Dear Class B Shareholders:

You are cordially invited to attend a special meeting of the holders of Class B common stock of Chicago Mercantile Exchange Holdings Inc. The meeting will be held at 3:30 p.m., Central Time, on Tuesday, March 16, 2004, in the Michigan Ballroom at UBS Tower, located at One North Wacker Drive, Chicago, Illinois.

At the special meeting, you will be asked to consider and vote on the following proposal:

To give the Board of Directors the authority, but not the obligation, to transition trading in an orderly fashion in the first and second near-by quarterly expiration Eurodollar futures contract months to our GLOBEX[®] electronic trading system as follows:

(1) in the first near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the first near-by quarterly expiration Eurodollar futures contract during regular trading hours, RTH:

(i) is less than 25 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or

(ii) for the period subsequent to April 30, 2004, is less than 25 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week); and

(2) in the second near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the second near-by quarterly expiration Eurodollar futures contract during RTH:

(i) is less than 20 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

(ii) for the period subsequent to April 30, 2004, is less than 20 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week).

As of April 30, 2004, the first near-by quarterly expiration Eurodollar futures contract will be the June 2004 contract and the second near-by quarterly expiration Eurodollar futures contract will be the September 2004 contract. Total RTH trading volume in the applicable contract month will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contract months. In addition, with respect to the second near-by quarterly expiration Eurodollar futures contract month, we will suspend the calculation for the four weeks immediately following the expiration of the near-by futures contract.

Under our certificate of incorporation, we are required to maintain open outcry floor trading on our Exchange for a particular traded product, including our Eurodollar futures contracts, as long as the open outcry market is liquid. While moving the first two near-by quarterly expiration Eurodollar futures contract months is not considered the closing of Eurodollar open outcry floor trading, the Board has determined that it is in the best interests of the company and its Class B shareholders to seek the approval of our Class B shareholders. Our Board of Directors has carefully considered the proposal and believes that it is necessary to achieve important

business objectives and is in the best interest of all of our shareholders. **Our Board of Directors has approved the proposal and recommends that you vote FOR the proposal at the special meeting.**

This solicitation is being made on behalf of the Board of Directors of Chicago Mercantile Exchange Holdings Inc. This letter and the accompanying proxy statement and proxy card are first being mailed to holders of our Class B common stock on or about February 24, 2004. The accompanying proxy statement describes the proposal in more detail. We encourage you to read the entire document carefully. Questions about the special meeting or the proposal may be directed to our dedicated information lines at (312) 930-3220 or toll-free at (866) 332-3220.

Your vote is very important. You are entitled to notice of and to vote at the special meeting only if you were a shareholder of record of our Class B common stock at the close of business on February 20, 2004. We urge you to vote by completing and returning the enclosed proxy card before the meeting, even if you plan to attend the meeting. You also may vote by telephone or over the Internet by following the instructions on the enclosed proxy card.

Sincerely,

Terrence A. Duffy

Notice of Special Meeting of Holders of Class B Common Stock

March 16, 2004

The special meeting of holders of Class B common stock of Chicago Mercantile Exchange Holdings Inc. will be held at 3:30 p.m., Central Time, on Tuesday, March 16, 2004, in the Michigan Ballroom at UBS Tower, located at One North Wacker Drive, Chicago, Illinois, to consider and vote on the following proposal:

To give the Board of Directors the authority, but not the obligation, to transition trading in an orderly fashion in the first and second near-by quarterly expiration Eurodollar futures contract months to our GLOBEX[®] electronic trading system as follows:

(1) in the first near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the first near-by quarterly expiration Eurodollar futures contract during regular trading hours, RTH:

(i) is less than 25 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or

(ii) for the period subsequent to April 30, 2004, is less than 25 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week); and

(2) in the second near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the second near-by quarterly expiration Eurodollar futures contract during RTH:

(i) is less than 20 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

(ii) for the period subsequent to April 30, 2004, is less than 20 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week).

As of April 30, 2004, the first near-by quarterly expiration Eurodollar futures contract will be the June 2004 contract and the second near-by quarterly expiration Eurodollar futures contract will be the September 2004 contract. Total RTH trading volume in the applicable contract month will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contract months. In addition, with respect to the second near-by quarterly expiration Eurodollar futures contract month, we will suspend the calculation for the four weeks immediately following the expiration of the near-by futures contract.

The proposal is being submitted to a vote of the holders of Class B common stock. In the proxy statement, we refer to this proposal as the proposal. No other business will be transacted at the special meeting other than possible postponements or adjournments of the special meeting.

The accompanying proxy statement describes the proposal in more detail. We encourage you to read the entire document carefully.

You are entitled to notice of and to vote at the special meeting only if you were a shareholder of record of Chicago Mercantile Exchange Holdings Inc. Class B common stock at the close of business on February 20, 2004.

Your vote is important. We urge you to vote your shares promptly, even if you plan to attend the meeting. You may vote over the Internet, by telephone or by returning the enclosed proxy card. Specific instructions on how to vote can be found on the proxy card. Our proxy tabulator, Computershare Investor Services, must receive any proxy that will not be delivered in person to the special meeting by noon, Central Time, on Tuesday, March 16, 2004 in order for your vote to be counted.

By Order of the Board of Directors,

Proxy Statement

GENERAL INFORMATION

When and where is the special meeting?

The special meeting of holders of Class B common stock of Chicago Mercantile Exchange Holdings Inc. will be held on Tuesday, March 16, 2004, at 3:30 p.m., Central Time, in the Michigan Ballroom at UBS Tower, located at One North Wacker Drive, Chicago, Illinois. In this proxy statement, we refer to Chicago Mercantile Exchange Holdings Inc. as CME Holdings. In this proxy statement, the terms we, us and our refer to CME Holdings.

All holders of Class B common stock on February 20, 2004, the record date for the special meeting, are invited to attend the special meeting. If you attend, you may be asked to present valid picture identification, such as a driver's license or passport. Shareholders will not be allowed to use cameras, recording devices and other electronic devices at the meeting.

What is the Board of Directors proposing?

We are asking you to give the Board of Directors the authority, but not the obligation, to transition trading in the first and second near-by quarterly expiration Eurodollar futures contract months in an orderly fashion to our GLOBEX® electronic trading system as follows:

(1) in the first near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the first near-by quarterly expiration Eurodollar futures contract during regular trading hours, RTH:

(i) is less than 25 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or

(ii) for the period subsequent to April 30, 2004, is less than 25 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week); and

(2) in the second near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the second near-by quarterly expiration Eurodollar futures contract during RTH:

(i) is less than 20 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or

(ii) for the period subsequent to April 30, 2004, is less than 20 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week).

As of April 30, 2004, the first near-by quarterly expiration Eurodollar futures contract will be the June 2004 contract and the second near-by quarterly expiration Eurodollar futures contract will be the September 2004 contract.

How will RTH trading volume be calculated?

Total RTH trading volume in the applicable contract month will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the applicable near-by contract months. As of April 30, 2004, that would mean packs, bundles and spreads, except for spread transactions involving only June 2004 and September 2004 contracts, would be excluded from the calculation of total trading volume. In addition, with respect to the second near-by quarterly expiration Eurodollar futures contract month, we will suspend the calculation for the four weeks immediately following the expiration of the near-by quarterly contract.

Why are we being asked to vote on the proposal?

Under Section 1(b) of Subdivision 2 of Division B of Article Four of our certificate of incorporation, any change, amendment or modification of the terms of Section 3 of that Subdivision 2 shall be submitted to a vote of the holders of our Class B common stock for their consideration and approval. Section 3 contains the Exchange's commitment to maintain floor trading as long as an open outcry market is liquid. While the moving of the first two near-by quarterly expiration Eurodollar contract months is not considered a closing of Eurodollar open outcry floor trading, the Board has determined that it is in the best interests of company and its Class B shareholders to seek the approval of our Class B shareholders. Therefore, we are asking all holders of our Class B common stock to vote on the proposal. We are not amending our charter.

What is the recommendation of the Board of Directors?

Our Board of Directors has approved the proposal and recommends that you vote **FOR** the proposal at the special meeting.

Why is the Board of Directors making the proposal?

Electronic trading is an important element of our strategy and now represents more than half of our revenues. In addition to overall demand for electronic trading, electronic trading of Eurodollars on GLOBEX is growing substantially and rapidly. For example, the volume of electronic trading of our Eurodollar futures contracts in January 2004 increased over 200 percent from the same period one year ago and averaged over 100,000 contracts per day for the first time. For the five trading days ending on, and including February 13, 2004, electronic trading in the June 2004 and September 2004 Eurodollar futures contracts represented approximately 18.92 percent and 15.27 percent, respectively, of total RTH trading volume in the applicable contract month. We believe that if the trading volume in these contracts reaches the applicable percentage thresholds in the proposal, the market will continue to transition naturally. However, if our volume and liquidity on GLOBEX does not meet these thresholds, we need to be able to take steps to effectively compete with other exchanges offering competing Eurodollar futures contracts. For example, Euronext.liffe has stated that it will launch contracts in direct competition with our Eurodollar futures contracts beginning on March 18, 2004. These contracts will trade exclusively on an electronic platform. We believe that the proposal submitted for your approval will provide us with the required flexibility. The proposal is consistent with our strategy and is aimed to ensure the liquidity of our Eurodollar market.

When will the proposal be implemented?

If the proposal is approved and trading in either of the two near-by quarterly expiration Eurodollar futures contract months falls below the established thresholds, the Board of Directors will have the authority, but not the obligation, to transition trading in the affected contract to GLOBEX in an orderly fashion. At that time, the Board of Directors will consider all relevant factors in evaluating whether to implement the proposal and the timing of the implementation.

How will we know what percentage was traded on GLOBEX in each of the two near-by quarterly expiration Eurodollar future contract months during RTH?

We will publish on our Web site the percentage of total RTH trading volume that was traded on GLOBEX in the March 2004, June 2004 and September 2004 Eurodollar futures contracts during RTH during the previous five day trading period, as measured on the last full day of the

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form DEF 14A

trading week. As soon as practicable after the close of business on April 30, 2004, we will announce the total trading volume on GLOBEX in each of the two near-by quarterly expiration Eurodollar future contract months during RTH for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004.

Who is entitled to vote?

You may vote only if you owned shares of Class B common stock of CME Holdings as of the close of business on February 20, 2004, the record date for the special meeting. Holders of our Class A common stock are not entitled to notice of or vote at the special meeting. The table below shows how many shares of our Class B common stock were outstanding on the record date and the number of votes to which each share is entitled on the proposal on which shareholders of our Class B common stock will vote at the special meeting:

Class of	Number of	Number of Votes Per Share
<u>Class B Common Stock</u>	<u>Outstanding Shares</u>	<u>Number of Votes Per Share</u>
Class B-1	625	6
Class B-2	813	2
Class B-3	1,287	1
Class B-4	413	1/6

How do I vote?

You may vote by proxy or in person at the special meeting. If you want to vote by proxy, please complete, sign and date the enclosed proxy card and return it promptly in the enclosed postage-prepaid envelope. You may also cast your vote by telephone by calling the number on your proxy card or electronically over the Internet by going to the Web site designated on your proxy card. If you plan to attend the meeting and vote in person, we will give you a ballot when you arrive.

If you vote by proxy, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. You may specify whether your shares should be voted for, against or abstain on the proposal.

Your vote is important. Whether or not you plan to attend the special meeting, we urge you to vote your shares by completing and returning the enclosed proxy card in the accompanying envelope, casting your vote by telephone or over the Internet. Voting by proxy will not affect your right to attend the meeting and vote your shares in person.

What if I return my proxy card, but do not provide voting instructions?

If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, your shares will be voted **FOR** the proposal.

No other business will be transacted at the special meeting other than possible postponements or adjournments. In the event of a motion to postpone or adjourn the meeting, your proxies will vote in accordance with their best judgment.

Can I change my mind after I vote?

Yes. If you attend the meeting, you may change your vote at any time before the voting closes at the meeting. If you give a proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in the following ways:

You may sign and deliver another proxy with a later date;

You may vote by telephone or over the Internet at a later date;

You may deliver a written revocation to our Corporate Secretary, Kathleen M. Cronin, before the special meeting; or

You may attend the meeting and vote in person.

Your most current vote is the one that is counted. Simply attending the meeting will not automatically revoke your proxy. You must vote in person at the meeting in order to revoke your proxy. If you do not attend the special meeting, your vote or revocation must be received by our proxy tabulator, Computershare Investor Services, by noon, Central Time, on Tuesday, March 16, 2004 to be counted.

Is my vote confidential?

All proxies, ballots and tabulations that identify the vote of a particular shareholder will be kept confidential, except as necessary to allow the inspectors of election to certify the voting results or to meet legal requirements. Representatives of Computershare Investor Services, our transfer agent, will act as the inspectors of election and will count the votes.

Comments written on proxy cards or ballots may be provided by Computershare to our Corporate Secretary, Kathleen M. Cronin, with the name and address of the shareholder. Each comment will be provided without reference to the vote of the shareholder, unless the vote is mentioned in the comment or unless disclosure of the vote is necessary in order to understand the comment. At our request, the inspectors of election may provide us with a list of shareholders who have not voted and periodic status reports on the aggregate vote. These status reports may include breakdowns of vote totals by different types of shareholders, although it is expected that we will not be able to determine how individual shareholders voted.

How many votes are needed to approve the proposal?

Assuming that a quorum is present, a majority of the aggregate votes cast by the holders of the Class B common stock present, in person or by proxy, and voting at the special meeting, is required to approve the proposal. A quorum consists of one-third of the aggregate votes entitled to be cast by the holders of the Class B common stock. Proxies marked `abstain` will have no effect on the outcome of any shareholder vote on the proposal, but will be counted as present for purposes of establishing a quorum.

PROPOSAL

The Board of Directors is asking your approval of the following proposal:

To give the Board of Directors the authority, but not the obligation, to transition trading in an orderly fashion in the first and second near-by quarterly expiration Eurodollar futures contract months to our GLOBEX electronic trading system as follows:

(1) in the first near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the first near-by quarterly expiration Eurodollar futures contract during regular trading hours, RTH:

(i) is less than 25 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or

(ii) for the period subsequent to April 30, 2004, is less than 25 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week); and

(2) in the second near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the second near-by quarterly expiration Eurodollar futures contract during RTH:

(i) is less than 20 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or

(ii) for the period subsequent to April 30, 2004, is less than 20 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week).

As of April 30, 2004, the first near-by quarterly expiration Eurodollar futures contract will be the June 2004 contract and the second near-by quarterly expiration Eurodollar futures contract will be the September 2004 contract. Total RTH trading volume in the applicable contract month will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contract months. In addition, with respect to the second near-by quarterly expiration Eurodollar futures contract month, we will suspend the calculation for the four weeks immediately following the expiration of the near-by futures contract.

Electronic trading is an important element of our strategy and now represents more than half of our revenues. In addition to overall demand for electronic trading, electronic trading of Eurodollars on GLOBEX is growing substantially and rapidly. For example, the volume of electronic trading of our Eurodollar futures contracts in January 2004 increased over 200 percent from the same period one year ago and averaged over 100,000 contracts per day for the first time. For the five trading days ending on, and including February 13, 2004, electronic trading in the June 2004 and September 2004 Eurodollar futures contracts represented approximately 18.92 percent and 15.27 percent, respectively, of total RTH trading volume in the applicable contract month. We believe that if the trading volume in these contracts reaches the applicable percentage thresholds in the proposal, the market will continue to transition naturally. However, if our volume and liquidity on GLOBEX does not meet these thresholds, we need to be able to take steps to effectively compete with other exchanges offering competing Eurodollar futures contracts. For example, Euronext.liffe has stated that it will launch contracts in direct competition with our Eurodollar futures contracts beginning on March 18, 2004. These contracts will trade exclusively on an electronic platform. We believe that the proposal submitted for your approval will provide us with the required flexibility to transition trading to GLOBEX in an orderly fashion. The proposal is consistent with our strategy and is aimed to ensure the liquidity of our Eurodollar market.

Expanding our electronic trading is not a new strategy and the proposal is another step in our approach to increase the trading of our Eurodollar futures contract on GLOBEX. In addition to the proposal, we are also expanding our GLOBEX market maker program in our electronic Eurodollar futures market by increasing the number of market makers allowed in the program and by extending the program to include our regular trading hours session. Additionally, we will enhance our Eurodollar trading complex to expand our open outcry trading facilities, increase floor access to GLOBEX, expand the use of hand held trading devices, waive the GLOBEX fee for certain local traders and reduce the GLOBEX fee for non-member customers to facilitate Eurodollar futures trading in both our GLOBEX and open outcry markets. We believe these programs will increase overall trading activity in our Eurodollar futures contracts and increase Eurodollar futures trading volumes on GLOBEX.

If the proposal is approved and trading in either of the two near-by quarterly expiration Eurodollar futures contract months falls below the established thresholds, the Board of Directors will have the authority, but not the obligation, to transition trading in the affected contract to GLOBEX in an orderly fashion. At that time, the Board of Directors will consider all relevant factors in evaluating whether to implement the proposal and the timing of the implementation.

OUR BOARD OF DIRECTORS RECOMMENDS THAT

YOU VOTE FOR THE PROPOSAL

SECURITY OWNERSHIP OF DIRECTORS AND EXECUTIVE OFFICERS

The following table shows, as of January 30, 2004, the amount of all classes of common stock beneficially owned by each of our directors and our chief executive officer during the last completed fiscal year and the five most highly compensated executive officers other than the chief executive officer at the end of the last completed fiscal year, and by all directors and executive officers as a group. In general, beneficial ownership includes those shares over which a person has the power to vote, or the power to transfer, and stock options that are currently exercisable or will become exercisable within 60 days of January 30, 2004. Except as otherwise noted, the persons named in the table below have sole voting and investment power with respect to all shares shown as beneficially owned by them.

The remainder of Mr. McNulty's Class A-1, Class A-2, Class A-3 and Class A-4 shares represent the shares that Mr. McNulty could acquire if he exercised the unexercised, vested portion of the option. The number of shares is presented to the nearest whole number that could be received based upon the value of the vested, unexercised portion of the option at January 30, 2004. The option was vested with respect to 80% of the shares subject thereto as of February 7, 2003. The remaining 20% did not vest as Mr. McNulty's employment ended on December 31, 2003. The total number of shares is determined assuming Mr. McNulty satisfies the exercise price in cash and CME Holdings elects to settle the option entirely with shares of Class A common stock.
- (17) Includes an aggregate of 404,403 Class A-1, 394,403 Class A-2, 419,852 Class A-3 and 419,852 Class A-4 shares that could be acquired upon the exercise of the vested portions of options held by members of the group.

SECURITY OWNERSHIP BY CERTAIN BENEFICIAL OWNERS

The following table sets forth information regarding each person who, we believe, beneficially owns more than 5% of our outstanding common stock as of January 30, 2004.

- (1) Other than with respect to the election of Class B directors and some matters relating to trading rights associated with Class B shares, holders of both classes of common stock will vote together as a single class on all matters to be presented for a vote of shareholders, unless otherwise required by law. As a holder of only shares of Class A common stock, Waddell & Reed Financial, Inc. is not entitled to vote on the proposal.
- (2) Information as to Waddell & Reed Financial, Inc. is based upon a report on Schedule 13G filed with the SEC on January 30, 2004. Such report was filed by Waddell & Reed Financial, Inc., Waddell & Reed Financial Services, Inc., Waddell & Reed, Inc., Waddell & Reed Investment Management Company and Waddell & Reed Ivy Investment Company and indicates that each shareholder has sole power to vote and beneficial ownership of 1,649,112 (indirect), 1,446,428 (indirect), 1,446,428 (indirect), 1,446,428 (direct), and 202,684 (direct), respectively.

PROXY SOLICITATION

We will pay the costs of soliciting proxies. In addition to mailing proxy solicitation material, our directors and employees also may solicit proxies in person, by telephone or by other electronic means of communication. We will not compensate these directors and employees additionally for this solicitation, but we may reimburse them for any out-of-pocket expenses that they incur in the process of soliciting the proxies. We will arrange for brokers and other custodians, nominees and fiduciaries to forward the solicitation materials to their beneficial owners, and we will reimburse them for any out-of-pocket expenses that they reasonably incur in the process of forwarding the materials. We have retained Morrow & Co., Inc. to aid in the solicitation of proxies. It is estimated that the fee for Morrow & Co. will be approximately \$10,000 plus reasonable out-of-pocket costs and expenses.

By Order of the Board of Directors,

Kathleen M. Cronin

Managing Director, General Counsel and Corporate Secretary

A Election of Directors

The Board of Directors recommends a vote FOR the following proposal.

To give the Board of Directors the authority, but not the obligation, to transition trading in an orderly fashion in the first and second near-by quarterly expiration Eurodollar futures contract months to our GLOBEX® electronic trading system as follows:

For	Against	Abstain
..

- (1) in the first near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the first near-by quarterly expiration Eurodollar futures contract during regular trading hours, RTH:
 - (i) is less than 25 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or
 - (ii) for the period subsequent to April 30, 2004, is less than 25 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week); and
- (2) in the second near-by quarterly expiration Eurodollar futures contract month, if trading volume on GLOBEX in the second near-by quarterly expiration Eurodollar futures contract during RTH:
 - (i) is less than 20 percent of total RTH trading volume in that contract month for the five trading days beginning April 26, 2004 and ending on, and including, April 30, 2004; or
 - (ii) for the period subsequent to April 30, 2004, is less than 20 percent of total RTH trading volume in that contract month during three consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week).

Total RTH trading volume in the applicable contract month will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contract months. In addition, with respect to the second near-by quarterly expiration Eurodollar futures contract month, we will suspend the calculation for the four weeks immediately following the expiration of the near-by futures contract.
