Reliance should not be placed on such statements because they involve known and unknown risks, uncertainties and other factors which are in some cases beyond the control of the Company, together with its subsidiaries (the "Group"), and may cause the actual results, performance or achievements of the Group to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements (and from past results, performance or achievement). Certain factors that may cause such differences include but are not limited to the following: (1) any major disruption in production at our key facilities; (2) changes in the environmental, tax and other laws and regulations, which, among other things, could cause us to incur substantial additional capital expenditures and operation and maintenance costs; and (3) adverse changes in the markets for our products, including as a result of increased competition in the highly competitive international markets for such products. These and other risks, uncertainties and factors are discussed in the Company's Registration Statement on Form F-1 and other filings with the Securities and Exchange Commission, including this Form 6-K. RESTRUCTURING UPDATE

Update on Current Creditor Voting Intentions

-Marconi plc today announces positive voting intentions expressed ahead of the scheme creditor meetings to be held on 25 April 2003.

-John Devaney, Chairman of Marconi plc, said "The current voting intentions are overwhelmingly in favour of the schemes proceeding and we are pleased to see creditors participating in such large numbers. The completion of our financial restructuring is now well within sight."

London - 22 April 2003 - On 18 March 2003 Marconi plc ("plc") (MONI) announced that it had filed with the High Court of Justice of England and Wales (the "Court") proposals in relation to the proposed financial restructuring (the "Restructuring") of plc and its wholly-owned subsidiary Marconi Corporation plc ("Corp").

On 31 March 2003 plc announced that the Court had ordered the convening of separate meetings of scheme creditors of plc ("plc Scheme Creditors") and Corp ("Corp Scheme Creditors") in order to consider and, if thought appropriate, approve the schemes of arrangement in relation to each of plc and Corp (the "Schemes").

To become effective, the Schemes must be approved by a majority in number representing 75 per cent in value of the scheme creditors present and voting (either in person or by proxy) (the "Requisite Majorities") at the respective Scheme meetings. The Corp Scheme is not conditional on the plc Scheme becoming effective. However, the plc Scheme will not become effective unless the Corp Scheme becomes effective.

Edgar Filing: MARCONI PLC - Form 6-K

As part of the arrangements to effect the Restructuring, Corp agreed to provide interim security to its principal lenders, being the syndicate banks (in their capacities as syndicate banks, bilateral lenders to Corp and beneficiaries of guarantees from Corp (in such capacities, "Bank Creditors")) and the holders of the Bonds from time to time (apart from plc's wholly owned subsidiary Ancrane) and the Bond trustees (together, "Secured Bondholders") and Barclays Bank PLC (as the only ESOP derivative bank which committed to support the Restructuring prior to 15 October 2002). The interim security was taken over cash held by Highrose Limited, a special purpose subsidiary of Corp, in accounts held with third party banks (the "Lockbox Accounts"). The interim security arrangements took effect on 13 September 2002 and were amended on 13 December 2002 and 28 March 2003.

The interim security will be released on 24 April 2003 unless a majority in principal amount of the Bank Creditors and Secured Bondholders have determined that the Corp Scheme is not likely to be supported by the Requisite Majorities.

In order to assist the Bank Creditors and Secured Bondholders in determining whether or not the Corp Scheme is likely to be supported by the Requisite Majorities, plc has agreed to provide details of the current voting profile for the Corp Scheme. plc has also agreed to provide details of the current voting profile for the plc Scheme.

The figures set out below represent the current voting intentions as at 9.00am (London time) on 22 April 2003. The voting intentions may change prior to the actual Scheme meetings as new votes may be received and previously expressed intentions may be changed. The lodging of a form of proxy does not prevent a Scheme Creditor from revoking such proxy and delivering a new form of proxy or from attending the relevant scheme meeting and voting in person.

CORP SCHEME

plc has been informed that as at 9.00am (London time) on 22 April 2003, the current voting intention in connection with the Corp Scheme is in excess of 99% by value and in excess of 95% by number, (representing over 1,000 votes) of those who have expressed their voting intention, in favour, representing in excess of 90% by value of total Corp Scheme claims eligible to vote at the meeting.

PLC SCHEME

plc has been informed that as at 9.00am (London time) on 22 April 2003, the current voting intention in connection with the plc Scheme is in excess of 99% by value and in excess of 95% by number, (representing over 1,000 votes) of those who have expressed their voting intention, in favour, representing in excess of 90% by value of total plc Scheme claims eligible to vote at the meeting.

In light of the above voting intentions, it is currently expected that the interim security will be released ahead of the Scheme meetings which are to be held on 25 April 2003.
