Dated: August 28, 2008

Gilat has informed the Purchasers that they are in breach of the definitive merger agreement and that they have 72 hours to fulfill their obligations.

Gilat also announces results for the second quarter, 2008

Petah Tikva, Israel, August 25, 2008 Gilat Satellite Networks Ltd. (Nasdaq: GILT), a worldwide leader in satellite networking technology, solutions and services, today reported its results for the second quarter ending June 30th, 2008. In addition, Gilat announced that the Purchasers have verbally informed the Company that they will not close the merger transaction at the agreed upon \$11.40 share price despite the fact that Gilat informed them on August 5, 2008, that all conditions precedent to closing have been met. The Purchasers made a number of new verbal proposals which were substantially different from the definitive agreement. These proposals were rejected by the Company's board of directors after finding they were not in the best interest of the Company's shareholders. The Company has informed the Purchasers that they have 72 hours to complete the definitive merger agreement. If the conditions are not met, Gilat shall seek all remedies at its disposal including legal action.

The definitive agreement, entered into by a consortium of investors, The Gores Group LLC, Mivtach Shamir Holdings Ltd., companies affiliated with Roy Ben-Yami, Ami Lustig and Eytan Stibbe and DGB Investments, Inc. a company affiliated with Doug Bergeron, provides for a termination fee in the amount of \$47.3 million, payable to Gilat in the event of an intentional breach of the agreement by the Purchasers.

The Company also announces its results for the second quarter of 2008. Revenues for the second quarter of 2008 were \$65.6 million compared to \$70.3 million for the same period of 2007. Net income for the second quarter of 2008 was \$1.3 million or \$0.03 per diluted share, compared to a net income of \$5.5 million or \$0.13 per diluted share in the second quarter of 2007. Results for the three month period ended June 30, 2008, include expenses related to the merger agreement in the amount of \$0.2 million.

Revenues for the six month period ended June 30, 2008 were \$136.1 million compared to \$138.4 million for the comparable period of 2007. Net income for the six month period ended June 30, 2008 was \$5.9 million or \$0.14 per diluted share compared to net income of \$10.5 million or \$0.25 per diluted share in the same period of 2007. Results for the six month period ended June 30, 2008, include expenses related to the merger agreement in the amount of \$0.9 million.

For a detailed reconciliation of GAAP to non-GAAP financial information and for more information regarding Gilat's use of non-GAAP financial measures, please see the table titled "Reconciliation between GAAP and non-GAAP statements of operations" as well as the additional disclosure contained in this press release ⁽¹⁾⁽²⁾.

Gilat's Chief Executive Officer and Chairman of the Board Amiram Levinberg said,

It is disappointing that the definitive agreement, which was achieved after 11 months of intense due diligence and negotiations, has not been honored by the Purchasers as of yet. The definitive agreement requires the consortium to complete the transaction or pay Gilat a significant break up fee. I hope that the consortium will meet its obligations without delay so we need not take legal actions to enforce the undertakings set forth in the agreement.

With respect to the quarterly results Amiram Levinberg stated, "Our financial results were mainly affected by the Colombian operations. We are in advanced negotiations with the Colombian government and hope that an agreement can be reached by the end of the third quarter. Our Spacenet business in the United States is experiencing positive trends, evidenced by strong momentum in the second quarter. Gilat's bookings in the second quarter of this year were more than double the bookings in the first quarter. This healthy profile will have a positive impact on our business beginning with the fourth quarter of 2008."

Notes:

(1) The attached summary financial statements were prepared in accordance with U.S. GAAP. The attached summary financial statements for Q2 2008 are unaudited. To supplement the consolidated financial statements presented in accordance with GAAP, the Company presents Gilat's net income, EBITDA and earnings per diluted share, before the share-based payment charge, which is the non-cash stock option expense as per SFAS 123 (R). This non-GAAP presentation of net income, EBITDA and earnings per share is provided to enhance the understanding of the Company's historical financial performance and comparability between periods.

(2) Operating income (loss) before depreciation, amortization, non cash stock option expenses as per SFAS 123(R) and exceptional items, (EBITDA) is presented because it is a measure commonly used and is presented solely in order to improve the understanding of the Company's operating results and to provide further perspective on these results. EBITDA, however, should not be considered as an alternative to operating income (loss) or net income (loss) for the period as an indicator of the operating performance of the Company.

Similarly, EBITDA should not be considered as an alternative to cash flows from operating activities as a measure of liquidity. EBITDA is not a measure of financial performance under generally accepted accounting principles and may not be comparable to other similarly titled measures for other companies. EBITDA may not be indicative of the historic operating results of the Company; nor is it meant to be predictive of potential future results. Reconciliation between the Company's Operating income (loss) and EBITDA is presented in the attached summary financial statements.
