Item 1.01 Entry into a Material Definitive Agreement.

On September 22, 2004, three of our indirect wholly-owned subsidiaries, Vintage Petroleum Canada Investments ULC, a Nova Scotia unlimited liability company, Vintage Canada Oil & Gas ULC, a Nova Scotia unlimited liability company, and Vintage Petroleum South America Holdings, Inc., a Cayman Islands corporation, as sellers, and Midnight Oil & Gas Ltd., an Alberta company (Midnight), as purchaser, entered into a Stock Purchase Agreement (the Stock Purchase Agreement), providing for the sale by such subsidiaries to Midnight of all of the issued and outstanding capital stock of Vintage Petroleum Canada, Inc., an Alberta corporation and an indirect wholly-owned subsidiary of ours (Vintage Canada) (the Transaction). The Stock Purchase Agreement provides for the sale of Vintage Canada, which holds all of our Canadian assets, for cash consideration of Cn\$350 million (or approximately U.S.\$270 million), including estimated working capital of approximately Cn\$27.5 million (or approximately U.S.\$21 million) as of June 30, 2004, the effective date of the Transaction, subject to certain adjustments.

Our Board of Directors and Midnight s Board of Directors have approved the transaction. Closing is scheduled for November 30, 2004, or as soon thereafter as reasonably practicable and in any event not later than December 15, 2004, subject to a financing contingency that Midnight must satisfy by October 6, 2004, the approval by Midnight s shareholders of a proposed Plan of Arrangement to reorganize Midnight into a new energy trust and a new publicly-listed exploration focused natural gas producer, and other customary closing conditions.

A copy of our press release dated September 23, 2004, announcing the Transaction is attached as an exhibit hereto and incorporated herein by reference.

In conjunction with the Transaction, we entered into a forward contract with a commercial bank to sell Cn\$340,000,000 on December 15, 2004, at exchange rate of Cn\$1.27772 to one U.S. dollar. Based on this contract, we will receive U.S.\$266,098,989. The remaining Cn\$10 million of the purchase price that we will receive as earnest money will be converted to U.S. dollars at the spot rate on the days on which we receive it.

Item 8.01. Other Events.

We have previously engaged in oil and gas hedging activities and we intend to continue to consider various hedging arrangements to realize commodity prices which we consider favorable.

The following table reflects the volume of our oil under price swap arrangements and the corresponding weighted average NYMEX reference prices by quarter:

		Reference Price	
		<u>Per Barrel</u>	
September 30, 2004	1,453,600	\$	30.44

Additionally, we have entered into a costless price collar arrangement for U.S. gas production of 5,000 MMBtu per day for all of 2005 with a floor NYMEX reference price of \$6.00 per MMBtu and a cap NYMEX reference price of \$6.80 per MMBtu.

Edgar Filing: VINTAGE PETROLEUM INC - Form 8-K

We have also entered into basis swap agreements for all of our gas production covered by the gas price swap and price collar agreements. These basis swaps establish a differential between the NYMEX reference price and the various delivery points at levels that are comparable to the historical differentials we received.

The counterparties to our current hedging agreements are commercial or investment banks. We continue to monitor oil and gas prices and may enter into additional oil and gas hedges or swaps in the future.
