CAMTEK WINS ORDER OF OVER \$5 MILLION FOR AOI SYSTEMS

ORDER INCLUDES DRAGON, ORION, PEGASUS AND LAM

MIGDAL HA EMEK, Israel, April 18 Camtek Ltd. (Nasdaq: CAMT) reported today that it received an order from a leading Taiwanese manufacturer of printed circuit boards (PCB). The order includes a variety of Camtek's systems, including the Dragon, Orion, Pegasus and LAM. The systems are for the Automated Optical Inspection (AOI) of the customer's advanced PCB and IC Substrates in its manufacturing plants in China and Taiwan.

The variety of systems in this single order demonstrates Camtek's ability to deliver an automated solution for any inspection need on the advanced PCB production floor, said Cliff Young, General Manager of Camtek Taiwan. We are proud of having been selected to support the expansion plans of one of the top-50 PCB manufacturers worldwide. This win is a vote of confidence in both our products, and our level of service and customer support.

The order is valued at approximately \$5.2 million; the majority of which is scheduled for delivery during the second quarter of 2005.

ABOUT CAMTEK LTD.

With headquarters in Migdal Ha Emek Israel, Camtek Ltd., designs, develops, manufactures, and markets automatic optical inspection systems and related products. Camtek's automatic inspection systems are used to enhance both production processes and yield for manufacturers in the printed circuit board industry, the high density interconnect substrate industry and the semiconductor manufacturing and packaging industry. This press release is available at www.camtek.co.il.

This press release may contain projections or other forward-looking statements regarding future events or the future performance of the Company. These statements are only predictions and may change as time passes. We do not assume any obligation to update that information. Actual events or results may differ materially from those projected, including as a result of changing industry and market trends, reduced demand for our products, the timely development of our new products and their adoption by the market, increased competition in the industry, price reductions as well as due to risks identified in the documents filed by the Company with the SEC.
