication to their assigned duties to maximize stockholder value. The terms of these agreements were determined after review by the Human Resources Committee of our retention goals for each named executive officer, as well as analysis of market data, similar agreements established by our peer group and applicable law.

### Timing of Equity Awards

The Human Resources Committee approved grants of both “refresh” stock options and RSUs to our named executive officers in January 2017. The Board of Directors and Human Resources Committee reserve the right, however, to grant stock options, RSUs, PSUs or other equity awards at other times during the year. With respect to newly hired employees, our practice is typically to grant equity awards at the first quarterly meeting of the Human Resources Committee following such employee’s hire date.

Pursuant to our Equity Award Grant Policy, equity awards are granted effective as of the date that is the tenth trading day on Nasdaq following the date of our next quarterly earnings announcement following the meetings of the Human Resources Committee or the Board of Directors when such equity awards were approved.

### Performance-Based Compensation Recovery Policy

The Human Resources Committee has adopted a compensation recovery policy that allows us to recover or “clawback” performance-based cash compensation from certain employees who participate in the Bonus Program in the event of a material restatement of our financial results. Under the policy, if the material restatement would result in any performance-based cash compensation paid under the Bonus Program during the three years preceding the restatement to have been lower had it been calculated based on such restated results, we may recover the amounts in excess of what would have been paid under the restatement from any participant who received such performance-based cash compensation and who is determined to have engaged in intentional or unlawful misconduct that materially contributed to the need for such restatement. The Board of Directors (or a committee designated by the Board of Directors) has the sole authority to enforce this policy, and it is limited by applicable law.

### Effect of Accounting and Tax Treatment on Compensation Decisions

In the review and establishment of our compensation program, we consider the anticipated accounting and tax implications to us and our executives. In this regard, we have historically used stock options, RSUs and PSUs, and we reserve the right to use other forms of equity, as additional forms of equity incentives in response to changes in the accounting treatment of equity awards and taking into consideration potential impact on dilution and competitive practices. While the Human Resources Committee considers the applicable accounting and tax treatment, these factors alone are not determinative, and the Human Resources Committee also considers the cash and non-cash impact of the programs and whether a program is consistent with our overall compensation philosophy and objectives.

In 2017, Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), imposed a \$1 million limit on the amount of compensation that a public company may deduct in any one year for the compensation of its chief executive officer and certain other highly compensated executive officers, unless specific and detailed criteria are satisfied to qualify such compensation as “performance-based compensation” under Section 162(m). While the Human Resources Committee considered the deductibility of awards as one factor in determining executive compensation in 2017, the Human Resources Committee also looked at other factors in making its decisions and retains the flexibility to award compensation that it determines to be consistent with our overall compensation objectives. For this and other reasons, the Human Resources Committee did not necessarily limit executive compensation to the amount deductible under Section 162(m). Additionally, the Human Resources Committee may modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with our corporate goals.

TABLE OF CONTENTS

The Tax Cuts and Jobs Act, which was signed into law in December 2017, eliminated the “performance-based compensation” exemption to the Section 162(m) deductibility limit, effective for tax years beginning after December 31, 2017. As a result, any compensation paid to such executive officers in excess of \$1 million will be non-deductible unless such compensation is payable pursuant to a written binding contract that was in effect on November 2, 2017. We believe it is likely that compensation expense incurred upon the exercise of stock options and settlement of PSUs granted prior to November 2, 2017 will continue to be deductible in future years. However, because the tax reform changes are complex and their effect is unsettled, we can offer no such assurance of deductibility. All other compensation paid to such executive officers in excess of \$1 million, including cash compensation, stock options, RSUs and PSUs paid or granted after December 31, 2017, will likely be non-deductible in future years.

Human Resources Committee Report

The Human Resources Committee oversees our compensation policies, plans and benefit programs. The Human Resources Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Human Resources Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Respectfully submitted by the members of the Human Resources Committee of the Board of Directors

Ken Xie. On February 4, 2016, we entered into an Amended and Restated Change of Control Severance Agreement with Mr. Ken Xie, our Chief Executive Officer, under which he may receive certain payments and benefits upon certain terminations of employment, provided that he has provided us with an executed release of claims and subject

to non-solicitation and non-competition for a period of 12 months. The term of Mr. Ken Xie's Amended and Restated Change of Control Severance Agreement expires on August 7, 2019.

Mr. Del Matto's employment with us ended on February 16, 2018, the effective date of his resignation. Mr. Del Matto did not receive any severance, continuation of benefits or acceleration of vesting in connection with his resignation.

Mr. Del Matto's unvested equity awards were cancelled as of the end of his employment.

**John Whittle.** On February 4, 2016, we entered into an Amended and Restated Change of Control Severance Agreement with Mr. Whittle, our Vice President of Corporate Development, General Counsel and Corporate Secretary, under which he may receive certain payments and benefits upon certain terminations of employment, provided that he has provided us with an executed release of claims and subject to non-solicitation and non-competition for a period of 12 months. The term of Mr. Whittle's Amended and Restated Change of Control Severance Agreement expires on August 7, 2019.

This agreement provides that, if Mr. Whittle's employment is terminated without Cause, or if he terminates his employment with us for Good Reason, prior to, or absent, a Change of Control or after 12 months following a Change of Control, he will be entitled to a severance payment equal to 12 months of base salary (as in effect immediately prior to his termination) and his unvested equity awards will immediately vest as to the awards that would have vested over the next 12 months and such accelerated awards become exercisable in full, and our right of repurchase or reacquisition with respect to such awards will lapse. If Mr. Whittle is terminated without Cause, or if he terminates his employment with us for Good Reason, within one year following a Change of Control, then in addition to receiving 12 months base salary

(as in effect immediately prior to the Change of Control or his termination, whichever is greater), he will receive 12 months of medical, dental and/or vision benefits for him and/or his eligible dependents, and all of his unvested equity awards immediately vest as of his termination date. The awards will remain exercisable, to the extent applicable, following the termination for the period prescribed in the respective stock plan and agreement for each award. In the event any payment to Mr. Whittle is subject to the excise tax imposed by Section 4999 of the Code (as a result of a payment being classified as a “parachute payment” under Section 280G of the Code), he will be entitled to receive such payment as would entitle him to receive the greatest after-tax benefit of either the full payment or a lesser payment which would result in no portion of such severance benefits being subject to excise tax.

For the purpose of our Change of Control Severance Agreements with the above-mentioned executives:

(1)

“Change of Control” generally means:

(a)

the acquisition by one person or group of persons of Fortinet securities representing 50% or more of total voting power at the time of acquisition;

(b)

a change in the composition of the Board of Directors occurring within a 12-month period, which results in fewer than a majority of the directors on the Board of Directors being incumbent directors;

(c)

the date of the consummation of a merger or consolidation between Fortinet and any other corporation that has been approved by our stockholders, other than a merger or consolidation that would result in our voting securities representing 50% or more of the total voting power immediately after such merger or consolidation, or if our stockholders approve a plan of Fortinet’s complete liquidation; or

(d)

a change in the ownership of a substantial portion of Fortinet’s assets, having a total gross fair market value equal to or more than 50% of the total fair market value of all of Fortinet’s assets immediately prior to such acquisition.

Notwithstanding the foregoing, a transaction that does not constitute a change of control event under Treasury Regulation 1.409A-3(i)(5)(v) or (vii) shall not be considered a Change of Control.

(2)

“Cause” generally means:

(a)

an act of dishonesty by the executive in connection with the executive’s responsibilities as an employee that materially and adversely affects Fortinet;

(b)

the executive’s conviction of, or plea of nolo contendere to, a felony or any crime involving fraud, embezzlement or any other act of moral turpitude;

(c)

the executive’s gross misconduct that materially and adversely affects Fortinet’s reputation or business; or

(d)

the executive’s continued intentional refusal to perform employment duties in a material fashion that materially and adversely affects Fortinet’s reputation or business, after the executive has received a written demand of performance from Fortinet that specifically sets forth the factual basis for Fortinet’s belief that the executive has not substantially

performed the executive's duties and the executive continues to refuse to cure such non-performance within thirty days after receiving such notice.

(3)

"Good Reason" generally means the occurrence of one of more of the following events without the executive's express written consent:

(a)

a material diminution in the executive's position or responsibilities with Fortinet;

(b)

a material reduction in the base salary of the executive;

(c)

a material change in the geographic location of the executive of 25 miles or more;

(d)  
any material breach by Fortinet of any material provision of the Change of Control Severance Agreement; or

(e)  
Fortinet's failure to obtain the assumption of the Change of Control Severance Agreement by any successor to substantially all of Fortinet's business and/or assets.

The named executive officer may not resign for Good Reason without first providing us with written notice of the acts or omissions constituting the grounds for "Good Reason" within 90 days of the initial existence of the grounds for Good Reason and a reasonable cure period of not less than 30 days following the date of such notice.

Estimated Payments upon Termination or Change in Control

The following table provides information concerning the estimated payments and benefits that would be provided in the circumstances described above for each of the named executive officers. Except where otherwise noted, payments and benefits are estimated assuming that the triggering event took place on the last business day of 2017, which was December 29, 2017, and the price per share of Fortinet's common stock was the closing price on Nasdaq as of that date, which was \$43.69 per share. There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

Name	Qualifying Termination Not Within One Year after a Change of Control(1)		Qualifying Termination Within One Year after a Change of Control(1)	
	Salary \$(2)	Acceleration of Equity Vesting (\$)	Salary \$(2)	Acceleration of Equity Vesting \$(3)
Ken Xie(4)	450,882	—	450,882	6,049,316
Michael Xie(5)	—	—	198,919	4,959,050
Andrew Del Matto(6)	311,428	2,156,336(7)	415,237	4,270,846
John Whittle(5)	365,514	2,043,601(7)	365,514	3,550,996

(1)  
A "Qualifying Termination" under the Change of Control Severance Agreement is an involuntary termination of employment without "Cause" or a voluntary resignation for "Good Reason," in each case as defined above.

(2)  
The severance amount related to base salary was determined based on base salaries in effect on December 29, 2017, the last business day of 2017.

(3)  
The value is calculated by multiplying (a) the number of unvested shares by (b) (i) the difference between \$43.69 (the per share closing stock price on December 29, 2017) and the exercise price for stock options or (ii) \$43.69 for RSUs and PSUs. The value of accelerated PSUs is based on achievement of an award multiplier of 100%.

(4)

The named executive officer is also eligible to receive reimbursement for insurance premium expenses incurred for group health insurance continuation coverage under Title X of the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (“COBRA”), for a period of up to 12 months after his Qualifying Termination prior to or absent a Change of Control, after 12 months following a Change of Control, or within one year after a Change of Control. The value as of December 31, 2017 for 12 months of COBRA continuation coverage was \$28,602.

(5)

The named executive officer is also eligible to receive reimbursement for insurance premium expenses incurred for group health insurance continuation coverage under COBRA for a period of up to 12 months after his Qualifying Termination within one year after a Change of Control. The value as of December 31, 2017 for 12 months of COBRA continuation coverage was \$28,602.

(6)

The named executive officer is also eligible to receive reimbursement for insurance premium expenses incurred for group health insurance continuation coverage under COBRA for a period of (i) up to nine months after his Qualifying Termination prior to or absent a Change of Control and after 12 months following a Change of Control and (ii) up to 12 months after his Qualifying Termination within one year after a Change of Control. The value as of December 31, 2017 for nine months and 12 months of COBRA continuation coverage was \$21,452 and \$28,602, respectively.

(7)

The value is calculated by multiplying (a) the number of shares that would have vested over nine months (in the case of Mr. Del Matto) or 12 months (in the case of Mr. Whittle) following December 31, 2017 by (b) (i) the difference between \$43.69 (the per share closing stock price on December 29, 2017) and the exercise price for stock options and (ii) \$43.69 for RSUs and PSUs. The value of accelerated PSUs is based on achievement of an award multiplier of 100%.

CEO Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of our Chief Executive Officer, Mr. Ken Xie (our “CEO”):  
For 2017:

- the median of the annual total compensation of our employees was \$114,747;
- the annual total compensation of our CEO was \$3,960,438; and
- the ratio of the annual total compensation of our CEO to the median of the annual total compensation of our employees was 34.5 to 1. This ratio is a reasonable estimate calculated in a manner consistent with SEC rules.

We identified the employee with compensation at the median of the annual total compensation of all our employees using the following methodology:

We chose to use as our consistently-applied compensation measure each employee’s base salary, allowances, bonuses, sales commissions and annual equity awards for the 12-month period from January 1, 2017 through December 31, 2017. For simplicity, we calculated annual base pay by annualizing this amount using a reasonable estimate of the hours worked during 2017 for hourly employees and the actual annual salary rate on December 31, 2017 for our remaining employees. With respect to annual equity awards, we valued all equity awards granted during 2017 using the December 29, 2017 market price of our common stock.

In determining our employee population, we considered the individuals, excluding our CEO, who were employed by us and our consolidated subsidiaries on December 31, 2017, whether employed on a full-time, part-time, seasonal or temporary basis. We did not include any contractors or other non-employee workers in our employee population. For employees paid other than in U.S. dollars, we converted their compensation to U.S. dollars using the applicable exchange rates in effect on December 29, 2017. We did not make any cost-of-living adjustment.

Using this methodology, we identified the individual at the median of our employee population. We then calculated the annual total compensation for this individual using the same methodology we use to calculate the amount reported for our CEO in the “Total” column of the 2017 Summary Compensation Table as set forth in this proxy statement. As disclosed in the 2017 Summary Compensation Table, the annual total compensation for our CEO was \$3,960,438. Because SEC rules for identifying the median of the annual total compensation of all employees allow companies to adopt a variety of methodologies, apply certain exclusions, and make reasonable estimates and assumptions that reflect their employee population and compensation practices, the pay ratio reported by other companies may not be comparable to our pay ratio, as other companies have different employee

TABLE OF CONTENTS

populations and compensation practices and may have used different methodologies, exclusions, estimates and assumptions in calculating their pay ratios. As explained by the SEC when it adopted these rules, the rule was not designed to facilitate comparisons of pay ratios among different companies, even companies within the same industry, but rather to allow stockholders to better understand and assess each particular company's compensation practices and pay ratio disclosures.

## Other Arrangements

While our non-employee directors are not typically paid or reimbursed for travel, lodging and related expenses associated with attending meetings of the Board of Directors or committees of the Board of Directors and for participating in activities related to service on the Board of Directors, we have from time-to-time paid or reimbursed our non-employee directors for reasonable expenses associated with attendance at meetings of the Board of Directors or committees of the Board of Directors.

## Equity Compensation Plan Information

We currently maintain the following equity compensation plans that provide for the issuance of shares of our common stock to our officers and other employees, directors and consultants: the 2009 Equity Incentive Plan, as amended (the “2009 Plan”), and the Employee Stock Purchase Plan, each of which has been approved by stockholders, and the Meru Networks, Inc. 2010 Equity Incentive Plan (the “Meru 2010 Plan”), which has not been approved by stockholders. The Meru 2010 Plan was assumed by Fortinet on July 8, 2015 pursuant to an Agreement and Plan of Merger by and among Fortinet, Meru Network, Inc. and Malbrouck Acquisition Corp., dated as of May 27, 2015. We previously maintained the Amended and Restated 2000 Stock Plan (the “2000 Plan”) and the 2008 Stock Plan (the “2008 Plan”), both of which we terminated in connection with our initial public offering in 2009. The termination of the 2000 Plan and 2008 Plan did not affect awards outstanding under such plans, which continued to be governed by the terms and conditions of the respective plans. As of December 31, 2017, there were no awards outstanding under either the 2000 Plan or the 2008 Plan.

The following table summarizes the number of outstanding options and rights and number of securities remaining available for future issuance under our equity compensation plans as of December 31, 2017.
