### **Hanson PLC - DIRECTORS' / PDMRs' SHARE INTERESTS**

#### **Vesting of March 1, 2003 Awards under Hanson Long Term Incentive Plan (the "LTIP") and Grants under Hanson Share Option Plan (the "Option Plan")**

Following the end of the three year performance period for the conditional awards of shares made and conditional options granted on March 1, 2003 under the LTIP and Option Plan, respectively, on March 1, 2006 approximately 2.7 million Hanson ordinary shares of 10p each ("shares") vested in favour of approximately 280 LTIP participants and approximately 0.7 million shares vested in favour of 28 Option Plan participants (ie became capable of being exercised at a subscription price of 290.4p per share).

There were two performance measures to be satisfied for participants to become entitled under the Plans.

Half of the conditional awards of shares under the LTIP and half of the conditional grant of options under the Option Plan were dependent on Hanson's total shareholder return ("TSR") (ie the average share price adjusted for the reinvestment of dividends) over a three year performance period, compared to the members of an international peer group of 15 companies, including Hanson. Hanson's TSR for this performance period exceeded 8 of the members of the

## Edgar Filing: HANSON PLC - Form 6-K

comparator group and, in accordance with the performance criteria, 47% of the conditional awards / grants of options subject to the TSR performance measure vested on March 1, 2006.

The remaining half of the conditional awards of shares under the LTIP and the remaining half of the conditional grant of options under the Option Plan were subject to the attainment of an economic value added target. For the economic value added measure, a linear vesting schedule applied and the £26.7 million improvement in economic value added over the three year performance period means that 65% of the conditional awards / grants of option subject to the economic value added performance measure vested on March 1, 2006.

Overall, 56% of the conditional awards under the LTIP and 56% of the conditional grants of option under the Option Plan vested, with the balance of the awards and grants, respectively, lapsing.

Details of the participation of the executive directors and PDMRs of Hanson in the LTIP vesting are set out below:-
