PROXY STATEMENT FOR
THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON
MAY 8, 2003

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Blonder Tongue Laboratories, Inc., a Delaware corporation (the "Company"), to be voted at the 2003 Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held at the Hyatt Regency New Brunswick, 2 Albany Street, New Brunswick, New Jersey 08901 on May 8, 2003, at 10:00 a.m., local time, and at any adjournment or adjournments thereof.

All proxies delivered pursuant to this solicitation are revocable at any time before they are exercised by written notice to the Secretary of the Company, or by delivering a later dated proxy. Attendance at the Annual Meeting will not, without delivery of the written notice described in the immediately preceding sentence, constitute revocation of a proxy. The mailing address of the principal executive offices of the Company is One Jake Brown Road, Old Bridge, New Jersey 08857. The Company's telephone number is (732) 679-4000. This Proxy Statement and the enclosed form of proxy will be mailed to each stockholder on or about April 8, 2003, together with the Annual Report on Form 10-K for the year ended December 31, 2002.

All properly executed proxies delivered pursuant to this solicitation and not revoked will be voted at the Annual Meeting in accordance with the directions given. Regarding the election of Directors to serve until the 2006 Annual Meeting of Stockholders, in voting by proxy, stockholders may vote in favor of all nominees or withhold their votes as to all nominees or withhold their votes as to specific nominees. With respect to the other proposals to be voted upon, stockholders may vote in favor of a proposal, against a proposal or may abstain from voting. Stockholders should specify their choices on the enclosed form of proxy. If no specific instructions are given with respect to the matters to be acted upon, the shares represented by a signed proxy will be voted FOR the election of all nominees, FOR the proposal to amend the Amended and Restated 1996 Director Option Plan by increasing the number of shares of Common Stock available for grants thereunder, and FOR the proposal to ratify the appointment of BDO Seidman, LLP as independent auditors for the fiscal year ending December 31, 2003. Directors will be elected by a plurality of the votes cast by the holders of the shares of Common Stock voting in person or by proxy at the Annual Meeting. Thus, abstentions will have no effect on the vote for election of Directors. Approval of any other matters to come before the Annual

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

Meeting will require the affirmative vote of the holders of a majority of the shares of Common Stock of the Company present in person or by proxy at the Annual Meeting. Broker non-votes occur when a broker or other nominee holding shares for a beneficial owner does not vote on a proposal because the beneficial owner has not provided voting instructions and the broker does not have discretionary authority to vote shares on the matter. Broker non-votes are not considered to be shares "entitled to vote" (other than for quorum purposes), will not be included in vote totals and will have no effect on the outcome of any matters to be voted upon at the Annual Meeting.

Management is not aware at the date hereof of any matter to be presented at the Annual Meeting other than the election of Directors and the other proposals described in the attached Notice of Annual Meeting of Stockholders. If any other matter is properly presented, the persons named in the proxy will vote thereon according to their best judgement.

The expense of soliciting proxies for the Annual Meeting, including the cost of preparing, assembling and mailing the notice, proxy and Proxy Statement, will be paid by the Company. The solicitation will be made by use of the mails, through brokers and banking institutions, and by officers and regular employees of the Company. Proxies may be solicited by personal interview, mail, telephone or facsimile transmission.

Only owners of record of the common stock, \$.001 par value per share, of the Company ("Common Stock") at the close of business on March 21, 2003 (the "Record Date"), are entitled to notice of and to

vote at the Annual Meeting or any adjournments or postponements thereof. Each owner of record on the Record Date is entitled to one vote for each share of Common Stock of the Company so held. There is no cumulative voting. On the Record Date, there were 7,525,229 shares of Common Stock issued, outstanding and entitled to vote.

Williams) received an annual retainer of \$15,000, payable quarterly, a fee of \$1,000 for each Board meeting attended in person (\$500 if attendance was telephonic) and a fee of \$600 for each committee meeting attended in person (\$300 if attendance was telephonic or if attending on the same date as a Board meeting). Each Director was also reimbursed for certain travel, lodging and related expenses incurred in connection with attendance at Board and committee meetings. During calendar year 2002, Messrs. Luksch, Palle and Dwight did not receive any separate compensation for serving on the Board of Directors or any committees thereof.

Effective January 1, 2000, the Company enacted a new policy requiring each of the Company's Directors to maintain an investment in the Company's Common Stock during his or her entire tenure as a Director equal to at least \$25,000, calculated by taking the greater of (i) the amount paid for such stock by the Director and (ii) the highest fair market value of such stock. Non-employee directors of the Company are encouraged to purchase Company Common Stock equal to or exceeding one year's annual retainer during any three-year period until they meet this requirement.

In May, 1998, the stockholders of the Company approved the adoption of the Company's Amended and Restated 1996 Director Option Plan (the "1996 Plan"). Under the 1996 Plan, Directors who are not currently employed by the Company or any subsidiary of the Company and who have not been so employed within the past six months are eligible to receive options from time to time to purchase a number of shares of Common Stock as determined by the Board. Proposal No. 2 of this Proxy Statement, beginning on page 13, includes a summary description of the 1996 Plan.

On February 7, 2002, each of the Company's non-employee Directors other than James H. Williams was granted an option under the 1996 Plan to purchase 5,000 shares of Common Stock at an exercise price of \$3.40 per share. The options vested on the first anniversary of the date of grant.

The Company is party to a consulting and non-competition agreement with James H. Williams for the purpose of obtaining advice and counseling from Mr. Williams concerning strategic planning and financial and business matters. Under this agreement, as amended, Mr. Williams is obligated to make himself available to the Company for up to 25 hours per month, in addition to time spent attending to his duties as a member of the Board of Directors of the Company. Mr. Williams is currently paid \$168,525 per year for his services under this agreement, subject to adjustment on a basis consistent with adjustments to compensation to the Company's senior management. The agreement provides a cap of \$200,000 on payments to be made thereunder during any calendar year. The initial term of this agreement expires on December 31, 2004 and automatically renews thereafter for successive one year terms (subject to termination at the end of any renewal term on at least 90 days' notice). Payments to Mr. Williams under this consulting agreement are in lieu of any other payments in connection with his services as a Director or committee member, other than the reimbursement of certain travel, lodging and related expenses incurred in connection with

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION POLICIES

GENERAL

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The objective of the Company in setting executive compensation has been to attract, retain and motivate qualified executives to manage the Company's business and affairs so as to foster sales and earnings growth, achieve significant current profits and maximize stockholder value. Executive compensation in the aggregate is made up principally of annual base salary, bonus, and awards of stock options under the Company's 1995 Long Term Incentive Plan.

Generally, annual salary adjustments and bonuses for executive officers other than Messrs. Luksch and Palle have been established by Mr. Luksch with the concurrence of the Compensation Committee. The annual salary adjustments and bonuses for Messrs. Luksch and Palle are determined by the Compensation Committee, subject to Board approval. An annual performance evaluation of each executive officer is conducted, upon which a salary adjustment is determined. The performance evaluation focuses on the executive's performance during the past year of the responsibilities of his position, the executive's improvement in areas where any deficiencies may have been noted in the past, and the executive's achievement of any specific goals and objectives which may have been established for such executive, including achievement of budget objectives. The Company's overall profit for the fiscal year and the executive's individual contribution to that profit are also considered. As is typical for most corporations, the assessment of individual performance contributions is in most cases subjective and not conditioned upon the achievement of any specific, pre-determined performance targets.

In February, 1997, the Compensation Committee implemented the Executive Officer Bonus Plan ("Executive Bonus Plan"). The Compensation Committee believes that a combination of base salary, cash bonus awards under the Executive Bonus Plan and the award of stock options and/or restricted stock awards will support the short-term and long-term strategic objectives of the Company and will reward individual performance and the value created for stockholders. Cash bonus awards under the Executive Bonus Plan are paid to officers during a particular fiscal year based upon and relating to the financial performance of the Company during the prior fiscal year. During the first quarter of each fiscal year of the Company, the Compensation Committee designates which of the Company's executive officers are to participate in the Executive Bonus Plan for that year. Also during the first quarter, the Compensation Committee establishes one or more objective performance goals for each participant, together with a maximum dollar bonus opportunity for the participant and a formula to determine bonus payments based on the achievement of the goal(s). In no event may the bonus for any participant exceed 100% of such participant's base salary.

The performance goals are expressed in terms of (a) one or more corporate or divisional earnings-based measures (which may be based on net income, operating income, cash flows, or any combination thereof) and/or (b) one

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

or more corporate or divisional sales-based measures. Each such goal may be expressed on an absolute and/or relative basis, may employ comparisons with past performance of the Company (including one or more divisions) and/or the current or past performance of other companies, and in the case of earnings-based measures, may employ comparisons to capital, stockholders' equity and shares outstanding. Performance goals need not be uniform among participants.

After the Company's financial results for a fiscal year have been determined, the Compensation Committee certifies the level of performance goal attainment and the potential bonus payment for each participant. The Compensation Committee has full authority to reduce the amount that would otherwise be payable to any participant for a fiscal year.

For 2002, bonuses under the Executive Bonus Plan were only to be awarded if the Company's diluted earnings per share in 2002 were at least equal to 120% of its average annual diluted earnings per share for calendar years 1999, 2000 and 2001. This threshold requirement for the payment of bonuses was not met for fiscal 2002, therefore no bonuses were awarded under the Executive Bonus Plan. Each of the named executive officers in the Summary Compensation Table herein was eligible to participate in the Executive Bonus Plan during 2002. If awarded, bonuses earned during the 2002 fiscal year under the Executive Bonus Plan (included as bonuses earned during 2002 in the Summary Compensation Table herein but payable in 2003) were to be based on a percentage of

11

each recipient's annual salary for 2002 equal to the percentage increase in the Company's diluted earnings per share for fiscal 2002 over the average annual diluted earnings per share for calendar years 1999, 2000 and 2001, multiplied by a multiplier between 1.0 and 1.5 determined on an individual basis by the Compensation Committee, subject to a maximum amount equal to 100% of such recipient's 2002 base annual salary.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

Mr. Luksch has been President and Chief Executive Officer of the Company since it commenced operations in 1988. His compensation includes the same elements and performance measures as the compensation of the Company's other executive officers.

Mr. Luksch's annual salary, which had been \$341,000 since January 2001, was increased to \$365,000 effective January 1, 2003. This increase was based on Mr. Luksch's leadership and efforts over the last two years that enabled the Company to remain profitable despite a difficult marketplace and his vision in seeking additional sources of revenue in a down market. The amount of the new salary was determined following an analysis of the range of compensation paid to chief executive officers of similar-sized manufacturing companies located in the Northeastern United States. Mr. Luksch's compensation, as adjusted, falls within the middle of the range. Mr. Luksch received no bonus and no stock options during fiscal year 2002. The Committee believes that Mr. Luksch's overall compensation is fair and reasonable. This assessment is a subjective determination and is not quantitatively related to the Company's performance.

PROPOSAL NO. 2 - AMENDMENT OF AMENDED AND RESTATED 1996 DIRECTOR OPTION PLAN

At the Annual Meeting, stockholders will be presented with a proposal to increase the number of shares subject to the Company's Amended and Restated 1996 Director Option Plan (the "1996 Plan"), by 100,000 shares. Previously,

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

stockholders have approved a total of 100,000 shares of Common Stock for issuance under the 1996 Plan. Options to purchase a total of 92,000 shares of Common Stock at exercise prices ranging from \$2.88 to \$7.03 per share have been granted and remain outstanding under the 1996 Plan as of February 28, 2003. The full text of the proposed amendment to the 1996 Plan is set forth in Exhibit B to this Proxy Statement. The foregoing description of such proposed amendment is qualified in its entirety by reference to the text of Exhibit B hereto.

The Board of Directors has sought to employ the 1996 Plan to advance the interests of the Company and its stockholders by enabling the Company to attract and retain the services of experienced and knowledgeable non-employee directors and to provide an incentive to such directors to promote the long-term success of the Company and maximize stockholder value. Because options granted under the 1996 Plan are granted at the fair market value of the Common Stock on the date of grant, any value which ultimately accrues to optionees from such options is based entirely on the Company's performance following the date of grant, as perceived by stockholders who establish the price for the Company's shares. The proposed amendment increasing the number of shares subject to the 1996 Plan will permit further grants under such plan, thereby allowing the Company to continue creating incentives for its non-employee directors to enhance stockholder value. Accordingly, the Board of Directors believes it is in the best interests of the Company and its stockholders to amend the 1996 Plan as described above. The additional shares of Common Stock will be used to make additional grants of stock options from time to time to persons eligible to receive such options.

SUMMARY DESCRIPTION OF THE 1996 PLAN

The 1996 Plan was adopted by the Board of Directors in December 1997 and approved by the stockholders on May 7, 1998. It provides for grants of nonqualified stock options to directors who are not currently and have not been employed by the Company at any time within the last 6 months. There are currently four non-employee directors that are eligible to participate in the 1996 Plan. The 1996 Plan is administered by the Board of Directors, which has the ability to determine for each stock option granted, the optionee to receive the option and the terms of the option, including the number of shares subject to the option, vesting schedule and exercise period. The exercise price of stock options granted under the 1996 Plan must be the fair market value of the Common Stock on the date of grant and no director may be granted options to purchase more than 5,000 shares of Common Stock in any one calendar year. The options will be granted to directors at no cost to the directors.

13

Generally, options granted under the 1996 Plan will be exercisable over the term of the option, as provided by the Board of Directors. No option granted under the 1996 Plan may have a term of greater than 10 years. Upon any merger or consolidation, if the Company is not the surviving corporation, all outstanding options granted shall terminate unless such options are assumed or other options are substituted therefor by the successor corporation, or the vesting of such shares is accelerated by the Board of Directors.

The Board of Directors may, without stockholder approval, terminate or modify the 1996 Plan at any time, including modifications to make certain administrative changes such as changes imposed by changing tax laws. The Board of Directors may also, without shareholder approval, modify the exercise price of any options previously granted under the 1996 Plan. The Board of Directors may not, without stockholder approval, increase the total number of shares of Common Stock subject to the 1996 Plan, materially increase the benefits accruing to persons granted options under the 1996 Plan or continue the 1996 Plan in effect beyond January 2, 2006, its normal expiration date.

Edgar Filing: BLONDER TONGUE LABORATORIES INC - Form DEF 14A

On March 28, 2003, the closing price of the Common Stock on the American Stock Exchange was \$1.35 per share.

FEDERAL INCOME TAX CONSEQUENCES RELATING TO THE 1996 PLAN

The federal income tax consequences of participation in the 1996 Plan are complex and subject to change. The following discussion is only a summary of the general rules applicable to the 1996 Plan. All participants have been and are encouraged to consult their own tax advisors since a taxpayer's particular situation may be such that some variation of the rules described below will apply.

Stock options granted under the 1996 Plan do not qualify as "incentive stock options" and will not qualify for any special tax benefits to the optionee. An optionee generally will not recognize any taxable income at the time he or she is granted a nonqualified option. However, upon its exercise, the optionee will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares over the exercise price. The income realized by the optionee will be subject to income and self-employment taxes.

The optionee's basis for determination of gain or loss upon the subsequent disposition of shares acquired upon the exercise of a nonqualified stock option will be the amount paid for such shares plus any ordinary income recognized as a result of the exercise of such option. Upon disposition of any shares acquired pursuant to the exercise of a nonqualified stock option, the difference between the sale price and the optionee's basis in the shares will be treated as a capital gain or loss and generally will be characterized as a long-term capital gain or loss if the shares have been held for more than one year at their disposition.

In general, there will be no federal income tax deduction allowed to the Company upon the grant or termination of a nonqualified stock option or a sale or disposition of the shares acquired upon the exercise of a nonqualified stock option. However, upon the exercise of a nonqualified stock option, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that an optionee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Internal Revenue Code of 1986, as amended.

RECOMMENDATION OF THE BOARD OF DIRECTORS CONCERNING THE PROPOSED AMENDMENT OF THE 1996 PLAN

The Board of Directors of the Company recommends that stockholders vote FOR the proposal to amend the 1996 Plan to increase the number of shares available for issuance thereunder from 100,000 shares to 200,000 shares. Proxies received by the Board of Directors will be so voted unless stockholders specify in their proxies a contrary choice.

II. COMPOSITION

The Audit Committee shall be comprised of three or more Directors as determined by the Board, each of whom shall be independent and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee. In determining independence, the following restrictions shall apply:

- (a) EMPLOYEES. A Director who is an employee (including non-employee executive officers) of the Company or any of its affiliates may not serve on the Audit Committee until three years following termination of his or her employment.
- (b) BUSINESS RELATIONSHIP. A Director who is a partner in or a controlling shareholder or executive officer of, any for-profit organization that has a business relationship with the Company, may serve on the Audit Committee only if (i) the Company's Board of Directors determines in its business judgment that the relationship does not interfere with the Director's exercise of independent judgment and, (ii) in any of the past three years, the payments made by the Company to or received by the Company from the organization are less than the greater of (y) five percent (5%) of the Company's or such organization's consolidated gross revenues in that year, or (z) \$200,000. In making a determination regarding the independence of a Director pursuant to this paragraph, the Board of Directors should consider, among other things, the materiality of the relationship to the Company, to the Director and, if applicable, to the organization with which the Director is affiliated. A Director who accepts any compensation from the Company or any of its affiliates in excess of \$60,000 during the previous fiscal year, other than compensation for Board service, benefits under the qualified retirement plans, or non-discretionary

- (e) INDEPENDENCE REQUIREMENT OF AUDIT COMMITTEE MEMBERS. Notwithstanding the requirements of subparagraphs (b), (c) and (d) hereof, one Director who is no longer an employee or who is an Immediate Family member of a former executive officer of the Company or its affiliates, but is not considered independent pursuant to these provisions may be appointed, under exceptional and limited circumstances, to the Audit Committee if the Company's Board of Directors determines in its business judgment that membership on the Committee by the individual is required by the best interests of the Company and its shareholders, and the Company discloses, in the next annual proxy statement subsequent to such determination, the nature of the relationship and the reasons for that determination.

All members of the Committee shall have a working familiarity with basic finance and accounting practices, and at least one member of the Committee shall have accounting or related financial management expertise.

The members of the Committee shall be elected by the Board at the annual organizational meeting of the Board or until their successors shall be duly elected and qualified.
