Second Quarter Fiscal 2011 Summary

Sales for the second quarter of 2011 increased by 10.0% to NIS 90.8 million (US\$ 26.6 million) compared to sales of NIS 82.6 million (US\$ 24.2 million) in the second quarter of 2010. The growth in sales in the second quarter was primarily due to the timing of the Passover festival that fell during the second quarter this year, while last year it fell during the first quarter and due to increased awareness to the Company's new products following the hard sale activities that the Company initiated during the first quarter of 2011.

Gross profit for the second quarter of 2011 increased by 19.4% to NIS 26.9 million (US\$ 7.9 million) compared to gross profit of NIS 22.5 million (US\$ 6.6 million) in the second quarter of 2010. Second quarter gross margin was 29.6% compared to gross margin of 27.3% for the same period in 2010. Willi-Food successfully achieved an increase in gross profit and in gross margins despite the huge pressure coming from the supermarket chains to reduce prices and despite the price reductions by competiting food companies to the supermarket chains as a result of this pressure, Willi-Food was able to sustain or raise its sales prices to the supermarket chains due to its product mix and its broad range of products.

Willi-Food's operating income for the second quarter of 2011 increased 71.5% to NIS 11.7 million (US\$ 3.4 million) over the second quarter of 2010. Selling expenses decreased by 7.7% from the comparable quarter of 2010. Selling expenses as a percentage of sales decreased in the second quarter of 2011 to G10.8% compared to 12.9% in the second

quarter of 2010 primarily due to aggressive expense reduction initiatives. General and administrative expenses as a percentage of sales decreased in the second quarter of 2011 to 6.0% from 6.2% in the second quarter of 2010.

Willi-Food's income before taxes for the second quarter of 2011 increased 19.8% to NIS 9.3 million (US\$ 2.7 million) over the second quarter of 2010. Income from continuing operations for the second quarter of 2011 increased 21.9% to NIS 7.3 million (US\$ 2.1 million) over the second quarter of 2010.

Willi-Food's net income in the second quarter of 2011 increased 7.1% to NIS 7.3 million (US\$ 2.1 million) from NIS 6.8 million (US\$ 2.0 million) recorded in the second quarter of 2010. Willi-Food's net income attributed to the owners of the Company in the second quarter of 2011 increased 13.1% to NIS 7.0 million (US\$ 2.0 million), or NIS 0.51 (US\$ 0.15) per share, compared to NIS 6.2 million (US\$ 1.8 million), or NIS 0.45 (US\$ 0.13) per share, recorded in the second quarter of 2010.

Willi-Food generated NIS 8.7 million (US\$ 2.6 million), or NIS 0.64 (US\$ 0.19) per share from continuing operating activities in the second quarter of 2011.

Willi-Food ended the second quarter of 2011 with NIS 188.9 million (US\$ 55.3 million) in cash and securities and NIS 4.1 million (US\$ 1.2 million) in short-term debt (51% of the debt of Shamir Salads). Willi-Food's shareholders' equity at the end of June 2011 was NIS 320.4 million (US\$ 93.8 million).

Six-Month Results

Willi-Food's sales for the six-month period ending June 30, 2011 increased by 1.0% to NIS 179.3 million (US\$ 52.5 million) compared to sales of NIS 177.6 million (US\$ 52.0 million) in the first half of 2010. Business Outlook

Mr. Zwi Williger, President and COO of Willi-Food commented, "We are very pleased with overall performance and with our second quarter 2011 results, especially in the current challenging environment of increased competition resulting from customers demanding to reduce prices despite of the global food commodity purchase prices inflation. We have grown sales and gross profits while controlling SG&A expense growth. Second quarter gross profits grew nearly 20% and operating income grew nearly 72%, despite the huge pressure coming from the supermarket chains to reduce prices and despite the well-known pressures in commodity costs being felt around the world. Throughout 2010 and 2011 we have introduced great-tasting, higher margin food products which we develop together with our suppliers. We implemented our plan to increase the awareness to our newly added products, by initiating hard sale activities that we believe created broad awareness to our new and old products and broaden our customer base. That has helped us achieve our goals to strengthen our position in the market, due to our broad range of quality food products."
