Company Press Release

NOVA ANNOUNCES 2014 THIRD QUARTER RESULTS

Year-to-Date GAAP Net Income More Than Doubles

REHOVOT, Israel, October 29, 2014 - Nova Measuring Instruments (Nasdaq: NVMI), a leading innovator and a key provider of optical metrology solutions for advanced process control used in semiconductor manufacturing, today reported 2014 third quarter results.

Quarterly Highlights:

- Quarterly revenues of \$27.4 million, up 6% from \$25.8 million a year ago
- Quarterly gross margin of 54%, compared with 51% a year ago
- Quarterly net income of \$3.3 million, up 46% from \$2.2 million a year ago
- Increased deliveries to support growing DRAM demand
- Selected by a leading logic manufacturer to support its 10nm and 7nm nodes
- Increased revenue stream from new SW solutions

GAAP Results (\$K)

	Q3 2014	Q2 2014	Q3 2013
Revenues	\$ 27,350	\$ 32,785	\$ 25,771
Net Income	\$ 3,269	\$ 5,694	\$ 2,240
Earnings per Diluted Share	\$ 0.12	\$ 0.20	\$ 0.08

A reconciliation between GAAP operating results and non-GAAP operating results is provided following the financial statements that are part of this release. Non-GAAP results exclude adjustments of deferred tax assets and stock based compensation expenses.

## Management Comments

“We posted solid quarterly results with revenue performance in line with our guidance and profits better than market expectations,” commented Eitan Oppenheim, President and CEO of Nova. “Our profitability this quarter demonstrates that we are effectively executing our growth plan while maintaining the operational efficiency and flexibility needed to match industry cycles. Our business model enables us to continue investing extensively in our development programs in order to maintain long term innovation leadership and continuous growth.”

“Nova continues to navigate through the industry’s near-term challenges while increasing focus on profitability and technology leadership. We were successful this quarter in diversifying our customer base, winning a competitive selection for 10/7 nm and accelerating our software revenue stream,” added Mr. Oppenheim. “The anticipated transitions to advanced nodes during next year, along with our growing customers’ presence, reinforce our confidence that we are well positioned to capture the growing opportunities during 2015.”

## Third Quarter 2014 Results

Total revenues for the third quarter of 2014 were \$27.4 million, an increase of 6% relative to the third quarter of 2013, and a decrease of 17% relative to the second quarter of 2014.

Gross margin for the third quarter of 2014 was 54%, compared with 51% in the third quarter of 2013 and 54% in the second quarter of 2014.

Operating expenses in the third quarter of 2014 were \$11.5 million, an increase of 5% relative to the third quarter of 2013, and a decrease of 4% relative to the second quarter of 2014.

On a GAAP basis, the company reported net income of \$3.3 million, or \$0.12 per diluted share, in the third quarter of 2014. This compares to a net income of \$2.2 million, or \$0.08 per diluted share, in the third quarter of 2013, and a net income of \$5.7 million, or \$0.20 per diluted share, in the second quarter of 2014.

On a Non-GAAP basis, which excludes adjustments of deferred tax assets and stock based compensation expenses, the company reported net income of \$3.9 million, or \$0.14 per diluted share, in the third quarter of 2014. This compares to a net income of \$2.7 million, or \$0.10 per diluted share, in the third quarter of 2013, and a net income of \$6.1 million, or \$0.22 per diluted share, in the second quarter of 2014.

This press release provides financial measures that exclude non-cash charges for stock-based compensation expenses, deferred income tax expenses, income from insurance claim and loss related to equipment and inventory damage and are therefore not calculated in accordance with generally accepted accounting principles (GAAP). Management believes that these non-GAAP financial measures provide meaningful supplemental information regarding Nova's performance because they reflect our operational results and enhances management's and investors' ability to evaluate Nova's performance before charges or benefits considered by management to be outside Nova's ongoing operating results.

The presentation of this non-GAAP financial information is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP. Management believes that it is in the best interest of its investors to provide financial information that will facilitate comparison of both historical and future results and allows greater transparency to supplemental information used by management in its financial and operational decision making. A reconciliation of each GAAP to non-GAAP financial measure discussed in this press release is contained in the accompanying financial tables.

This press release contains forward-looking statements within the meaning of safe harbor provisions of the Private Securities Litigation Reform Act of 1995 relating to future events or our future performance, such as statements regarding trends, demand for our products, expected deliveries, transaction, expected revenues, operating results, earnings and profitability. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied in those forward looking statements. These risks and other factors include but are not limited to: our dependency on two product lines; our

dependency on a small number of large customers and small number of suppliers; the highly cyclical nature of the markets we target; our inability to reduce spending during a slowdown in the semiconductor industry; our ability to respond effectively on a timely basis to rapid technological changes; our dependency on PEM; risks related to exclusivity obligations and non-limited liability that may be included in our commercial agreements and arrangements; our ability to retain our competitive position despite the ongoing consolidation in our industry; risks related to our dependence on a single manufacturing facility; risks related to the extremely competitive market we are operation in; risks related to changes in our order backlog; risks related to the financial, political and environmental instabilities in Asia; risks related to our intellectual property; new product offerings from our competitors; unanticipated manufacturing or supply problems; changes in tax requirements; changes in customer demand for our products; risks related to currency fluctuations and risks related to our operations in Israel. We cannot guarantee future results, levels of activity, performance or achievements. The matters discussed in this press release also involve risks and uncertainties summarized under the heading “Risk Factors” in Nova’s Annual Report on Form 20-F for the year ended December 31, 2013 filed with the Securities and Exchange Commission on February 28, 2014. These factors are updated from time to time through the filing of reports and registration statements with the Securities and Exchange Commission. Nova Measuring Instruments Ltd. does not assume any obligation to update the forward-looking information contained in this press release.
