Epicor Plans to File U.S. Registration Statement for Exchange Offer for Scala Business Solutions

AFM Grants Extension until June 11

for Making Offer Documentation Available

IRVINE, Calif., USA, and AMSTERDAM, The Netherlands March 31, 2004 Epicor® Software Corporation (NASDAQ: EPIC) and Scala® Business Solutions NV (Euronext: A.SCALA) today announced that Epicor intends to file a preliminary S-4 registration statement with the SEC during the week of April 5, 2004, relating to Epicor's previously announced exchange offer for Scala.

Based on recent changes in U.S. holdings in Scala shares, the companies have determined that the exemption from U.S. registration requirements in reliance on the SEC's Rule 802 is not available. As a result, Epicor will now pursue U.S. registration of the shares to be issued in the Scala transaction. Under U.S. securities law, Epicor can only commence the exchange offer once the S-4 Registration Statement has been declared effective by the SEC.

The Dutch regulator, AFM (the Netherlands Authority for the Financial Markets), has granted Epicor an extension until June 11, 2004, to make the offer documentation available in The Netherlands, from the previously-granted extension date of March 31. However, Epicor expects to make the offer documentation available and commence the offer period as soon as

the SEC S-4 registration statement becomes effective, which typically takes between 2 and 8 weeks from the date of filing the preliminary S-4 registration statement.

The consideration offered remains unchanged a cash price of US\$1.8230 per Scala share plus 0.1795 shares of Epicor's common stock subject to adjustment, if any, as previously announced.

Both companies reconfirm their commitment to the planned business combination and the numerous synergies and strategic opportunities of the combined entity as previously announced. Epicor's Board of Directors reconfirms its full commitment to this strategic transaction. Scala's Supervisory Board and Managing Board reconfirm their full support for Epicor's public offer, and recommend that shareholders accept it.
