Gilat Awarded \$30 Million Project by Peru's Fitel in Support of the
Integracion Amazonica Loreto Initiative

- Project includes deployment and operation of microwave infrastructure and wireless service to 70 communities along the most remote section of the Amazonas River in Peru -

PETAH TIKVA, Israel, 19 December 2013 – Gilat Satellite Networks Ltd. (Nasdaq:GILT), a worldwide leader in satellite networking technology, solutions and services, today announced that it has been awarded a project valued at \$30 million as part of the Integracion Amazonica Loreto initiative. The contract for the project is expected to be signed shortly.

The majority of the award is for the design, setup and implementation of the network, which is expected to be executed within the first year. The remainder is for the operation and maintenance of the network for a period of ten years.

In this project, Gilat will implement a high-capacity broadband network between Iquitos and the town of Isla Santa Rosa, to enable internet and telephony services for the inhabitants in 70 communities in the Loreto region.

“We are happy that Fitel has chosen Gilat again as the operator for this challenging project,” said Erez Antebi, CEO of Gilat Satellite Networks. “We look forward to continuing our commitment and record of successful delivery to Fitel to bring communication services to the most remote areas of the country, while contributing to social inclusion, education, development and employment in these areas.”

About Gilat

Gilat Satellite Networks Ltd. (Nasdaq:GILT) (TASE:GILT) is a leading provider of products and services for satellite-based broadband communications. Gilat develops and markets a wide range of high-performance satellite ground segment equipment and VSATs, with an increasing focus on the consumer and Ka-band market. In addition, Gilat enables mobile SOTM (Satellite- on-the-Move) solutions providing low-profile antennas, next generation solid-state power amplifiers and modems. Gilat also provides managed network and satellite-based services for rural telephony and Internet access via its subsidiaries in Peru and Colombia.

With over 25 years of experience, and over a million products shipped to more than 85 countries, Gilat has provided enterprises, service providers and operators with efficient and reliable satellite-based connectivity solutions, including cellular backhaul, banking, retail, e-government and rural communication networks. Gilat also enables leading defense, public security and news organizations to implement advanced, on-the-move tactical communications on board their land, air and sea fleets using Gilat's high-performance SOTM solutions.
