management believes is representative of the appropriate interest component of rent expense, currently deemed to be one third, and the amount of pre-tax earnings required to pay preferred stock dividends.

## **RISK FACTORS**

The prospectus supplement applicable to each type or series of securities we or the selling stockholder offer will contain a discussion of risks applicable to an investment in our company and industry and to the particular types of securities that we or the selling stockholder are offering under that supplement. Prior to making a decision about investing in our securities, you should carefully consider the specific factors discussed under the caption **Risk Factors** in the applicable prospectus supplement, together with all of the other information contained in the prospectus supplement or appearing or incorporated by reference in the registration statement of which this prospectus is a part.

## **DESCRIPTION OF DEBT SECURITIES**

The following description sets forth some general terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which such general provisions may not apply to the debt securities so offered will be described in the prospectus supplement relating to such debt securities. For more information please refer to the applicable indenture. Capitalized terms used in this prospectus that are not defined will have the meanings given to them in these documents.

Any senior debt securities will be issued under a senior indenture to be entered into between us and the trustee named in the senior indenture, also referred to as the **senior trustee**. Any subordinated debt securities will be issued under a subordinated indenture to be entered into between us and the trustee named in the subordinated indenture, also referred to as the **subordinated trustee**. As used in this registration statement, the term **indentures** refers to both the senior indenture and the subordinated indenture, as applicable. Both indentures will be qualified under the Trust Indenture Act. As used in this registration statement, the term **trustee** refers to either the senior trustee or the subordinated trustee, as applicable.

The following summaries of some material provisions of the senior debt securities, the subordinated debt securities, and the indentures are subject to, and qualified in their entirety by reference to, all the provisions of the indenture and any supplemental indenture applicable to a particular series of debt securities, including the definitions in this registration statement of some terms. Except as otherwise indicated, the terms of any senior indenture and subordinated indenture, as applicable, will be identical.

### **General**

The terms of each series of debt securities will be established by or pursuant to a resolution of our board of directors and by a supplemental indenture. We will describe the particular terms of each series of debt securities in a prospectus supplement relating to that series.

## Edgar Filing: AVIALL INC - Form S-3

In particular, each prospectus supplement will describe the following terms relating to a series of debt securities as specified in a supplemental indenture:

the title and aggregate principal amount of the debt securities;

whether the debt securities are senior debt securities or subordinated debt securities and the terms of subordination;

**Table of Contents**

any provisions granting special rights to you when a specified event occurs;

any limit on the amount of debt securities that may be issued;

whether any of the debt securities will be issuable in whole or in part in temporary or permanent global form or in the form of book entry securities and, in such case, the identity for the depository for such series;

the maturity date(s) of the debt securities;

the annual interest rate(s) (which may be fixed or variable) or the method for determining the rate(s) and the date(s) interest will begin to accrue on the debt securities, the date(s) interest will be payable, and the regular record date(s) for interest payment date(s) or the method for determining the record date(s);

the place(s) where payments with respect to the debt securities shall be payable;

our right, if any, to defer payment of interest on the debt securities and the maximum length of any deferral period;

the date, if any, after which, and the price(s) at which, the series of debt securities may, pursuant to any optional redemption provisions, be redeemed at our option, and other related terms and provisions;

the date(s), if any, on which, and the price(s) at which, if applicable, we are obligated, pursuant to any mandatory sinking fund provisions or otherwise, to redeem, or at your option to purchase in whole or in part, the series of debt securities and other related terms and provisions;

the denominations and currency in which the series of debt securities will be issued, if other than denominations of \$1,000 (or the equivalent amount in foreign currency) and any integral multiple thereof;

any mandatory or optional sinking fund or similar provisions respecting the debt securities;

the currency or currency units in which payment of the principal of, premium, if any, and interest on the debt securities shall be payable;

whether and under what circumstances we will pay additional amounts on any debt securities held by a person who is not a United States person for tax or other regulatory purposes and whether we can redeem the debt securities rather than pay these additional amounts;

the terms pursuant to which the debt securities are subject to defeasance and satisfaction and discharge;

any addition to, or modification or deletion of, any event of default or any covenant specified in the applicable indenture and supplement with respect to the debt securities;

the terms and conditions, if any, pursuant to which the debt securities are secured; and

## **Table of Contents**

any other terms of the debt securities.

The debt securities may be issued as original issue discount securities as described in a prospectus supplement. An original issue discount security is a debt security, including any zero coupon debt security, which:

is issued at a price lower than the amount payable upon its stated maturity; and

provides that upon redemption or acceleration of the maturity, an amount less than the amount payable upon the stated maturity, shall become due and payable.

United States federal income tax considerations applicable to debt securities sold at an original issue discount security will be described in the applicable prospectus supplement. In addition, United States federal income tax or other considerations applicable to any debt securities which are denominated in a currency or currency unit other than United States dollars may be described in the applicable prospectus supplement.

Unless otherwise specified in a supplemental indenture, under the indentures, we will have the ability, in addition to the ability to issue debt securities with terms different from those of debt securities previously issued, without your consent, to reopen a previous issue of a series of debt securities and issue additional debt securities of that series, unless such reopening was restricted when the series was created, in an aggregate principal amount determined by us.

## **Conversion or Exchange of Rights**

The terms, if any, on which a series of debt securities may be convertible into or exchangeable for our common stock or other of our securities will be detailed in the prospectus supplement relating thereto. Such terms will include provisions as to whether conversion or exchange is mandatory, at your option, or at our option, and may include provisions pursuant to which the number of shares of our common stock or of our other securities to be received by you and other holders of such series of debt securities would be subject to adjustment.

## **Guarantees**

Any senior or subordinated debt securities may be guaranteed by one or more of our direct and indirect subsidiaries. Each prospectus supplement will describe any guarantees for the benefit of the series of debt securities to which it relates.

## **Consolidation, Merger or Sale**

Unless noted otherwise in a prospectus supplement, the indentures and the supplemental indentures will not contain any covenant which restricts our ability to merge or consolidate, or sell, convey, transfer, or otherwise dispose of all or substantially all of our assets. However, any successor or acquirer of all or substantially all of our assets must assume all of our obligations under the indentures and any supplemental indentures or the

debt securities, as appropriate.

## **Table of Contents**

### **Events of Default under the Indentures**

Unless otherwise specified in a supplemental indenture, an event of default typically will occur under the indentures with respect to any series of debt securities issued upon:

failure to pay interest on the debt securities when due if such failure continues for 30 days and the time for payment has not been extended or deferred;

failure to pay the principal or premium of the debt securities, if any, when due;

failure to deposit any sinking fund payment, when due, for any debt security and in the case of the subordinated indenture, whether or not the deposit is prohibited by the subordination provisions;

failure to observe or perform any other covenant contained in the debt securities or the indentures other than a covenant specifically relating to another series of debt securities, if such failure continues for 60 days after we receive notice from a trustee or holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series;

if the debt securities are convertible into shares of our common stock or other of our securities, failure by us to deliver common stock or the other securities when you and other holders of the debt securities elect to convert the debt securities into shares of our common stock or other of our securities; and

particular events of bankruptcy, insolvency, or reorganization.

The supplemental indentures or the form of security for a particular series of debt securities may include additional events of default or changes to the events of default described above. For any additional or different events of default applicable to a particular series of debt securities, see the prospectus supplement relating to such series.

Subject to the provisions of the supplemental indentures, an event of default for a particular series of debt securities may, but does not necessarily, constitute an event of default for any other series of debt securities.

Unless otherwise specified in a supplemental indenture, if an event of default with respect to debt securities of any series occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series, by notice in writing to us and to the trustee if notice is given by such holders, may declare the unpaid principal, premium, if any, and accrued interest, if any, due and payable immediately.

Subject to the provisions of the supplemental indentures, the holders of a majority in principal amount of the outstanding debt securities of an affected series may waive any default or event of default with respect to such series and its consequences, except defaults or events of default regarding payment of principal, premium, if any, or interest on the debt securities. Any such waiver shall cure such default or event of default.

## Edgar Filing: AVIALL INC - Form S-3

Subject to the provisions of the supplemental indentures, in the case of any series of subordinated debt securities, the amounts collected by a trustee from us as a result of an event of default must first be applied towards the payment of any senior series of debt securities.

## **Table of Contents**

Subject to the terms of the supplemental indentures, if an event of default under an indenture shall occur and be continuing, the trustee named in such indenture will be under no obligation to exercise any of its rights or powers under such indenture at your request or direction or that of any other holders of the applicable series of debt securities, unless you or such holders have offered the trustee reasonable indemnity. The holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series, provided that:

it is not in conflict with any law or the applicable indenture;

the trustee may take any other action deemed proper by it which is not inconsistent with such direction; and

subject to its duties under the Trust Indenture Act, the trustee need not take any action that might involve it in personal liability or might be unduly prejudicial to the holders not involved in the proceeding.

Subject to the terms of the supplemental indentures, as a holder of the debt securities of any series, you will only have the right to institute a proceeding or to appoint a receiver or trustee, or to seek other remedies if:

you have given written notice to the trustee of a continuing event of default with respect to that series;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request, and have offered reasonable indemnity to the trustee to institute such proceedings as trustee; and

the trustee does not institute such proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series other conflicting directions within 60 days after such notice, request, and offer. These limitations do not apply to a suit instituted by you if we default in the payment of the principal, premium, if any, or interest on, your debt securities.

Subject to the terms of the supplemental indentures, we will periodically file statements with the trustee regarding our compliance with all of the conditions and covenants in the indentures.

## **Modification of Indentures**

We and a trustee may change an indenture without your consent with respect to specific matters, including:

to cure any ambiguity, omission, defect, or inconsistency in such indenture;

to provide for the assumption by a successor person of our obligations under such indenture;

## Edgar Filing: AVIALL INC - Form S-3

to add guarantees, including subsidiary guarantees, with respect to debt securities or to release subsidiary guarantors from subsidiary guarantees as provided by the terms of an indenture or to secure debt securities;

**Table of Contents**

to add to the covenants for your benefit or to surrender any right or power conferred upon us;

to change anything that does not materially adversely affect your interests as a holder of debt securities of any series; or

to comply with any requirement of the SEC in connection with the qualification of an indenture under the Trust Indenture Act.

In addition, under the indentures, but subject to the terms of the supplemental indenture, your rights as a holder of a series of debt securities may be changed by us and a trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series that is affected. However, the following changes may only be made with the consent of each holder of any outstanding debt securities affected:

change the fixed maturity of such series of debt securities;

reduce the principal amount, reduce the rate of, or extend the time of payment of interest, or any premium payable upon the redemption of any such debt securities;

reduce the amount of principal of an original issue discount security or any other debt security payable upon acceleration of the maturity thereof;

a change in the currency in which any debt security or any premium or interest is payable;

### **Form, Exchange and Transfer**

The debt securities of each series will be issuable only in fully registered form without coupons and, unless otherwise specified in the applicable prospectus supplement, in denominations of \$1,000 (or the equivalent amount in foreign currency) and any integral multiple thereof. Subject to the terms of the supplemental indentures, the indentures will provide that debt securities of a series may be issuable in temporary or permanent global form and may be issued as book entry securities that will be deposited with, or on behalf of, The Depository Trust Company or another depository we name and identify in a prospectus supplement with respect to such series.

At your option, subject to the terms of the supplemental indentures and the limitations applicable to global securities described in the applicable prospectus supplement, debt securities of any series will be exchangeable for other debt securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the supplemental indentures and the limitations applicable to global securities detailed in the applicable prospectus supplement, debt securities may be presented for exchange or for registration of transfer (duly endorsed or with the form of transfer endorsed thereon duly executed if so required by us or the security registrar) at the office of the security registrar or at the office of any transfer agent designated by us for such purpose. Unless otherwise provided in the debt securities to be transferred or exchanged, no service charge will be made for any registration of transfer or exchange, but we may require payment of any taxes or other governmental charges. The security registrar and any transfer agent (in addition to the security registrar) initially designated by us for any debt securities will be named in the applicable prospectus supplement. We may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the debt securities of each series.

Subject to the terms of the supplemental indentures, if the debt securities of any series are to be redeemed, we will not be required to:

issue, register the transfer of, or exchange any debt securities of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any such debt securities that may be selected for redemption and ending at the close of business on the day of such mailing; or

register the transfer of or exchange any debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any such debt securities being redeemed in part.

### **Information Concerning Trustees**

A trustee, other than during the occurrence and continuance of an event of default under an indenture, undertakes to perform only such duties as are specifically detailed in the indentures and, upon an event of default under an indenture, must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, a trustee is under no obligation to exercise any of the powers given it by the indentures at the request of any holder of debt securities unless it is offered reasonable security and indemnity against the costs, expenses, and liabilities that it might incur. A trustee is not required to spend or risk its own money or otherwise become financially liable while performing its duties unless it reasonably believes that it will be repaid or receive adequate indemnity.

### **Payment and Paying Agents**

Unless otherwise indicated in the applicable prospectus supplement, payment of the interest on any debt securities on any interest payment date will be made to the person in whose name such debt securities (or one or more predecessor securities) are registered at the close of business on the regular record date for such interest.

Principal of and any premium and interest on the debt securities of a particular series will be payable at the office of the paying agents designated by us, except that unless otherwise indicated in the applicable prospectus supplement, interest payments may be made by check mailed to the holder. Unless otherwise indicated in such prospectus supplement, the corporate trust office of a trustee in The City of New York will be designated as our sole paying agent for payments with respect to debt securities of each series. Any other paying agents initially designated by us for the debt securities of a particular series will be named in the applicable prospectus supplement. We will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

All moneys paid by us to a paying agent or a trustee for the payment of the principal of or any premium or interest on any debt securities which remains unclaimed at the end of two years after such principal, premium, or interest has become due and payable will be repaid to us, and the holder of the security thereafter may look only to us for payment thereof.

### **Governing Law**

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York except for conflicts of laws provisions and to the extent that the Trust Indenture Act shall be applicable.

### **Subordination of Subordinated Debt Securities**

Unless noted otherwise in a prospectus supplement, any subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to some of our other indebtedness to the extent described in a prospectus supplement. Additionally, unless noted otherwise in a prospectus supplement, the subordinated indenture will not limit the amount of subordinated debt securities which
